“Fun in the Fall” benefit October 8th

By Mike and Connie Gross

Please come and join in the fun! On Saturday, October 8th, from 1 to 7pm, the whole community is invited to a “fun-raising” benefit for the Resource Center at the home of Mike and Connie Gross.

There will be a BBQ and games such as horseshoes, bunco, volleyball, bocce ball, croquet, and badminton. It is from 1 to 7pm (as long as it does not rain) in the big field at Mike and Connie Gross’ home at 15738 Mountain House Road about ¼ mile up from the school. The donation for BBQ and games is \$8 for adults and \$4 for children. Meal choices will be hamburgers, veggieburgers, or hot dogs. **Please bring a side dish: salad, beans, fruit, dessert, etc and any preferred beverages.** We will provide lemonade. Also bring a **chair** and/or **blanket** so you can sit and enjoy yourselves.

The Camptonville Community Partnership is working on sustaining the Resource Center and the important programs that operate out of the office (“1,2,3 Grow,” CanWORK, Community Outreach, events and education programs). The money raised from this event will assist with program costs to help keep the Resource Center open for the community, so please bring a relative, friend or neighbor and let the fun and games begin! Hope to see you all there.

For information, call the Resource Center at 288-9355 or Connie at 288-2884.

Chief Cooney retires

We say a bitter-sweet goodbye to Matt Cooney as Chief of the Camptonville Volunteer Fire Department. As some of you may know Matt and Tina bought Downieville Motors, which more than consumes their lives and doesn’t leave much time for anything else. On behalf of the Fire Department Auxiliary, I would like to take this opportunity to express our thanks and gratitude for the tremendous amount of time that Matt and Tina have devoted to the fire department.

Matt has turned the Chief’s hat over to Clint Carson, an EMT and fire engine operator with the U.S. Forest Service for 16 years. He has 20 years experience as a volunteer firefighter. Welcome aboard Clint.

The fabulous **Camptonville Community Gardener’s Market** has ended for the year.

Thanks to the community for your patronage and to all of our gardeners for bringing all the good veggies every Saturday. Special thanks to Jimbo, our gardener/picklemaker/salesperson. See you next year.

Fire safe homes and defensible space:

What homeowners can do

Homes do not need to burn in a wildfire.

Come and learn how to make yours one that survives.

Friday October 14 6pm at the Foothill Fire Department station 16796 Willow Glen Road, Brownsville
Learn some ideas about how to build or modify your home to be more fire resistant.

Live burning demonstration of samples of different types of home materials (Fire weather permitting).
Effect of foam fire prevention sprays will be demonstrated also.

Sponsored by: Yuba County FireSafe Council and UC Cooperative Extension.

Free chipper service for fire hazard reduction

You cut it – We'll chip it!

By Pete Hammontre

Your local fire district, in conjunction with the Yuba County FireSafe Council, now has a program that will chip your brush for you for FREE. All you have to do is cut and stack the brush with all the ends pointing in the same direction near a road or driveway and we will do the rest. To get started, just call your area coordinator and sign up. For the Camptonville area, call Jim Esry at 288-3508 or the chipping hot line at 755-1019.

Harvest Stew

By Rochelle Bell

The North Gold Senior Mountaineers (the North San Juan Senior Center) will be holding their annual fundraiser on Saturday October 8. There will be entertainment, a raffle and lots of door prizes given away.

The Harvest Stew will be served along with a fabulous salad bar, bread and beverage for only \$7. Salad bar only is \$5, and a child's plate is \$4. A bake sale will provide dessert.

Join us at the Senior Center from 4:30 to 7:30 pm, Saturday October 8, located in North San Juan at 29190 Highway 49. All are welcome. For more information call Carol at 288-0933.

