

Caption.Ed System Requirements

Caption.Ed is available as desktop, web and mobile applications. This document outlines the minimum system requirements for each of the applications available. To get the most out of Caption.Ed we recommend using the desktop, web and mobile applications together.

Caption.Ed Desktop Application on Windows

We recommend running Caption.Ed Desktop on Windows 10 or 11 with at least 8GB RAM, Intel i5 processor or later with SSE2 support CPU and 500 MB free disk space.

Caption.Ed Desktop Application on Mac

We recommend running Caption.Ed Desktop on Big Sur or Monterey on a Mac with an Apple M1 processor and a minimum of 8GB of memory. Caption.Ed will work on an Intel Mac however it is more performant on M1.

Caption.Ed on Mobile

We recommend running Caption.Ed on the latest iOS and Android operating systems.

Caption.Ed on the Web

We recommend using the Caption.Ed Notes Editor on the web through the latest Google Chrome or Microsoft Edge browsers.

Caption.Ed Browser Extensions

Caption.Ed provides browser extensions for Google Chrome and Microsoft Edge. These extensions only provide captioning and do not provide note taking functionality. For note taking, please use the desktop or mobile applications.

Internet Connection

Caption.Ed requires a strong and stable internet connection to work.
