

CAMPTONVILLE COURIER

A COMMUNITY PUBLICATION

JUNE 2013

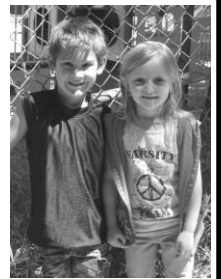

VOLUME 17 ISSUE 6

THE CAMPTONVILLE COURIER
PO BOX 32
CAMPTONVILLE, CA 95922

Camptonville's fabulous transitional kindergarten, Macie, and her cohort, Rocco, are graduating with high honors! They will both be moving into the 1st grade next year.

They have spent this year learning, laughing, and being loved by their classmates and teachers. Congratulations Macie and Rocco! Nice work!

Congratulations 8th Grade Graduates!

Maggie Orion

This year Camptonville School will be celebrating five graduates: Victor Anthony, Ariana Bonfiglio, Jacob Friedman, Robert Thomas and Thomas John (T.J) Williams. These students recently joined Cathy LeBlanc on the 8th grade visit to the capitol where we were able to tour the capitol building as well as watch both the Senate and House in session and voting. What a great group of young people; they were respectful and engaged throughout our visit.

Each of these students is unique and we are looking forward to celebrating their special talents at our 2013 Graduation festivities. They have a wide range of backgrounds and gifts to share. Robert Thomas has been a student at Camptonville since kindergarten awing us all with his artistic inclinations, while Victor Anthony just recently joined our school after moving here from Portland, Oregon and giving us all a good laugh with his clever witticisms. T.J. Williams has brought Jamaican culture and international perspective to our classroom while Camptonville local, Jacob Friedman, offers up his infectious humor and polite manners. Ariana, from Dobbins, carries a quiet grace and thoughtfulness to our school that we are grateful for. These students obviously have a lot to offer the world as they set forth on their high school career!

Graduation will be held at 6:00 pm in the Camptonville School auditorium on June 4th. As usual, cake and drinks will be provided with a themed dance to follow up the ceremony for 4th-8th grade students.

Summer Recreation Begins in June

Cathy LeBlanc

JUNE EVENTS

Summer Rec Program kicks off June 13th with youth Swim Days at Nevada City's Pioneer Park. Camptonville Community Partnership and Camptonville School are joining forces to sponsor Swim Days, which will continue on Thursdays through July 11th (omitting Fourth of July week). Permission slips are available at the Resource Center. We also plan to host more events over the summer, including an overnight Campout at Willow Creek and Open Gym days. Summer Rec has mentorship opportunities for teens and adults, so if you have an idea for a youth enrichment or physical activity please give us a call or stop by Tuesdays-Thursdays 8:30-11:30am all summer long. Summer Rec is made possible through support received from Sutter/Yuba Mental Health Prop 63 funds. For more info regarding any of these items please call the Resource Center at 288-9355, and remember we also have computers available for community use.

Get Fit and Refreshed with Happy Whole Body Health

Kristin Snell, Activity Director - North San Juan Senior Center

Could anything sound more appealing following a whole body workout than a refreshing fruit smoothie? Stop by to experience both at the North San Juan Senior Center on Mondays, June 3rd, 10th & 17th. On these dates at 9, instructor Shari Brookler will offer a combination of yoga, brain gym, Pilates, and chi gong with Forever Young Fitness, followed by smoothie workshops and sampling from 10-11 am. Come by to experience the simple art of smoothie making, share tips and recipes from your kitchen, and sample the wonderful, cooling goodness of smoothies.

And that's not all! Esteemed yoga instructor Skyler Myers will continue her Reach for the Stars! Yoga class at 9 am on Thursdays, June 6th, 13th & 20th. This gentle stretching class is appropriate for one and all, both a great introduction to yoga for beginners and a satisfying class for those with yoga experience.

Happy Whole Body Health is a series of free, drop-in fitness and nutrition classes for people of all ages and fitness levels hosted by the Senior Center in North San Juan. Donations to benefit the Senior Center are welcomed. For directions or with any questions, please email northsanjuanseniorcenter@gmail.com or leave a message at 292-9048.

NSJ Senior Center

Skyler Myers

Please join us on Wednesday afternoons from 2-5pm as we enjoy working on the tapestry that shows the history of the mine protest, or to others surf the web in a quiet space. Snacks are provided, nutritional questions discussed, and then at 6, a few brave souls come to share in a Compassionate Communication Circle. The goal of the circle is to have more opportunities to share lessons we've learned in your, practice speaking and listening in a nonjudgemental space, discuss a problem, or develop ideas for revitalizing our community unity!

