

Stripped (Four Bears Construction Book 6)

Author: K.M. Neuhold

A ripped, transgender construction worker and a tweed-wearing, tortoise-shell-cozy-knitting, bear of a professor... Somebody's getting stripped.

The last place I expected to run into my childhood camp crush was at the local university, looking all kinds of cute in a tweed jacket with a nervous blush. I've always had a bit of a thing for the nerdy professor type.

Demetri says he doesn't date. I want to believe that it's true and not that he's not interested in a transgender man like me. If all he can offer me is friendship, I'm more than happy to take it.

Coy looks during sweaty workouts, rainy nights on his couch watching him knit shell cozies for his pet tortoise... I'm falling for him whether I want to or not.

Can I break down his walls and prove to him that he can trust me with his heart? And can I trust him with mine?

***Stripped is a swoony, steamy MM romance that is the 6th book in the Four Bears Construction Series. It can be read as a stand alone, but you won't want to miss these bear's antics. This series does not contain any shifters, only the OTHER kind of bears.

Beautifully Unexpected

Author: Lily Morton

Sometimes love comes when you least expect or want it.

Magnus Carlsen is determined to grow old disgracefully. At fifty-two, he doesn't believe in keeping anything. Men, sofas, books—everything gets jettisoned, eventually. He's divided his life into happy compartments. A successful trial lawyer, he spends his days lecturing jurors, exasperating judges, and striding arrogantly around courtrooms. He fills his nights with a parade of handsome young men who want to make him happy. Why date someone his own age to discuss back pain, retirement-planning, and corns, when he can date men who don't care to discuss anything at all?

However, when one of these sunny young men shows an inclination for dramatic scenes, Magnus meets his new neighbour. And his whole world implodes.

Laurie Gentry is nearly the same age as Magnus, but that's where the similarity ends. He's messy and creative and nosy and mysterious. He's everything that Magnus has spent a lifetime avoiding. So, why can't he get Laurie out of his head?

Luckily, Laurie is only in London for the summer. Magnus can uncover Laurie's mysteries and indulge their annoyingly hot attraction, and Laurie will be gone before complications arise. A few months isn't long enough to lose his heart. Is it?

From bestselling author, Lily Morton comes a romantic comedy about two footloose older men and how one summer in London brings something quite beautifully unexpected into their lives.

Forgiven: Con (The Four Book 3)

Author: Sloane Kennedy

Con

I have everything I've ever wanted... so why do I still feel like the kid who came from nothing?

Please help him...

Three little words that have haunted me for years.

Three little words that I know I'll take to my grave.

It was supposed to be just another fight. Another few minutes of using my fists and my so-called natural "gift" for fighting to raise the cash I needed to save my little brother's life.

But it *wasn't* just another fight.

Yes, I *had* walked away with the prize money and yes, I *had* saved my brother, but I'd also destroyed not one, but two lives. I'd left my opponent broken on the ground with his eight-year-old brother begging the onlookers around him for help.

Begging *me* for help.

But I'd walked away...

Fifteen years later and that little boy is now a bitter, broken young man standing over his brother's grave; the grave I might as well have put him in. I want nothing more than to help Micah Fox escape the hell his life has become, the life I condemned him to, but he wants nothing to do with me.

But I can't walk away this time.

I won't.

Micah

I'm so close to escaping my ugly little world that I can practically taste it. No way in hell am I letting the man who put me there try to play hero now.

That night was supposed to change my life.

It did.

Just not in any way I could have ever conceived of.

Fifteen years ago, the man known only as Zeus to his fans left my brother a broken man who wanted nothing to do with the world around him. I couldn't save my brother, but I sure as hell can make sure my niece and nephew have a future... the one their father should have had.

Zeus or Con or whatever the hell his name is wants to help me now? Not happening. He might know how to turn on the charm and play to his legions of adoring fans, but he and I both know what kind of monster lurks inside him.

Okay, so what if strange things happen in my belly when he touches me? What if I feel a little stronger when he wraps his arms around me and promises me that everything will be okay?

It's not real.

It can't be.

Because hate is all I have right now. If I let Con take that from me...

Like I said... it can't be real.

I won't let it be.

Scratch The Surface

Author: Mary Calmes

Sometimes things look one way, but when you scratch the surface, there's more than meets the eye.

Jeremiah Wolfe has always done what was necessary to survive. On top of working two jobs, he's going to school to become a social worker so he can give kids the help he never got when his mother left years ago. When a rare night off finds him with the chance to make a quick buck, he jumps on it. But his evening goes sideways, and he's about to head home when he's propositioned by a stranger. A meaningless one-night stand is simple and easy, so he steps into the hotel room—as he has many—without expectation. But the man behind the door is a surprise, as is the instant connection that builds along with passion and a glimpse of his heart. Small wonder that Jere can't get the nameless man out of his head.

Cameron Gallagher has never been accused of being spontaneous. He's an introvert whose life is about schedules, plans, and lists. He's always been the careful one, so inviting a stranger into his bed on the lure of his gorgeous smile and warm brown eyes isn't only out of his comfort zone, it's entirely out of character. Surprisingly, when he wakes in the morning alone, it's not regret he feels, but the need to find the man who held him in his arms all night. It seems crazy, but he can't get the man out of his head.

When they're brought back together, each man believes it's more than luck. They feel as though they've gotten a second chance. Sure, love at first sight is just a myth, the stuff of romance novels, but the more they scratch the surface, the more they realize they've got a shot at something lasting.

Winter Cowboy (Whisper Ridge, Wyoming Book 1)

Author: RJ Scott

Tragedy tore them apart and hate got in the way of love. Is a second chance even possible?

Micah Lennox left Whisper Ridge after promising the man he loved that he would never return. But the only way he knows to keep his pregnant sister and nephew safe is to go home. After a hostage situation leaves Doctor Daniel Sheridan struggling with PTSD, he returns to Whisper Ridge. Joining his dad in family practice is a balm to soothe his exhausted soul, and somehow, he finds a peace he can live with. From *USA Today* bestselling author Marley Valentine comes an all new emotional, friends-to lovers gay romance standalone.

I couldn't tell you when I fell in love with Gael Herrera, but I wish I knew how to make it stop.

Falling in love with a straight man is a rookie mistake. But falling in love with my soon-to-be-married-to-a-woman best friend is nothing but heartache.

