Tasting Notes

Fragrant, flavorful and food friendly; this inviting blend of Grenache, Syrah and Mourvèdre resembles a traditional Southern Rhone blend. The nose and palate are fruit driven highlighting essence of candied cherry, ripe blueberry, black raspberry and traces of cinnamon spice. The mouthwatering acidity and juicy flavors create an approachable wine providing the perfect partner with an array of cuisine.
Enjoy Now.

WINEMAKING

Picked throughout September, grapes are sorted and destemmed after harvest. The juice and whole berries are moved to stainless steel upright fermenters. The must is pumped over, punched down or otherwise inundated twice a day. After fermentation, it's pressed, then blended and aged for 20 months in neutral French oak barrels. Once properly blended these traits lead to remarkably balanced wines, with just enough oak to lend structure and softer tannins while allowing the expressive quality of the fruit to remain the focus.

Composition:

50% Grenache, 40% Mourvèdre, 10% Syrah

30 Barrels Produced

Aged 20 months in French Oak

Alcohol: 14.5%

CASS VINEYARD

Our DNA is from France...In 2000, we planted wine grape clones certified by ENTAV, the agency that is responsible for certification of wine grape clones in France. Cass Vineyard was among the first vineyards in California to be planted entirely to ENTAV certified clones.

We have 11 varietals on 145 acres, including seven Rhône varietals as well as four big red Bordeaux varietals.

The Cass Estate Vineyard, located southeast of the town of Paso Robles, exemplifies the quality of the Paso Robles region with its warm days, cool coastal breezes, and exceptional soils.

Deposited over centuries, the diverse alluvial soils make for an expressive site that produces fruit of incredible quality. A long growing season of warm days and cool evenings give rise to vibrantly ripened fruit with dynamic flavor profiles that translate beautifully in your glass.