Our Tapas and Movie night is also continuing on June 8th, and the last night is the 22nd, so come out while it's still happening. People are coming for the food and staying for the movie. At 5:30, tapas (appetizers), which really add up to a full meal, will be served, and at 6, the movie will begin. Don't miss out!

Sundays June 2, July 7, and August 4, from 9am-1pm there will be a Community Marketplace where you can buy or sell just about anything besides produce and the kitchen sink! I suppose you really could bring a kitchen sink.... :) And of course, I'm sure we'll see you at the Cherry Festival June 22! Have a great summer, stay safe, and don't text and drive!

The Plant Sale Was A Success

Rochelle Bell

The weather was perfect and folks showed up early to buy. The crowd was lighter than we hoped for but those who attended seemed to enjoy the day. Many thanks to a broad range of community members for their contributions. Thanks to, Rod Bondurant for mowing the field, to Ryan Colbert and Lucille Rovnak for signs, Joe Sepulveda and Bens Toilets for our Potty.

Good food was provided by Diane and Ron Fisher's delicious breakfast and lunch, Fatty's yummy tacos and quiches, and the Courier staff selling Jason's famous chocolate cake and Rochelle's delicious fruit parfaits.

Thanks too to all our vendors who participated selling everything from allen wrenches to zucchini starts. A special appreciative word to Carolyn Mumm for coordinating the whole day and for donating the booth fees to the Camptonville Courier.

SAVE THE DATE

21st annual Camptonville Volunteer Fire Department Community Picnic

On Saturday, September 7th. Same awesome event with a new location. This year's picnic will be held in the beautiful meadow behind the Lost Nugget Market. So, help us spread the word about the new location, and look for more event details in next month's courier. The Auxiliary and the Volunteers are working hard to make this another awesome fun-filled community event!

Yuba Watershed Protection and Fire Safe Council Updates

Cathy LeBlanc

Yuba County Water Agency approved funds to allow Yuba Watershed Protection and Fire Safe Council (YWP&FSC) to develop a Yuba Community Wildfire Protection Plan (CWPP). What does that mean? Camptonville Community Partnership (CCP), as the grant administrator for the Yuba Watershed Protection & Fire Safe Council (YWP&FSC), will be seeking bids later in June to update the geographical information systems data for the pre-fire planning maps for the five fire districts of the Yuba County Foothills and to develop and submit a Community Wildfire Protection Plan for this same area. More information will be available after the June 12 YWP&FSC meeting.

The YWP&FSC is also continuing to investigate the feasibility of operating a small biomass facility at Celestial Valley. We will be preparing a proposal to send to the USFS under the Community Capacity and Land Stewardship Program to allow CCP's continued participation in the process. The goals of the program are to ensure community-based organizations and collaborative groups have the capacity and resources to convene, plan, and monitor watershed restoration and landscape scale restoration projects on National Forest lands.

You Don't Have To Brush All Your Teeth...

Rush in Again

*In memory of Grandma Pinky, Tomas,
and Thor*
Lucera Love

**First the Matriarch,
then the Saint,
last, the Guardian.**

**Some things come back to us.
And some never do.
The faces change,
and the names.**

**Now Grandmother,
Now Friend,
Now Dog.**

**On the third death,
Grief rushed in –
a steady stream
building
pressing at stones
and silt,
and sand –
sure to keep its course,
or to chart a new one –
as Life.**

**And we live.
Grandmother tends the child.
Mother cooks the food.
Father digs the grave.**

**We must eat and drink,
pee and poop and sleep.
The garden needs water,
The animals feed
and protection.**

**We live for a time
More cautiously,
remember that what is given
can be taken.**

**What is here now is ours
but for a moment,
until we forget
and carelessness creeps in again
like the weeds that we sweat and bleed
and ache over.**

**We have to
if we are to make meaning
of this Suffering,
if we are to have Joy
as our Guest –**

**And pause
In our labors
To let breath and beauty
rush in again.**

The Essence of Camptonville Elementary School

Sandy Ross

Who are we? We are more than a small, rural elementary school serving students in Transitional Kindergarten through eighth grade. We are a community and a family who works cooperatively and collaboratively to create a rich, stimulating, and safe learning environment for each and every student. We have a very unique atmosphere and a high staff to student ratio that enables us to know and advocate for each individual child's strengths and needs. This year, I was overwhelmed by the number of Camptonville "graduates" who came to offer their services by coaching a sport, helping in the classroom, mentoring students, facilitating a yearbook club, and completing a high school senior project by adapting and producing a play. That exemplifies the type of lasting bonds that students form with our school.