Annual Moonshine Road potluck

By Judy Morris

Sunday October 9 at 3pm. An afternoon of sharing good food, recipes, and catching up with your neighbors. So bring your favorite dish to share at Moonshine Campground. Come spend some time with friends and neighbors along the shore of the Yuba River. Hosts Chris and Dwayne Dobbins look forward to sharing their special place. See ya Sunday October 9th at 3pm. Call 288-1228 for more info.

Children's Roundtable Report

By Cathy LeBlanc

Hi Folks,
Here is the news from the September Children's Roundtable, a Sacramento monthly statewide get-together of children's advocates to help us understand legislative policy issues that effect our children.

The California State Legislative session ended September 9, 2005.

If you would like to make a comment on a certain bill contact the Governor before October 9, 2005. He has 30 days after the legislative session ends to sign Bills.

If you would like to make your views known to the Governor, you can e-mail him by visiting <http://www.govmail.ca.gov>

Or, you can contact him at the following address:
The Honorable Arnold Schwarzenegger
Governor of California
State Capitol Building
Sacramento, CA 95814

The Governor is posting his decisions on the signing and vetoing of bills in the "Press Releases" section of his website, at:

http://www.governor.ca.gov/state/govsite/gov_homepage.jsp

Here are a couple of bills regarding children's health now on the Governor's desk:

HEALTHY KIDS PROGRAM: AB772 (Chan/Frommer) would expand and protect health insurance coverage for all California children.

HEALTHY KIDS FUND: AB1199 (Frommer/Chan) would create a fund for children's health coverage.

Of course we spoke about Hurricane Katrina.

The State has issued a All County Letters (I-52-05 and I-53-05) September 7 to health and human services agencies that essentially says hurricane evacuees coming into CA must be treated expeditiously if they request benefits in CA even if they lack documentation. The full letter can be viewed at

http://www.dss.cahwnet.gov/cdssweb/HurricaneK_2244.htm

But that was not where the subject ended. There were deep emotions; "This will be in our hearts and minds for a very long time." Some comparisons between 911 and the hurricane, "There is a whole different quality and quantity than 911"

And a window of opportunity, affirmative opportunities. Kim Wade of *Food Banks* "With 911 we had the Patriot Act. What we need now is the Poverty Act. This might be an unprecedented opportunity to do good for poor children and families" For more on this you can check out www.CHN.org or www.voicesfromamericaschildren.org

Special election report.

We also had a presentation regarding **Proposition 73. Waiting Period and Parental Notification Before Termination of Minor's Pregnancy -- State of California** (*Initiative Constitutional Amendment*)

Should the California Constitution be amended to require notification of the parent or legal guardian of an unemancipated, pregnant minor at least 48 hours before performing an abortion on the minor?

Folks on both sides of the issue were invited to speak.

No one showed for the Yes on 73 side.

Planned Parenthood presented No on 73, calling this "A campaign for teen safety" and saying, "Cutting out access to safe legal medical care is not the route to go, especially if a child cannot go to a parent or a judge." We were reminded that this was about parental notification not parental consent. A story as told concerning a teen in Indiana who was an exceptional student who got an illegal abortion. She died from an infection. Her parents could not believe she didn't come to them. But she couldn't bare the thought of letting them down. This was not a teen that was in an abusive parent/child relationship.

Others concerns had to do with the fact that this initiative would cause a court backlog if a teen chose the court exemption, which was felt to be impractical. "Courts are not well equipped to handle cases. "If a child could not go to a parent then how could they be expected to go before a judge?"

The comments were made "This is about the health and safety of a minor child. Does any parent want to put their child in jeopardy because they are afraid to tell? "" If we want abortion to be reduced, it's education that will do it. Not this law."

Here is a link to the league of women voters;

<http://www.smartvoter.org/2005/11/08/ca/state/prop/73/>, which explains what a yes or no vote on Proposition 73 means.

Rebel Ridge Day

“They ate the whole thing” We had twice as much food as last year and we still sold out.

The Flea Market had bargains for all.

The Hospice Booth had lots of visitors.

The History Booth had visitors with stories all day.

Sandy & Club Live played bingo.

