

The Other Emily

Author: Dean Koontz

Number one *New York Times* bestselling master of suspense Dean Koontz takes readers on a twisting journey of lost love, impossible second chances, and terrifying promises.

A decade ago, Emily Carlino vanished after her car broke down on a California highway. She was presumed to be one of serial killer Ronny Lee Jessup's victims whose remains were never found.

Writer David Thorne still hasn't recovered from losing the love of his life, or from the guilt of not being there to save her. Since then, he's sought closure any way he can. He even visits regularly with Jessup in prison, desperate for answers about Emily's final hours so he may finally lay her body to rest. Then David meets Maddison Sutton, beguiling, playful, and keenly aware of all David has lost. But what really takes his breath away is that everything about Maddison, down to her kisses, is just like Emily. As the fantastic becomes credible, David's obsession grows, Maddison's mysterious past deepens—and terror escalates.

Is she Emily? Or an irresistible dead ringer? Either way, the ultimate question is the same: What game is she playing? Whatever the risk in finding out, David's willing to take it for this precious second chance. It's been ten years since he's felt this inspired, this hopeful, this much in love...and he's afraid.

The Midnight Library: A Novel

Author: Matt Haig

"A feel-good book guaranteed to lift your spirits."—*The Washington Post*

A *New York Times* bestseller | Winner of the Goodreads Choice Award for Fiction | A Good Morning America Book Club Pick!

"Between life and death there is a library, and within that library, the shelves go on forever. Every book provides a chance to try another life you could have lived. To see how things would be if you had made other choices . . . Would you have done anything different, if you had the chance to undo your regrets?"

A dazzling novel about all the choices that go into a life well lived, from the internationally bestselling author of *Reasons to Stay Alive* and *How To Stop Time*.

Somewhere out beyond the edge of the universe there is a library that contains an infinite number of books, each one the story of another reality. One tells the story of your life as it is, along with another book for the other life you could have lived if you had made a different choice at any point in your life. While we all wonder how our lives might have been, what if you had the chance to go to the library and see for yourself? Would any of these other lives truly be better?

In *The Midnight Library*, Matt Haig's enchanting new novel, Nora Seed finds herself faced with this decision. Faced with the possibility of changing her life for a new one, following a different career, undoing old breakups, realizing her dreams of becoming a glaciologist; she must search within herself as she travels through the Midnight Library to decide what is truly fulfilling in life, and what makes it worth living in the first place.

The Atlantis Gene: A Thriller (The Origin Mystery, Book 1)

Author: A.G. Riddle

The greatest mystery of all time...
the history of human origins...
will be revealed.

In Antarctica, researchers discover a mysterious structure, buried in ice.

In a lab in Jakarta, an autism researcher identifies a revolutionary treatment that could change everything.

But these two incredible discoveries aren't what they seem. They will set off a race to unravel the deepest secrets of human existence—and an event that could change humanity forever.

Experience the novel that started it all: *The Atlantis Gene* is the first book in A.G. Riddle's bestselling *Origin Mystery* trilogy—a series that has sold over **THREE MILLION** copies worldwide (in twenty languages), received 30,000+ reviews on Amazon, been rated 20,000+ times on Audible, and garnered 120,000+ ratings on GoodReads. The trilogy is now in development to be a major motion picture.

The product of years of research, *The Atlantis Gene* is filled with real science and history that will change how look at human origins—and humanity's future. Like millions of other readers, you'll be up late turning the pages, promising yourself, *just one more chapter*.

Praise for A.G. Riddle

"...reads like a superior collaboration between Dan Brown and Michael Crichton."

—*The Guardian* on *Pandemic*

"I finished the book fast because I just couldn't wait..."

—*WIRED* GeekDad on *Departure*

"Riddle... keep(s) the focus on his characters... rather than the technological marvels"

—*Publisher's Weekly* on *Departure*

"Well-constructed and tightly-wound as a fine Swiss watch—*DEPARTURE* has non-stop action, an engaging plot and, of course, wheels within wheels."

—Diana Gabaldon, #1 *New York Times* bestselling author of *Outlander*

An Extended Look At *The Atlantis Gene*

70,000 years ago, the human race almost went extinct.

We survived, but no one knows how.

Until now.

The countdown to the next stage of human evolution is about to begin, and humanity might not survive this time.

Off the coast of Antarctica, a research vessel discovers a mysterious structure buried deep within an iceberg. It has been there for thousands of years, and something is guarding it. Could it be the fabled city of Atlantis? Or is it something more dangerous?

At the same moment, in Jakarta, Indonesia, a brilliant geneticist named Kate Warner has just discovered a breakthrough treatment for autism. Or so she thinks. What she has found is far more deadly—for her and for the entire human race. Her work could unleash the next stage of human evolution. It might also hold the key to unlocking the mysterious structure off the coast of Antarctica.

On the other side of Jakarta, Agent David Vale is racing to uncover a conspiracy with far-reaching implications. But he's out of time. His informant inside the conspiracy is dead. His own organization has been infiltrated—and his enemy has turned the hunt on him. Now he's on the run. But when he receives a coded message related to an imminent attack, he risks everything to save the one person that can help him stop it: Dr. Kate Warner.

Together, Kate and David race to unravel a global conspiracy and learn the truth about the Atlantis Gene... and human origins. Their journey takes them to the far corners of the globe and into the secrets of their pasts. Their enemy is close on their heels and will stop at nothing to obtain Kate's research and force the next stage of human evolution—even if it means killing 99.9% of the world's population. David and Kate can stop them... if they can trust each other. And stay alive.

NOTE: this novel is available as an eBook on Kindle Fire and Kindle eReader, an Audible audiobook, and in print (paperback and hardcover). It's also in Kindle Unlimited where subscribers can read for free.

Three Degrees and Gone

Author: J. Stewart Willis

"An exceptional story of the future that quietly sounds an alarm about extremities of human behavior." —*Kirkus Reviews*

In 2087, coastal flooding and extreme changes in the weather have turned the United States into a nation of migrants and tent-cities. In this environment, three family groups struggle with their plights and their dreams for the future. They come together from different parts of the nation when they hire illegal traffickers to take them across the border with Canada where they will live as illegal immigrants. Crossing is not an easy task because Canada has established a border wall, both physical and electronic. The wall is constantly patrolled by low-flying drones and satellites. The traffickers take them to a crossing point in remote parts of the Blackfeet Indian Reservation in Montana from which they will attempt their crossing. In making the crossing, some are successful and some are not, but even for those who succeed, life is not what they had hoped it to be.

Children of the Stars Boxset

Author: Juanita Coulson

Children of the Stars Boxset collects the complete epic saga from award winning Juanita Coulson

Tomorrow's Heritage

2041. When the first alien was approaching Earth, it found itself in the grip of the all-powerful Saunder Family. Every member of this dynasty seemed at war with the other.

In the quest for the Chairmanship of the people, the Saunders must struggle and fight in a contest over Earth's very future. Project Search is in action, while brave pilots take to the stars.

Can human civilization survive with the coming of alien life, and can the Saunders find a way to listen to one another and lead humanity to that survival?

Outward Bound

Brenna Foix Saunder is the Martian-reared daughter of Earth's dynastic Saunder family.

Fiercely ambitious, beautiful and determined, she puts an untried and dangerous experimental star drive above her own life. Stifled by the media frenzy surrounding the Saunder family, she has utter contempt for newshunters. Charlie Dahl is one such newshunter.

Brenna must seek refuge in the arms of her lover Derek, but trouble brews when he tries to stand in the way of her dreams.

To reach the stars by passing long years in frozen sleep is the only safe and sure way to complete her star drive mission. But Brenna Saunder can't wait. She meant to conquer the light barrier — and to hell with everything her family and her lover could do to stop her.

Legacy of Earth

Aliens are aliens, and humans are humans, and never the twain shall meet — or shall they?

Faster-than-light travel to the stars was a discovery of the great Saunder family, and the vast Saunder fortune helped in the colonizing of alien worlds, among strange, nonhuman races.

But Anthony Saunder had no share in that fortune of heritage. He was only a clone, not truly human. And the business he had started on Procyon Four was on the brink of failure.

Then the catlike humanoid Whimeds came, asking him to use his skill in directing a presentation for the coming Interspecies Conference. And once he saw Yrae, the beautiful, almost human-seeming star, he could not refuse, though the job seemed impossible and led to endless trouble.

But all that was simple, compared to what he found at the Conference. There he ran squarely into the middle of a secret war between Whimeds and equally alien Vahnaj...

The Past of Forever

Dan McKelvey is a simple indie-hauler turned tech-mech, until a delivery leads him to a strange new planet.

His whole life he has had to live up to the legacy of his Saunder-McKelvey ancestors, but now, on this strange world, he has the chance to uncover the tragic past of a near-extinct race.

Joining Dr Juxury's multi-racial xenoarchaeology team, Dan becomes their resident xenomechanician, helping them to restore the technologies of the native race of old.

But when Dan learns that he must travel to present the team's scientific findings at the Twelfth Xenoarchaeological Assembly, he realises that his journey could never have been that simple.

Will Dan and his friends discover the sordid truth behind the downfall of an entire race?

Praise for Juanita Coulson:

"Coulson works on an enormous canvas — sometimes almost overwhelming. The characters are always memorable." **Marion Zimmer Bradley**

"... A richly detailed construction..." **C J Cherryh**

Juanita Coulson is an American science fiction and fantasy writer. She is also widely known in folk music circles since the 1950s for her singing and songwriting; she has won several Pegasus Awards for her filking. For thirty-three years, she co-edited the science fiction fanzine *Yandro* with her husband "Buck" (Robert Coulson). *Yandro* was nominated for a Hugo Award every year from 1958-1967; it won the award in 1965, thus marking Coulson as one of the very first women to be so honored.

He Who Fights with Monsters: A LitRPG Adventure

Author: Shirtaloon

Jason wakes up in a mysterious world of magic and monsters.

It's not easy making the career jump from office-supplies-store middle manager to heroic interdimensional adventurer. At least, Jason tries to be heroic, but it's

hard to be good when all your powers are evil.

He'll face off against cannibals, cultists, wizards, monsters...and that's just on the first day. He's going to need courage, he's going to need wit, and he's going to need some magic powers of his own. But first, he's going to need pants.

