

## The Never King (Vicious Lost Boys Book 1)

**Author: Nikki St. Crowe**

**The stories were all wrong — Hook was never the villain.**

For two centuries, all of the Darling women have disappeared on their 18th birthday. Sometimes they're gone for only a day, some a week or a month. But they always return broken.

Now, on the afternoon of my 18th birthday, my mother is running around the house making sure all the windows are barred and the doors locked.

But it's pointless.

Because when night falls, he comes for me. And this time, the Never King and the Lost Boys aren't willing to let me go.

NOTE: *The Never King* is a reimagining of *Peter and Wendy*. Characters have been aged up for this darker, grittier version. If you like your enemies to lovers romance with hot, ruthless, morally gray love interests, you'll enjoy *The Never King* and the *Lost Boys*. You can expect hate kissing, fighting, bickering, and 'touch her and I'll unalive you' vibes. Book one ends on a cliff.

**Author: Suzanne Wright**

Aspen Montgomery was nine-years-old when she befriended Camden Priest—a boy with dead eyes and dark urges. Since that day, they'd been inseparable. There's only one secret he ever kept from her ... he wants more than friendship. Knowing she doesn't feel the same, he put a chokehold on his need for her. Steal a human, of course.

Abigail often wonders if the townsfolk aren't right in calling her cursed. Abandoned by her husband and with no family to call her own, everything in her life hangs by a thread. Never did she expect her downfall would come by taking pity on an old hermit. Abducted into the dangerous world of Tir n'Aill, Abigail is thrust into a terrifying Maze that defies all logic. There, she finds herself at the mercy of an Unseelie prince with a strange offer—solve his Maze and he'll grant her deepest wish...

If she can live that long.

## Zodiac Academy: The Awakening

**Author: Caroline Peckham**

*The Amazon.com and Wall Street Journal #1 bestselling dark fantasy romance series from authors Caroline Peckham & Susanne Valenti*

**I'm a Gemini. Impulsive. Curious. Headstrong. A twin. Heir to a throne I know nothing about. And it turns out, I'm Fae.**

But of course there's a catch - all I have to do to claim my birth right is prove that I'm the most powerful supernatural in the whole of Solaria. And sure, technically that's true as I'm the daughter of the Savage King. But the bit they didn't put in the brochure was that every single Fae in this Kingdom would claim my throne if they could.

The school they've sent me to is both dangerous as sh\*t and one helluva party. Vampires bite weaker students in the corridors, the Werewolf pack has orgies in the Wailing Wood at every full moon and don't even get me started on the dark and twisted ways the Sirens use their powers on people's emotions, or how my sinfully tempting Cardinal Magic teacher hosts detentions that leave people needing therapy.

Classes are totally interesting if you manage to live through them. And that Gemini star sign I mentioned? It now determines my elemental magic and affects my destiny, so learning astrology is essential if I'm going to beat down my classmates – which is actively encouraged by the way.

My biggest problem is the drool worthy Dragon shifter who has his eyes on my throne. He and his three psycho friends are determined to make my time here hell.

All I've got to do is survive. But fate might have other ideas.

Dammit, why couldn't I have gotten a letter to Hogwarts?

*\*\*\*This is a dark, bully romance – don't go expecting a sweet school for magic with friends around every corner. Fae fight for everything they own and Zodiac Academy is a cutthroat school for students aged 18+ where only the strongest prevail. There's no Dumbledore here to save anyone's ass and Lionel Acrux will give Voldemort a run for his money in the evil dictator category. So hold onto your stardust (broomsticks not required) and get ready for a bumpy ride\*\*\**

## Captured by the Monsters

**Author: R.L. Caulder**

**Our leaders said it's an honor to be chosen to go to The Below.**

**I said f\*ck that.**

So close...I was so f\*cking close to aging out of the selection process to be offered up to the monsters from The Below.

We never knew when we could be taken. It wasn't some annual date we could mark on a calendar and avoid like a plague. We were at the complete whims of the monsters and their demands—demands that have increased over the past few years.

Rumors say the monsters ate all of their sacrifices, that their appetites weren't easily appeased anymore, but I wasn't convinced that was all.

*What I did know for sure was that anyone selected was never seen again.*

Two days before my twenty-fifth birthday, my name was drawn—only forty-eight short hours from becoming exempt.

*How could life be so cruel?*

I refused to accept this fate. I'd run. I'd fight. I'd do everything *but* give in.

Yet, The Below is a hostile, foreign terrain hellbent on killing all humans. Our bodies aren't designed to survive there.

My only chance of living long enough to escape—give in to the monster's desires. Only they could give me what I needed. In return, they'd use me for their own needs.