Through all the years, and all the men I've fooled around with, he's always been at the back of my mind. An unrequited crush I wish I could shake. A dream that was never going to come true.

When I whisk him off to a surprise bachelor party weekend in Vegas, I surrender to the idea that this is an opportunity for me to finally let go of my feelings for him and say goodbye.

But after a heated exchange and an even hotter kiss, everything I thought I knew about our friendship changed.

Maybe I had it wrong. Maybe, after all this time, we were more than best friends. Maybe, just maybe, he felt it too.

Goodnight (Rebel Sky Ranch Book 1)

Author: Kelly Fox

I'm a cam boy who officially identifies as Wrangler-sexual. It's entirely the fault of Trip Goodnight, the strapping cowboy at the ranch next door. He doesn't know it yet, but he's going to be the father of my two-point-five children.

We're an unlikely pairing, what with him being straight and me being a gay sex worker, but those, darling, are mere details. When he saves me from a literal nest of rattlesnakes, it's nothing if not true love. *I'm aiming for a spring wedding.*

While it's true that I haven't been able to let a man touch me since I was attacked last year, and there's no telling what my father might do if he manages to find me, I'm not letting any of that stop me.

In fact, I've stolen Trip's cowboy hat and used it in one of my videos, so I'm already well on my way to making him mine. Besides, he's the first man outside of my found family who's made me feel safe. Protected.

That's gotta count for something...right?

I was born and raised on Rebel Sky Ranch, and working with the horses is the one thing I'm meant to do in this world. The ranch has had a rough go of it, but in the long, terrible year since my mother's death, meeting Sam is the one bright spot.

He reminds me of the horses we rescue. Scarred, skittish, and...strong. Beautiful.

He's a bit of a hat-stealer, and, truth be told, I'm a little leery of his chosen profession. But if that scar on his face is any indication, he could use somebody at his back. I aim to be that person.

And yeah, some of my parts get confused by the fact that he's all delicate and sparkly, but that's not important, even if the good hand lotion has somehow made it into the tack room.

I just hope he knows that he'll always be safe with me.

Bisexual awakening, hurt-comfort, size difference, friends to lovers

Of Secrets and Wolves (Winsford Shifters Book 1)

Author: Alice Winters

Rowan

My whole life, I've been taught to despise shifters. So when I'm hired to track two escaped convicts, I'm suddenly thrust into the world I hate—or thought I did. Yet I'm inexplicably drawn to the alpha of the pack whose land the convicts may be hiding on. He's different than any shifter I've ever met—laid back and quick to laugh, caring and protective, and makes me feel complete for the first time in my life. As secrets are revealed, I start to wonder if everything I've been raised to believe was a lie, though it may not matter because it seems like someone wants us dead.

Quinn

I'm no stranger to prejudice from humans, but it's different when Rowan comes into my life. Though I shouldn't let myself be distracted, I'm captivated by him. At first, he's stiff, fighting to keep his misconstrued beliefs intact, but as I break down the wall he's created, I'm able to show him a place among the fun chaos of my pack. After one of my pack goes missing, it leaves Rowan and me racing to bring them home, but the only way we're going to survive this is if Rowan learns to accept the bond that's growing between us—a bond that could give us the strength to put aside our reservations and give in to what both of us want.

Of Secrets and Wolves is an action-filled romance with a dash of comedy. It's the first book in a series with a continuing storyline and an HFN.

Mr. Right Now (Suits & Sevens Book 2)

Author: Isla Olsen

Right place. Right Time. Right Name.

Drew

When my parents decided to name me Andrew I doubt they could have imagined it would lead me here...

Where is here, exactly?

The short version—the Wattle Glen Inn on Long Island, where my roommate's billionaire brother has roped me into pretending to be his boyfriend for a family wedding weekend. All because I happen to have the same name as the ex his family still thinks he's dating.

The long version—a ton of questioning, fantasizing, and giving in to temptation after being on the receiving end of the most epic BJ I've ever had in my life.

Sullivan Stapleton is the *last* person I should be getting involved with; he's on the rebound, he's a *guy*, and he's a freakin' billionaire who never saw a problem he couldn't throw money at.

But I can't turn down the cash he's offering to be his fake boyfriend for the weekend; not when I'm in dire need of funds to repair some storm damage to my auto-shop.

And then after the wedding...well, I should walk away. But for some reason I just can't seem to let go.

Good Intentions (Intentions Duet Book 2)

Author: Ella Frank

Gabriel Romero made me hungry for things I'd never wanted, and starved of the things I didn't think I'd ever need.

Until now...

Until him...

I was never the man who believed in love, romance, or happily ever afters. I was married to my work, and happy to be that way. Until one night, not too long ago, when an audacious young man lied his way into my life and showed me what I'd been missing.

Bold and sexy, with a face that could melt through the iciest of exteriors, Gabriel Romero is the one factor I never saw coming. There are so many reasons we shouldn't work—my age, his, our career goals in life—and yet we are drawn together by a passion for music, and each other, that neither of us can deny.

I've always been the one to think things through, to follow my head instead of my heart. But if I don't open myself to what's possible, instead of thinking of all the ways this seems *impossible*, I might miss out on the best thing that has ever happened to me.

So I'm taking a chance, and laying myself at his mercy, opening my heart with nothing but good intentions. Only time will tell if Gabriel Romero decides to let me back in.

Good Intentions is the second book in the Intentions Duet.

The trigger warnings for this book can be found in the "Author's Note" that you can see by using the "Look Inside" function before purchase. Thank you.

Unhinged (Necessary Evils Book 1)

Author: Onley James

Adam Mulvaney lives a double life. By day, he's the spoiled youngest son of an eccentric billionaire. By night, he's an unrepentant killer, one of seven psychopaths raised to right the wrongs of a justice system that keeps failing.

Noah Holt has spent years dreaming of vengeance for the death of his father, but when faced with his killer, he learns a daunting truth he can't escape. His father was a monster.

Unable to ignore his own surfacing memories, Noah embarks on a quest to find the truth about his childhood with the help of an unlikely ally: the very person who murdered his father. Since their confrontation, Adam is obsessed with Noah, and he wants to help him uncover the answers he seeks, however dark they may be.

The two share a mutual attraction, but, deep down, Noah knows Adam's not like other boys. Adam can't love. He wasn't born that way. But he refuses to let Noah go, and Noah's not sure he wants him to.

