DECEMBER 2015

NUMBER 12

## IMAGINE

Traditionally, we speak about peace this time of year. We recognize the human yearning for peace. We long for the birth of the light that brings peace. Yet recent events, from school shootings in a quiet Oregon town not unlike our own, to terrorist attacks in Paris, to the heart-breaking images of refugee children on flimsy rafts in the open sea, make us wonder if peace is possible. These make us wonder if violence is woven into our human DNA and if we are capable as a species of transforming our fear and our anger and murderous rage into anything that might resemble peace. It makes us question if we are truly capable of creating a world of compassion, community, and deep communion.

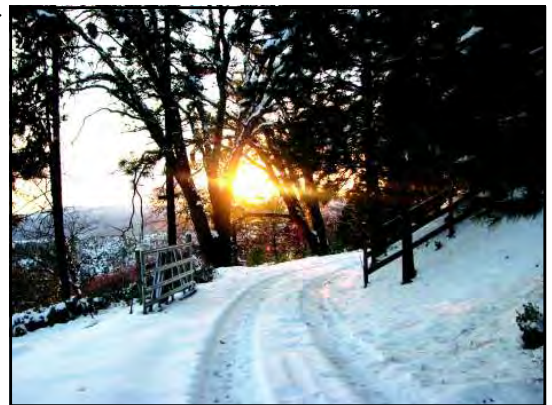

And yet, if we can't think peace, if we can't *IMAGINE* peace, we are surrendering that which makes us most human: the ability to imagine what is possible and to participate in going about the work of creating what we imagine.

At the winter solstice, the planet has tilted as far away from the sun as possible. Now is the time of turning back toward the light. At this time, in the Jewish tradition, we re-dedicate ourselves to the light. At this time, in the Christian tradition, we embrace the suffering and labor that births the human incarnation of light into the world.

The soft and vulnerable plead within us. The children who are dying, and the children who have died, cry from the heavens for us to change our minds, to rectify our failure of imaginations and create the world we are capable of making. Now is our time to turn again. Now is our time of re-dedication. Now is our time to be birthers of Light and embodiments of Love. Now is our time to think peace, to imagine peace, to Be Peace.

## From the Editor

- Shirley DickKard

### 2015 Community Donation List

Camptonville has always taken pride in being *the little town that could*. We figure out what we'd like to see happen, then do it, partnering with outside funding and government programs to amplify what we can do ourselves. In 1997, our small town was recognized as a Finalist in the All-America Cities Competition for our volunteer-built Fire Hall, Twilight School, and the Camptonville Collaborative (precursor to CCP).

Today, you can see this same determined self-motivation in each of the groups on our **2015 Community Donation List**. Each group is fueled by passion and commitment, and, yes, local donations of time and money. Please look over the insert in this issue - see if there's a group or two you'd like to support. End-of-the-year donations are always appreciated and most are tax-deductible. Please save the insert for future reference.

### Appreciate *The Courier* with a Tip

By Shirley DickKard, Editor

I hope you've enjoyed reading the twelve issues of *The Courier* that arrived in your mail this year, and that you've been entertained, educated, informed, motivated, and inspired.

Each *Courier* issue costs about \$385 to produce and mail. Thanks to your generous donations, paid ads by our local businesses and services, and our all-volunteer staff, we can mail *The Courier* free to all Camptonville residents. (Subscriptions to others are only \$15/year).

If you appreciate getting *The Courier*, and like what we're doing, please consider a tax-deductible "tip." Donation checks can be made to: *The Camptonville Courier* and mailed to PO Box 32, Camptonville, CA 95922. If you have suggestions or ideas for *The Courier*, I want to hear them! And remember to show your appreciation to our advertisers with your business. They're a valuable part of our little community - let's help them thrive. Thank you!

## Your Presence, The Greatest Gift of All

By Yakshi Vadeboncoeur

Before the tempo of the holiday season heats up too much, it's a good time to take a breath and remember that the most precious and important gifts we can give our children are not paid for with our hard-earned dollars and wrapped up in pretty paper, but rather paid for with our lives, our time, our calm, attentive presence to them and to their needs, and to what has caught their attention in the moment.

For little ones, sun, rain, or snow can all be reasons for celebration. Any stick, pot, or pan lid can be used to make music; all of nature provides materials for an art project and a way to discover the good and beautiful in our world.