**Needs that I shouldn't want, but found myself craving.**

When they claimed I was their salvation, I started to second guess myself. They revered me like their queen with soft touches and a protectiveness that made my knees weak...

I wondered if I wanted to leave anymore.

*Was this why no one ever returned to The Above?*

\*\*\*

Captured by the Monsters is a reverse harem standalone romance that will not end in a cliffhanger. Material is intended for mature audiences.

**Author: Jennifer L. Armentrout**

***Captivating and action-packed, From Blood and Ash is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa.***

A Maiden...

Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers.

A Duty...

The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden.

A Kingdom...

Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel.

Try being a hunter living with werewolves. I'm the definition of "doesn't fit in". I'm not Pack, but I'm not the enemy, either.

Blatantly relentless and twice as deadly, Greyson rules the Pack and expands its territory even though it's already the largest in the region. I just wish he'd stop interfering with my life. ***Is Love Stronger Than Vengeance?***

**A Betrayal...**

Everything Poppy has ever believed in is a lie, including the man she was falling in love with. Thrust among those who see her as a symbol of a monstrous kingdom, she barely knows who she is without the veil of the Maiden. But what she does know is that nothing is as dangerous to her as him. Ones that could expose her to unimaginable pleasure and unfathomable pain. Plans that will force her to look beyond everything she thought she knew about herself—about him. **Author: Laura Thalassa**

Callypso Lillis is a siren with a very big problem, one that stretches up her arm and far into her past. For the last seven years she's been collecting a bracelet of black beads up her wrist, magical IOUs for favors she's received. Only death or repayment will fulfill the obligations. Only then will the beads disappear.

Everyone knows that if you need a favor, you go to the Bargainer to make it happen. He's a man who can get you anything you want ... at a price. And everyone knows that sooner or later he always collects.

But for one of his clients, he's never asked for repayment. Not until now. When Callie finds the fae king of the night in her room, a grin on his lips and a twinkle in his eye, she knows things are about to change. At first it's just a chaste kiss—a single bead's worth—and a promise for more.

For the Bargainer, it's more than just a matter of rekindling an old romance. Something is happening in the Otherworld. Fae warriors are going missing one by one. Only the women are returned, each in a glass casket, a child clutched to their breast. And then there are the whispers among the slaves, whispers of an evil that's been awoken.

If the Bargainer has any hope to save his people, he'll need the help of the siren he spurned long ago. Only, his foe has a taste for exotic creatures, and Callie just happens to be one.

## United: Magiford Supernatural City (Pack of Dawn and Destiny Book 2)

**Author: K. M. Shea**

**A wolf is attacking the humans of Timber Ridge and changing them into werewolves—against their will.**

The change process is extremely dangerous and involves bloodshed. It isn't something that happens by accident, which can only mean one thing.

Someone is doing this on purpose.

I'm going to find the rampaging sicko responsible for this outbreak, even if it means I have to master my new magic to stop them.

Thankfully, Greyson—the Pack Alpha and the most powerful wolf in the Midwest—is always down for a hunt. The only problem is that I'm starting to find him attractive—which is the worst thing I could do. He's got an incomplete mate bond, and since I'm a hunter, I could never be a wolf's mate.

That's okay. I'm used to being alone. I'm a werewolf hunter, not part of the Pack. But that's an awfully dangerous place to be when there is a rogue wolf on the loose.

*United is the second book in the Pack of Dawn and Destiny urban fantasy trilogy, and is part of the Magiford Supernatural City world. It features werewolves, hunters, and fae, and is filled with humor, adventure, and a sweet romance that will have you laughing out loud.*

**Una**

I keep my head down. In this backwards pack, females rank low, and my bad leg makes me damaged goods. It doesn't help that I've never shifted. I don't mind the late twenties single life, though. No one's paying any attention as I build an illicit farmer's market empire.

But when biology finally kicks in, I lose my mind. I claim our alpha as my mate. And he rejects me in front of the whole pack. It's all good. It only hurts when I breathe. I'll survive. That's what I do.

Who wants an arrogant jerk for a mate, anyway? I've got a business to run.

To lead this pack out of the dark ages, I've had to be hard. Merciless. I don't flinch, and I don't make mistakes.

Una Hayes isn't my mate.

My wolf might have some kind of strange infatuation, but if she were mine, I'd know it. And I can walk away, can't I? And if I keep coming back? If she starts living in my head?

I'm the strongest male in five generations. My pack scrambles to do my bidding. I can bring one quiet female back in line. No one can possibly be as stubborn as I am.