Can Adam prove to Noah that passion, power, and protection are just as good as love?

Unhinged is a fast-paced, roller coaster ride of a romance with an HEA and no cliffhangers. It features a dirty-talking, possessive psychopath and a sweet cinnamon roll of a boy with Daddy issues and a core of steel. There's gratuitous violence, very dark humor, enough steam to fog up a hundred car windows, and something a lot like love. This is **book one** in the Necessary Evils series. Each book follows a different couple.

Without A Doubt (Love Starts Here Book 1)

Author: E.M. Lindsey

Carter's never been one for second chances, but this new Rhys is making him wonder if it's possible that the man really has changed. Carter's been burned before, but being graced with one of the man's rare smiles, Carter finds himself absolutely helpless against the racing beat of his heart.

Rhys London has never been a man of feeling. A widower who spends most of his life running his company and cleaning up after his destructive brother, he hasn't had time for things like love.

That is, until his business partner hires Carter Winter—a bright, beautiful man who forces the heart in Rhys' chest to start beating again.

And while Rhys is used to shutting off his emotions and embracing logic, something about Carter makes him want to reach for the unreachable. After all, Carter is the first person he's ever met that makes him believe in forever, without a single doubt.

Without A Doubt is the first book in a romantic, light-hearted, small town trilogy. It contains no cheating, and a happily ever after.

What happens when America's First Son falls in love with the Prince of Wales?

When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse.

Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake, Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And how can we learn to let our true colors shine through? Casey McQuiston's *Red, White & Royal Blue* proves: true love isn't always diplomatic.

Vampire: Bay Harbor Wolves Vol. 5

Author: B.A. Stretke

The course of true love never did run smooth...

Master Emmanuel Cabot, founder and Master of the Mission Vampire Coven on the Old Mission Peninsula, is somewhat of an enigma to the other paranormals who live in and around Eastport. The tales of his conquests are fearsome; he was a medieval warrior of legend but now keeps to himself behind the thick walls of his Chateau. The Vampires of the Old Mission Peninsula are renowned for their wine and their skills in battle. The Coven lands are a place that few ever venture, and one would never do so uninvited. Everything changes the moment that, while walking his vines as he has done for decades beyond counting, he finds himself staring into the chocolate brown gaze of a young wolf shifter. The world slides on its axis, and Emmanuel finds himself ready to undo decades of tradition. Taylor Bond will be his consort.

Taylor Bond hasn't had the easiest life, but he has atoned for the mistakes of his youth and has earned himself a valued place in the Bay Harbor Pack and the trust of his Alpha. When his parents left to join his traitorous brother at another pack, Taylor stayed to atone for his wrongs and clear his name. He holds a special place in Alpha Henrik's life. Taylor can see the path before him as he plots his rise through the ranks of the Pack. Everything stops when he lays eyes on the intriguing man walking among the vines at the Mission Coven. His friend, Sam Cabot, brought him on a special tour of the Vineyards. He expected to learn about winemaking, not meet his fate-chosen mate.

The path is far from smooth. Old prejudices die hard, and the undercurrent of mistrust is hard to break. There are forces aligned against them both who would rather see blood in the streets than a happy union.

Settle for Nothing (Desert Homesteaders Book 2)

Author: Susi Hawke

What do I want in a mate? Absolutely Nothing.

Silas Jones has no interest in getting a mate, fated or otherwise. At twenty-two, he's alone in the world... or would be without the quirky pack of desert homesteaders who've become his family. Who needs more than that? Not Silas. Everyone else can partner up and risk loving the wrong person, he's not judging. To each their own, but it's not what he wants for himself. Ever. Nope, Silas is quite happy being a lone coyote. Maybe one day it'll stop feeling lonely in the wee hours. Or he could get a dog.

Daniel Atkins never planned to add stalking his fated mate to his to-do list. But what's a guy to do when his fated mate takes one sniff in his direction and turns the other way? He's dying to get all the info on Silas, see what makes him tick and figure out why his mate is so skittish. But first, he needs to get his inner beaver

to calm down and stop demanding they keep eyes on their omega. If Silas is in danger, Daniel needs to be on guard. Hmm... is it really stalking if he's keeping a protective watch?

Return to the hills above Cottonwood, Arizona where every shifter has a bit of special magic and the pack of homesteaders, preppers, and loners who are a lot nosier about each other's lives than they'd care to admit. Because no matter their differences—pack means family.

This 31k novella is the second in this short-read series. This world contains mpreg, but won't have a birth in every book due to the short timelines. Be prepared for side-splitting laughs, a few tears, shifter-on-shifter violence, and a group of people who know that family always comes first. Also, all the feels you'd expect from a Susi Hawke original. See expanded blurb inside book for possible triggers.

Love Me Again (Stonewall Investigations: Blue Creek Book 1)

Author: Max Walker

AUSTIN ROMERO:

No one's fast enough to outrun grief.

Trust me, I've tried. I ran away from the city and took a job as the lead detective back in my old home town of Blue Creek, New Hampshire. I expected to bump into past ghosts, but I never expected those ghosts to reopen old wounds.

The biggest ghost of them all: Charlie Marsh. The man who pushed me out of this town in the first place.

He was also the man who had stolen my heart when we were teens, and who now couldn't even remember a single day we had spent together.

Which makes it exceptionally awkward when he becomes my first client.

CHARLIE MARSH:

An accident stole seven years of my memories, robbing me of experiences, lessons, people.

It robbed me of my first love. I couldn't remember who Austin even was, much less when and where we shared our first kiss. So when I bumped into the most jaw-droppingly handsome man I'd ever seen, I had no idea we already shared an entire galaxy's worth of history between us.

Second chances aren't always easy, and this one only gets more complicated after finding out that my 'accident' wasn't an accident at all, and it seems like someone wants to finish the job.

Good thing I've got a hot detective's number on speed-dial.

Rookie Mistake (Sugar Land Saints)

Author: Baylin Crow

The straight rich jock would never date his family's gay hired help, right?

Colton:

Crushing on the town's star football player is a bad idea for a few reasons. One, Logan's straight. And has a girlfriend. That alone makes anything between us impossible.

Two, living in the guesthouse with my family on his parents' estate, I'm really just the unnoticed lawn guy. Our social status difference is night and day.