*The monkey see, monkey do* (monkey desire) phenomenon is an underlying reason why advertising is a \$150 billion industry in the US alone. My hope for all of us this holiday season is that we can close off some of the channels through which the advertising industry reaches us, and open up the heart channels through which both the love and needs of our family and friends reach us.

For our littlest ones, just to spend quality time with them is the gift of a pattern of presence that will last a lifetime. For our teens, giving them a listening ear, a safe haven from the pressures of finding their own way, giving them a way to earn the things of this world they think they need, or empowering them with real ways to interact with and enhance the community in which they live - these are the gifts that will feed and sustain them on their journey into adulthood.

And for us, seeing the world or the journey through their eyes helps us see it and our own journeys anew, and somehow the gift of ourselves to them turns around and gives right back to us - a better, more centered self. Relax and let your greatest gifts this holiday season be your presence to and for each other.

## December Happenings!

### C'ville Christmas Craft Fair - December 6th

By Barbara Ramirez, CCP

Come one, come all to the annual Camptonville Christmas Craft Fair on **Sunday, December 6th, from 12-3 pm at Camptonville School**. There, many crafters will amaze you with their wares; CCP will be selling See's candy for holiday eating and giving; and the Camptonville Fire Department will be selling Christmas trees and 911 street address signs. Come support our community artisans and do your holiday gift shopping. There are still spaces available if you would like to join us. Please call Barbara at 288-3392 for more information. This is a CCP sponsored event.

### Secret Santa . . . Shhhhh

By Barbara Mueller-Hogan

Families, the Secret Santa program is back this year. If you, or anyone you know, would like a food box or gifts for the children this Christmas, please contact me **before December 11th**. Pick up date will be December 19th at Camptonville School.

If you would like to donate time, money, or sponsor a child or a family for gifts, I always need help. Call the Resource Center at 288-9355 or myself, Barbara Mueller-Hogan, at 288-9311 before December 11th, and leave a message with your name, phone number, and how many are in the family. I will then contact you for additional details. Thank you and blessings to you all for a wonderful Christmas.

### NSJ Community Christmas Program - December 13th

By Pastor Patty Inis

The North San Juan United Methodist Church is producing a wonderful Community Christmas Program featuring our amazingly talented local musicians, at **7 pm on Sunday, December 13th**. This is a free, community-wide event perfect for family, friends, and neighbors to attend. Come join us for snacks, entertainment, and a fun evening in our 150 year-old historical church building at **10121 Flume Street, North San Juan**. Call 916-500-8361 for more information.

Also, check us out Sunday mornings at 9 am, for a casual, friendly, relevant Worship Service, with lots of good music and a meaningful message. Everyone Welcome! Come as you are!

### Santa's Coming to Town - December 12th

By Jessi Mullins

The Camptonville Christmas Club is once again sponsoring a visit from Santa on **Saturday, December 12th at the Community Center**. Doors open at 4:30 pm and Fatty's Food will start selling dinner then. Santa arrives at 6 pm with a gift and stocking for all ages. Everyone's invited to come enjoy *free* hot cocoa, hot tea, and cookies. See the insert for more information or call Jessi at 288-3358.

### Let's Rock This Party! Saturday, December 5th

By Tonie Hilligoss

Ok. It's a *rock gathering party*, but it will be fun! Robert Mumm has designed a uniquely Camptonvillian sign for the Community Center that will be built into the hillside on the upper side of the property near the street. It will incorporate about two small truckloads of river rock that Chris and Scott Pope have said we can collect on their property, which is on the lower end of Moonshine Road. These are rocks, not boulders, so we can easily transfer them to wheelbarrows that will take them to the trucks. Before we know it, we'll be done and ready to party!

We'll need to take the rocks to the Community Center to unload them, so that's where we're going to celebrate afterwards with a potluck dinner. Food can be dropped off starting at 12:30 pm where crockpots and other cookware can be plugged in and carefully looked after for those folks who want to help gather rocks. Anyone who would rather help prepare for the dinner is welcome to stay at the Center and help set up for the potluck.

In the not-too-distant future, people will drive through Camptonville and marvel at the historically-appropriate sign that announces the presence of this town's Community Center. We all have a chance to help make this a reality and to smile to ourselves as we drive by, feeling really good about being part of the process.