Quite a day

The clouds were building up on Saturday morning. I wondered if we would be rained out. Actually I had been wondering for weeks if we could pull this event off. A few weeks ago Carolyn Mumm said “We have to have a picnic, It’s important to the community!” Her determination inspired a number of us to scramble to put it together.

The sky lightened, Cathy reminded us workers to lighten up too. Friendly people began to show up. It was happening! Whew!

I would like to express my appreciation to all the generous and good-natured folks who helped and attended. It reminded me again that we are a special and marvelous community.

Rod Bondurant

Rebel Ridge Day Thanks

A big thank you goes to hosts Gary and Jan Wall for the use of their space and providing the live music by Jones 'N' Company, and also the all-important Porta Potty.

We also thank the businesses and individuals who contributed food and supplies:

Grocery Outlet, Briarpatch Market, SPD Market, Albertsons, Ralphs, Natural Selection, Copyright, Staples, Ben Franklin, and Pat Lorton.

The raffle was a success. Carolyn and Sandy gathered generous donations from:

Lost Nugget Market, Richard Dickard DDS, Petersen's Corner, Lost Luigi's, The Christmas Club, B&C Hardware, Nevada City Winery, Sparrow McKay, Kragen Auto, Weiss Brothers Nursery, New Moon Café, KMart, Peaceful Valley Farm Supply, Confectionately Mine, Cheryl Zatuschni, Linda Rose, Jimbo Garrison, Natural Valley, Harmony Books, Book Seller, Longs Drugs, Greg Parker, Joel Shawn, and The Silver Palace.

We had invaluable help with food preparation, serving, signs, T-shirts, informational booths, and setup from:

Dee Samuels, Barbara Shappert, Sandy Watson, Ken Tate, Jan Jero, Steve Acker, Annie Garcia, Linda and Eddie Rose, Patsy Prout, Yakshi Vadeboncoeur, Sandy Radoff, Jeanie Black, Robert Mumm, Clint and the USFS crew, Richard Tardiville, Cathy LeBlanc, Stephanie Korney, Leland Pauly, Stephanie Ruff, Laura DeRaps, Janie Kesselman, Denise Stratton, Gayla Sherlund, Lois Lambert, Jeff Bell, Fernando Aguiar, Mimi Mills, and Roberta Foster.

Appreciation to Rita Ortega, Skip Ness, and Tudy Tardiville for their advice, patience, & consolation.

The Camptonville Christmas Club raised \$200 at Rebel Ridge Day.

We sold B.B.Q hot dogs along with Georgette Fowler's wonderful baked goods. Thank you Gary & Jan for making this day happen. We are always looking for donations, especially with Christmas just around the corner. If you would like to help please contact Georgette Fowler at 288-3429.

Critter Corner

Local Rider and Horse - Champions on the Trail By Katie Jacobson

Camptonville resident of 10 years, Debra Foote, and Arabian beauty Nabiyyah (noble in Arabic), her horse, are NATRC champions. NATRC stands for North American Trail Ride Conference. Debra won the 2002 title for her division (up to 189 pounds including tack) and region, Northern California to Alaska. Nabiyyah won reserve champion in the horse category.

NATRC is competitive trail riding. There are 7 or 8 events a year and each event is roughly 20 miles long. Entries are timed and are judged at natural obstacles like creek embankments.

The rider is judged for horsemanship, crossings and going up or down steep terrain, etiquette on the trail and following safety rules. The horse is judged for attitude, hydration, and way of moving.

There are 5 vet checks at different locations during each event. Vets grade the entries and also make sure that horses are sound.

Debra has one more event in October and is hoping to win the 2005 championship as well. She explains that she used to ride "Endurance" which is 50 mile ride. She prefers NATRC. "It's safer for the horse, with less possibility of injury...and also I am older!" She adds that you get to see spectacular scenery and wildlife like wild pigs, coyotes, and deer.