Those reasons are now irrelevant, because I'm determined to get over this pointless infatuation I've harbored for Logan Kelley for years. He's more of a jerk than I realized.

Logan:

There are three things people know about me. I'm a Saints tight end. My bank account stays fat with cash. I have a girlfriend, Jules.

What they don't know is that I'm gay, and Jules is actually my childhood best friend who's been doing me a solid in a mutually beneficial arrangement.

Colton Lockhart has been the one person I've wanted, but he doesn't know that. When I come home for a week during the summer, I'm ready to tell him and have it all planned out. Except I immediately blow my shot with him.

It's safe to say that although years of playing on the field have made me a seasoned athlete, in relationships... Well, I have zero experience in dating. Or anything else for that matter.

I hope he'll chalk it up to a rookie mistake and give me another chance.

Rookie Mistake is a low angst, high heat Sugar Land Saints novella that takes place where book three ended

Hot as Heller: An Aster Valley Novel

Author: Lucy Lennox

The man asked me to valet his damn car.

Look, I left LA for a reason. I've had my fill of big Hollywood stars and their even bigger egos. I want something genuine. Something *real*. And it doesn't get any realer than being the new sheriff of Aster Valley, Colorado.

That is, until entitled Finn Heller appears on the scene, handing me the keys to his convertible like I'm his personal servant.

The former child star and wannabe action hero is the hottest thing I've ever seen. He's also a snarky party animal with legions of adoring fans and attitude for days.

Or so I thought.

The longer the film crew stays in town, the more I begin to wonder if Finn is hiding his true self, one that's as beautiful inside as out. He's a star alright, but the kind that shines bright enough to light up the night sky... the kind I want to make a wish on.

A wish Finn will find a way to make things work with me, even if it means his next role is my very own leading man.

Secrets in Smoke: An M/M Mpreg Shifter Romance (Dragon Firefighters Book 2)

Author: Ashe Moon

Thomas is the captain of the Watch, a rank reserved for only the strongest human alphas. But he holds a deep secret: *He's an omega*. When he's forced to partner up with his rival and number one nuisance, the dragon firefighter Rainor, Thomas struggles to keep his natural scent hidden from the alpha's sharp senses.

Rainor has never had much respect for the humans—especially Thomas, whose men can never seem to keep the town safe without the help of him and his dragon flight brothers. If he's to teach Thomas the art of firefighting they're going to have to break down some walls—even if that means exposing sides of themselves they've never revealed to anyone else. But Rainor quickly learns there's far more to this human "alpha" than meets the eye—and nose! Can he keep it a secret?

Secrets in Smoke is the second book in the Dragon Firefighters mpreg series. It expands on characters and story introduced in book one, and while it can be enjoyed as a standalone it's recommended you read *Daddy From Flames* first. This book features enemies-to-lovers, in-the-closet and identity themes, an industrial fantasy setting, pregnancy, a human toddler, family moments, friendship and loyalty, a dragon on horseback (and an irritated horse), drama, fun, lots of heat, and, as always, a happily ever after.

When I See You Again

Author: Daryl Banner

**They were enemies as children. They fell in love as teenagers.
They had no idea the journey that awaited them as adults.**

Caleb Fletcher was once a shy and lonely kid who desperately wanted a friend. He never dreamed that friend would come in the form of Beau Whitman, the roughhousing neighborhood nightmare on the other side of the fence.

Caleb refused to believe Beau was a bad person, no matter the cruel friends he kept, or their families' efforts to keep them apart. He knew deep down, the angry kid was lost and hurting inside -- just like him.

Beau was troubled as a child. He couldn't understand the conflicting emotions of excitement and fear within him every time he faced off with Caleb, ready to fight, his friends egging him on. It made no sense to him, that a boy whose life he tormented could still look at him with such compassion in his eyes.

What was it about these two boys that drew them together, despite every force of nature trying to drive them apart?

It would be that same question Beau and Caleb carried with them into teenhood, when emotions grew more complicated, and the fine line between love and hate blurred.

It would be their hope that drove them through their twenties, when the consequences of their pasts would catch up to them.

It would be their love that was tested into adulthood, when their lives were on the brink of achieving everlasting happiness -- or falling to pieces.

Can Beau and Caleb withstand the test of time?

"When I See You Again" is an enemies-to-lovers romance that spans a lifetime with every chapter taking place five years later. It contains potentially sensitive or triggering subject matter. Reader discretion is advised. (Full disclaimer is located in the Foreword.)

Messy Love (Stumbling into Love Book 3)

Author: Riley Hart

Danny

I'm not a guy who's looking for a serious relationship. I love the chase, and the one time I thought I wanted more, the guy bailed. When my buddy Will mentions his recently out, older brother is looking for a place to stay, I offer the spare room in my apartment. It's clear Jonathan's past did a number on him, and he's locked up tight. I make it my mission to show him how to have a little fun. What I don't expect is to start to like him...or get jealous when he goes on a date...and hooking up with him is a terrible idea...right?

Jonathan

When Dad caught me kissing a boy as a teenager, he made it clear such behavior was unacceptable, and I've been messed up about it ever since. I'm over thirty, yet from Danny's viewpoint, I'm a *baby gay*, which should be more annoying than it is. He's got me playing on a queer baseball team, making friends, and wanting things I never thought I'd want, like pursuing my art—and him. I definitely want him.

Problem is, I can't get rid of the unwanted voices in my head, my relationship with most of my family is a disaster, and every time Danny touches me, I come apart, finding myself wanting more. Danny doesn't do relationships, he's my brother's friend, and I have a slew of hang-ups. All of this makes things...*messy*.

So then why can't we keep our hands off each other? Why is he taking me on dates and looking at me like we could have more? To get there, we'll need to put our pasts away for good, and have a lot of trust, not just in ourselves, but each other.

The Endgame (Atlanta Lightning Book 1)

Author: Riley Hart

Weston
When I left home, I swore I'd never hide anything about myself again. From college, to law school, to the United States Senate representing California, I've done it all as an out gay man. So, when I'm in DC and see a beautiful guy at the hotel bar, I don't hesitate to proposition him...right before he runs out on me, leaving his sunglasses behind like my very own Cinderella.

