

## CLE-BOX Optical Fibre Cleaning Cassette

CLE-BOX is a high performance non-alcohol cleaner designed specifically to clean fibre end faces of any male fibre connector, using a replaceable textile tape.

- Cleans all styles of fibre connectors—SC, ST, LC, MU, D4, DIN etc.
- Removes dust, oil, and other debris without leaving alcohol bloom, nicking or scratching the end face
- Cleans APC as well as UPC connector end faces
- Tape is constructed non-alcohol based superfine high density textile fibres
- Tape is replaceable after 500+ operations
