TO WHOM IT MAY CONCERN,

John Priole is a dedicated, caring, and professional consultant! He helped our church navigate many lenders to acquire a large loan to fund the construction of our sanctuary. He was very persistent with each lender and navigated us through complex requirements and documents that were requested until we found the right bank to match our needs. He never gives up no matter the circumstances. You will not find a more professional, caring, and compassionate and effective consultant to help you with your lending needs. God bless John for his service and labor of love for supporting and guiding our church.

Sincerely,

**David Elbardissi
Secretary of the Board**