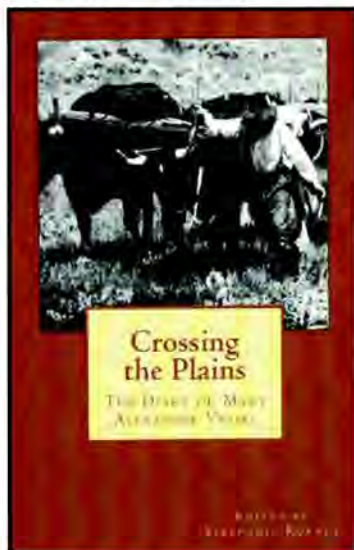

Please join us at **14106 Moonshine Road** (lower end of Moonshine, not far from Middle Yuba bridge) at **1 pm on Saturday, December 5th**, or if it's raining, the first Saturday after that. We look forward to seeing you there! For information, please contact Tonie at [thilligoss@mac.com](mailto:thilligoss@mac.com) or 288-3451.

# Buy Locally!

## Camptonville Historical Society Announces its First Publication!

By Stephanie Korney

The Camptonville Historical Society is pleased to announce the publication of **"Crossing the Plains: The Diary of Mary Alexander Variel."**

The Variels were some of the first pioneers to settle in Camptonville. Variel Lane is named for this family. In 1852, Mary, her husband Joshua, and their two small children traveled from New Harmony, Indiana to

Camptonville in an ox-drawn covered wagon. Mary described the decision to make the trip as follows:

"My husband and I were greatly interested in the inducements a trip to California offered, and while we frequently discussed the possibilities of such a venture, we were thoroughly alive to and considered the toil, danger and uncertainty that would attend it, but countless stories of the boundless gold fields, where we could go out with a basket and pick up a supply of gold nuggets at any time, overcame any fears we had entertained, and we concluded to join the first expedition that was organized in our neighborhood."

Rod Bondurant (aka The History Geek) says: "It's a must read! Imagine leaving home to go collecting baskets of gold nuggets! I enjoyed this 110-page illustrated book; Mary was a savvy and resourceful woman, and her writings bring to life the story of the long dangerous trip from Indiana. This book is an easy read and gives good personal insight into what it took to survive in those challenging times."

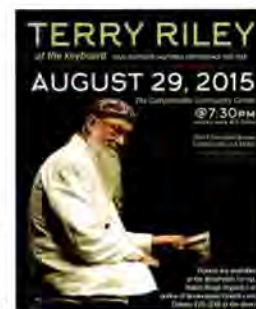

The Historical Society will be selling the book at the **Christmas Fair on December 6th**, as well as selling note cards featuring original drawings of local sites by Robert Mumm, and the ever-popular Historical Society t-shirts. Stop by and take a look. Give the gift of history!

## Limited-Edition CD of Terry Riley Concert for Sale

By Christina Ledson

This past August, Terry Riley performed a benefit concert for our Community Center. He played to a sold out house with people standing in the wings. He has now graciously offered us a limited-edition CD of the Camptonville Concert, along with a signed poster. There are 15 available and will be numbered. The proceeds will be donated to the Center. If you would like to purchase one of these limited-edition CDs with a signed poster for \$50, please contact Christina Ledson at 288-3655 or christinaledson@gmail.com.

## CVFD Offers Christmas Trees and Street Signs for Sale

By Brandi Dudek, CVFD Fire Chief

Are you attending the Camptonville Christmas Craft Fair on December 6th?

The Camptonville Fire Department will be selling Christmas trees again this year for \$20.

We will also have a table with 911 Reflective address signs for sale: \$15 uninstalled and \$20 installed. In an emergency, these signs will help us find you in time!

## Local Wildlife Calendars for Sale

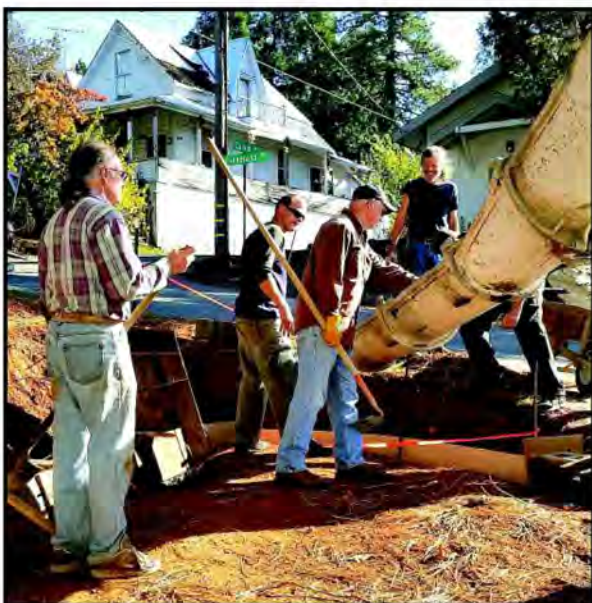

By Ann Westling, WR&R

The 2016 calendars from Wildlife Rehabilitation and Release (WR&R) are on sale for \$15. Photos of raptors, songbirds, a bat, and small mammals, cared for locally by WR&R, are highlighted as well as photos of our Wildlife Ambassadors.