After cementing itself as one of the best-rated serial novels on Royal Road with an astonishing 13 million views, *He Who Fights with Monsters* is now available on Kindle.

About the series: Experience an isekai culture clash as a laid-back Australian finds himself in a very serious world. See him gain suspiciously evil powers through a unique progression system combining cultivation and traditional LitRPG elements. Enjoy a weak-to-strong story with a main character who earns his power without overshadowing everyone around him, with plenty of loot, adventurers, gods and magic. Rich characters and world-building offer humor, political intrigue and slice-of-life elements alongside lots of monster fighting and adventure.

Delphi League (Delphi in Space Book 10)

Author: Bob Blanton

But what do they do with the Fazullans? Then Catie takes is assigned the mission to take the Onisiwoens, the third set of aliens, home. What will she find there?

Klara and the Sun: A novel

Author: Kazuo Ishiguro

'This is a novel for fans of *Never Let Me Go* . . . tender, touching and true.' *The Times*

'The Sun always has ways to reach us.'

From her place in the store, Klara, an Artificial Friend with outstanding observational qualities, watches carefully the behaviour of those who come in to browse, and of those who pass in the street outside. She remains hopeful a customer will soon choose her, but when the possibility emerges that her circumstances may change for ever, Klara is warned not to invest too much in the promises of humans.

In *Klara and the Sun*, his first novel since winning the Nobel Prize in Literature, Kazuo Ishiguro looks at our rapidly-changing modern world through the eyes of an unforgettable narrator to explore a fundamental question: what does it mean to love?

The Immortality Code

Author: Douglas E. Richards

Allie Keane's breakthrough in quantum computing holds the key to unlocking eternity. But can she survive long enough to use it? A riveting science-fiction thriller from the million-copy NY Times bestselling author.

"Richards is a worthy successor to Michael Crichton." (SF Book dot com)

When Allie Keane makes a revolutionary discovery in quantum computing, she kicks the ultimate hornets' nest. She doesn't know it, but a hidden battle for tech supremacy is raging around the world, and whoever controls her discovery will dominate the globe. Soon, Allie is being hunted by ruthless forces desperate to learn her secret, and only Zachary Reed, a gifted operative within a shadowy government agency, stands in their way.

But as extraordinary as Allie's breakthrough is, it holds the key to unleashing something far bigger. An unrelated technology thousands of years beyond current science. A staggering advance capable of bringing about a utopia, rewriting the laws of life and death, and helping humanity spread throughout the stars.

As long as it doesn't wipe out all life on Earth before that can happen . . .

The Immortality Code is a masterful thriller. One crammed with breakneck action, unexpected twists, mind-blowing science, and ethical dilemmas readers will be contemplating long after they've read the last page.

"Richards is an extraordinary writer," (Dean Koontz) who can "keep you turning the pages all night long." (Douglas Preston)

Bachelor Beast (Interstellar Brides® Program: The Beasts Book 1)

Author: Grace Goodwin

Warlord Wulf thought nothing could be worse than being tortured and contaminated by the Hive. That was before he's ordered to transport to Earth and represent The Colony in an unfamiliar horror... a human reality show. The Bachelor Beast is the hottest new program on Earth, but being set up with two dozen clingy females is not his idea of a good time. When his Beast refuses to show the slightest interest in any of the show's potential mates, he knows he must choose one or die due to his raging mating fever.

His Beast prefers execution to claiming anyone but his true mate. Wulf is resigned to his fate, a one-way trip to Atlan, a prison cell and execution. It is the only honorable thing left to do.

Until one glance, one sweet, feminine scent lingering in the air and his beast rages for a female who is not supposed to be his.

But try telling that to his Beast when his entire body transforms on live television and one simple word thunders from his lips...MINE.

Inflame (The Completionist Chronicles Book 6)

Author: Dakota Krout

Invasions and sabotage. Two civilizations doing anything to exist. War crimes are the norm.

Joe takes his first step into exile, and is promptly unable to breathe. This new Zone has a higher concentration of power, magnitudes denser. His first task is to survive, but mere survival is the least of his concerns.

The Zone he has landed on has been in a state of constant war for thousands of years, a tug of war between the Elven and Dwarven societies. Not choosing a side is the same as declaring both to be your personal enemy. Though he is resistant, Joe reluctantly decides to go with the group he thinks will help him grow the

most—and is instantly plunged into their bitter war. To gain the freedom he desires, Joe needs to turn to the less savory aspects of his class.

Engulfed by darkness, Joe can only hope he'll be able to snuff out the light.

Edge of Collapse: A Post-Apocalyptic EMP Survival Thriller

Author: Kyla Stone

In the dead of winter, an EMP attack destroys the U.S. power grid.

No electricity. No cars or phones. The country is plunged into instant chaos.

But for Hannah Sheridan, it's the best day of her life. For the last five years, she's been the captive of a sadistic psychopath—until the EMP releases the lock of her prison.

Battered but not broken, she emerges from her underground cell into a hostile winter wilderness with nothing but her determination to survive.

Reclusive ex-soldier Liam Coleman is headed nowhere fast. He believed he was prepared for any disaster, until the EMP took everything he'd ever cared about in a matter of seconds.

Two hundred frozen, perilous miles stand between them and their destination in rural Michigan. But the killing cold isn't the only threat, for Hannah's captor isn't about to let her go...

When the country goes dark, ordinary people find themselves facing the end of the world as they know it. With society collapsing before their eyes, they'll have to risk everything to protect their home and the people they love.

Project Hail Mary: A Novel

Author: Andy Weir

A lone astronaut must save the earth from disaster in this incredible new science-based thriller from the #1 *New York Times* bestselling author of *The Martian*.

"A novel that would have delighted Robert A. Heinlein and Isaac Asimov."—George R.R. Martin, author of *A Game of Thrones*

"Weir's finest work to date . . . the one book I read last year that I am certain I can recommend to anyone, no matter who, and know they'll love it."—Brandon Sanderson, author of the *Stormlight Archive* series

Ryland Grace is the sole survivor on a desperate, last-chance mission—and if he fails, humanity and the earth itself will perish.

Except that right now, he doesn't know that. He can't even remember his own name, let alone the nature of his assignment or how to complete it.

All he knows is that he's been asleep for a very, very long time. And he's just been awakened to find himself millions of miles from home, with nothing but two corpses for company.

His crewmates dead, his memories fuzzily returning, Ryland realizes that an impossible task now confronts him. Hurling through space on this tiny ship, it's up to him to puzzle out an impossible scientific mystery—and conquer an extinction-level threat to our species.

And with the clock ticking down and the nearest human being light-years away, he's got to do it all alone.

Or does he?

An irresistible interstellar adventure as only Andy Weir could deliver, *Project Hail Mary* is a tale of discovery, speculation, and survival to rival *The Martian*—while taking us to places it never dreamed of going.

The Handmaid's Tale

Author: Margaret Atwood

Now a Hulu Original Series

The Handmaid's Tale is a novel of such power that the reader will be unable to forget its images and its forecast. Set in the near future, it describes life in what was once the United States and is now called the Republic of Gilead, a monotheocracy that has reacted to social unrest and a sharply declining birthrate by reverting to, and going beyond, the repressive intolerance of the original Puritans. The regime takes the Book of Genesis absolutely at its word, with bizarre consequences for the women and men in its population.

The story is told through the eyes of Offred, one of the unfortunate Handmaids under the new social order. In condensed but eloquent prose, by turns cool-eyed, tender, despairing, passionate, and wry, she reveals to us the dark corners behind the establishment's calm facade, as certain tendencies now in existence are carried to their logical conclusions. *The Handmaid's Tale* is funny, unexpected, horrifying, and altogether convincing. It is at once scathing satire, dire warning, and a tour de force. It is Margaret Atwood at her best.

The Naturalist

Author: Andrew Mayne

An Amazon Charts bestseller.

Professor Theo Cray is trained to see patterns where others see chaos. So when mutilated bodies found deep in the Montana woods leave the cops searching blindly for clues, Theo sees something they missed. Something unnatural. Something only he can stop.

As a computational biologist, Theo is more familiar with digital code and microbes than the dark arts of forensic sleuthing. But a field trip to Montana suddenly lands him in the middle of an investigation into the bloody killing of one of his former students. As more details, and bodies, come to light, the local cops determine that the killer is either a grizzly gone rogue...or Theo himself. Racing to stay one step ahead of the police, Theo must use his scientific acumen to uncover the killer. Will he be able to become as cunning as the predator he hunts—before he becomes its prey?

The Alien Warrior King's Accountant (Royal Aliens)

Author: Loki Renard

He's brutal.

He's dangerous.

He's seven years behind on his taxes.

Enter me. Tania McMillan. Tax accountant.

If I can get Tyrant (yes, that's actually his name) to stop laying waste to his enemies for a moment, I might be able to decide if boiling hot space oil is a combat deductible, or an entertainment expense.

I'm on contract to him until we can sort his Galactic tax debt.

He seems to think he owns me.

And that's just the start of a series of miscommunications (you don't even want to know what he does with red tape) which leads me to his battle bed, where he is just as rough and intense as he is on the battlefield.

Edge of Madness: A Post-Apocalyptic EMP Survival Thriller (Edge of Collapse Book 2)

Author: Kyla Stone

In a world without power, can one man protect his son?

On the five-year anniversary of his wife Hannah's disappearance, small-town cop Noah Sheridan takes his son Milo to a local ski resort for some much needed father-son time.

In a blink, the power grid goes out. Phones and cars stop working. What starts as a day of holiday fun soon turns into a deadly fight for survival.

And when an impending blizzard cuts off the town from the rest of civilization, it'll take everything Noah has to keep his family and friends alive.

When the country goes dark, ordinary people find themselves facing the end of the world as they know it. With society collapsing before their eyes, they'll have to risk everything to protect their home and the people they love.

Rated PG-13 for mild language and moderate violence

Rough (Alpha Brotherhood Book 3)

Author: Sara Fields

I came here as a spy. I ended up as the king's property.

I was captured and locked in a dungeon, but it was only when I saw Magnar that I felt real fear.

He is a warrior and a king, but that is not why my virgin body quivers as I stand bare before him.

He is not merely an alpha. He is my alpha.

The one who will punish and master me.

The one who will claim and ravage me.

