- Fixed wrong Topic name for Landmarks ([#1171](#)) -- thanks @fprott
- Tool for extracting pbstream trajectories into bag with tf ([#1166](#))
- Publish one last progress message when PlayableBag is finished ([#1160](#)) -- thanks @MichaelGrupp

# RFCs

## Save user data in proto stream [#38](#)

Discussed in last Open House:

Teach Cartographer to store additional user data from clients in the proto stream.

Thanks.

Next Open House:  
**Thursday March 14th,**  
**5pm CEST**