There's no way I've ruined the best thing that's ever happened to me.

## Lunar Witch (Phases of the Moon Book 1)

**Author: M. Sinclair**

***No man would ever own me again.***

A simple promise I'd made to myself after escaping a brutal childhood of abuse and being trained to enact violence on unblessed witches. Since that moment, I had managed to survive on the streets by successfully pickpocketing.

Unfortunately, after years of hiding, the monster who starred in all of my nightmares was closer than ever and I was faced with only one option - *seeking refuge at the Dark Imaginarium Academy.*

Filled with the elite witches of our society, I should have expected to run into some of my previous targets and that normally wouldn't have been a problem. It wasn't like they'd known I'd stolen from them.

*Except for my last hit.*

What I stole from him was something I would never forget because it was literally embedded in my chest. *Yeah*, he was a bit upset about that one... as in acting absolutely psychotic. Except he's not the only one...

*A blood witch who has an addiction to my taste.*

*A lunar witch who takes pleasure in trying to scare me into submission.*

*An unblessed that wants to dissect me, literally.*

*A shadow witch that relishes in marking up my body to show ownership.*

These men want to claim me, own me, and the treasure that I now possess, but I would never break the promise I made to myself.

But when my past follows me right into the place I considered a safe haven, I find that these psychos may be the exact key to getting rid of my problem forever. The only problem? These men are convinced that I've never experienced the type of horror that would be required for that to happen, that they have to protect me from it. What they don't realize?

***Killing left a stain on the soul and mine was pitch black.***

***Lunar Witch*** features **characters that are all 18+**. This is not a high school academy book and the contents are intended for mature audiences. This book includes violence, mature content, PTSD, flashbacks of abuse, and sex. There is no bullying from the harem, just psychotic men trying to claim their girl.

***Lunar Witch*** is book one of three in the **Phases of the Moon** series, which is set within the shared universe of *Dark Imaginarium Academy*. All series can be read independently, but characters have crossovers and it is highly encouraged to read all within the universe to understand the world in its entirety.

**Series within the universe:**

*Phases of the Moon* by M. Sinclair

*The Storm Dragons' Mate* by M. Sinclair

*The Creatures We Crave* by R.L. Caulder

*Blood Oath* by R.L. Caulder

After my plane was sabotaged and crashed into the jungle, I rescued five male survivors from the wreckage.

I could have let them die, but no, I decided to pull their stupid carcasses from the wreckage. I'm immortal, not a monster.

Yes, they're hot, now is not the time to do something about that.

The five sexy jaguar shifters are on a mission to locate someone, a rare phoenix shifter. Phoenix, the legendary creature, reborn every time it dies. Wait...

...Could they be looking for me?

It doesn't matter since they walked away and left me to die in the Amazon rainforest. A place full of interesting new ways for a klutz like me to die. Surviving the jungle is harsh, but it's nothing compared to how they have treated me.

But I'm not waiting to be rescued. Screw that damsel-in-distress garbage!  
I'm the last Phoenix shifter and I'm about to give them hellfire!**

Of course, I'd wind up kidnapped. I thought being kidnapped would be sexy or something. I was dead wrong. Haha, get it?  
As if the jungle, viper bites, piranhas, killer bugs and the five sexy dipstick-for-brains I saved weren't enough, I'm now a captive of some lab coat weirdos in an experimentation facility.

*I definitely got the wrong idea of torture from "50 Shades of Grey". Don't look at me like that, you read it too!  
They seem to be willing to stop at nothing in their effort to break me. But come on, they're not that creative, just annoying in their determination to figure out how much I can take.*

Another rare shifter is being held here. I can *feel* him. Yep, another freaking mate. In case you haven't been counting, that makes it **six** fated mates... *sheesh!* My five jaguar shifter mates couldn't seem to make up their minds. Were they happy to have me or desperate to ditch me? I'm not even sure if they are coming to rescue me.

*Who did I tick off in the universe to deserve all of this?  
No need to send help, because I've got this... as soon as I find some clothes.  
They are about to find out exactly who and what I really am.*

Denver has been his best friend and safe place for as long as he can remember, but he knows exactly how she will react if she finds out what he's done. She can't find out. She can't know. She can't realize what a monster he's become, or he will lose the only thing that makes sense. The Pack is falling apart, his Alpha is retiring and he's up next to lead the werewolves in this territory. Daylen isn't sure of much anymore, but this he knows—he isn't ready to be the Alpha. Not until he fixes all the things he's broken, including his friendship with Denver. The problem with that? She's not the same girl he left behind anymore.

Denver Mosely is a loyal fox.