The one who will break me, but only after he's made me beg for it.

Publisher's Note: *Rough* is a stand-alone novel which is the third entry in the *Alpha Brotherhood* series. It includes spankings, rough sexual scenes, intense and humiliating punishments, and strong D/s themes. If such material offends you, please don't buy this book.

The Murder of Roger Ackroyd: A Hercule Poirot Mystery (Hercule Poirot series Book 4)

Author: Agatha Christie

Voted by the British Crime Writers' Association as the "Best Crime Novel of all Time"

Hercule Poirot comes out of retirement in one of Agatha Christie's ten favorite novels, *The Murder of Rojer Ackroyd*.

Roger Ackroyd knew too much. He knew that the woman he loved had poisoned her brutal first husband. He suspected also that someone had been blackmailing her. Then, tragically, came the news that she had taken her own life with an apparent drug overdose.

However the evening post brought Roger one last fatal scrap of information, but before he could finish reading the letter, he was stabbed to death. Luckily one of Roger's friends and the newest resident to retire to this normally quiet village takes over—none other than Monsieur Hercule Poirot.

Ritualist (The Completionist Chronicles Book 1)

Author: Dakota Krout

A game that puts all others to shame. Magic that has been banned from the world. A man willing to learn no matter the cost.

The decision to start a new life is never an easy one, but for Joe the transition was far from figurative. Becoming a permanent addition to a game world, it doesn't take long to learn that people with his abilities are actively hunted. In fact, if the wrong people gained knowledge of what he was capable of, assassins would appear in droves.

In his pursuit of power, Joe fights alongside his team, completes quests, and delves into the mysteries of his class, which he quickly discovers can only be practiced in secret. Ultimately, his goal is to complete every mission, master every ability, and learn all of the world's secrets.

All he has to do is survive long enough to make that happen.

Devil in the Hold: A Scifi Alien Romance (Fated Mates of Breeder Prison Book 3)

Author: Tammy Walsh

He's pushed every Prize beyond her limit. And today he chose me.

I'm not new to this game. I was abducted and made to work as a Prize for the past year. Dozens of alien fighters have claimed me. None scare me.

None... other than the prisoner known as the "Devil."

When a riot kicks off and the prison is hurled into chaos, no one knows what they're doing... or how high the stakes are.

No one except the Devil.

He has a plan to escape and takes me with him.

With the prison guards hot on our tail and closing fast, will the Devil trade me for a shuttlecraft and freedom? Or will he accept the burning passion growing between us and our destiny as fated mates?

Devil in the Hold is a full-length, standalone alien sci-fi romance. It features a possessive, alpha alien in intense, steamy scenes with his human mate. There are no cliffhangers or cheating, and a happily ever after is guaranteed!

Burn-In: A Novel of the Real Robotic Revolution

Author: P. W. Singer

An FBI agent hunts a new kind of terrorist through a Washington, DC, of the future in this groundbreaking book - at once a gripping technothriller and a fact-based tour of tomorrow

America is on the brink of a revolution, one both technological and political. The science fiction of AI and robotics has finally come true, but millions are angry and fearful that the future has left them behind.

After narrowly stopping a bombing at Washington's Union Station, FBI Special Agent Lara Keegan receives a new assignment: to field-test an advanced police robot. As a series of shocking catastrophes unfolds, the two find themselves investigating a conspiracy whose mastermind is using cutting-edge tech to rip the

nation apart. To stop this new breed of terrorist, their only hope is to forge a new type of partnership.

Burn-In is especially chilling because it is something more than a pulse-pounding read: every tech, trend, and scene is drawn from real world research on the ways that our politics, our economy, and even our family lives will soon be transformed. Blending a techno-thriller's excitement with nonfiction's insight, Singer and Cole illuminate the darkest corners of the world soon to come.

Winter World (The Long Winter Trilogy Book 1)

Author: A.G. Riddle

**A new ice age...
and a shocking discovery...
will change humanity forever.**

From the Amazon Charts and *Wall Street Journal* bestselling author with over FOUR MILLION COPIES sold worldwide comes an epic novel with an unforgettable twist.

*** Longlisted for the Wilbur Smith Award for best published novel. ***

In the near future, a new ice age has begun.

Humanity stands on the brink of extinction.

Desperate for answers, scientists send probes into the solar system to take readings. Near Mars, they identify a mysterious object moving toward the Sun. Is it the cause of the ice age? Or could it be humanity's only hope of survival?

With time running out, NASA launches a mission to make contact. But the object isn't what anyone thought. In the dark of space, alone, the team makes a discovery that will change the course of human history—and possibly end it.

Filled with real science and fascinating details, *Winter World* is that unique blend of fact and fiction that could completely change how you see our planet—and humanity's future. For those intrepid souls starting this bestselling trilogy, be warned: you may well be up late into the night turning the pages.

Praise for A.G. Riddle

An Extended Look at *Winter World*

Each month, Earth grows colder.

Snow falls in summer. Glaciers trample cities across North America, Europe, and Asia. The new ice age shows no signs of stopping.

Chaos erupts.

Around the world, people abandon their homes and flock to regions where they can survive. Nations prepare to go to war for the world's last habitable zones.

Scientists search the cause of the new ice age. They send probes into the solar system to collect readings. Near Mars, a probe finds a mysterious object, drifting toward the Sun. Is it responsible for the new ice age? Or is it merely an observer? Or neither? Could it be a relic from a long-extinct civilization? One thing is certain: investigating the object is humanity's best hope of survival.

As the ice age claims more lives and the world slides into anarchy, an international consortium launches a mission into space to make contact. But the first contact mission doesn't go as planned. What the crew discovers out there is beyond anyone's imagination.

Two members of the first contact mission may hold the keys to humanity's salvation.

Dr. Emma Matthews is the commander aboard the International Space Station. For months, she has watched the world below freeze and civilization unravel. The headlines tell only half of the story. The messages from her sister tell the rest, of a world witnessing mass migrations, fighting for survival, struggling to provide a future for their children. When a catastrophe strikes the ISS, Emma faces her own fight for survival.

Dr. James Sinclair is one of the greatest scientists alive. A mind before his time. Years ago, he invented something with the potential to change the world—an invention that would upset the balance of power in the world forever. Fearing that change, his enemies sent him to prison for a crime he didn't commit. But with humanity's future at stake, NASA asks him to join the first contact mission. His expertise is vital to the mission's success—and to saving Emma. With the clock ticking down to humanity's final days on Earth, James makes a decision that will change his life forever and may determine the fate of the entire human race.

Dune

Author: Frank Herbert

SOON TO BE A MAJOR MOTION PICTURE directed by Denis Villeneuve, starring Timothée Chalamet, Josh Brolin, Jason Momoa, Zendaya, Rebecca Ferguson, Oscar Isaac, Javier Bardem, Dave Bautista, Stellan Skarsgård, and Charlotte Rampling.

Frank Herbert's classic masterpiece—a triumph of the imagination and one of the bestselling science fiction novels of all time.

Set on the desert planet Arrakis, *Dune* is the story of the boy Paul Atreides, heir to a noble family tasked with ruling an inhospitable world where the only thing of value is the "spice" melange, a drug capable of extending life and enhancing consciousness. Coveted across the known universe, melange is a prize worth killing for....

When House Atreides is betrayed, the destruction of Paul's family will set the boy on a journey toward a destiny greater than he could ever have imagined. And as he evolves into the mysterious man known as Muad'Dib, he will bring to fruition humankind's most ancient and unattainable dream.

A stunning blend of adventure and mysticism, environmentalism and politics, *Dune* won the first Nebula Award, shared the Hugo Award, and formed the basis of what is undoubtedly the grandest epic in science fiction.

Reincarnation: A Xianxia Cultivation Series (Threads of Fate Book 1)

Author: Michael Head

A cultivation world destined for destruction. A man fated to destroy it. There's a prophecy to ignore.

Jim was thrust back in time, returned to his body at the moment he started cultivating. Anyone else might have given up, but Jim doesn't have that option. He's already made the mistakes that doomed him in his first life, and he knows what to do to make it right. Jim wants to right the wrongs of the past... or, future? All while a pair of angry gods torture him through lack of sleep.

He must find a way to reach the top of the cultivation world without drawing the attention of those who would take his knowledge of the future for themselves. Jim has seen how the world ended, and he is determined to fight his way through the world's hidden foes and defeat his destiny.

Weakened to merely a shadow of his former strength, he quickly learns that fighting alone may not be his best option, even though fate seems to like it that way.

Luckily for the world, Jim thinks fate is stupid. He doesn't care what it wants.

An Extended Look at *The Atlantis Plague*

In Marbella, Spain, Dr. Kate Warner awakens to a horrifying reality: the human race stands on the brink of extinction. A pandemic unlike any before it has swept the globe. Nearly a billion people are dead—and those that the Atlantis Plague does not kill, it transforms at the genetic level. A few rapidly evolve. The remainder devolve.

As the world slips into chaos, radical solutions emerge. Industrialized nations offer a miracle drug, Orchid, which they mass produce and distribute to refugee camps around the world. But Orchid is merely a way to buy time. It treats the symptoms of the plague but never cures the disease.

Immari International offers a different approach: do nothing. Let the plague run its course. The Immari envision a world populated by the genetically superior survivors—a new human race, ready to fulfill its destiny.

With control of the world population hanging in the balance, the Orchid Alliance and the Immari descend into open warfare. Now the last hope for humanity is to find a cure. Kate alone holds the key to unraveling the mystery surrounding the Atlantis Plague. The answer may lie in understanding pivotal events in human history—events when the human genome mysteriously changed. Her journey takes her across the barren wastelands of Europe and northern Africa, but it is her research into the past that takes her where she never expected to go. She soon discovers that the history of human evolution is not what it seems—and setting it right may require a sacrifice she never imagined.

About The Author

A.G. Riddle's debut novel, *The Atlantis Gene*, became a global phenomenon, topping best seller charts in the US and abroad. Together with my dragonmancer girlfriends and an army of soldiers, we're going into the Subterranean Realms to find more crystals. But my mission doesn't stop there. If I find more than one crystal and the fabled substance that will restore my potency, I will father even more dragon children. How many children are too many? There's no ceiling when you're a Dragon Breeder.

