

Simon India Looking East with South Korea

Simon India senior leadership had an extensive business trip to South Korea in the month of July 2017. Agenda of the trip was to explore the key partners for Onshore and Offshore business in India and South East Asia. Many productive meetings, with some of the EPC giants i.e. GS E&C, Daewoo E&C, Hyundai, and Daelim, were concluded during the visit. Simon India is already in CXO level talks with most of these companies and managed to garner positive response. During the trip Simon India signed some important Business Co-operation MOUs and Agreements with prospective partners.

The delegation also met with the Ambassador of India to South Korea Mr. Vikram Doraiswamy. The response from his Excellency was very overwhelming, as he assured his full support to Simon India and Adventz Group.