Anson
I've always known I'm gay, but never acted on it. Pretending isn't easy, but it means I can keep playing football. No one has ever guessed my secret until the gorgeous man at a bar in DC. At least he doesn't know who I am—the best tight end in the NFL, playing for the Atlanta Lightning. Though my identity doesn't stay a secret from him for long.

Between texts and late-night phone calls, we get to know each other. West's the only person who knows all the parts of me, just like I know his. When he asks for one night together so he can show me what it's like to be with a man, I can't say no. But once isn't enough, and we keep sneaking around together—brief encounters, in California, Georgia, or DC, filled with passionate touches and whispered truths.

I never thought I'd have love. West never thought he'd want it. Now we're all in with each other, but he still has time left in his Senate term. I have contract obligations to fulfill, and I'm closeted. We don't even live in the same state. The odds are stacked against us, but if there's one thing I know, it's how to win. He's the endgame in the biggest challenge of my life, the one I'm banking my future happiness on.

Protecting His Own (Guardians Of The Pack Book 1)

Author: Aja Foxx

~ Jackson ~

When life at home became too risky, I accepted my aunt's invitation to move to her ranch on the other side of the country. It would have been perfect if my aunt hadn't died a month after I arrived and left me her ranch. Now, I had to figure out how to run a ranch... and why a sexy stranger on a motorcycle has moved himself into my house.

~ Ze'ev ~

I was born a dire wolf. Our sole purpose in life was to protect our pack. We didn't get mates. We didn't have lives of our own. We had nothing except our duty. Well, screw that. I left my pack years ago, refusing to conform to the rules set down by the shifter council. Imagine my surprise when I find myself intrigued by a human I met in passing. Unwilling to pass up an opportunity to get to know him better, I move myself into his house. What better way to discover why he smells so damn good?

When danger knocks on the front door and Jackson is attacked, who better to help me protect him than other dire wolves. It might be my only chance to keep him alive, even if it means I have to form my own pack.

## Galen (Sons of the Fallen Book 1)

What's inside the box, and why do the demons want it so badly? One thing is for sure... Simon can kiss his peaceful, ordinary life goodbye.

*Book 1 in the Sons of the Fallen series. A low-angst urban fantasy MM romance featuring a grumpy half-angel and the human he swears he doesn't like (he's lying), seven warriors representing the deadly sins, a seaside mansion where they all live, banter, a snarky demon, and a HEA.*

It was one night. I was never going to see him again, and from the second we spoke, I knew he was interested. It was there in his eyes, the same fire in my veins. It was there in his voice, whenever he said my name.

## **The Single Dad: Red's Tavern, Book 4**

**Author: Raleigh Ruebins**

**As a newly single dad, I had hard rules. And a sensitive, smoking hot military vet is breaking every last one....**

I've always had everything figured out. Dream job? Check. Three beautiful kids? Check. Married my high school sweetheart? Check.

...Until my marriage fell apart. Now I only see my kids for half of each week, and for the other half I'm left alone in my big, empty house, figuring things out all over again in my thirties. My rules were simple: no hookups for two months, no dating for a year, and nobody meets my kids.

I blew right through that first rule with Luke.

He's got deep eyes, beautiful tattoos, and a big, wounded military vet's heart. At night I'm also chatting online with a guy that feels kind of like home, but is totally off limits. I find myself wishing... hoping?... that he might even *be* Luke.

Before long Luke is flexing his handyman skills, helping me fix up my house and transform my life into something that feels like home again, too.

We have baggage the size of mountains, and pasts that haunt us.

But we both know that nothing is serious... so what's the harm?

## **PUSH**

**Author: Nyla K**

To the unassuming observer, Ben Lockwood is your typical, suburban dad. Aside from the fact that he's only thirty-six and his daughter is a sophomore in college. He and his wife, Jessica, had their only daughter, Hailey, when they were in high school. So you can imagine the unease Ben is feeling when said daughter brings her new boyfriend home for Thanksgiving... To stay, in their house, for the whole weekend.

Ryan Harper, otherwise known as The Boyfriend, is every dread Ben's ever had in his daughter dating come to fruition. There's nothing wrong with Ryan. He's polite, smart, and charming... He doesn't have any neck tattoos or facial piercings, and he drives a BMW. But still, he's dating Ben's daughter. That makes him a threat.

It's in Ben's best interest to keep an eye on the kid. You know, to make sure there's no funny business going on under his roof. Unfortunately for him, the tension in the house is less about Ryan being his daughter's boyfriend, and more about him being a strangely intriguing human.

And soon enough, Ben can't tell if he's watching Ryan to protect his daughter's innocence, or obliterate his own. It seems like the boring married-guy image isn't going to hold up for long... Not after this bizarre, life-changing weekend.

What are these new, strange feelings and desires? Where did they come from? And why do they have to center around what belongs to his daughter?

Ben and Ryan's situation couldn't get much more complicated... Until Jessica steps into the mix.

An unexpected push is all it took for their lives to change forever.

\*\*\*PUSH by Nyla K is a label-free HEA love story. It contains infidelity triggers, which do work themselves out, so I urge you to give it a shot. MM turns to MMF, in a very steamy, unexpected romance that will make you laugh, maybe cry, and definitely swoon. The theme of love is love is key here, so there aren't many defining, or coming out moments. That being said, this book does explore male-male bisexuality, pansexuality and polyamory, but in a very casual, unassuming way. If MM and MMF are not your cup of tea, then steer clear. However, if you're looking for an open-minded tale of taboo and forbidden romance that ultimately works out for its characters, then this book is for you!\*\*\*

## **Forgotten: Luca (The Four Book 1)**

**Author: Sloane Kennedy**

I left him behind because I had no choice...

That's what I keep telling myself, but it doesn't make it any easier to sleep at night... or to drown out the words he kept repeating over and over the day we'd met: I just want to go home.

That was eight long years ago and I'd only known him as Billy, a terrified fourteen-year-old I'd had to leave behind to save someone else.

But his name wasn't Billy and he's no longer a frightened kid lost in a world where he was nothing more than a possession. His name is Remy, and while I didn't recognize him upon meeting him again, he sure as hell remembers me.

It would be easier just to turn my back on him a second time, especially since that's exactly what he wants, but there's no way I can let the tormented young man go. At least not without trying to make things right first. The problem is, even if I can make up for leaving Remy behind so long ago, I'm not sure I'll be able to walk away from him twice.

I don't know what that means, but I do know that it scares the hell out of me.