Calendars are sold at the Grass Valley SPD, Lucchesi Wine Tasting Room, Springhill Pharmacy, Flour Garden Bakery, Motherlode Vet Hospital, For the Love of Pets Vet Hospital, Pine Creek Vet, PostNet, and Prospector's Nursery, and will also be sold in front of BriarPatch on November 13th and 20th. All proceeds from the calendars will help fund the rehabilitation of native birds, bats, and mammals and their release back into the wild. For Information visit: <http://www.cawildlife911.org/>

Volunteers Pouring Cement

Photos: Rochelle Bell

## How Can I Help This Month?

By Tonie Hilligoss

It's getting busy at the Center again, and significant progress is being made on preparing the site for the hillside sign designed by Robert Mumm. The majority of the cement work (until we ran out of material) was completed by Robert Mumm, Rod Bondurant, Cliff and Tonie Hilligoss, Keith Montgomery, David Mumm, Ted Ness, and Jerry Ortega. Thanks so much to all of you!

This is the holiday season, so our requests for help are limited to two major projects, one of which is well underway:

Artistic Director, Robert Mumm (r)

- Volunteers to help collect rocks for the hillside community center sign. See the article on Page 3 for information about the **December 5th rock gathering party**.
- Volunteers to work on renovating the building to incorporate the Leland K. Pauly Museum (awaiting approval from the final public hearing, probably in late December).

Rita Ortega, our Volunteer Coordinator, can be reached at [ritaortega4@gmail.com](mailto:ritaortega4@gmail.com) or 288-3421. Donations can be sent to CCSD, P.O. Box 327, Camptonville, CA 95922 with checks made out to Camptonville Community Center. All questions can be directed to Char Jokerst ([rubycj@att.net](mailto:rubycj@att.net) or 288-9320) or Tonie Hilligoss ([thilligoss@mac.com](mailto:thilligoss@mac.com) or 288-3451). Thanks again for the support so many of you have given the Center. Hope to see you all at the **rock gathering party on December 5th!**

## What's Happening at the Community Center?

By Christina Ledson, Director

As the weather starts to shift into winter, it will be harder and harder to plan outdoor events. This was the case for the Christmas Club's Brunch that was rained out. Fortunately, the Community Center was available. Keep us in mind when you are looking for a place to host your next event.

Santa will be visiting the Center on December 12th! This is always a great community event. We are very excited that construction has begun on the new sign. Read about ways you can help in the article on this page.

## If You Consume It, You Could Die!

By Merinna Beachell, 5th Grader

Camptonville School

BPA stands for BISPHENOL-A, a chemical that can be really harmful to humans and the environment. When I say harmful, I mean it can kill you and the environment. BPA can cause heart disease and diabetes if you consume it. For example, if you left your plastic water bottle in the sun and you came back for some water, you might have just drunk BPA. Plastics buried deep in landfills can leach harmful chemicals (like BPA) into drinking water.

Burning plastics can release toxic fumes with BPA. When plastic is manufactured it creates large quantities of chemicals that might be absorbed by humans. 92% of Americans age 6 or older test positive for BPA. Plastics don't biodegrade, but they are at a risk for photo degradation, which is light exposure that dissolves them into polymer (small) particles, which have BPA.

According to the article "The Truth About Plastics,"\* chemical building blocks that make plastic so versatile are the same components that might harm humans and the environment. If you are using plastic water bottles, you have a risk of getting BPA. Some of your drinking straws, clothes, soda bottles, detergent bottles, and even your toothbrushes might have BPA. BPA could even be in your plumbing pipes. According to information from [www.NOAA.oceanservice.com](http://www.NOAA.oceanservice.com), you could be drinking BPA all the time.

Don't consume BPA! Buy BPA-free items like glass or metal containers and drink from water bottles that are metal or glass.

