

## 3G Video Alarm System

**3G EYE** is an unique video/audio surveillance device with Video/SMS alarm functions. The user can watch the live video or hear the sound by WCDMA cell phone remotely and timely, no matter where you are.

It is easy and simple operation, offers true security and peace of mind. It's a practical, economical remote surveillance and security solution for house and office.

### Introduction:

- With this high-tech wireless equipment, you can detect anywhere at anytime by dialing video calls with 3G mobile phone.
- The 3G remote camera can be widely used in house, school, shop, moving cars, trains or take care of elders and children as long as WCDMA network is available.
- Modern design 3G Remote camera matches excellent 3.0 mega pixels camera, you can send SMS command to make images and videos store

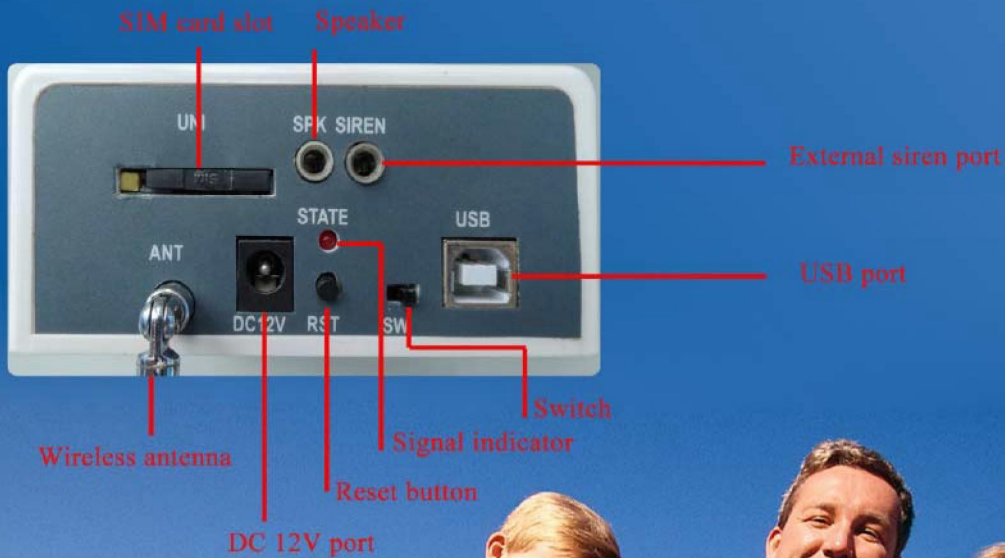

### How it works:

- 1 Somebody intrude your house and trigger the sensors
- 2 Triggered sensors will send signals to the 3G camera
- 3 The 3G camera will auto dial out preset 3G number, wired-connected siren will go off, send out SMS or MMS alert.
- 4 Your 3G mobile phone will ring and receive SMS/MMS message.
- 5 After you answer the call from the 3G camera, you will see video from the camera on your phone.
- 6 You can remote rotate the 3G camera, turn off/on siren, listen in, two-way talk, arm/disarm, zoom in/out, etc.

-  1.3 Megapixel
-  8 meters night vision
-  12pcs LED
-  Video format: 3GP
-  Resolution: 1280 X 960

- ☑ Built in voice module
- ☑ Two way communication

## Application

Designed by SSG

**Parameter:**

- ◆ Network: Provider: WCDMA USIM Card
- ◆ Operating frequency: Triple-band HSDPA/UMTS 850/1900/2100 MHz
- ◆ Quad-band EDGE/GPRS/GSM 850/900/1800/1900 MHz
- ◆ Alarm Feature:
- ◆ RF frequency: 315/433.92MHz
- ◆ Work with wireless door/window contact, PIR motion sensor, smoke/gas detector, glass break detector etc.
- ◆ IR Night Vision: 12 LED. 8 meters night vision
- ◆ Video & Audio: Video format: 3GP
- ◆ Resolution: 1280 X 960
- ◆ Audio format: H.324. Built-in microphone & speaker for 2-way talking
- ◆ Memory Storage: SD card, Capacity support: Max 4G
- ◆ User Interface: 3G Mobile phone
- ◆ Power Supply: Input: AC 110-240V, 50/60Hz;
- ◆ Output: DC12V. With built-in 3.7v/12v rechargeable lithium battery
- ◆ Ergonomic Design: Ceiling-mount kit. Pan(0-360°)/Tilt(0-90°) rotation
- ◆ ABS cover. Indoor usage

❖ **Two decades of experience**

For 20 years, we've been the supplier of choice for more than 100 buyers in Europe and Southeast Asia. We've handled 32 OEM/ODM projects worth over \$1 million each. Let us put our vast experience to work on your camera and intruder alarm system orders too.

❖ **Large production capabilities**

Our ISO 9001:2000-certified factory covers an area of 84,300m<sup>2</sup>. Staffed with 6,300 workers and equipped with 30 SMT machines and 32 production lines, we have the resources needed to fill your large orders. For quicker lead times, we also offer 60 off-the-shelf intruder alarm systems.

❖ **Solid R&D backing**

Leveraging our experience working with different security companies, we can design models tailored to your market. Plus, we have over 100 engineers on hand to provide you with the extensive R&D support and other services you may require. Enjoy the benefits we can offer by making the right choice – contact us today.