I am immensely proud of the progress that the students and staff of Camptonville School have made this year. When I look back to the issues and concerns noted on last year's Needs Assessment, I can say with assurance that many of those issues have been addressed and resolved. We have an amazing new middle school program that challenges our students and raises the bar for higher level thinking. We've used grant funds to purchase equipment which has increased the ability of teachers and students to infuse technology into daily teaching and learning and expand student capabilities for research and presentation. Music, art, and drama have been a focus throughout all grade levels this year, and we plan to continue our Visual and Performing Arts Program next year. 4th – 8th graders participating in the Outdoor Ed science program have had the opportunity to experience hands-on science activities and collect data in a real world environment. Field trips have enriched the curriculum-from climbing the volcanic peaks of Lassen, to setting sail on a 19th century adventure, participating in a Native American cultural celebration, and so much more.

Most importantly, the school exists and strives for excellence because of its students, never despite them. We value and honor each of them, and endeavor to have every student gain the foundational academic, social, and emotional skills needed to move forward on their personal journeys. We invite you to come and visit us, to observe in our classrooms, and to actively ask questions about our programs.

We will never pretend to be something we're not, but Camptonville is truly an amazing school, and we're proud to share it with you.

Yuba River Ranger District

Annie Prout-Garcia

It feels like summer is upon us, and, thanks to the low amount of snow this year, most of our campgrounds, picnic areas, trails and other recreation sites on the Yuba River Ranger District are already open, which is sooner than usual. On some north facing slopes you will still find patches of snow, but all trails and campgrounds in the Bullards and Hwy 49 areas should be open and accessible. In the Sierra Buttes area most Tahoe National Forest Campgrounds are open except Salmon Creek due to paving maintenance.

Jessica Prince, our Fire Prevention Technician, would like to remind you that Burn Permits are now required. This limits burning to one 4x4 debris pile at a time with a valid permit. Please ensure your pile is 'Dead-Out' before leaving. We did not have a very wet winter or spring, therefore vegetation is much drier earlier than we are used to. Please use extra caution in the forest and around your homes. Try doing your weed-eating and chainsaw use early in the morning. If you are going camping, be sure to pick up your campfire permit which advises on safe campfire use. As always, stay safe!"

You can receive Residential Burn Permits and Campfire Permits at our Ranger Station free of charge. Please be sure to check with the Department of Air Quality for burn day status. During business hours, you can call the Yuba River Ranger Station for burn status information, 288-3231 or 478-6253. After hours or on weekends please call the appropriate county:

Sierra County	289-3662
Nevada County	274-7928
Yuba County	741-6299

Fuelwood permits can still be purchased. The price for permits is \$15 per cord with a 2-cord minimum and an annual 10-cord maximum per household. Permits can be obtained at all Ranger Stations, the Forest Headquarters or by mail. Applications for mail-in permits can be found online at <http://www.fs.usda.gov/detail/tahoe/passes-permits>. Firewood season will extend through December 1 or until rain and snow make the roads impassable.

Please be sure to call and check fuelwood status each day you plan on cutting.

The Yuba River Ranger District no longer allows cutting of standing dead hardwood trees. Standing dead pines and other softwoods may still be cut. Dead wood already on the ground may be taken. The district made this change so that we could allow the season to continue longer in the late fall, rather than having to shut down as soon as the hardwood trees lose their leaves in the autumn.

Western Sierra Medical Clinic Information

WSMC Vaccine Clinic

Barb Walley

The Vaccines for Children (VFC) program provides immunizations to children and teens (ages 0-18) who are uninsured or underinsured. Come have your children immunized! The VFC program has made the process for accessing vaccines more convenient and affordable for children who are covered under Medi-Cal, have no insurance, or are under-insured. With the help of this immunization program more children and their families have been spared the debilitating results of many highly communicable diseases that in the past have devastated lives.