Nuclear Winter First Strike: Post Apocalyptic Survival Thriller (Nuclear Winter Series Book 1)

Author: Bobby Akart

**Nuclear war may kill millions.
Nuclear Winter will kill billions.**

International bestselling author, Bobby Akart, one of America's favorite storytellers, delivers up-all-night thrillers to readers in 245 countries and territories worldwide.

"Love the intensity of his stories, his thorough research, his creativity, the characterizations and the abundant action and realistic locations."

Every war begins with a first shot. The shot heard 'round the world at Lexington and Concord in 1775 birthed a nation. Less than a century later, cannons firing on Fort Sumter, South Carolina thrust that same nation into a civil war. The assassination of an obscure archduke sparked a chain of events leading to World War I. The dastardly bombing of Pearl Harbor led America into the Second World War.

"Bobby Akart is the master of nail biting, edge of your seat fiction based on fact."

Akart's new novel, *Nuclear Winter First Strike*, depicts a world on the edge of nuclear Armageddon. Will history repeat itself as warring nations take their battles to the highest level of destruction? Can America avoid being drawn into these conflicts beyond her borders?

Nuclear Armageddon hangs over us like a mighty sword and ordinary Americans will be caught in the crosshairs.

"From the first word read to the last page turned, I knew Bobby Akart had a brilliant, engaging, horrifying tale to be told."

This is more than the story of nuclear conflict. It's about the devastating effects wrought by Nuclear Winter. Our possible future is seen through the eyes of the Albright family whose roots stretch back to the early settlement of the Florida Keys.

Hank Albright, a widower and proprietor of the Driftwood Key Inn, is the epitome of the laid-back islander inhabiting the Keys. His brother, Mike, is a homicide detective for the Monroe County Sheriff's department. Along with his wife Jessica, a paramedic and member of the Sheriff's department water emergency team, they become involved in the investigation of a sadistic serial killer.

Hank's son, Peter Albright, is a Washington, DC reporter covering the State Department. He's unknowingly thrust into the middle of the conflict in the Middle East. Upon his return home, he begins to unravel a conspiracy leading to an unexpected dynamic between the President, the Secretary of State, and North Korea.

As the drumbeats of war beat louder, Hank's oldest child, Lacey McDowell, begins to sense the warning signs. Along with her husband, Owen, and teenage son, Tucker, she begins to prepare for a hasty exit from their San Francisco Bay Area home.

"Believable and relatable characters are developed in such a spell-binding way that you must keep turning the pages."

Will America become embroiled in the nuclear conflict? Will the President cross the Rubicon, that point of no return after which lives and cities may be destroyed? For the Albrights, like their fellow Americans, their lives are about to change forever.

It was not our fight, but it became our problem.

"You are there. Feeling what they feel. Anger, joy, love, mourning. You feel it all. Not everyone can write a book like this. It takes a special writer to make you feel a book."

Bobby Akart has delivered intense, up-all-night thrillers that have you whispering just one more chapter until the end.

Edge of Anarchy: A Post-Apocalyptic EMP Survival Thriller (Edge of Collapse Book 4)

Author: Kyla Stone

As the world descends into anarchy, home means everything...

Three weeks after the nation's power grid goes down, chaos reigns. Food supplies have dried up. Fuel is running low. And the bleak, brutal winter is relentless.

Fall Creek has forged a shaky peace, but the cost for safety is proving higher than some are willing to pay. The town is a powder keg waiting to explode.

Noah struggles to maintain order even as dissent and conflict threaten to destroy the community. With his son's safety hanging in the balance, the wrong choice could prove devastating.

For Hannah, home is finally within reach. But it won't be anything like she expected...

When the country goes dark, ordinary people find themselves facing the end of the world as they know it. With society collapsing before their eyes, they'll have to risk everything to protect their home and the people they love.

From USA Today Bestselling Author Kyla Stone comes the *Edge of Collapse* series, a gripping EMP apocalypse story featuring flawed, complex characters and high-octane action adventure. A survival thriller perfect for fans of Ryan Schow, Grace Hamilton, Harley Tate, Jack Hunt, and Franklin Horton.

Rated PG-13 for mild language and moderate violence. Be aware of possible spoilers in the reviews

Split Second (Split Second Book 1)

Author: Douglas E. Richards

A stunningly original twist on time travel. Amazon's #1 novel in both the "thriller" and "science fiction" categories for over seven months.

What if you found a way to send something back in time? But not weeks, days, or even minutes back. What if you could only send something back a fraction of a second? Would this be of any use? You wouldn't have nearly enough time to right a wrong, change an event, or win a lottery.

Nathan Wexler is a brilliant physicist who thinks he's found a way to send matter a split second back into the past. But before he can even confirm his findings, he and his wife-to-be, Jenna Morrison, find themselves in a battle for their very lives. Because while time travel to an instant earlier seems useless, Jenna comes to learn that no capability in history has ever been more profound or far-reaching.

Now, as Jenna fights to defeat the powerful forces arrayed against her, nothing less than the fate of humanity hangs in the balance . . .

SPLIT SECOND is a roller-coaster ride of a thriller, one that will have readers pondering the nature of time, and of reality, long after they've read the last page.

"Richards is a worthy successor to Michael Crichton." (SF Book.com)

Hit & Fade (Forgotten Ruin Book 2)

Author: Jason Anspach

For the Rangers, the best defense is always... more offense.

As an overwhelming army of skeletons, wraiths, ghouls, and other dark creatures—all serving a powerful undead sorcerer—advance against Forward Operating Base Hawthorn, the Rangers must now do what they do best: go on the extreme offense.

It's time to Hit and Fade. Attack, withdraw, and outmaneuver the enemy.

PFC Talker, attached to the weapons team section of a Ranger recon patrol led by Captain Knife Hand, recounts the harrowing attempt to destabilize this surreal and horrific nightmare force with everything the snipers, master breachers, and stone-cold killers of the Ranger regiment have in their bag of lethal tricks.

Abating, channelizing, and leading the enemy into a series of devastating traps involving everything from kinetically violent ambushes to immensely explosive crater munitions, the Rangers strike at the enemy as death personified, fading like ghosts only when the dead are dead once again.

When facing Rangers, even nightmares are afraid.

Beast in the Cage: A Scifi Alien Romance (Fated Mates of Breeder Prison Book 1)

Author: Tammy Walsh

What happens when an alien slave master gets greedy?

After being thrown into cages to pleasure brutal alien fighters, I'm broken—a mere shell of who I used to be.

I'll be used and forced to do the monsters' bidding, it's too much to expect a male to watch over me.

Then the Beast claims me.

When he touches me, I yearn for more.

When he kisses me, I surrender in gratitude.

When he undresses me, I ache to scream his name.

And when he makes me fly, I soar higher than ever before.

But there's a problem. In exchange for my release, I've already made a deal with the warden to get impregnated with the Beast's baby. How can he love me when I'm betraying his deepest wishes?

Beast in the Cage is a full-length, standalone alien sci-fi romance. It features a possessive, alpha alien in intense, steamy scenes with his human mate. There are no cliffhangers or cheating, and a happily ever after is guaranteed!

Ready Player Two: A Novel (Ready Player One Book 2)

Author: Ernest Cline

#1 NEW YORK TIMES BESTSELLER • The highly anticipated sequel to the beloved worldwide bestseller *Ready Player One*, the near-future adventure that inspired the blockbuster Steven Spielberg film.

"**Action packed from the start and keeps the reader enraptured.** Strap in when you read this book as you will be in for one fast, wild ride."

"**Thrilling, insightful, revealing, and emotional!** Kyla takes us into the psyche of her characters and ourselves. What are we made of? How far would you go and what would you sacrifice for someone else?"

"This is a real page turner with **twists and turns that keeps you enthralled!**"

"I love this story. It is **among the best in this genre or any genre I have read.** Ms. Stone has outdone herself. Again!"

"**Nonstop action from beginning to end** and you never know what to expect next! Kyla Stone is by far my favorite Author. She makes the characters come to life in a way non other can!"

"My adrenaline was pumping so much I couldn't put it down. **Read this in a day...LOVE, LOVE, LOVE it!**"

"These characters will pull you into their lives and work their way into your heart! **You will find yourself laughing, crying, rejoicing, and mourning along with them.**"

"You can't go wrong with any of this writer's books, but this one is the crown jewel! Her characters are complex, and her writing is so descriptive that you feel like you are actually there. **Not your typical predictable EMP story!**"

"My wife and I have been reading the series together. So, when this book came out, we literally raced each other through the book. **We couldn't put it down and finished it in one day!**"

Lucifer Reborn

Author: Dante King

The devil paid me a visit and said I was going to one day rule his demonic kingdom.

The catch: I have to attend the Infernal Academy, located in none other than Hell itself.

Thankfully, I won't be doing it alone. I'm going to surround myself with powerful demonesses (and maybe an angel or two as well).

Come join me at the Infernal Academy, where the temperature is always warm, and the demonesses are hotter than a furnace.

Nuclear Winter Armageddon: Post Apocalyptic Survival Thriller (Nuclear Winter Series Book 2)

Author: Bobby Akart

**For decades, Nuclear Armageddon hanged over us like a mighty sword.
Some said it would be the war to end all wars.
They were wrong. The real battle against extinction was just beginning.**

International bestselling author, Bobby Akart, one of America's favorite storytellers, delivers up-all-night thrillers to readers in 245 countries and territories worldwide.

"Masterful and suspenseful!"

This is how the world ends. Not with a bang, but with many nuclear bombs detonated around the planet. It was no longer a topic of conversation around the dinner table as in years past.

Nobody was prepared, including the world's governments. Yet the threat was always real and the devastation was predictable.

"Bobby's uncanny ability to take a topic of what could happen and write an epic story about it is short of preternatural!"

The damage was incalculable. Millions died at the points of impact. Nuclear Winter spread across the globe. A rapidly cooling climate shocked humanity and all living things ... to their death.

Akart's new Nuclear Winter series depicts a world on the edge of nuclear Armageddon. Nuclear Armageddon became reality and ordinary Americans are paying the price.

"I never would have believed that Mr. Akart could outdo himself! Well, he has! This series is quite possibly the best he has ever written."

This is more than the story of nuclear conflict. It's about the devastating effects wrought by Nuclear Winter. Our possible future is seen through the eyes of the Albright family whose roots stretch back to the early settlement of the Florida Keys.

