Harry's Hidden Adventure Travel

Sheryl Spencer

Hello Camptonvillians, my name is Sheryl Spencer and would like to introduce you to...Harry's Hidden Adventure Travel. Perhaps you have seen my Jeep wrapped with Sandals and Beaches vacations. We are a small home-based travel company just starting out who would love the opportunity to earn your business. First some background on us, I have lived in Camptonville for 8yrs, and last year completed my degree in Travel and Tourism through the University of Phoenix. I have spent nearly 20yrs in the service industry working with people in various customer service positions. My boyfriend Harry (Lee) Burnett is my partner, and also a Travel consultant. He has lived in this community on and

off all of his life working with Auntie Georgette at Doc's and mining at Brush Creek. He loves to travel and enjoys helping others to fulfill their travel dreams with his knowledge of the world and the places he has experienced. We are both trained and certified experts with many suppliers so we have a great knowledge base for you to draw from upon planning your perfect holiday.

Why use a travel consultant or agent you might ask, and this is an excellent question. There are many reasons a good travel agent will save you both time and money. It is our job to find out what your travel wants and needs are so we can use our experience and connections to research your options and make the best recommendations to you. We can then offer you quotes to help you analyze your best options. Many people think that it costs them extra to use an agent. The reality is we work with airlines, resorts, hotels, cruise lines, and tour companies every day and can find the true values to pass on to you. Bottom line is we get paid by our travel suppliers when we book them for your travel.

Once final decisions are made on destinations, resorts, itineraries, activities, etc., a deposit is applied to the booking. In many cases, a payment plan can be established, in today's economy this is the only way some can afford to vacation. While on vacation...relax! We at Harry's Travel are back at home, only a phone call away if you have any questions or in the rare occasion something should come up. We are your advocates and are here to ensure that your trip ends up the way it should.

In essence we at Harry's Travel are here to offer you expert guidance, value, personalized service, be the customer advocate, save you time, and offer you unbiased information. When you choose to book through Harry's Travel, we work for you-not the supplier, so our main concern is always you and your unique needs. We look forward to serving you and getting to know you better. Look in future issues for travel specials and ideas we will post and thanks for considering Harry's Hidden Adventure Travel for all of your travel needs. Be sure to visit our interactive website for travel ideas or just call for a consultation.

Results of Jan. 16, 2013 meeting:

Unanimous decision to hold an annual E-Waste Drive. Our 1st event, (Sept. 2012) was a big success and we're going to do it again. Mark your calendars & save your old E-Waste items (computers, small appliances) for Sept. 14, 2013. Watch for flyers with more details.

All agreed to use funds from E-waste fundraiser to purchase 3 sets of pet oxygen rescue masks that CVFD will have on vehicles to assist our 4 legged friends when needed. There is a program that will donate a kit free to local fire departments. The fire chief has the application and will apply for the free kit.

Emergency Phone Tree System will be used to notify residents of emergencies within the Camptonville area. Community members who have completed an Emergen-

cy Contact Info Sheet (yellow dink) have been entered into the system. All residents need to know:

- 1.)The system will only call one phone number, so list the phone number you always use; if the line is busy it will roll over to a secondary number if you list one, but only in a emergency
- 2.) If you want to be contacted about emergencies within our area, please fill out an Emergency Contact Info Sheet. They are available at The Resource Center, School Office, Lost Nugget & by calling Judy at 288 -1228. We will schedule a TEST call within the next month.

Next meeting will be on Wed. Feb. 20, 2013 at 7:00pm (new time) at Camptonville School all are welcome.

One in three (or it maybe closer to two) women has been raped or experienced violence in her lifetime. One billion women raped is an atrocity. One billion men and women dancing is a revolution. Join us for a FREE event on Valentine's Day, 2013 in the Safeway parking lot at 5:15pm This is a local celebration in conjunction with thousands of events around the world on the same day.

A dance procession will take us down the streets of Grass Valley 5:30-6 pm to the Center for the Arts.

Enjoy art, soup from In The Kitchen, mexican food from Horn of the Bull, and wine and other beverages during an art reception from 6-6:45pm.

6:45 Introduction

7pm Evening of performance: Music, Dance on Spoken Word by local artists (still accepting submissions until 2/5)

8:30-10pm Dance Party with DJ Moss (from the Ridge!)

Bring your friends and family! There will be childcare available; the performances will be appropriate for younger members of the community who are wel-

come as long as they do not disrupt the performance, though audience participation will be encouraged at times!

Let your Valentine's wish be to ask your honey to take you dancing, and what better cause could you dance for? Be part of this historic day; let the media take note, let perpetrators take note that people are watching; let women in risky relationships find courage in the stories of other women, find self worth in simply being human, and support each other to make life affirming-choices. Help us shine light into the dark spaces where violence can happen! And let us see that there is no more room for violence!

You Don't Have To Brush All Your Teeth...
Just the ones you want to keep!

Brush After Meals or Snacks; if you can't, Swish vigorously with water then spit or swallow.