Two long years have passed since her best friend, Daylen, left the territory without an explanation, and when he blows back into town unexpectedly, he's unfamiliar. His wolf side isn't acting right, the man in him has changed, and he's doing his best to avoid her. But why? She was here in his territory, making sure his den was taken care of, and waiting for the day she would get some answers to his disappearance. New Daylen doesn't give any answers, and it's up to Denver to pry his recent past from him. What can be so bad that a man hides this thoroughly for so long? New Daylen is edgier, darker, very handsome and has a new set of scars on his outsides and insides that draw Denver's attention, and stirs up feelings she's never had for her friend before.

Friends, lovers, enemies—the lines get extremely blurred in this first book of T. S. Joyce's brand-new series, *The Wolves of Promise Falls*. Not all monsters are unsalvageable.

Content Warning: Explicit love scenes, naughty language, and piles of sexy shifter secrets. Intended for mature audiences.

## Darkest Mate (Rejected Fate Book 1)

**Author: Alexis Calder**

**Weakness means death. Or worse.**

After I was abandoned as a child, I was taken in by the Shadow Pack. A group of ruthless, lawless, shifters who have only one rule: never let anyone see your weakness.

In exchange for them keeping me alive, I owe them. The leader of the Shadows is as handsome as he is ruthless. And he's offered to wipe my debt in exchange for marriage. He'd offer protection, but it would cost me my freedom.

Survival in the Shadows depends on back alley deals and shady alliances. It's become a way of life that I stopped questioning years ago. When a routine burglary goes wrong, I find myself captured by the one family I never should have crossed.

The Umbra family owns this city. They make us Shadow wolves look like the good guys. They should have killed me for my crimes, but there's a tiny problem... It turns out Madoc Umbra is my fated mate.

Instead of killing me, I'm a prisoner. The rest of the family doesn't know of our bond and I intend to keep it that way. Madoc's brothers want to end my life; he wants to break the bond. I just want to get the heck out.

As long as I don't let them see any weakness, I might have a chance of making it out of here alive.

Three years ago, alien raiders abducted me from Earth.

I escaped to a remote trading planet, where I've scraped by and kept my identity as a human hidden... until one day, I get caught stealing from a mysterious warrior named Rok.

Aliens are dangerous and untrustworthy. Or at least, that's what I've always thought. But Rok is different. Despite being furious that I took something from him, he doesn't hurt me.

Instead, he offers to help me.

I'm not sure I should trust him—or if I can trust *myself* around him. Because every time I look into his gold-rimmed eyes, the ice around my heart melts a little. His touch sends licks of fire over my skin, and he gazes at me with such possessive heat that I feel like I'll combust.

## **Love & Curse Making (Magical Dating Agency Book 1)**

**Author: Kelly St. Clare**

**What do jazz pixies, siren celebrities, and three hundred disastrous dates with supernatural men have in common?**

Me.

I'm Cerys. And at twenty-two years old, running a paranormal dating agency with my bestie and living in the magical society of Nepos is an amazing life.

Not gonna lie though, it'd be better with a little action. Kissing, maybe? A one-armed hug? Heck, after three years, I'll take a man touching my bedsheets. Or *would* if this curse didn't 100 percent block me from romance.

When my 'extinct' brand of magic explodes in the presence of true love, the off-the-charts sexy but infuriatingly bored Detective Devereaux gets involved. And let me tell you, ladies, there are *m-u-s-c-l-e-s* under his long coat!

So I'm cursed and dodging the law *and* trying to put more love in the world each day. And now some creep is digging up heart elemental bodies.

Seriously. How is it only Monday?

**Author: Isla Frost**

**My name's Lyra Ridley, and I run headlong into supernatural danger for a living.**

Of course, that's *not* how I sold the job to my adoptive vampire dad. Or what I put on my dating profile for that matter. And I do have a wet-your-pants-level terrifying dragon partner rushing headlong into danger with me. But she, like my unusual magic, is frequently more hazard than help.

Despite all that, I love my job protecting the streets of post-magic-revolution Las Vegas—where humans and supernaturals live side-by-side, or are at least having a stab at it. So when I get suspended and some jackass takes my city hostage? Yeah, there's going to be hell to pay.

Even if it means I have to team up with a mysterious supernatural I know nothing about—except that he has pointy ears, a rod up his backside, questionable priorities, and could kill me with his eyes closed.

My dragon partner likes him even less than I do. Then again, she doesn't like anyone, including me most of the time. But I'm *pretty* sure she won't barbecue either one of us.

Still, you'd better wish me luck.