## Camptonville Folks - Putting Their Passion into Action!

### Being a Tough Mudder, Las Vegas, 2015

By Chris Pope

According to the Las Vegas announcer, there are two types of people that become *Tough Mudders*: bad asses and psychos. So what's a *Tough Mudder*? It's a 10 to 12 mile obstacle course that attracts people worldwide who want to challenge themselves while supporting the Wounded Warrior Project. The *Tough Mudder* Charity raises money for wounded Veterans and their families, and all the money raised goes to this fabulous organization.

At the age of 56, I took this journey with my son and nieces (my first time, their third). Nuts yes, but one of the most memorable family times I have ever had! Some of the 22 obstacles involved crawling through mud and jumping into ice water (called the Artic Enema). It's not about how fast you can do this event - it's about helping others to the

finish line.

Why did I do it? Well, after cheering my son at the 2014 *Tough Mudder* (and after a glass of wine or two), my

son just got out his computer and signed us all up for the 2015 event. No refunds! So I figured, what a way to keep in shape, spend family time together, and build memories. My son said after I crossed the 2015 finish line, "I'm so proud of my mom pushing through her fears and doing *Tough Mudder* for her first time! She crushed it!" Our team, *The Moonshine Mudders*, are signed up for next year on a new adventure with *Tough Mudder*.

Chris, riding part of the race on the back of her son, Mike

## Camptonville Kids and Soccer Balls Are Bouncing Off the Walls . . .

By Yakshi Vadeboncoeur

. . . at the indoor Samba Soccer Arena in Grass Valley, that is. We are excited to report that this year with the help of Camptonville Community Partnership (CCP) we've been able to field not one but two teams to play in the indoor Youth Soccer Leagues. CCP made use of PEI\* grant money to cover all 13 Camptonville School players' membership fees for this school year, as well as to come up with scholarships for a few kids to offset some of the team fee. The \$15 membership fee is good for three ten-week seasons of play and a shorter six-week summer season.

We have eight players on a U10 team that plays on Tuesdays and seven players on a U12 team, playing on Wednesdays. The teams were rounded out by players from schools in town, both of whom played with us last year. If you're in town on Tuesday or Wednesday afternoons around 4 pm, stop by Samba Soccer and cheer us on. As November comes to an end and we finish out our first couple of weeks of play, we are so grateful for the support of CCP and its constant efforts to make opportunities available for all the kids in our mountain community.

\* PEI - These Prevention Early Intervention funds come to CCP through a contract with Yuba/Sutter Mental Health and Proposition 63, California's Mental Health Act. They are earmarked for youth enrichment, mentoring, and building job skills. If you have an idea for a youth project, please contact CCP at 288-9355 or cathy@theccp.org.

## A Huge Success!

By Jessi Mullins, Camptonville Christmas Club

The Camptonville Christmas Club held its 3rd annual Fall Brunch on November 8th at the Camptonville Community Center. It was a *huge* success! We made just over \$1,000, and all the money will go towards the special evening for our community's children when Santa comes to town on **Saturday, December 12th**. Santa will bring age appropriate gifts for ages 0-13 and stockings filled with sweet, healthy goodies.

The Christmas Club wants to thank everyone who made our Fall Brunch a success: the folks who donated food and supplies, the Camptonville Community Center for making our change of venue run so smoothly (we were rained out) and, of course, all who attended the event. We hope everyone enjoyed themselves; we sure enjoyed everyone's company. Thanks so much.

## Camptonville Gardeners' Market

By Christina Ledson

With our night time lows dropping down below the freezing mark, I am already missing those fresh vine ripened goodies out of the garden. We had a very successful couple of months this year at our local market. We earned \$921 to donate to our local non-profits! This year's earnings will be divided equally between *The Courier*, CCP, and Camptonville Community Center. I would like to thank those who contributed produce, wares, and baked goods. We greatly appreciate each and every one of you who came out and shopped and look forward to seeing you all next August.

## Hidden Gem for Book Lovers

By Rochelle Bell

Have you ever wanted to read a good book during the dark cold days of winter, but you didn't have one and didn't want to drive all the way to the library in Nevada City? I have discovered a hidden gem for book lovers in our neighboring town of North San Juan: the **San Juan Ridge Community Library** on Oak Tree Road next to the baseball park.

