Fees

CASC will charge twenty-five cents (\$0.25) per page, or one dollar (\$1.00) per copied page for a certified copy.

Requests for existing, already maintained electronic records (without copying, scanning, or printing often require a comprehensive investigation and analysis involving some aspect of every employee in the College system and results in an excessive disruption of the essential functions of the public body. If it is determined that the gathering of electronic records are either for commercial purpose, or would clearly cause excessive disruption of the essential functions of the public body, CASC requires an advancement of estimated fees to recover the direct cost of the record search. The nexus between the amount of information requested and the time required for preparation of the requested information will be directly related to the reasonable fee payment required. **For each quarter hour spent by personnel searching for requested records, including electronic searches that do not require new programming, the fees shall be as follows: professional—\$21.25 and clerical/administrative—\$13.75.**

Commercial purpose may include, but is not limited to, information that furthers the commercial, trade, or profit interests of the requester or information involving the requester use for the sale, resale, lease, subscription, solicitation or advertisement for sales and services.

Days and times for inspection or pick up of copies

After an Open Records Request is submitted and Carl Albert State College (CASC) has sufficient time to verify the contact information of the person making the request and that the requested information is legally permitted to be provided, CASC will fulfill the request, the records can be inspected or copies picked up at the CASC Public Relations Office between 9 a.m. and 3 p.m. of a week in which the college is open for business. If the CASC Public Relations Director is unavailable, the CASC Human Resource Director will be the official in charge of providing said requested inspection or copies.

The person requesting the record and the person authorized to release the records of the public body may agree to the inspection, or the pick up of copies, on a day and at a time other than the days and times set above, but only if both parties are in agreement with the alternate day and time.

The requester of copies of records will be required to make payment for copies (and if a fee is charged based on the excessive disruption statement above) to the CASC Business Office before copies will be released.