Because needing in my world comes at a heavy price... one that not even I can afford to pay.

He gave me hope when I'd had none left, but he forgot about me just like all the others... I fight. That's what I do. It's who I am.

But when Luca Covello walked into the dark, dirty room my captors were keeping me in so long ago, I'd already decided to do the one thing I hadn't in the three years since I'd been taken from my home and family.

Give up.

Then he'd been there, like a bright light in a sea of darkness, and I'd had something new to fight for, to stay alive for... the day Luca came back to get me like he'd promised.

Except he never came.

And now, eight years later, he's decided he wants to play the hero and save me. Well, I don't need saving.

Not anymore... not ever.

Along with two years of sobriety under my belt, I've got a good job, a decent apartment, and I've managed to put my past where it belongs... in the past. No one, not even the gorgeous, mysterious businessman, is going to mess things up for me. If he's come seeking forgiveness, I'm fresh out.

And if he's come seeking something else... well, let's just say that when I'm done with him, there's no way he'll forget me this time around.

## **Stud (Four Bears Construction Book 5)**

***Author: K.M. Neuhold***

**Stud: A boss, knob, or nail head...or, you know, the hot guy who's way too young to keep asking me out with that adorably earnest smile...**

It's been three years since West walked into my bar and asked me out for the first time. I was relieved he stopped asking after the first few "no"s and a way-too-good-to-be-real kiss. He's fifteen years younger than I am; it can only lead to trouble.

Of course, now he's running through people off dating apps like it's his job and wearing these lace panties that look really unfair on someone as furry and muscular as he is, and, um...what was I talking about?

I probably shouldn't sabotage his dates, but I'm only human. I might not be ready to admit that I want him, but I'm definitely not ready to let anyone else have him either.

He's too perfect, too hot, and I am in way too much trouble...

\*\*\* Stud is a friends-to-lovers, construction-worker-in-panties, omg-so-much-swoon story that happens to be the fifth book in the Four Bears Construction Series. Every book in this series CAN be read as a stand alone, but they're a lot more fun together!

## **The End Zone (Atlanta Lightning Book 2)**

***Author: Riley Hart***

### **Jeremy**

Seeing my best friend West, happy with his fiancé opened my eyes to things I've been missing in my own marriage. My divorce, which was amicable, followed. Strangely, at West's wedding, I find myself confiding in Darren, the straight, confirmed bachelor and star quarterback of the Atlanta Lightning. Darren is a *full-steam-ahead* kind of guy, and one talk leads to hanging out, swapping phone numbers, and pranking West and Anson while they're on their honeymoon. When I head back to California, I expect our chats to end, but I couldn't be more wrong.

### **Darren**

I still can't say how it happened, how a random decision to strike up a conversation with Jeremy turned into...whatever this is. All I know is, months later, my days aren't complete until we tell each other good night. Whether it's on our calls or when he flies to Atlanta, we talk about everything, lying awake together half the night. Jeremy's got me feeling...*different*. If it was just my newly discovered bisexuality, that'd be one thing. I'm not one to stress about being into a man for the first time. It's the other stuff, the way he makes my pulse race and my heart swell, that's throwing me for a loop.

I didn't think I was made for relationships, thought something inside me was broken, but I want it all with him. Except, it feels like as soon as we make it past one obstacle, there's an even bigger one waiting for us. We just have to keep our heads in the game and our eyes on the prize, to make it to the end zone, before one last tackle takes us down for good.

## **Foreseen: Lex (The Four Book 2)**

**Author: Sloane Kennedy**

LEX

**Even if I wasn't losing my sight, I never would have seen him coming...**

I've known my fate for years, but I wasn't willing to accept it. But as the light in my eyes dims a little more each day, I have no choice but to adapt.

Or not.

The secluded cabin in the north woods of Maine is supposed to be an escape... a place where I can figure out how to move forward with my life... to find out if I even can.

But then he shows up and suddenly I'm facing a new fight...

GIDEON

**He wants to be left alone? Fine by me. But I'm not going to watch him just give up...**

Wanting to be left alone, that's something the guy and I have in common. But that's about it. As far as I'm concerned, he's just another rich city boy playing at living off the grid for a while. He's got no idea what it really means to be alone.

My job is to take care of the cabin he's staying in and that's it. It doesn't matter that I can't stop thinking about why he looks so damn broken or wondering why he stirs something inside of me I thought long dead.

But try as I might, I can't stay away from him, just like I can't watch him give up on himself. He may be losing his sight, but I won't let him lose himself.

I won't let him become like me...

\*\*\*Although this book is part of a series, it can be read as a stand-alone\*\*\*

**He has no idea how badly I want him.**

Back in high school, Mitch protected me from bullies and was at my side through tragedy. It didn't matter that he was a football star and I was a mathlete, or that I was gay and he was straight. We stuck together like glue--until he married a girl and ran away.

When he starts bartending at the only local gay bar, I'm screwed. Red's Tavern is my haven, but how can I fake it for other guys when I'm in love with the big jock behind the bar?

Then Mitch invites me into his bed, saying it's just for fun. But I'm addicted to him the second his body is on mine.

I've done the math a million times. I know the odds are bad, but I know I want him.

## Drilled (Four Bears Construction Book 7)

**Author: K.M. Neuhold**

**A month in a remote cabin with the last man I ever expected to see again? I can't decide if I should punch him or drill him. it might end up being both.**

After more than a decade, the last person I expected to see walk into the Four Bears Construction offices as a new hire was Ridge.

He was my first crush, and my first heartbreak when he started dating my sister. When he left her at the altar without so much as a note, I wrote him off for good.

No amount of excuses and explanations can erase what he did. At least that's what I keep telling myself. But when we end up being sent to a remote campground alone to spend a month rebuilding the cabins, it's too easy to remember why I fell for him in the first place.

I know the guys are all taking bets on how long it takes us to start playing with each other's tools.

It's going to be a long month.

\*\*\* Drilled is a forced proximity, best friends-to-enemies-to-lovers, hilarious and steamy, final book in the Four Bears Construction series. It can be read as a stand alone but you won't want to miss this whole hilarious and hot series. No bear shifters, only the other kind of burly, hairy bears

## Redemption: Lions of Locust Falls 1

**Author: Jayda Marx**

Talon - I cocked up. But it wasn't like my normal cock ups, which happen way more often than I'd like to admit; this was the cock up of a lifetime. I was feeling restless and frustrated, and decided to blow off a little steam with a random hookup in the bathroom of a gay club. That's not so bad, right? Well, it wouldn't have been, if my mate didn't choose that exact moment to walk in.

