

VISION MISSION QUESTIONNAIRE

A tool to help Church-Planting Pastors & Teams know where they're going

Instructions

For Church-Planting Pastors & Teams

1. Answer all questions with your first impression / response. Avoid over-analysis. You'll have plenty time later to finesse the wording. It's important as you first work through the questions that you respond as much from your heart as your head.
2. Complete the easiest questions first, then go back and do the more difficult ones.
3. Reflect on what you've answered for each question.
4. If you need to revise your answers after reflection, do so. But in most cases, the first impression is the better. So ponder WHY you want to change something.

LEADERS NEED A VISION