Over 450 people hold free library cards for the beautifully organized, well-lit space that houses over 8,000 books and DVDs. There are children's books, periodicals, free Wi-Fi, computer and printing services, and a welcoming staff of volunteers to help you explore. There is also an outdoor book kiosk that is available for use 24 hours a day with a Nevada County library card.

An additional delight for me was to visit with some of the volunteer quilters who are creating another panel of the famous NSJ Tapestry Project. It's a must see for those of you who have missed it.

**NSJ Library Hours are Tuesday and Thursday from 11 am to 7 pm and Saturday, 10 am to 4 pm.** For information, call 292-3008.

## Celebrating Our Creativity

By Yakshi Vadeboncoeur, 1,2,3 Grow

At 1,2,3 Grow we are pedaling our new bikes and trikes all over the place to burn up our extra Thanksgiving calories and to celebrate the generous mini grant from First5Yuba that provided us with the first sturdy outdoor vehicles we've ever had.

We are celebrating our strong bodies, our new helmets and staying safe, new riding skills, and even new reading skills as we figure out what our road signs say. There's a lot to celebrate at 1,2,3 Grow and always a lot of creative energy cooking up new ways to play and explore our world: dancing, singing, puppet shows, indoor art projects, and outdoor games. Join us for some fun!

Focused on organic gardening. We carry many soils, amendements, pest control products, fertilizers, tools, irrigation supplies, landscape plants, and local vegetable starts, and much more.

## Yuba River Ranger District

By Betty Leffew

Fall colors are really showing, so take a drive and enjoy the changing seasons. The Sierra Buttes area is spectacular. All trails are still open and usable in the area.

All campgrounds along Hwy 49 and the Sierra Buttes are now in winter status. They are still useable but with no amenities and no fee. Please continue to be careful, as we are still experiencing high fire danger ratings. Dooryard burn permits are now available. You must check in to see if it is a burn day (phone 288-3231 or weekends: 741-6299).

Sierra County rivers and streams were closed for fishing on November 15th. Lakes and reservoirs are open year round. Deer hunting closed on November 1st.

As of November 25th, we have received 5.62 inches of rain this season. November alone brought 4.69 inches with more expected in the next weeks. Not as good as last year, but getting better. HAPPY HOLIDAYS!

## Report from Your Volunteer Fire Department

By Brandi Dudek, CVFD Fire Chief

The Camptonville VFD was paged out for 6 calls this month: 1 medical, 1 assist, 2 vegetation fires, and 2 MVA (Motor Vehicle/Motorcycle Accidents).

Our roster stands at 19 with 1 cadet. But only about 10 come to regular trainings and about half of those respond to emergency calls.

We are always looking for volunteers! Trainings are Tuesday evenings from 6-9 pm, with one night per month that we go to NSJ for medical training. Stop by and check us out! All training will be provided. Volunteers do not have to join and be a firefighter; we can use volunteers for support staff, such as helping with paperwork, maintenance work at the station and any other non-firefighter projects. If interested in donating time and being part of a great team, feel free to give your Chief a call at 288-3303.

## CCP Update

By Cathy LeBlanc, Executive Director

This year through grants and contracts, Camptonville Community Partnership (CCP) brought active play equipment to 1,2,3 Grow, facilitated a county wide series of community-building workshops in Marysville, and moved the needle much farther along on the bioenergy project - the Forest Based Business Center. With the groundbreaking scheduled for 2018-19, this project could bring a couple dozen more jobs to the area.

If you need to clear brush from around your home, the Special Needs Defensible Space Program is scheduled to re-start soon. The free Chipping Program will still be available during the winter to all property owners in the Yuba County foothills, if adjacent to a county maintained road.

We are also helping to sponsor our favorite Elf, Barbara Mueller-Hogan, who is coordinating the holiday food baskets. If you'd like more information or to find out how to become a volunteer, give us a call at 288-9355 or email me at [cathy@theccp.org](mailto:cathy@theccp.org). Happy Holidays! I love this time of year.

## Sign Up for *Mobile* Emergency Alerts

### - Yuba County Office of Emergency Services

In the event of an emergency, Yuba County uses a telephone notification system called CodeRED to warn residents of impending danger. All conventional home phone landlines through AT&T are automatically added to the system.

If you would like to receive notifications on your *mobile* phone, you must register the phone number at [www.BePreparedYuba.org](http://www.BePreparedYuba.org) - click on "Stay Connected." The website also provides up-to-date information on current emergencies as well as preparation advice. For further information, call the Yuba County OES at 530-749-7520.