She likes the camaraderie of NATRC. There are about 12 people in the Nevada City-Grass Valley area that are involved in these regional events. "It's a good family sport, like for child and parent or husband and wife...and it's great to achieve a goal with your buddy!" (the horse that is).

For more info on NATRC call 303-6881677 or check www.NATRC.org. On October 29 in Loomis there is an intro to the world of NATRC. Call Debbie Murphy at 916-9627376.

Nabiyyah and Debra

Bio-fuels workshop

By Diane Pendola

Skyline Harvest is sponsoring a bio-fuels workshop on Saturday October 22, from 10:00 in the morning until 4:00 in the afternoon. Devin O'keane, who lives here in Camptonville will be the presenter. Devin has built his own Bio-Diesel processor. He also converted our Dodge Diesel truck to run on used fry oil! He runs his own vehicle on used veggie oil and has converted several other vehicles as well. Some of you may remember Devin from his presentation on Bio-Diesel at Twilight School last spring.

With the price of fuel skyrocketing, what better time than now to learn about making your own fuel from used fry oil that restaurants pay to have hauled away? The day will consist of:

An introduction to Bio-fuels, and how to make Bio-Diesel, a lunch break (Bring your own bag lunch) and finally how to convert your Diesel vehicle to run on used veggie oil.

If there is sufficient interest, we will schedule a hands-on follow-up workshop and Devin will teach us how to build a Bio-Diesel Processor!

We are suggesting a \$20 donation for the day. You can give more. You can give less. No one will be turned away for lack of funds. We do have a limit of twenty people though, so call early to register: (530) 288-0308. This workshop will fill up quickly!

(Skyline Harvest is a local non-profit eco-contemplative center. We are also a clean and sober environment. Please no alcohol).

On the food front...

Camptonville's new restaurant has a name, Burgee Daves @ The Mayo. Part owner and full time chef, dishwasher and waitress is Sandi Kubich. Dave, her Dad, is also a partner.

The food will be classic American with old school comfort specials like meat loaf or chicken and dumplings etc. There will be vegetarian dishes too! (Sandi used to be a vegetarian.)

In the future Sandi hopes to add full service catering and take out. The opening will be sometime in early October.

Free yoga class at NSJ Senior Center

"Start your week with yoga", says Linda Whan, massage therapist and yoga instructor. Linda, a resident of North San Juan and yoga instructor for 20 years, is giving a yoga class at the North San Juan Senior Center from 9:30-10:30 on Monday mornings. The class is free and is for all ages and abilities. You can leave a donation. All donations go to the Senior Center. Linda explains that she believes in tithing and this is one way she can give to the community. Bring a mat or a blanket.

CanWORK

By Jeannie Costa

Do you need a "Darn Good Resume"?

"Say goodbye to your tired, old, lifeless resume and say hello to a sharp, effective resume".

"Write your Resume" is October's workshop.

In this workshop you will learn how to write your resume manually and electronically so you can send it out via Email. The workshop will consist of three classes.

The core class starts October 4th at the Latter Day Saints Church, on the corner of Marysville Rd. & Hwy. 49, 9:30 -11:30 am. Follow up classes will be held at the Camptonville Resource Center Oct 11th & 25th 9:30 - 11:30 am. Everyone is welcome to attend. Please contact Jeannie or Cathy for more info at 288-9355.

Helping make Camptonville Firesafe

Rebel Ridge Day raised over \$1000 after expenses. We put smiles on at least four faces as we passed out checks in equal amounts to:
 Stephanie Korney – Future Historical Society
 Georgeanne Savage – Journey Home Hospice
 Jim Esry – Fire Department building fund
 Yakshi Vadeboncoeur – school library

Historical Society startup

School library books

Materials for the Fire Hall.

Hospice medical supplies

Pampered Chef fun

By Rochelle Bell

Fifteen people came to school for fun and fundraising September 20th. Our own Beth Lopez, P.C. Consultant, hosted the party with the proceeds going to CCP programs in our community.

