

Free Schema Validator Tool Workbook

Learn how to audit SEO schema errors quickly with a free AI-powered tool.

Based on [Free Schema Validator Tool Built With Cursor Ai Find Seo Schema Errors Fast](#) by Casey Builds It

The Problem with Schema Audits

According to the article, what are the two main challenges of auditing schema markup across an entire website?

Tool's Core Functionality

Besides checking a single URL, what other input methods can the tool accept to scan for schema errors?

Data Extraction

What two types of structured data does the tool fetch and parse from HTML?

Validation Method

Instead of relying solely on Google's API, what does this tool use to flag critical schema issues?

Live Testing Integration

After identifying flagged pages, where can users send them for a live, side-by-side test?

Result Management

What feature allows users to reference past findings and track fixes over time?

Target Audience

Who is this tool particularly useful for, according to the article?

Key Benefit

What is a significant advantage of this tool compared to other solutions, especially regarding cost?