Yep, my mate, the man I'd waited my entire lifetime to meet, the one whom I was destined to love and protect for all eternity, caught me in the act with a stranger.

Talk about a great first impression. And when I tried to approach him to apologize, he pepper sprayed me and ran away.

I can track him easily enough, but how do I explain myself when he won't speak to me? How do I show him that we're meant to be, or that I'm loyal and trustworthy when he probably thinks I'm just a dirty man-whore? Oh, and as if that isn't difficult enough, I need to tell him that I can turn into a lion. Time is running out to claim my mate and luck is certainly not on my side.

\*This M/M paranormal romance is a fun, light and fluffy quick read, and contains a misguided but endearing lion shifter and his adorkable fated mate. It is low to no angst, has no cliffhangers or cheating, and features a very happy HEA. Look out for a healthy dose of humor, heartwarming moments, and steamy scenes!

**Author: Aster Rae**

**Nikolai is a dangerous hitman. I call him my protector.**

I met Nikolai Antonov the night he rudely demanded to see my fake ID in his Manhattan nightclub. Apparently, my baby face was too babyish to convince him I was actually twenty-one. I told him to take his demands where the sun don't shine and ran. Except one day, Nikolai swings by my ice cream parlor with an offer I can't refuse. He needs a fake boyfriend and he'll pay my college tuition to do it. Nikolai is extremely convincing and soon, I find myself burdened with very real feelings for a hitman in the Russian mob. This stone-cold killer is everything I've ever wanted, but how will Nikolai react when I call him Daddy?

*Hitman Daddy is a full-length MM Mafia Daddy/boy romance with an age gap, lots of laughs, and a super-sweet, totally swoony, give-me-ALL-the-feels HEA. Not for those who don't like sweet-hearted hitmen or silly boys who are allergic to sleeping without their stuffies.*

## **Goal Lines & First Times (CU Hockey Book 3)**

**Author: Eden Finley**

**COHEN**

It turns out making out with my best friend in high school could be considered gay. Who knew? Apparently, everyone but me.

Now that it's been pointed out, I can't help reliving it in my head. Repeatedly. Goodbye Denial Town, hello Confusionville.

When my path leads me down the gay dating app route, I don't expect to meet anyone I like, but then I meet him.

He can't be more opposite than me. He's smart, he hates hockey, and he identifies as demi—something I've never heard of.

Yet I can't deny something's there. Something I want to explore in person. If only I could get him to agree.

**SETH**

All my life, I've felt broken.

Sick of being asked if I could be gay by ex-girlfriends, friends, and even my parents, I join a gay dating app to prove a point.

I don't expect to find what's always been missing. A real connection.

The problem is, I'm too scared to meet him in person. He's a hockey player, and I fear when he finds out my twin plays for the NHL, I'll be overshadowed by my overachieving brother. Again.

Worse yet, what happens if we meet and that connection isn't the same?

When I tell him I'm not ready, he's disappointed but supportive. Fate, on the other hand, isn't as accepting.

I had no idea the person I've been falling for is someone I already know.

## **The Oak Wood Throne (San Amaro Investigations Book 2)**

**Author: Kai Butler**

**A new case won't solve Parker's old problems...**

Parker Ferro needs a vacation. His boyfriend is MIA on a high profile murder investigation, the fae courts have him on call at all hours, and he's still cleaning up the mess from his last big case. Of course that's nothing compared to the demands of the debt he owes the spirit of San Amaro.

So when a wealthy new client contacts him to locate a stolen fae artifact, Parker's hoping for a simple job. That the artifact in question looks eerily similar to the one that got him involved with a notorious criminal and almost ruined his life last year has no bearing on the decision, right? Not to mention the thief's ability to

enter high security areas without a trace and a few very suspicious deaths.

As his life continues to spiral out of control, Parker has to juggle what's most important to him: his relationship, his need for revenge or his life. Then again, no one said becoming the new Windrose would be easy.

*The Oak Wood Throne is a 118k MM urban fantasy with a HFN ending and an ongoing storyline.*

## **Ben's Boss: Maine Men, Book Two**

**Author: K.C. Wells**

*"Pearson's a common name."*

*"It can't be him."*

*"God wouldn't be that cruel."*

### **A painful history**

Walking into the job interview confirms Ben White's worst fears. It's been eight years since high school, yet he can still recall Wade Pearson's taunts.

There's always a chance Wade isn't the same homophobic asshole Ben knew. Yeah right.

Except the boy Ben remembers has grown into one seriously hot, brooding man. In another life, Ben would have climbed him like a tree. Wade's gaze still makes Ben shiver – although now for entirely different reasons.

### **A secret longing**

As soon as Wade read Ben's application, he knew he had to see him. Ben's still as gorgeous as Wade remembers. It's obvious he doesn't expect to get the job, given their history.

But Wade has an agenda. He has to make it up to Ben for treating him so badly – not that Ben will ever know why he acted like he did. Seeing him every day only heightens Wade's regret. If he'd had more courage back then, maybe he and Ben could have been something.

The least he can do is show Ben he's changed.

There's no way Wade can get what he really wants – Ben's heart.

Reindeer Games Definition: activities to exclude outsiders

Industrial-art student Leif Caldwell and his best friend win tickets to the hottest party in town, the annual masquerade Christmas gala at the upmarket nightclub, Evoque. Not a gig they could ever afford to attend or buy costumes for, so Leif makes their masks. Given the holiday theme and the play on words, he makes a set of striking reindeer antlers and intends to have the night of his life.

Vintage Ridge's resident millionaire and owner of Evoque, Russ Quarrington, hates the holiday season because it reminds him of everything he's lost. All the money and success in the world can't fill the void in his heart, and this year he's particularly bereft. With the gala looming, his personal assistant insists Russ attends and that he wear a mask that offers anonymity, and hopefully find some festive cheer. Bored with the guys in town and tired of men only wanting him for his money, he reluctantly agrees.