While they fight for survival, they trek across a rapidly deteriorating landscape wrought with danger from both the elements and their fellow man.

It was not our fight, but it became our problem.

"I am speechless. By far the most edge of your seat, acrylic nail biting book ever. E V E R."

Bobby Akart has delivered intense, up-all-night thrillers that have you whispering just one more chapter until the end.

The Alpha Protocol: Alpha Protocol Book 1

Author: Duncan M. Hamilton

Naval Officer Jack Samson thought a posting to the frontier of human inhabited space was the death blow to his career. He couldn't have been more wrong. A routine inspection of a small merchant vessel leads to devastating loss and the discovery of strange, fascinating objects.

As astonishing discoveries unfold, a mysterious and hostile ship proves that Samson has a competitor in unlocking the secrets of an ancient alien civilization, and that humanity might not be alone in the galaxy after all.

The Alpha Protocol is a fast-paced science fiction novel in the classic space opera and military sci-fi traditions, by Amazon Best Selling Author Duncan M. Hamilton.

The Dig (Matt Turner Series Book 1)

Author: Michael Siemsen

A mysterious woven metal artifact is found at a paleontological dig in Africa. Mystified experts, confounded by the impossible timeline they receive from traditional dating methods, call upon a stubborn twenty-something with a unique talent. Matthew Turner's gift is also his curse: whenever he touches an object, his consciousness is flooded with the thoughts and feelings of those who touched it before him, be it last week or centuries ago. It's a talent that many covet, some fear, and almost no one understands.

Despite being exploited as a child and tormented by the unpleasant experiences imprinted on him from the various items he's "read," Matt agrees to travel from New York to the forests of Kenya. There, threatened by unknown enemies, and helped by a beautiful but prickly ally who begins to understand his strange ability, his mind journeys back in geological time to make a discovery so shocking that it forces us to rewrite all human history.

Tempted: A Sci Fi Alien Romance (Fated Mates of the Kalixian Warriors Book 8)

Author: Presley Hall

I promised myself I would never trust an alien. But with Zhori, I may not have a choice.

After being kidnapped by aliens, nearly rescued, and then snatched back by my captors, I don't have much hope of getting rescued again. Still, I'm determined to fight back on my own, to break free and find some way off this horrible planet.

But when I'm put up for auction, my heart nearly stops when I see *him* in the crowd—the bronze-skinned alien who tried to free me before.

What is he doing here? Why did he come back?

My instinct is to assume the worst. Maybe he returned because he wants to steal me for himself. Maybe he plans to use me just like every other alien has.

But he keeps helping me. He keeps *protecting* me. And every time he does, it gets harder and harder to deny the truth.

This alien warrior may be the hero I need... and a temptation I can't deny.

Tempted is a full-length standalone sci-fi romance featuring hot alien gladiators with huge... horns, a heroine fighting for her freedom, and a daring hero who will risk everything for her.

If you like hot aliens, sweeping adventure, and steamy romance, you'll love this series. No cheating, no cliffhanger, and a happily ever after guaranteed!

Note: each book in the series can be read as a standalone, but for maximum enjoyment, it's recommended that the series be read in order.

They Called Me Mad: A LitRPG Apocalypse Series

Author: J Pal

I was in my garage when the space elves addressed the whole world.

They didn't call themselves space elves, of course. Most humans struggled to pronounce Khjurhnalva, so we opted for the easier version. They had a message for us: forces that had eradicated their species' males were now heading for Earth.

Hungry for our resources, the alien hordes annihilate everything that stands in their way. The space elves offered us access to the System and asked for very little in return. After all, cooperation was vital to the survival of both our species.

I, Mathew Alexander Dunphy, know all of the above is bullshit. I saw the truth with my own eyes and heard it from their beautiful, delicate, deceitful mouths. No one believes me, though. They call me mad.

What reason could the space elves have to lie?

Planet-wide survival reality show?

Ridiculous.

Don't miss the start of a fun new LitRPG Series in a system apocalypse setting and featuring mad scientist powers along with plenty of laughs. Oh, and killer aliens. Lots of em.

About the MAD world: Not all game-mechanic systems hand out levels, stats, and skills. Sometimes it offers super powers and leaves the progression up to the user. What is LitRPG without the fan-favorite blue boxes, though? Instead of STR, DEX, AGI, expect them to house crafting-based notifications.

Sovereign's Choice (The Gods' Game, Volume V): A LitRPG novel

Author: Rohan M. Vider

The stunning conclusion to the first arc of the epic LitRPG fantasy adventure...

The Game advances, and the gods continue their relentless pursuit. Day by day, Kyran gets stronger, both in his own power, and the allies he gathers around him. Will he be ready to face the wrath of the gods when it descends upon him?

And will he choose the right allies? Enter the world of Myelad to find out where Kyran's journey takes him!

The Solar War (The Long Winter Trilogy Book 2)

Author: A.G. Riddle

*** Now a *Wall Street Journal* bestseller! ***

**We thought the war was over.
We were wrong.**

They decimated Earth during the Long Winter. Now the grid has returned, and they won't stop until the human race is extinct.

On a ruined world, humanity's last survivors fight against impossible odds. In their darkest hour, they discover a new hope for survival. But it comes at an unthinkable price, with consequences that will change everything.

**"This is apocalyptic sci-fi at its best."
—Daily Mail**

Note: *The Solar War* is the second book in *The Long Winter* trilogy (which began with *Winter World*).

Filled with real science and shocking twists readers have come to love in the series, *The Solar War* will keep you up late into the night turning the pages—and leave you pondering the revelations long after it's over.

Selected Praise For A.G. Riddle

"...reads like a superior collaboration between Dan Brown and Michael Crichton."

—**The Guardian** on *Pandemic*

"I finished the book fast because I just couldn't wait..."

—**WIRED GeekDad** on *Departure*

"Riddle... keep(s) the focus on his characters... rather than the technological marvels"

—**Publisher's Weekly** on *Departure*

"Well-constructed and tightly-wound as a fine Swiss watch—*DEPARTURE* has non-stop action, an engaging plot and, of course, wheels within wheels."

—**Diana Gabaldon**, #1 *New York Times* bestselling author of *Outlander*

An Extended Look at *The Solar War*

After the Long Winter, Emma Matthews and James Sinclair hoped life would get back to normal. They've settled down in Camp Seven and welcomed their first child, a daughter. And they have waited and watched the sky for any signs of the grid's return.

When NASA discovers that several asteroids have broken from the Kuiper Belt and are headed for Earth, James instantly realizes the truth: the grid is back. And this battle will be one to the very end.

As he and his team prepare for humanity's last stand in space and on the ground, Emma makes a discovery closer to home, one that will change life for her and James once again.

With war raging around them, Emma and James fight to keep their family alive. In the cold darkness, humanity splinters. New alliances emerge. At every turn, Emma and James face new dangers—and question whom to trust.

Just when it seems that all hope is lost, James uncovers what may be the key to humanity's survival. But it comes with enormous risks. To implement his plan, he and Emma will have to survive the grid and another, even more deadly enemy. One thing is certain: their gambit will change the future of the human race forever.

The Bounty Hunter (Cade Korbin Chronicles Book 1)

Author: Jasper T. Scott

BY MILLION-COPY BESTSELLER JASPER T. SCOTT

FROM OUTLAW TO BOUNTY HUNTER TO VIGILANTE: REVENGE IS JUST THE BEGINNING

Cade Korbin became a bounty hunter because he knew what it was like to be hunted. What he didn't know was who he'd end up hunting.

When it suited the Coalition, Cade was a Paladin, a member of their elite special forces. He did their dirty work and cleaned up their messes. Until his dark ops went public, and Cade was drummed out of the service with a dishonorable discharge. As if he'd ever been doing anything but following orders.

Forced to the fringes of society by his service record, Cade broke the law just to survive. Then the Enforcers caught him, and he served his time. Sick of the hypocrisy in the supposedly utopian Coalition, he crossed over to the other side and made a life among his former enemies in the Free Systems Alliance. Now he hunts the galaxy's worst lowlifes, for a fee, and the only orders he takes are his own.

But when his past catches up with him, Cade is forced to fight for more than just credits...

This time, he's in it for revenge.

Grimoires and Where to Find Them (The Case Files of Henri Davenforth Book 6)

Author: Honor Raconteur

How do you catch an elusive thief?

There is nothing more delightful than a bookfaire with his lady love. At least, until Henri learns that a grimoire belonging to the dangerous Reaper's Set has been stolen without its protective box. When Henri and Jamie go looking for answers, they are horrified to discover more than one volume has been stolen without its protective box.

Jamie has never seen Henri so livid or frightened. The spells in the grimoires, unchecked, are powerful enough to make a building melt. Literally. Melt. They need to find them quickly, for the war-era grimoires could tear the city apart--and have already gotten a head start.

With the thief nowhere to be found and still stealing grimoires, Jamie, Henri, and Seaton are more than ready to catch him.

Please.

And thank you.

Fugitive Telemetry (The Murderbot Diaries Book 6)

Author: Martha Wells

The *New York Times* bestselling security droid with a heart (though it wouldn't admit it!) is back in *Fugitive Telemetry*!

Having captured the hearts of readers across the globe (Annalee Newitz says it's "one of the most humane portraits of a nonhuman I've ever read") Murderbot has also established Martha Wells as one of the great SF writers of today.

No, I didn't kill the dead human. If I had, I wouldn't dump the body in the station mall.

When Murderbot discovers a dead body on Preservation Station, it knows it is going to have to assist station security to determine who the body is (was), how they were killed (that should be relatively straightforward, at least), and why (because apparently that matters to a lot of people—who knew?)

Yes, the unthinkable is about to happen: Murderbot must voluntarily speak to humans!

Again!

A new standalone adventure in the *New York Times*-bestselling, Hugo and Nebula Award winning series!

At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Into the Stars (Rise of the Republic Book 1)

Author: James Rosone

The stars are within mankind's reach...

...But what awaits in the void may end humanity...

Mars and the Moon have been colonized, piracy runs rampant in the asteroid belts, and a thriving society grows in the depths of space. Humanity prepares to embark upon its greatest journey—the colonization of Alpha Centauri.

Then everything changes...

A deep space reconnaissance probe discovers a new Earth-like planet twelve light-years from Earth's sun. The probe also finds something unusual, something...unnerving. A new mission is created, a space fleet is formed, and humanity embarks on unraveling the greatest mystery of all—the origins of life itself.

Can the factions of Earth remain united, or will old rivalries and animosities destroy the fragile peace in the face of this terrifying existential threat?

Will exploration prove to be a fatal mistake?

If you love new technologies, fast-paced action and gut-wrenching turns of fate, you'll love this first book in James Rosone's military sci-fi series, *The Rise of the Republic*.

Maid For An Alien Prince: A SciFi Alien Romance (Intergalactic Exchange Program Book 1)

Author: Roxie Ray

I won't be forced into alien servitude.

I've spent my life mucking out the houses of the rich and famous. I know what they're really like. They think they can take whatever they want. I learned that the hard way.

Royalty? They have got to be worse. I'm not interested in any of them, not even an alien prince. I was supposed to be heading to another planet for a one-year housekeeping contract. Instead he bought me out. Does he think he can own me? I don't want him. I won't submit to him. So why is he so ... nice?

Niall is unlike any rich guy I've ever known, but I still can't trust him. Not even when he treats me well. He calls me his fated mate! But he's an alien prince and I'm a housekeeper. We don't belong together. So why do I want to kiss him more than I want my next breath?

Cast Adrift

Author: Christopher G. Nuttall

Five hundred years ago, the human race discovered it was not alone in the universe when Earth was invaded and forcibly integrated by the Alphan Empire. Over the years, humans have grown used to their position within the empire, serving as soldiers and spacers for alien masters as well as building a place in the universe for themselves. But now, in the aftermath of a violent interstellar war that shattered the power of the Alphans, humanity has rediscovered its pride. Humanity wants to be free.

Facing a war they will lose even if they win, the Alphans give humanity its independence once again. Humanity stands alone in a hostile universe, facing alien threats that regard humans as nothing more than servants - or weaklings, easy meat for armed conquest. And if the human race cannot learn to stand on its own two feet, without its masters, it will rapidly discover that it has traded one set of masters for another ...

... And if they lose the coming war, all hope of independence will die with it.

The Atlantis World (The Origin Mystery, Book 3)

Author: A.G. Riddle

A mysterious signal from deep space may hold humanity's last chance of survival.

And could reveal the ultimate truth of human origins.

The race to unravel the secrets of the Atlantis world has begun.

The Atlantis World is the thrilling conclusion to A.G. Riddle's blockbuster series, *The Origin Mystery* trilogy, which has sold over **THREE MILLION** copies worldwide (in twenty languages), received 30,000+ reviews on Amazon, been rated 20,000+ times on Audible, and garnered 120,000+ ratings on GoodReads. The trilogy is now in development to be a major motion picture.

With plot twists you'll never see coming, *The Atlantis World* is an adventure across space and time that explores the history of the Atlantean homeland and culture—a topic readers have discussed and theorized about since the release of the first novel in the series (*The Atlantis Gene*). Set aside some time—you'll be up late turning the pages to finish the trilogy.

An Extended Look at *The Atlantis World*

Northern Morocco: Dr. Kate Warner cured a global pandemic, and she thought she could cure herself. She was wrong. And she was wrong about the scope of the Atlantis conspiracy. Humanity faces a new threat, an enemy beyond imagination. With her own time running out and the utter collapse of human civilization looming, a new hope arrives: a coded message from a potential ally.

Arecibo Observatory: Mary Caldwell has spent her life waiting, watching the stars, looking for signs of intelligent life beyond our world. When that day comes, Mary is thrust into a struggle older than the human race, with far greater stakes. She must decide whom to trust because there is nowhere to hide.

Antarctica: In the wake of the Atlantis Plague, Dorian Sloane finds himself a puppet to Ares and his mysterious agenda. When Dorian moves to take control of the situation, Ares unleashes a cataclysm that changes everything. As the catastrophe circles the globe, Ares reveals the true nature of the threat to humanity, and Dorian agrees to one last mission: find and kill David Vale and Kate Warner. There will be no prisoners this time. The orders are seek and destroy, and Dorian has been promised that his own answers and salvation lie on the other side.

With Dorian in pursuit, Kate, David, and their team race through the ruins of the Atlantean ship left on Earth, across Atlantean science stations throughout the galaxy, and into the past of a mysterious culture whose secrets could save humanity in its darkest hour. With their own lives on the line and time slipping away, Kate, David, and Dorian are put to the ultimate test.

Note: *The Atlantis World* is the third and final book in *The Origin Mystery* trilogy.

The Last Vessel (The Chronicles of Luna Moon Book 1)

Author: Winter Rose

I thought that the hardest thing I would have to face this year would be Trial Month.

Gods, I was naïve.

My name is Luna Moon. Don't ask me what I am, because complicated doesn't even begin to cut it. I recently found out that everything I knew to be true has been a lie.

Including who I am.

The goddesses and their chosen Guardians have been keeping a secret, and in the wrong hands, this secret would plunge our worlds into chaos.

We are the only thing that stands in the way of the realms' greatest evil escaping his eternal prison.

Scratch that, I'M the only thing standing in his way.

Themis' scales have tipped.

Nobody is safe.

Nothing is as it seems.

No one can be trusted.

Author Note

The Last Vessel is the first book in The Chronicles of Luna Moon series. This will not be your ordinary love story, for they are not your typical heroes. The Last Vessel is a medium-burn reverse harem intended for readers 18 years and over. It contains strong language, violence, and adult themes.

The series also contains overbearing, overprotective, Alpha males who will try anything to keep Luna safe...

I did say 'try', right?

The Broken Vessel (The Chronicles of Luna Moon Book 2)

Author: Winter Rose

Never in my wildest dreams could I have imagined my new reality.

Sure, my skills were more than enough to ensure my acceptance into the Elite Warriors—my badassery was never in question.

However, I didn't expect to be told that I was a weapon, forged by the goddesses themselves, to protect the balance between darkness and light. Oh, and I certainly didn't predict the gift of six sworn guardians—six incredibly powerful, god-level-attractive, possessive guardians.

The kicker?

In order to become the weapon foretold, I will need to bond with each one.

Sounds fun right?

Well let me assure you, after only meeting four of them, they are proving to be more than I can handle, and I've not even met the final two.

The fifth has been imprisoned for the past two decades, tortured by the rebel force, and the sixth, is the man he needs saving from.

Will my soul ever be complete, or will I always remain The Broken Vessel?

Author Note

The Broken Vessel is the second book in The Chronicles of Luna Moon series. This medium-burn reverse harem romance is intended for readers 18 years and over. It contains strong language, violence, sex, and torture... Basically, if you are related to me, please do not read this book. If such material offends you, I also

request that you please join my family and not read this book.

The Stand

Author: Stephen King

This is the way the world ends: with a nanosecond of computer error in a Defense Department laboratory and a million casual contacts that form the links in a chain letter of death.

And here is the bleak new world of the day after: a world stripped of its institutions and emptied of 99 percent of its people. A world in which a handful of panicky survivors choose sides -- or are chosen. A world in which good rides on the frail shoulders of the 108-year-old Mother Abigail -- and the worst nightmares of evil are embodied in a man with a lethal smile and unspeakable powers: Randall Flagg, the dark man.

In 1978 Stephen King published *The Stand*, the novel that is now considered to be one of his finest works. But as it was first published, *The Stand* was incomplete, since more than 150,000 words had been cut from the original manuscript.

Now Stephen King's apocalyptic vision of a world blasted by plague and embroiled in an elemental struggle between good and evil has been restored to its entirety. *The Stand: The Complete And Uncut Edition* includes more than five hundred pages of material previously deleted, along with new material that King added as he reworked the manuscript for a new generation. It gives us new characters and endows familiar ones with new depths. It has a new beginning and a new ending. What emerges is a gripping work with the scope and moral complexity of a true epic.

For hundreds of thousands of fans who read *The Stand* in its original version and wanted more, this new edition is Stephen King's gift. And those who are reading *The Stand* for the first time will discover a triumphant and eerily plausible work of the imagination that takes on the issues that will determine our survival.

From the Hardcover edition.

Legend of the Arch Magus: Revelation

Author: Michael Sisa

VOLUME 7 OF LEGEND OF THE ARCH MAGUS

In this world where magic is undeveloped, he shall once again pave a new path.

Orders of Battle (Frontlines Book 7)

Author: Marko Kloos

The battle against the Lankies has been won. Earth seems safe. Peacetime military? Not on your life.

It's been four years since Earth threw its full military prowess against the Lanky incursion. Humanity has been yanked back from the abyss of extinction. The solar system is at peace. For now.

The future for Major Andrew Grayson of the Commonwealth Defense Corps and his wife, Halley? Flying desk duty on the front. No more nightmares of monstrous things. No more traumas to the mind and body. But when an offer comes down from above, Andrew has to make a choice: continue pushing papers into retirement, or jump right back into the fight? What's a podhead to do?

The remaining Lankies may have retreated in fear, but the threat isn't over. They need to be wiped out for good before they strike again. That'll take a new offensive deployment. Aboard an Avenger warship, Andrew and the special tactics team under his command embark on the ultimate search-and-destroy mission. This time, it'll be on Lanky turf.

No big heroics. No unnecessary risks. Just a swift hit-and-run raid in the hostile Capella system. Blow the alien seed ships into oblivion and get the hell back to Earth. At least, that's the objective. But when does anything in war go according to plan?

The Bare Essentials: A SciFi Alien Romance (Exposed to the Elements Book 2)

Author: Honey Phillips

Can Janet survive the heat of an alien desert? And the heat of the alien warrior who finds her?

One minute Janet is sliding into a snow bank. The next she is alone in the middle of a strange pink desert. Alone and naked.

When a huge, golden-scaled male appears out of the shifting sands, she is convinced that he is a mirage. But the fiery pleasure of his touch feels too real to be an illusion.

Sabrost is preparing for his final initiation as a priest of Tetlana when he is snatched away from his temple. The desert in which he awakens reminds him of his ancestral sands. But his ancestors would never have accepted the delicate female who arouses all of his protective instincts.

The desert holds many secrets - not the least of which are the secrets of the heart. Which will prove most treacherous as Janet and Sabrost make the perilous trek to safety?

Each book in the Exposed to the Elements series can be read as a standalone romance. This sweet and steamy romance is intended for mature audiences only.

Heeding a call from a friend in the Commonwealth government, he's tasked with a series of missions that few would ever agree to, much less with eagerness. But Carson Mach is a special kind of risk-taker and is known for cleaning up the quadrant's dregs in his unique, chaotic way.

With few resources and overwhelming odds, Mach must reunite some of his old buddies: tech specialists, military veterans, assassins, and puzzling AIs, and form them into an elite fighting force. If he fails, the threats to the Commonwealth may spell the end for millions of lives. This is his last chance. Should he fail, he'll either be dead or back in the gutter with no more favors to call in and few friends ready to lend a hand.

From hunting down mythical ships and recovering powerful artifacts to preventing the Commonwealth's center of power from falling to the enemy, Carson Mach and his ragtag crew of the starship Intrepid must do the extraordinary if they're to succeed. That's if they don't tear each other apart first.

Admiral Bob (Bob and Nikki Book 15)

Author: Jerry Boyd

Sally and the rest of the captains finally get Bob to take that promotion he's been avoiding. That leaves him with a question, just what is an Admiral supposed to do? Soon enough, the folks back on Earth cause bigger problems. Sit back and enjoy the ride, with Admiral Bob and the rest of the crew.

Parable of the Sower

Author: Octavia E. Butler

A New York Times Notable Book: In 2025, with the world descending into madness and anarchy, one woman begins a fateful journey toward a better future.

"A stunner." —Flea, musician and actor, *TheWall Street Journal*

Lauren Olamina and her family live in one of the only safe neighborhoods remaining on the outskirts of Los Angeles. Behind the walls of their defended enclave, Lauren's father, a preacher, and a handful of other citizens try to salvage what remains of a culture that has been destroyed by drugs, disease, war, and chronic water shortages. While her father tries to lead people on the righteous path, Lauren struggles with hyperempathy, a condition that makes her extraordinarily sensitive to the pain of others.

When fire destroys their compound, Lauren's family is killed and she is forced out into a world that is fraught with danger. With a handful of other refugees, Lauren must make her way north to safety, along the way conceiving a revolutionary idea that may mean salvation for all mankind.

This ebook features an illustrated biography of Octavia E. Butler including rare images from the author's estate.

The Naked Alien: A SciFi Alien Romance (Exposed to the Elements Book 1)

Author: Honey Phillips

Can Jane survive alone on an alien planet? And is she really alone?

Jane has no interest in the great outdoors. She prefers her comfortable bed, her books, and all the conveniences of modern life. So when she wakes up alone and naked in what appears to be an alien jungle, her only goal is to find her way home.

The question of whether or not she's alone is answered when a massive stranger comes to her rescue. Her savior is big and growly and he doesn't speak her language - but the heat in his eyes doesn't need translation...

Commander Taraxan's people may have mastered advanced technology, but they have never forgotten their primitive roots. So when he wakes up naked and weaponless on an unknown planet, he is annoyed but not alarmed.

As he searches for a way to return to his civilization, he discovers a strange, pale female blundering around the jungle. Oblivious to the hazards surrounding her, she is clumsy, helpless... and completely adorable. As an honorable warrior, he has no choice but to protect her - but he doesn't expect the task to be so rewarding...

Can two complete opposites survive the jungle - and their sizzling attraction to one another? And what possible future awaits a human woman and an alien commander who are both determined to return to their own worlds?

Each book in the Exposed to the Elements series can be read as a standalone romance. This sweet and steamy romance is intended for mature audiences only.

All Systems Red (Kindle Single): The Murderbot Diaries

Author: Martha Wells

Winner: 2018 Hugo Award for Best Novella

Winner: 2018 Nebula Award for Best Novella

Winner: 2018 Alex Award

Winner: 2018 Locus Award

One of the Verge's Best Books of 2017

A New York Times and USA Today Bestseller

A murderous android discovers itself in *All Systems Red*, a tense science fiction adventure by Martha Wells that interrogates the roots of consciousness through Artificial Intelligence.

"As a heartless killing machine, I was a complete failure."

In a corporate-dominated spacefaring future, planetary missions must be approved and supplied by the Company. Exploratory teams are accompanied by Company-supplied security androids, for their own safety.

But in a society where contracts are awarded to the lowest bidder, safety isn't a primary concern.

On a distant planet, a team of scientists are conducting surface tests, shadowed by their Company-supplied 'droid — a self-aware SecUnit that has hacked its own governor module, and refers to itself (though never out loud) as "Murderbot." Scornful of humans, all it really wants is to be left alone long enough to figure out who it is.

But when a neighboring mission goes dark, it's up to the scientists and their Murderbot to get to the truth.

The Outside

Author: Ada Hoffmann

Humanity's super-intelligent AI Gods brutally punish breaches in reality, as one young scientist discovers, in this intense and brilliant space opera.

Autistic scientist Yasira Shien has developed a radical new energy drive that could change the future of humanity. But when she activates it, reality warps, destroying the space station and everyone aboard. The AI Gods who rule the galaxy declare her work heretical, and Yasira is abducted by their agents. Instead of simply executing her, they offer mercy – if she'll help them hunt down a bigger target: her own mysterious, vanished mentor. With her homeworld's fate in the balance, Yasira must choose who to trust: the gods and their ruthless post-human angels, or the rebel scientist whose unorthodox mathematics could turn her world inside out.

The One: A Novel

Author: John Marrs

Now on Netflix!

A Wall Street Journal Best Science Fiction Book of 2018

"Just try to put this gripping thriller down once you pick it up." —AARP

"A shock on every other page." —Wall Street Journal

How far would you go to find *The One*?

A simple DNA test is all it takes. Just a quick mouth swab and soon you'll be matched with your perfect partner—the one you're genetically made for.

That's the promise made by Match Your DNA. A decade ago, the company announced that they had found the gene that pairs each of us with our soul mate. Since then, millions of people around the world have been matched. But the discovery has its downsides: test results have led to the breakup of countless relationships and upended the traditional ideas of dating, romance and love.

Now five very different people have received the notification that they've been "Matched." They're each about to meet their one true love. But "happily ever after" isn't guaranteed for everyone. Because even soul mates have secrets. And some are more shocking than others...

A word-of-mouth hit in the United Kingdom, *The One* is a fascinating novel that shows how even the simplest discoveries can have complicated consequences.

Crawlerz: Book 1: Red Sky in the Morning

Author: R S Merritt

Are you ready for the end?

An ancient tomb is unearthed live on cable TV after months of hype. It's billed as the archeological equivalent of Shark Week. The actual footage takes a turn no one ever expected. Those minutes of footage will be combed over by governments worldwide seeking to understand what horror came out of that tomb.

They watched the news for weeks as an infection spread quickly across the globe. The videos posted online of people ripping into each other like cannibals on PCP were unreal. The support from the authorities was a joke. No one had a plan in place for this. At least not a plan that involved saving everyone...

Join a tight knit family of outcasts who'll do anything for one another as they battle their way through this freak show. A reality where might makes right and the only thing worse than running out of food and water is running out of ammunition.

Savage in the Cell: A Scifi Alien Romance (Fated Mates of Breeder Prison Book 2)

Author: Tammy Walsh

My fated mate could be anybody. Even the Savage in the cell.

When a prison riot breaks out, I'm cornered by a dangerous gang. They haven't won a battle in months and are determined to take their frustrations out on me.

Then the Savage breaks his heavy chains and tears through the depraved barbarians to rescue me.

Through the rioting chaos, he clutches me to his muscled chest to safety. His callused claws are gentle, nothing like his fearsome reputation has led me to believe. In his arms, I find a caring and thoughtful lover. Could he be my fated mate?

The new warden interrupts our happiness and withholds my birth control pills in a sinister effort to force me to breed.

Dare I risk giving in to my carnal nature? And what will happen if the Savage impregnates me?

Savage in the Cell is a full-length, standalone alien sci-fi romance. It features a possessive, alpha alien in intense, steamy scenes with his human mate. There are no cliffhangers or cheating, and a happily ever after is guaranteed!

Dragons Don't Eat Meat: A Paranormal Suspense Novel with a Touch of Romance (Valkyrie Bestiary Book 1)

Author: Kim McDougall

Someone is killing dragons. And the killings point to a civil war brewing among the fae.

When Kyra Greene finds an abandoned baby dragon, she doesn't want to bring him home. But until she can hunt down his thunder and stop the dragon killers, she's on babysitting duty. As a pest controller with a soft heart, Kyra already has an apartment full of rescues, including a basilisk who thinks he's a turkey, a banshee nanny, and even a pygmy kraken. She might take care of them, but they also fill her need for family. And when that family is threatened, she'll risk

everything to save them. She'll even join forces with the handsome and irritating captain of the city's vigilante Guardians, who never fails to show up at her most undignified moments.

Along with a quirky cast of misfits and unruly critters, Kyra leaves the safety of Montreal Ward and travels through the dangerous Inbetween—the land beyond the protected city states, where magic is the only rule of law. Can she reunite the lost dragon with his thunder and stop a new and sinister force from invading their home?

Dragons Don't Eat Meat is the first book in the Valkyrie Bestiary paranormal suspense series. If you're looking for a laugh-out-loud adventure, delightfully evil critters, and a slow-burn romance, you'll love this page-turning series by Kim McDougall.

No Ordinary Day: A Post-Apocalyptic Survival Thriller

Author: Harley Tate

If the power grid collapses, will you be prepared?

Emma bides her time as a temporary lab tech, counting the days until she stands up before Congress to testify against her former employer. When the power goes out during a ride down the elevator for lunch, a handsome stranger offers to help.

When the odds are stacked against you, what will you do to survive?

John might appear like an average good guy, but underneath, he's a seasoned killer. Hired to snuff out an unsuspecting whistleblower, he's more than prepared to handle a little blackout.

As society crumbles, everyone is put to the test.

With limited communication and chaos unfolding outside, Emma and John forge a tenuous alliance. Will the pair survive the end of the world as we know it, or will nothing stand in the way of a hitman's mission?

The EMP is only the beginning.

No Ordinary Day is book one in the *No Ordinary Day* series, a post-apocalyptic thriller series following ordinary people struggling to survive when an EMP plunges the United States into chaos.

Found By The Alien Fire Prince: A SciFi Alien Romance (Lost In The Stars)

Author: Lindsey Devin

I'll never let a man control me again.

I left the Earth to get away from my controlling ex, and I refuse to fall into another man's arms ... not even an amazingly masculine alien that awakens an uncontrollable attraction within me.

Bask is the definition of alpha male and my opposite in every way. He comes from an alien species full of domineering males, and I'm not interested. I can't deny that I'm hot for him, but I'm not willing to be his submissive little female.

When our ship crash-es, he goes into protector mode. He thinks I'm a helpless human. I might not have the power to summon fire at my fingertips, but I'm not weak.

We're trapped together, but I'm not going to submit to him, no matter how hot it is when we kiss. If he wants me as his mate, he'll have to accept the strong woman I've worked so hard to become.

The Lost Colony (The Long Winter Trilogy Book 3)

Author: A.G. Riddle

Can humanity survive on a new world?

On Eos, the last survivors of the Long Winter face their greatest challenge yet—and race to unravel the deepest secrets of the grid. It's a journey across space and time and into humanity's past and future—with a twist you'll never forget.

NOTE: *The Lost Colony* is a full-length novel (384 pages in print). It is the third and final book in *The Long Winter* trilogy, which began with *Winter World*.

Don't miss the thrilling conclusion to this *Wall Street Journal* bestselling trilogy.

Selected Praise for A.G. Riddle

—*The Guardian* on *Pandemic*

"I finished the book fast because I just couldn't wait..."

—*WIRED GeekDad* on *Departure*

"Riddle... keep(s) the focus on his characters... rather than the technological marvels"

—*Publisher's Weekly* on *Departure*

"This is apocalyptic sci-fi at its best."

—*Daily Mail* on *The Solar War*

"Well-constructed and tightly-wound as a fine Swiss watch—*DEPARTURE* has non-stop action, an engaging plot and, of course, wheels within wheels."

—*Diana Gabaldon*, #1 *New York Times* bestselling author of *Outlander*

An Extended Look at *The Lost Colony*

The last survivors of the human race escaped a ruined Earth. Their new homeworld—Eos—seemed perfect at first. Warm. Hospitable. Safe from the grid. But everything isn't as it seems.

The first colony of settlers—from the Carthage—have disappeared. Their settlement is still there, but everyone is gone. As James digs into the mystery of the lost colony, he discovers a series of spheres, buried on Eos. Are they the key to finding the lost colonists? Or are they responsible for their deaths?

Just as James is unraveling the secrets of the spheres, a storm hits Jericho City. Emma, recently elected mayor, struggles to lead her people to safety while James tries to make his way home. In the middle of the chaos, a new danger emerges—a threat no one saw coming.

With time running out to save the colonists, James and Emma face their hardest choice yet.

Bridgehead: The Eden Chronicles - Book Four

Author: S.M. Anderson

The Eden Chronicles continue . . .

Surviving in a dangerous universe relies on having good neighbors. The Edenites have escaped the dumpster fire of authoritarian government on Earth only to discover their Kaerin neighbors on the other side of Eden's quantum "street" want them dead. The friendly Jema have returned to Chandra in the hopes of freeing their home planet from the Kaerin, but they need help. The Jema need a toehold on Chandra from which to launch their revolution; the Edenites need allies, and the Kaerin are now faced with an enemy that doesn't fight fair.

"Bridgehead" is the fourth book in the "Eden Chronicles" from the author of the best-selling "Seasons of Man" series. S.M. Anderson is a former CIA Operations Officer who has decided his lifelong 'habit' is more fun than real work. He writes to entertain and you can follow his progress on www.smanderson-author.com or on Facebook.

Dinosaur World 6

Author: Logan Jacobs

Jason and his three beautiful girlfriends never imagined the dino apocalypse could get this wild.

But they've finally gotten some long-awaited answers, they have a spaceship and a gorgeous alien pilot, and their most important mission has suddenly come to light.

If only they could shake the horde of government officials off their backs so they could get to saving the world.

Hummingbird Salamander: A Novel

Author: Jeff VanderMeer

From the author of *Annihilation*, a brilliant speculative thriller of dark conspiracy, endangered species, and the possible end of all things.

Security consultant "Jane Smith" receives an envelope with a key to a storage unit that holds a taxidermied hummingbird and clues leading her to a taxidermied salamander. Silvina, the dead woman who left the note, is a reputed ecoterrorist and the daughter of an Argentine industrialist. By taking the hummingbird from the storage unit, Jane sets in motion a series of events that quickly spin beyond her control.

Soon, Jane and her family are in danger, with few allies to help her make sense of the true scope of the peril. Is the only way to safety to follow in Silvina's footsteps? Is it too late to stop? As she desperately seeks answers about why Silvina contacted her, time is running out—for her and possibly for the world.

Hummingbird Salamander is Jeff VanderMeer at his brilliant, cinematic best, wrapping profound questions about climate change, identity, and the world we live in into a tightly plotted thriller full of unexpected twists and elaborate conspiracy.

Last Chance World: Dark Fae and Vampire Romance (Immortals of Talonswood Book 4)

Author: Alex Lidell

Stranded. Hunted. Tempted.

When Jake and I jumped into Talon, I intended to come right back. That was before I learned what King Bryant does to humans he kidnaps here—and that to stop him, I must become prey myself.

Now Cassis and I must go undercover as human slaves into the mines. Except something about the vampire is different here in Talon. He's darker, more violent... more bloodthirsty. And he wants nothing to do with me. Not even when we're trapped in the same underground cell, not even when the heat between us spirals out of control, making me hungry for things I never even imagined.

Yet what Cassis or I want might not matter. We aren't alone in our hunt. Bryant has opened another portal to a world called Lunos and we may run out of time before learning whether it's friends or foes who are coming through.

LAST CHANCE WORLD is a full-length dark reverse-harem paranormal romance. This is the fourth and last book in IMMORTALS OF TALONSWOOD, a series from Amazon's top-100 author Alex Lidell. With hot shifter-fae, delicious vampires, and one lone witch, Talonswood isn't your normal reform school.

The Power of Hades: A Fated Mates Fantasy Romance (The Hades Trials Book 1)

Author: Eliza Raine

I've been kidnapped by Zeus. Plucked from the streets of Manhattan and frightened half to death by a freaking Olympian god. And now I'm trapped in the Underworld, being forced to compete in a series of deadly trials for the position of Queen of the Underworld. Which would mean marrying Hades, the utterly terrifying Lord of the Dead. Who the hell wants a husband at all, let alone one made of smoke and riddled with death?

I have to get back home, to New York and my brother. But I can't leave without completing the trials and they've been designed for a godly Queen, not Persephone - barista and botanical garden enthusiast.

I'm surrounded by lethal, all-powerful maniacs. Sexy-as-hell maniacs, sure, but as dangerous as they come. And I'm going to have to prove to all of them that there's a goddess of hell inside me. It's the only way I'll survive the Hades Trials. But then what? And *why, why, why* am I so desperate to see under Hades smoky exterior and find out what he's hiding from me?

If I win the trials, I have to marry the devil himself. But losing might mean losing my life.

*The Power of Hades is book 1 in the Hades Trials, which is intended for adults and is packed with magic, mythology and slow-burn soulmate romance! *Contains swearing and mature themes.**

Furious Gulf: A Mecha Scifi Epic (The Messenger Book 12)

Author: J.N. Chaney

The war continues past the galaxy's edge.

Far out in the black, Dash and new captain Lomas encounter the next lethal version of Deeper technology. Huge, armored beings are attacking inward, wrecking humanity in each shattering conflict. The Battle Princes are more than robots, and less than human, and beyond their fearsome ability, they carry a secret that could change the nature of human warfare forever.

In pursuit of a would-be tyrant, Adan Kitzbuell, the Realm will fight beyond the known stars, into territory that demands new tactics. New weapons.

And upgrades to the very machines that carry humanity into battle. Mechs. But victory comes with a cost, and each successive fight leads Dash and Leira farther into a place that is neither known or unknown- a place between stars and galaxies, a place in need of peace, and power.

Here, in the darkness beyond stars, Dash will fight to unlock the true secrets of Dark Metal, all while waging a running war against beings who have one mind, and one purpose—the end of humanity. Forever.

Orphans on the Galactic Tunnel Network (EarthCent Auxiliaries Book 3)

Author: E. M. Foner

Doing a favor for an alien can be a life-changing experience.

Early Reviews From Followers

*I have read this a few times because I really like the story and the pacing. This story explores an interesting question of what do high level characters do in their happily ever afters. Personally it resonated with me because if you have ever played an MMO you get to a point where people quit because theres no more content and you are left trying to find something to do. The characters are really good and overall I really liked this. Looking forward to more from the author. - K N

For the readers who want a simple slice of life story, The Retired S Rank Adventurer is not the story for you. However, for those readers who want to read a story with a vast world and want twists and turns in their story, read at the very least to chapter 24. I will not spoil the story, but chapter 24 completely caught me off guard. It truly surprised me, but I can't say there were not hints along the way looking back now. It is a slow burn, but it definitely is worth the wait. - John Plume

Alien Artifacts (Cade Korbin Chronicles Book 2)

Author: Jasper T. Scott

BY MILLION COPY-BESTSELLER JASPER T. SCOTT

A DEADLY MISSION ON AN UNCHARTED WORLD RIDDLED WITH ANCIENT SECRETS

On his last job, Cade Korbin lost his ship, lost his credits, and barely escaped with his life, but it's not over. His enemy is still out there, nursing a decades-old vendetta that has yet to be quenched. Making matters worse, his guild is coming after him for breaking their rules.

Cade desperately needs credits and somewhere to lie low for a while. To that end, he takes a job on an uncharted world, code-named Nexus, with his new partner. The mission is to rescue a team of missing researchers and to recover the alien artifacts they went searching for.

But Nexus proves to be even deadlier than its Class Five hazard rating would suggest, and Cade soon realizes that he'll be lucky to escape with his life, let alone accomplish the mission.

Yet there is a danger on Nexus that goes far beyond hungry alien monsters: a terrifying menace has been waiting there for untold eons to emerge.

And Cade Korbin is just about to unleash it.
