

Guaranteed Analysis SweetPro Elk Block

Crude Protein, Min.	18.00%
Crude Fat, Min.	5.50%
Crude Fiber, Max.	5.50%
ADF, Max.	8.50%
Calcium (Ca), Min.	1.00%
Calcium (Ca), Max.	1.50%
Phosphorus (P), Min.	1.00%
Salt (NaCl) Min.	6.00%
Salt (NaCl) Max.	8.50%
Magnesium (Mg), Min.	1.00%
Potassium (K), Min.	1.00%
Sulfur (S), Min.	0.20%
Cobalt (Co), Min.	4.0 ppm
Iodine (I), Min.	8.0 ppm
Selenium (Se), Min.	5.0 ppm
Iron (Fe), Min.	400 ppm
Copper (Cu), Min.	600 ppm
Manganese (Mn), Min.	750 ppm
Zinc (Zn), Min.	1000 ppm
Vitamin A, Min.	100,000 IU/lb
Vitamin D, Min.	20,000 IU/lb
Vitamin E, Min.	220 IU/lb

Ingredients:

Condensed Corn/Milo Distillers Solubles, Corn/Wheat/Milo Distillers Dried Grains w/Solubles, Salt, Grain Products, Mono-Dicalcium Phosphate, Calcium Sulfate, Magnesium Oxide, Potassium Chloride, Magnesium Mica, Zinc Sulfate, Yeast Culture, Manganese Sulfate, Manganous Oxide, Copper Sulfate, Cobalt Carbonate, Sodium Selenite, Ethylenediamine Dihydriodide, Vitamin E Supplement, Proteinated Complexes of Zinc, Copper and Manganese, Aspergillus Oryzae Fermentation Product Dehydrated, Aspergillus Niger Fermentation Liquid, Vitamin D3 Supplement, Vitamin A Acetate (stability improved). Contains no Animal By-Products

Net wt. 250 lbs (114 kg) block

SweetPro's carbohydrates versus the simple sugars of molasses are nutritionally superior and stay solid in summer heat, eliminating the sticky smearing which can trap dirt and attract flies.

Manufactured by Harvest Fuel/SweetPro® Feeds
Walhalla, ND and Horton, KS
1-800-327-9222

WWW.SWEETPRO.COM

*Contains 600 ppm Copper
Do not feed to sheep*

SweetPro
PREMIUM FEED SUPPLEMENTS

COMPLETE SUPPLEMENT FOR ELK!

- **IMPROVE FERTILITY**
- **EASIER CALVING**
- **INCREASE MILK PRODUCTION**
- **IMPROVE HERD HEALTH**
- **IMPROVE BREEDBACK**
- **IMPROVE FEED CONVERSION**
- **REDUCE FEED COSTS**

Made in USA

THE NON-MOLASSES, SUPERCHARGED SUPPLEMENT FOR ELK!

Rich in yeast and other fermentation metabolites, enzymes, quality protein and organic trace minerals to boost profits through improved feed efficiency, labor savings and much improved health.

FEATURING

- **ORGANIC COMPLEXED TRACE MINERALS**
- **YEAST CULTURE**
- **VIABLE ENZYMES**
- **PROTEIN ISOLATES (WHEAT, OATS, BARLEY, FLAX & CORN)**
- **OLIGOSACCHARIDES**

Optimal health for Elk

SweetPro provides everything your Elk need for optimal health!
SweetPro Elk Blocks benefits all ages and helps growth and development of young stock.

ProBiotin Adds an Extra Measure

ProBiotin is SweetPro's "Blend Additive." It's not just a single beneficial additive but a strategic blend working together to improve performance.

ProBiotin Includes:

Protein concentrates

from wheat, oats, barley malt, flax and yeast. This broadens the amino acid balance of the ration.

Oligosaccharides

are often called "prebiotics" because they preferentially feed beneficial bacteria. In

so doing, the beneficial bacterial flourish, improving feed utilization / efficiency up to 25% and "competitively excluding" pathogenic bacteria which can cause sickness.

Three classes of enzymes - fibrinolytic, amylolytic, proteolytic which combine to help improve feed conversion.

Organic complexed trace minerals - copper, manganese and zinc are provided in this form for maximum bioavailability.
