Welcome to Canvas, where innovation meets expression
in the world of laminates.

At Dorby, we believe in turning spaces into vibrant canvases of imagination.

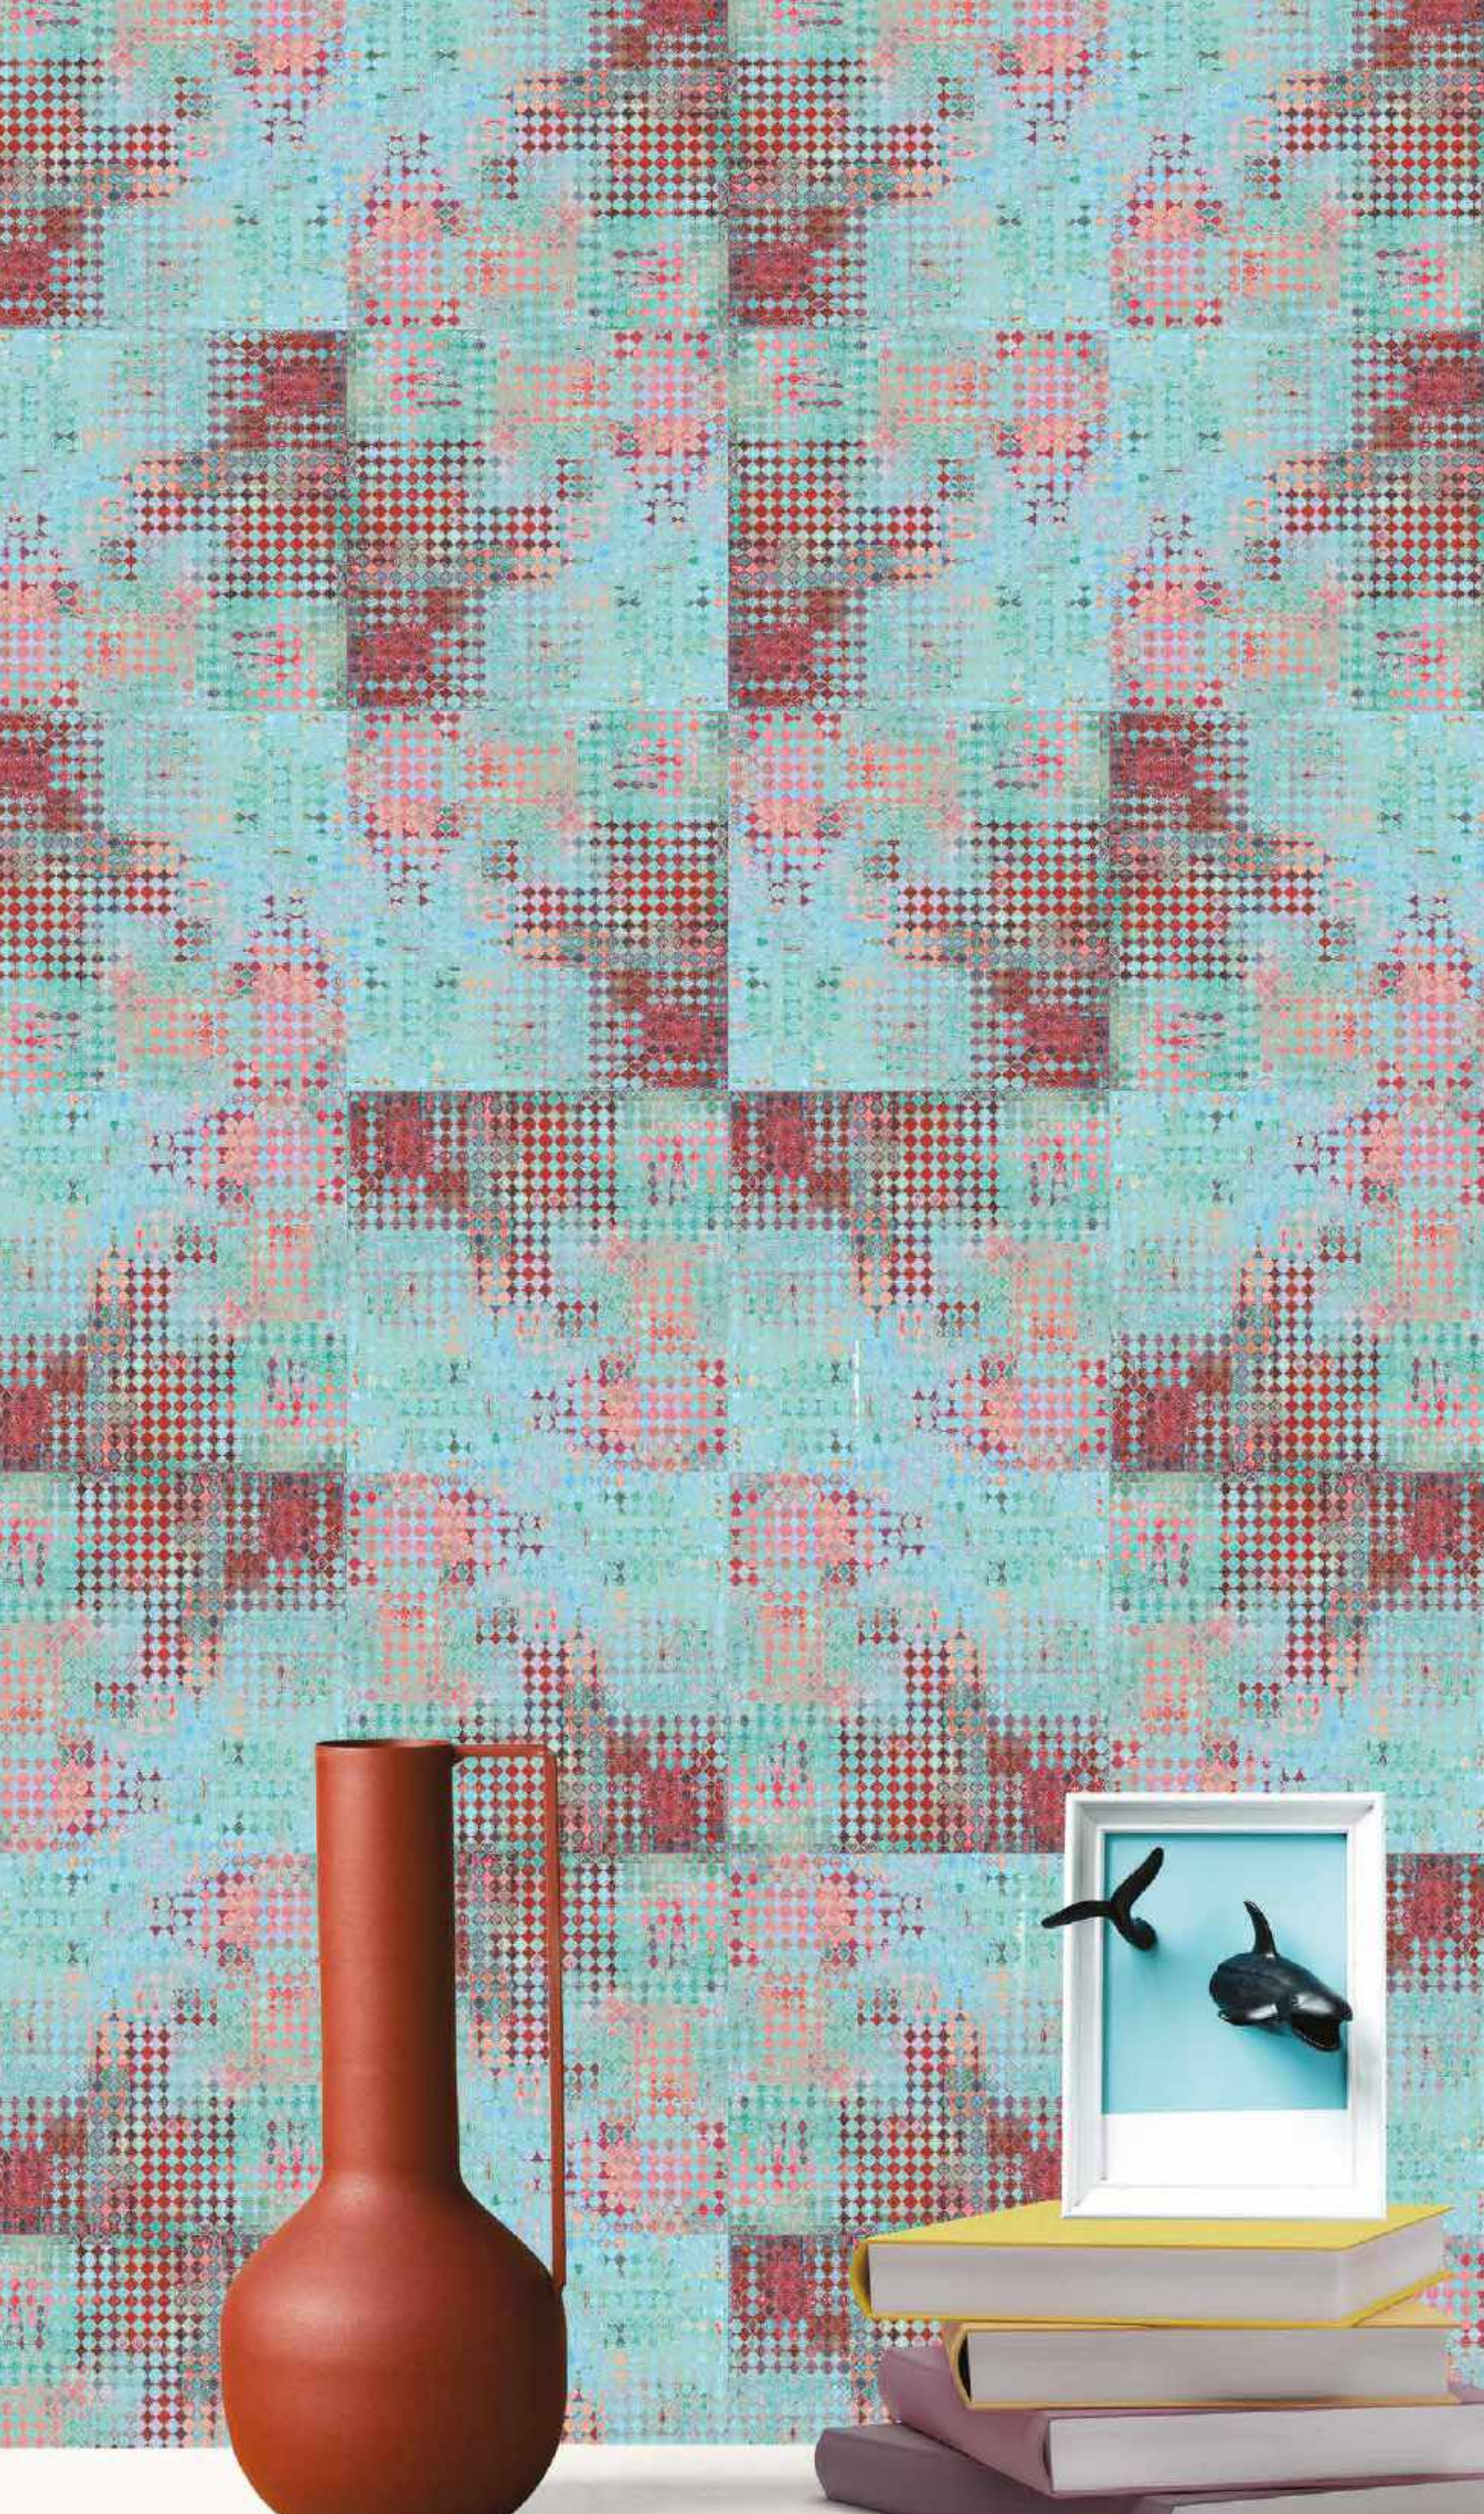

Our laminates are not just surfaces; they are stories waiting to be told.

Bursting with a spectrum of colors that range from the subtly sophisticated to the boldly
brilliant, our laminates redefine the way you perceive surfaces.

We pride ourselves on crafting textures that don't just feel good but elevate the tactile
experience, replicating the allure of natural materials with unmatched durability.

Explore our collection and discover patterns that reflect the pulse of the latest design
trends, ensuring your space is always ahead of the curve.

Join us in the journey of transforming spaces into stunning works
of art with Canvas - where every surface tells a unique
story of style and innovation.

Canvas collection by Dorby comprises of layers of specially selected paper, impregnated with melamine and phenolic resins pressed and hardened under heat and pressure. The process ensures strong bonding, resistance to boiling water and chemical, and increases dimensional stability. Surface protection through special treatment renders all Canvas collection by Dorby products. It is suitable for a wide range of applications such as wall lining, column claddings, doors, shelves, tabletops, worktops, counters, vanity units, cubicles, lift linings, store fittings, displays, check out desks etc.

Cutting a laminate sheet at an angle of 90° leads to development of cracks in corner after pasting. Therefore, it is advisable to avoid cutting at an angle of 90°. Bonding of laminate under high humidity, plywood with high moisture content, and uneven surfaces, inferior quality adhesive and insufficient pressure may lead to delamination/ air bubbles in between ply and laminates.

Below are the textures used in this catalogue:
