| FOREWORD  | 3  |
| PREFACE   | 5  |
| ABSTRACT  | 7  |
| 1. INTRODUCTION   | 13 |
| 2. TIMING   | 14 |
| 3. OBJECTIVES OF MONITORING   | 15 |
| 4. PRINCIPLES OF MONITORING   | 16 |
| 4.1. Introduction   | 16 |
| 4.2. Institutional Principles   | 16 |
| 4.3. Scientific Principles  | 18 |
| 4.3.1. Historical Perspective   | 18 |
| 4.3.2. The Recent Literature on the Scientific Principles of Monitoring           | 19 |
| 4.3.3. Monitoring and Modelling   | 20 |
| 4.3.4. Classification of Monitoring Sites According to the Degree of Human Impact | 22 |
| 4.3.5. Time and Space Network Resolution  | 26 |
| 4.3.6. Complementary Monitoring Activities  | 27 |
| 4.3.7. Expert Committees and Pilot Studies  | 27 |
| 4.4. Operational Principles   | 28 |
| 4.5. The Systems Approach to Monitoring and Assessment                            | 29 |
| 5. THE PRIORITY POLLUTANTS  | 31 |
| 6. THE ATMOSPHERE   | 34 |
| 6.1. The Problem of Climatic Change   | 34 |
| 6.1.1. Introduction   | 34 |
| 6.1.2. Monitoring of the Stratosphere   | 34 |
| 6.1.3. Monitoring of the Troposphere  | 34 |
| 6.1.4. Complementary Monitoring   | 37 |
| 6.2. The Problem of Global and Regional (Non-urban) Air Pollution                 | 38 |
| 6.2.1. Introduction   | 38 |
| 6.2.2. Monitoring Programs  | 38 |
| 6.2.3. Complementary Monitoring Programs  | 40 |
| 6.3. The Problem of Urban and Industrial Pollution                                | 40 |

|        |   |    |
|--------|---|----|
| 6.3.1. | Introduction                                      | 40 |
| 6.3.2. | Monitoring Programs                               | 41 |
| 6.3.3. | Complementary Monitoring Programs                 | 42 |
| 7.     | THE OCEANS AND ENCLOSED SEAS                      | 43 |
| 7.1.   | Introduction                                      | 43 |
| 7.2.   | Monitoring as a Basis for Regulatory Surveillance | 45 |
| 7.3.   | Monitoring Programs                               | 46 |
| 7.3.1. | Monitoring in Remote Areas                        | 46 |
| 7.3.2. | Regional Monitoring                               | 46 |
| 7.3.3. | Impact Monitoring                                 | 48 |
| 7.3.4. | Complementary Monitoring Programs                 | 49 |
| 8.     | RIVERS, LAKES, GROUND WATER,<br>SNOW AND ICE      | 50 |
| 8.1.   | Introduction                                      | 50 |
| 8.2.   | Monitoring Programs                               | 51 |
| 8.3.   | Complementary Monitoring Activities               | 52 |
| 9.     | SOILS   | 53 |
| 9.1.   | Introduction                                      | 53 |
| 9.2.   | Monitoring Programs                               | 54 |
| 9.3.   | Complementary Monitoring Activities               | 54 |
| 10.    | VEGETATION AND FORESTS                            | 55 |
| 10.1.  | Introduction                                      | 55 |
| 10.2.  | Existing Biological Pilot Studies                 | 56 |
| 10.3.  | Monitoring Programs                               | 56 |
| 10.4.  | Complementary Monitoring Activities               | 57 |
| 11.    | FOOD AND DRINKING WATER                           | 58 |
| 11.1.  | Introduction                                      | 58 |
| 11.2.  | Food Monitoring Programs                          | 58 |
| 11.3.  | Drinking Water Monitoring                         | 60 |
| 12.    | ALL MEDIA RECOMMENDATIONS                         | 61 |
| 12.1.  | Monitoring of Selected Radionuclides              | 61 |
| 12.2.  | Epidemiological Monitoring                        | 61 |
| 12.3.  | Monitoring of Animals and Birds                   | 63 |
| 12.4.  | Emission Monitoring                               | 65 |
| 12.5.  | Sociological and Economic Monitoring              | 65 |

|       |  |    |
|-------|--|----|
| 12.6. | Remote Sensing                             | 66 |
| 12.7. | Rare Events                                | 66 |
| 12.8. | Preservation of Samples                    | 66 |
| 12.9. | Historical Monitoring                      | 67 |
| 13.   | GENERAL RECOMMENDATIONS                    | 68 |
| 13.1. | Training and Regional Laboratories         | 68 |
| 13.2. | Data Processing and Publication Systems    | 69 |
| 13.3. | International Referral System              | 69 |
| 13.4. | Management of GEMS                         | 69 |
|       | REFERENCES                                 | 71 |
|       | APPENDICES                                 |    |
| A.    | Glossary of Terms                          | 74 |
| B.    | Annotated Bibliography on Monitoring       | 76 |
| C.    | Annexes to the Convention on Ocean Dumping | 94 |
| D.    | The Priority Pollutants and Indicators     | 96 |