The Camptonville Christmas Club would like to send a HUGE thank-you to the ENTIRE COMMUNITY for making our evening with Mr. and Mrs. Claus so special. We had such strong support, exceptional donations from local businesses and clubs, great attendance and successful fundraising this year. Our tree lighting ceremony was new and neat, and the Masonic Hall had a warm, welcoming feeling. All of this together created some memorable expressions on the children's faces. We look forward to seeing your smiling faces and Christmas spirits again next year.

Venus Reigns

Carolyn Perkins

At Valentine's Day, we ponder what makes partners compatible. Venus, Goddess of Love, tells more than Sun signs about how we relate to ourselves AND others. The Ancients blamed her for relationship failures, but now we look to our own inner dynamics. How we relate to ourselves sets up a magnetism that attracts folks who relate to themselves in ways that resonate with us. This gives us responsibility for relationship success. When we take responsibility and use astrology to deeply understand how Venus functions for us, we can create functional relationships.

Folks born when Venus transits Gemini are driven by a need to explore and know themselves. They constantly question "Who am I?" This unending inner dialogue teaches them to listen to inner voices AND to their partner whose point of view they correctly understand. Gemini Venus truly hungers for a partner, someone to take up the other side of that dialogue. The down side comes when dialogue becomes argument. Gemini Venus may stand her ground, taking up sides and choosing herself, leaving you out in the cold. I know, you're thinking that we all choose ourselves out of self-preservation, but the key here is that Gemini sees the world as a duality – "me AND you". In an argument the duality may become "me AGAINST you", and that may be a world view you don't share.

In contrast, Venus in Scorpio is preoccupied with the question "Why?" These folks want to profoundly understand their own and your motivations, fears, insecurities, desires, and intentions. You can see it in their deep, penetrating eyes, asking you to meet them from the depths of your soul. The potential for connecting soul-to-soul with such a partner, especially if you're born with Scorpio or Taurus Venus, is profound and exquisite. Neither of you should accept any less. Yet, the dysfunctional down side is that they understand themselves AND you so intensely that there's potential for manipulation and power games. Again, responsibility is key to relationship success.

I wish I had room to mention the function of Venus in all 12 zodiac signs and explain the soul's purpose in each. If you're interested in your own relationship dynamics, write or call me and give yourself the gift of self-insight this Valentine's Day. I'll answer the first ten requests for free! *Next month: What to*

All campgrounds are in winter status, which means no services and no fees. For up to date information on the status of the snow trail system feel free to call the ranger station, [\(530\) 478-6253](tel:5304786253). We have plenty of free Winter Recreation maps to help you enjoy some winter fun. Fishing in Sierra County Rivers and streams is closed. Fishing in the lakes and reservoirs is open year round. Brochures are available at the ranger station.

Burn permits are no longer needed for dooryard burning. Spring will soon be

approaching, and now is a great time to work on your Defensible Space. Take advantage of the break between storms to cut, pile, and burn on your property while we have burn days and the ground is still wet. This is a much safer time to burn, and, before you know it, summer will be here, and burning could be suspended.

As always, feel free to visit us at the Yuba River Ranger District for more information on Clearance Requirements and Safe Debris Burning, or call Jessica Prince at [\(530\) 288-3231](tel:5302883231). Defensible Space is the best way to protect your property and that of your neighbors from wildfire. The following are some excellent websites for more information:

www.fire.ca.gov

www.firesafecouncil.org

You do still need to check with the Department of Air Quality for burn day status. During business hours, you can call the Yuba River Ranger Station for burn status information. After hours or on weekends please call the appropriate county:

As part of your way to wellness, please consider joining an upcoming class at the Senior Center in North San Juan. We are offering a series of free classes for all ages called "Happy Whole Body Health." Led by dynamic instructors, these fun-filled, participatory classes assist you in gaining or maintaining energy, balance, strength, and flexibility.

In order to introduce the instructors, I asked them to share one simple change anyone can make in their daily life to enhance well-being.

Tom Wade responded, "Just walking is such an excellent exercise." When you pull into the parking lot, instead of circling to find a spot close to the door, park in the clear spot and walk further to the store. The weight that you carry out of the store will help increase your endurance and stamina. This can improve your health at any age."

Shari Brookler suggested, "Move your body! There are so many ways to get our

bodies moving like going for walks, gardening, dancing, taking an exercise class to name just a few. Find an activity you like and GET MOVING!”

Skyler Myers offered, “One simple change is not to do an overhaul of your lifestyle all at once. Commit to two minutes a day doing something that makes you feel good now and later. This time nourishing yourself will help you be more centered, kind and efficient and give less stress and frustration.”

February’s class schedule is as follows:

Every Monday in February - 9 am - Forever Young Fitness with Shari Brookler

Thursday, Feb 7th 1-3 Legs: the Key to Getting There with Tom Wade

Tuesday, Feb 12th 1-3 Juicing Up to Lose Your Winter Layer with Skyler Myers

Thursday, Feb 14th 1-3 Sitting Down: The Backward Step with Tom Wade

Thursday, Feb 21st 1-3pm Standing Up for Your Health with Tom Wade

Tuesday, Feb 26th 1-3pm Reduce Pain Naturally with Skyler Myers

Thursday, Feb 28th 1-3pm Feet: the Foundation of Your New Tomorrow with Tom Wade
