

&Tilly x Timberly - "Shoot You"

a captivating fusion of post-rock and ethereal dream pop

[Prague/Stockholm, 15/06/2023] - Get ready to be swept away by the ethereal sounds of "Shoot You," an extraordinary musical collaboration that pushes the boundaries of both post-rock and dream pop. Seamlessly blending post-rock influences with a dream pop base, Shoot You offers a darker yet enchanting lyrical and atmospheric experience infused with love and hope wrapped in the depths of shadows.

"Imagine that feeling when you want to make someone yours. It's such a strong desire and a magnetic force pulling you closer. This metaphorical glue gun also carries the potential to shoot - destroy both yourself and the other person, bold and intense," explains Tilly.

Joining forces on this mesmerizing tune is the exceptionally talented producer, Timberly, hailing from Stockholm, Sweden. Known for his captivating artist persona and unconventional approach to music and visuals, Timberly adds a unique, colorful darkness to the collaboration.

"Building the music around Tilly's voice felt like entering a new world of ideas. And Singing the words she'd written felt like playing the role of a character who captures every human emotion. It's hard to explain, but has helped me grow" Adds Timberly.

Despite the geographical distance, &Tilly and Timberly found themselves closely connected by their shared style, leading them to meet and create a captivating music video together. The enchanting visuals were brought to life at Kulturama, where Tim Blommé, the artist behind Timberly, also imparts his knowledge and passion as a teacher.

Prepare to embark on an otherworldly journey as "Shoot You" transcends boundaries and blurs the lines between dreams and reality. This release promises to captivate listeners with its evocative melodies, thought-provoking lyrics, and mesmerizing visuals. Stay tuned for the release of "Shoot You" and immerse yourself in a musical experience that will leave you spellbound.

[Lyrics]

I'll shoot you
With a glue gun
I'll shoot you
To make you the one

Let me shoot you
Let me tear you apart
Let me shoot you
Glue the pieces known by heart

By then we'll freeze in time
By then I'll whisper secrets in your ear
By then we'll stand in line
Misunderstood you, weeping out of fear

I'll shoot you
With a glue gun
Will it hurt, too
Will you be the one

Let me shoot you
Let me turn your inside out
Let me shoot you
Reap the thoughts I've torn in half

So when we'll fall in line
I can whisper secrets in your ear
So there will be no time
To see what others think when they can hear
I know we'll freeze in time
I know the secrets hidden behind tears
We've always stood in line
I understand you, bleeding without fear

I'll shoot you
I know we'll freeze in time
With a glue gun
I know we'll freeze in time