We laughed so much it was hard to concentrate on all the new and old standby items offered to help us in the kitchen. Snacks and drinks were served and we all had fun swapping recipes and ideas and choosing just the right gifts and goodies from the big book of P. C. products. Even our favorite supervisor Hal Stocker showed up to hunt for a Christmas present for his wife.

Many thanks to Rita, Sparrow, Nancy, and Beth.

Historical society

If you would like to join us in forming a local historical society, come to the first meeting Monday Oct 17 at 7pm at the Latter Day Saints church, Hwy 49 & Marysville Road. For more info call Carolyn, 288 -3557.

1,2,3,Grow

From a grandparent's point of view

By Nanna Bobbie

My granddaughter attends the 1,2,3 Grow program. Since she has been attending her social skills have improved along with her table manners. She now knows her ABC's and her numbers along with her colors. I am very grateful that we have this program here in Camptonville. The teachers are very loving and caring for the children which helps a lot. My granddaughter loves both the teachers.

This month they have learned the colors green, purple, and orange. The way they learn these colors is, we put shaving cream on the table and then we put paint in the shaving cream and the children mix it together with their hands, they make a big mess on the table but they love it. They like squishing the shaving cream between their fingers. They also played investigator outside with their magnifying glass, they look at bugs and leaves, they really enjoy themselves.

Waylon makes a discovery

Real Estate Corner

Hello, I'd like to introduce myself if we have not yet had a chance to meet. I'm Karen Pettyjohn, have been in Real Estate for 20 years, my office is at Coldwell Banker Grass Roots, and I live in Celestial Valley.

I am hoping that you will enjoy learning a little more about what is happening to our property values in the area, and maybe a little more about what to expect when you are buying or selling. All Real Estate questions are good questions, so please do ask and I will address them in a monthly paragraph or two.

As you probably have guessed, our neighborhood values have jumped over the last couple years. The average residential asking prices since June 2005 is \$374,000. The couple homes having recently sold averaged \$345,500 and now you have new neighbors. Land prices also have jumped and the average "for sale" price is nearly \$197,000. The three sold since June 2005 averaged \$221,000. We presently have a couple commercial properties for sale in the area. And one that has sold.

A "pending Sale" means that the Sellers have an offer that has been accepted, now any inspections take place, the appraisal by the lender happens, and we have a scheduled time for the "new buyers" to close escrow and move in.

See you next month,

Karen Pettyjohn Coldwell Banker Grass Roots Realty

Camptonville Co-op

By Carol Holland

The first meeting of the Camptonville Co-op took place last week. Those in attendance were: Katy Jacobson, Molly Spackman, Lisa McCandless, Shera Blume and Carol Holland. Look for the meeting notes on bulletin boards at the Post Office, Lost Nugget, Lost Luigi's and Rebel Ridge Market. Together, we banged out some of the rules and assigned points to various tasks. Some were interested in pet sitting, childcare and garden work (watering, landscaping etc)..... other tasks will include going to town and doing an errand, log splitting type manual labor and maybe even computer help. For instance, I may need help moving a large object and could enlist the help of someone who has signed up.

I was in a co-op for 7 years and really enjoyed getting to meet my neighbors and creating a real community!

Basically when you need a task done you call whoever is the secretary. The secretary scans the list and finds the person who has the most points and can do the job. (You can say no but if you accrue more than 50 points you can't request help until you whittle it down by serving others.)

When the secretary finds a person the two are given phone numbers and can meet to discuss what is needed. This meeting can take place at one of our 2 restaurants if need be...just to make sure both are comfortable with each other..... or at the home to get the "lay of the land".

Once the job is done the person who helped will call the secretary and the point accounting will take place. That person will be credited for time and work and the person whose job it was will accrue those points.

If you must drop out, and cannot work off your points, each point will be worth \$5.00. This will be paid to the secretary and then split up to the people who are owed.

