Update your website to clearly indicate that you serve Centennial. Create service pages and content that specifically address local customer needs and search queries.

- Mention Centennial frequently and naturally in your content.
- Answer common local questions like 'how much does a roof replacement cost in Centennial?'

- Implement a system to easily request reviews after job completion.
- Reviews signal to Google that your business is active and trusted.

Step 4: Ensure Consistent Citations

Verify that your business name, address, and phone number (NAP) are consistent across all online directories and local business listings.

- Be wary of promises for instant first-page rankings.