We understand that parents may have concerns about the safety of the vaccinations their children are receiving. Sierra Family Medical Clinic providers are happy to explain the importance of each vaccine as well as the pros and cons that may be associated with getting that vaccine. We let the parents choose what they believe is the best for their children and see ourselves as educators.

If you have any questions please make an appointment to see one of our medical providers or contact Akasha Smith, the Vaccine Coordinator and a Medical Assistant at Sierra Family Medical Clinic 292-3478 x 225.

Community Input Needed to Assess Current Health Care Needs

Brandy Kolmer

Western Sierra Medical Clinic (WSMC) is conducting a multi-county survey to identify the most important health issues within our region, and is asking community members to take a brief 10-question online survey.

The health care survey will assess the availability of medical, dental and specialty services, the biggest barriers to receiving health care, and the most pressing health issues facing our community.

Eligible survey participants are adults age 18 and older, living or working within Nevada, Sierra and eastern Yuba counties. The survey will be open through Friday, May 31st and can be found on the health center's home page at www.wsmcmed.or.

Individuals may enter to win a \$50 grocery store gift card at the completion of the survey, and one winner will be drawn on Wednesday, June 5. Only one survey is permitted per person.

AA Meeting in Camptonville

Jimbo Garrison

Alcoholic's Anonymous. If you want to drink, that's your business. If you want to stop, that's our business.

Beginning Thursday, June 6th and continuing every Thursday there after, from 6:30 to 7:30 pm at the Resource Center at the Camptonville School, we will have our own AA meeting!

AA meetings are free of charge, this is an open meeting, which means everyone is welcome..

If you are an active AA member or are thinking about it, please come and check it out and support this effort to have an AA meeting here in Camptonville. For more information contact Jimbo Garrison at 288-1001

Hope to see you there!

Helping Make
Camptonville Firesafe

Did You Get The Call???

Judy Morris

That's the question attendees at the Community Plant Sale on May 18th were asked. Their answer was "What call?"

This is when they learned about the Community Phone Notification System that is used to provide emergency messages. People were excited and wanted to have their names entered into the system. They provided their contact information by filling out the yellow Contact Information Sheets.

Staff also provided information about Camptonville Prepared! and handed out FREE red folders that contained emergency resource information to help residents prepare before an emergency occurs. They also sold T-Shirts and Grab-and-Go Starter Bags that contained some of the things that would be useful in an emergency.

Fire season is here. This is the time of year we all worry about. Camptonville Prepared! wants to help you and your family worry less-----Join us at our next meeting to learn about what you can do to be ready for an emergency. Our next meeting will be on Wednesday, June 19th at 7pm at Camptonville School. Help us help you!

For more information or to be added to the Community Phone Notification System, call Judy at 288-1228 or email owlsneagles@inreach.com

Western Sierra Medical Clinic to Provide New Morning Appointments

Brandy Kolmer

Western Sierra Medical Clinic (WSMC) is now offering early morning appointments on Thursdays and Fridays from Miners Family Health Center. The new schedule allows for appointments beginning at 7 am with Certified Physician Assistant Flene Folsom. Additional expanded appointment times are also available during the lunch hour, from 12:30 – 1:30 p.m. on these days.

Appointments are available Monday – Wednesday from 8 am – 5 pm, and Thursdays and Fridays, from 7 am – 5 pm, and can be made by calling Miners Family Health Center during business hours at 274-WSMC (9762).

Western Sierra Medical Clinic is a Federally Qualified Health Center providing primary health care, dental care, maternal health, counseling, immunizations and comprehensive health education programs. WSMC is a non-profit community health center with the mission to ensure that every person, regardless of their ability to pay, has access to quality health care.

Booming and Blooming

Yakshi Vadeboncoeur

That describes the 123 Grow classroom and garden in the May. We have 5 or 6 new classmates, boys and girls, babies and big kids. What fun to have new friends! Teachers Yakshi and Lucera went to a child development conference in Truckee at the beginning of the month and brought back new ideas and renewed energy to share in the classroom. Meanwhile, warm spring days and some gentle rain did the same for the garden.

The last week in May saw the last 2 days of class for 123 Grow this year. We are went on a field trip to Oregon House Farms. They have real cows and sheep and ducks and chicken. Thursday, May 30,

we had a closing ceremony, a slide show of pictures that teacher Lucera has taken all year, and a potluck lunch.

Join us Tuesdays and Thursdays when we start up again in August.

Kids 0 to 4 and their parents are welcome anytime.