This will be a great way to have some community relating and help each other out and make living in the hills as easy as it is beautiful!!

Next meeting will take place November 6 at 4:00pm at 16767 Mountain House Rd, Camptonville.

For information or to sign up, please call Carol Holland 288-3558.

September Review

By Shirley DickKard

Ever wonder what happens in the little red building behind the school called "*The Camptonville Resource Center*"? Well, lots! Since it's not always visible, we're going to share what The Camptonville Community Partnership non-profit organization has been doing. Here's what happened in August and September:

"1,2,3 Grow" has been bursting the seams with up to 12 children (newborn to 5 years) and their parent/guardian. What a fun group and great teachers!

CanWORK has enlisted 2 new local worksites for potential work experience for parents in CalWORKs. September's Job Skill Training was on "Writing your Resume." October's class will continue Resume Writing using Microsoft Word. Anyone can attend! Just give Cathy or Jeanie a call.

Two series of Mental Health Skill Building Workshops were held in Marysville for paraprofessional staff and families ("Building Family Self-Esteem" and "Awareness of Patterns of Addiction" using the Enneagram). The October 28 class is "Building Networks of Personal Support." If you're interested, call Yana, Nancy or Shirley at the Resource Center.

A group of Board Members, staff and volunteers have been working on a Fund Development Plan to sustain the work of CCP. We're looking at expanding our mission and programs, and have started fundraising so we can be more independent of grants.

Fundraisers! We're making it easy to get your holiday shopping done early! Coming up are a Candle and a Jewelry party. Beth Lopez has already sponsored a "Pampered Chef" party and the "Fun in the Fall" BBQ and games will be October 8 at the home of Connie and Mike Gross.

The Board of Directors is currently filling the vacancy left by Linda Brown who recently resigned. We appreciate Linda's contributions – Thanks, Linda!

We've applied for funding to restore The Outreach Project," so Barbara and others can work more widely with community families. Stay tuned!

We have open meetings usually *Tuesdays, 12:30-2 pm*. If you'd like to come by to listen in or add your ideas and suggestions, give a call to Rita to confirm the meeting (288-9355) We'd love to see you all!

Also, a belated thanks from the history gathering for the CCP's providing insurance coverage for the gathering in August. Editor

To dog owners in Camptonville

By Laura DeRaps

There are many of us that walk, jog and ride our bikes around town. We are constantly being chased or charged by dogs. Even if they are friendly to you or your kids, they are scary to us. There is a leash law in this town, even as small as it is. It states: *If the dog is outside of your fenced yard they are to be on a leash and controlled by the owner.* If you are reported to Animal Control, it will mean a \$310.00 fine and an appearance before the Judge to explain why you cannot control your dogs. Please be considerate.

Sierra Family Clinic expands

The Sierra Family Medical Clinic was awarded a \$322,393 grant from The California Endowment, a private health foundation whose mission is to expand access to affordable health care to underserved people and communities in California.

Since our dental office opened a year ago, we've been so overwhelmed by the demand for services, that the typical wait time for an appointment is more than three months. Grant funds will be used for equipment and to install another dental chair in the clinic. We will be able to see more patients, and double the hours for our dental hygienist.

We've provided care to more than 2,000 patients since we opened last year. We're able to provide these services through programs such as MediCal, Healthy Families, County Medical Services Providers, and by accepting a sliding fee scale for the uninsured and underinsured.

Fall reminder from the Fire Chief

Now that the nights are becoming cooler, we look forward to enjoying that cozy woodstove fire again. But every year we have a serious chimney fire in the area. So, **before you light that fire, Clean up.** Get those dry leaves and needles off the roof, and clear the creosote out of your flue.

Water, water

By Rod Bondurant, aka the water guy

The level in Campbell Gulch (our source) is low, barely a trickle over the dam. Fortunately as gardens wind down and the weather has cooled, town water use has dropped too. We are using a well to supplement the creek so, please keep watching your water use.
