Preface	xi
List of Contributors	xiii

PART I SYNTHESIS

Chapter 1. Acidification and Regional air Pollution in the Tropics	3
<i>H. Rodhe, E. Cowling, I. E. Galbally, J. N. Galloway and R. Herrera</i>	

PART II BACKGROUND ON ACIDIFICATION

Chapter 2. The Atmospheric Sulfur Cycle in the Tropics . . .	43
<i>R. Delmas and J. Servant</i>	
Chapter 3. Processes Regulating Nitrogen Compounds in the Tropical Atmosphere	73
<i>I. E. Galbally and R. W. Gillett</i>	
Chapter 4. Potential Effects of Acid Deposition on Tropical Terrestrial Ecosystems	117
<i>W. H. McDowell</i>	
Chapter 5. Effects of Acid Deposition on Tropical Aquatic Ecosystems	141
<i>J. N. Galloway</i>	
Chapter 6. Effects of Acidification on Corrosion of Structures and Cultural Property	167
<i>V. Kucera</i>	

PART III THE CASE STUDIES

Chapter 7. Characterization of the Venezuelan Environment and its Potential for Acidification	197
<i>E. Sanhueza (coordinator), G. Cuenca, M. J. Gómez, R. Herrera, C. Ishizaki, J. Martí and J. Paolini</i>	
Chapter 8. Acidification in Southeastern Brazil	257
<i>L. M. Moreira-Nordemann, M. C. Forti, V. L. Di Lascio, C. M. do Espírito Santo and O. M. Danelon</i>	
Chapter 9. Acidification Potential in the Nigerian Environment	297
<i>A. D. Isichei and F. Akeredolu</i>	
Chapter 10. Acidification in Southwestern China	317
<i>D. Zhao and J. Xiong</i>	
Chapter 11. Acidification in Australia	347
<i>G. P. Ayers and R. W. Gillett</i>	
Index	403