*Warning: This urban fantasy series contains danger, mayhem, humor, and heart, with characters you'll fall for—including a vampire with an unbeating heart of gold, a book-hoarding dragon who eats criminals for breakfast, a mysterious supernatural who's as hot as the desert he slunk out of, and a human heroine who'll fight to save them all.*

## The Fae King's Curse (Between Dawn and Dusk Book 1)

**Author: Jamie Schlosser**

Kirian and I were just twelve years old when I pulled him from the icy waters of the creek behind my house. As he looked in my direction with unseeing lavender eyes, I quickly realized our age was just about the only thing we had in common. He spoke with an accent, he had pointy ears, and he was so beautiful it made my heart ache. Oh, and he claimed to be a fae prince cursed by witches who stole his sight.

I thought he was crazy from hypothermia. Turns out, he wasn't, and for some reason he keeps coming back. But a day in my world is a year in his. Every time I see him, he's older. Wiser. Hotter.

Over the past six years, I've tried not to fall in love with him because the terms of the curse are clear: If he doesn't wait for his fated mate in all ways, including an innocent (or not-so-innocent) kiss, he'll be blind forever.

So when Kirian kisses me and pulls me through the portal to his realm, I make it my mission to do some damage control. It'd be a whole lot easier if he wasn't determined to marry me... And if someone wasn't trying to murder me every step of the way.

## The Secrets in Shadow and Blood (Fae Guardians, Season of the Vampire Book 1)

**Author: Lana Pecherczyk**

In the shadows, vision can turn blurry. Truths can become lies. Enemies can become lovers.

When Violet inexplicably wakes thousands of years after a nuclear holocaust, she finds the world very different. Fae exist now. They're vicious, animalistic monsters who pervert magic and can morph into any shape—including vampires. They hoard the bounty of the new world, and keep humans banished to the wasteland. At least, that's what the humans of today have told her. Determined to make up for an unforgivable mistake in her past, she becomes a covert assassin and seeks revenge for her human brethren. And she's good at it. But when the thing she hunts saves her life, injuring himself in the process... her crystal clarity suddenly becomes blurry.

The Order has tasked him with finding a human with deadly secrets before the unhinged Unseelie Queen, or the fanatical human leader, can exploit her. And when he catches Violet's scent, they know he'll do everything in his power to possess her and keep her safe. But Indigo hides his own shameful secret in the shadows of his heart, and if it ever comes to light, Violet will never trust him. She'll kill him.

## **Guardian: A Rough Shifter Romance**

**Author: Sara Fields**

**Maybe I would have claimed her more gently if she didn't beg for it... but probably not.**

After watching over this world for millennia, a girl wandering in the woods should have been of no interest to me. But the moment I saw her bathing in a stream, I knew Emma was mine.

I kept myself from throwing her over a fallen tree and ravaging her... but only for a few hours.

If she had been obedient, I might have held instinct at bay a little longer. It was the scent of her helpless arousal as I reddened her bare bottom that tore away the last vestiges of my self-control.

But it would have made no difference in the end.

Sooner or later, she was always going to scream my name as I mounted and rutted her.

A beast must claim his mate.

**Publisher's Note:** *Guardian* includes spankings and rough, intense sexual scenes. If such material offends you, please don't buy this book.

## **Pack Promised (Thrown to the Wolves Book 1)**

**Author: J. Kearston**

***The wolves waiting in the wind are always watching.***

My life has never been normal. Raised by a survivalist, taught how to endure anything, I've learned to rely on myself. To keep my head down-- to mind my own business. That all changes in an instant when I hear the screams.

There, in that filthy alley, I thought I was pulling Emmeline out of the darkness and toward safety, but it turns out, she was pulling me in. My new friend's world collides with my own, and they couldn't be more different. Where I spend my days alone, she rarely can. Not with four brooding brothers hellbent on her protection, watching over her every move like dark guardians.

Guardians that set their sights on me, who want to claim me as their own.

There is a world of violence and bloodshed, of teeth and fangs. Monsters lurk in the shadows, just waiting for their chance to strike. A sane person would be terrified, but even as danger closes in around us, I know without a shadow of a doubt that they're bigger threats than the ones they tell me I should fear.

To protect their family, they'll become the monsters of legends and myths. The question is, if I'm supposed to be their salvation, does that mean I'm even more cursed than they are?

To save us all, am I willing to damn myself?

**\*\*This is a darker themed paranormal romance where the heroine gets all of her men, and contains some graphic detail, so please read the note in the beginning of the book before choosing to read. This is the first of a (three or four) book series that follows the same characters, and as such, will end with a cliffhanger, but this is my primary project until it's completed.\*\***