But when Russ sees a mysterious man with a magnificent reindeer antlers and mask, he's instantly intrigued. Even when their masks are removed, Leif has no idea who Russ really is, and what Russ discovers is a man who understands him. And for the first time ever, a man who doesn't want what Russ has. ## Sweet as Honey: An Aster Valley Novel

**Author: Lucy Lennox**

When I rode my bike into Aster Valley, it was supposed to be temporary. A quick, relaxing visit with friends. No entanglements. Zero drama.

But then I saw the bumblebee being harassed on the side of the highway.

More specifically, I saw Truman Sweet, Aster Valley's resident botanist, spice merchant, and bee-costume enthusiast, being harassed. And the second I got involved, all my plans for a quick departure scattered like pollen on the breeze.

It turns out that Truman—adorably shy, relentlessly sunny, hot as all heck, reluctantly-still-a-virgin Truman—has secrets. Secrets someone in this charming small town doesn't want brought to light. Secrets that rouse every one of my protective instincts just as surely as his kisses rouse... other parts of me.

And before I know it, I'm thinking being entangled might not be so bad... if it's Truman I'm tangled up with.

I'll do whatever it takes to protect Truman from the dangers in his past, but after a lifetime of loneliness and disappointment, how can I possibly convince him to trust me with his future?

My name is Phoenix Michaelson, and I am **the boy who loved Wicked**.

## **Summons: A demon/mage story (Quirk of Fate Book 1)**

**Author: Lisa Oliver**

**Summons**

***The first in a new series of standalone stories where our lovely men find their mates in the strangest of circumstances. It has to be Fate, right?***

Edward Rosen, level ten mage, hadn't reached the end of his tether – he was hanging from it. After a hundred and twenty-four years of living under his parents' rules, Edward decided the only way things could change, was if he got married. The only problem was that the wedding was meant to take place in a matter of hours and Edward hadn't met his groom yet.

Mammon, Prince of Hell, was doing what most demons did when they were bored – he was playing poker. When an unbeatable hand is foiled by a summons, he's not impressed. But rules are rules and Mammon followed the summons, determined to get back to his game as quickly as possible.

Marrying was just the first hurdle. Coping with the demands of Edward's family, a curse, a prophecy, and four hellhounds took a lot of work. Clara's having a ball, but what's with all the toothpicks and where did the dragon come from?

Summons is a 50,000 word story that's a classic example of what happens when the author's muse runs amuck. But like all of Lisa's stories, it contains fated mates, a spot of humor, and intimate situations between two men that are only suitable for readers eighteen years and older. HEA is guaranteed.

I've barely spoken two words to him in the whole time I've known him, but the second I step foot on campus, he's impossible to shake.

I want to give in to him, but that might mean coming clean about something I've never been bothered about before.

I'm still carrying my V-card.

And I think it's time to turn it in.

I should have known my freedom from Mercer would only last so long before my pack was hunted down and I was dragged back into it all. It's suffocating being back in this place that twisted my shifter side forever and threatened to change who I am. But this time is different.

Because I'm not alone.

As threats to us and our pack pile up, I'm forced to rely on Graham, the overly protective shifter I feel a strange pull toward. We know we have to get away to warn the others of what's to come, but with Mercer's shifters breathing down our necks, we're being thrust into a fight for our lives. We are determined to make it back to the pack and tear down the threat before it consumes all of us.

### **Graham**

I've literally never met a more stubborn man in my life than Emery, yet I can't get him out of my head. He covers up his insecurities and concerns with snark and teasing, but I know that underneath it all is a man who just wants someone to give him a chance. And I'm prepared to be that person if we can fight our way through this. First, we have to escape the threat left behind by Mercer, but escaping isn't enough. We need to destroy everything the group's ever worked for to keep each other and our pack safe.

*Join Graham, Emery, Rowan, and Quinn for the exciting conclusion to the Winsford Shifters trilogy. This series contains action-filled romance with a dash of comedy, and should be read in order.*

## **Right as Raine: An Aster Valley Novel**

**Author: Lucy Lennox**

### **Tiller:**

As the first openly gay professional football player, I can't afford to make any mistakes, on or off the field. And the absolute biggest mistake I could make right now would be to fall for Mikey Vining, my best friend, employee and, more importantly, Coach's baby boy. I might fantasize about Mikey at night—*every* night—but actually touching him would be a serious personal foul.

And falling for him? That's completely out of bounds.

### **Mikey:**

I've learned my lesson about falling for one of my dad's players. They're a bunch of spoiled jocks with more muscles than brains. I've spent years learning to keep my eyes, and my hands, to myself. But resisting the temptation becomes nearly impossible when Tiller Raine and I end up together in a small cabin in a remote Colorado town.

Suddenly, there's not much to do but look at each other. And talk. And hopefully, *hopefully* touch.

But what happens when our stay in Aster Valley is over and it's time to return to the real world? Will Coach blow the whistle on our relationship? Or will Tiller admit there might actually be something he loves more than football after all?

## Brave Boy (Perfect Boys Book 2)

**Author: K.M. Neuhold**

**As long as LonelyDaddy is on the other side of the computer screen, there's a chance he could be the man Emerson has been dreaming of.**

I've gotten used to being alone, to disappearing inside the fictional worlds between the pages of a book and letting my lonely life fade away. Books have never judged me for the stutter I can't control. Books have never abandoned me. Books have never let me down. Then again, books have never hugged me or told me they loved me either, so my plan is far from perfect.

The first time I lay eyes on the tall, red-haired Kiernan with a beard for days and shoulders made for scratch marks, I wanted to crawl onto his lap and call him Daddy. The only problem is, I can never seem to string two words together around him... Heck, I'd be happy to manage to get even one word out, like maybe "yes," preferably over and over again.

I thought making an online dating profile would be the hardest part, but it turns out getting up the courage to meet the man I've been messaging is even more difficult.

Could LonelyDaddy be Kiernan? And if he is, is there any chance he'll want to keep me? Can I be his brave boy?

\*\*\*Brave Boy is the online love-sweet, ginger Daddy—totally swoony—second book in the Perfect Boys series and can be read as a stand-alone.

## Face Offs & Cheap Shots (CU Hockey Book 2)

**Author: Eden Finley**

**JACOBS:**

For the last three years, I've lived and breathed hockey with one goal: team captain. There's only one thing standing in my way.

TJ Beckett.

Beck is irresponsible and immature, and I've hated him since the moment we met freshman year. Yet, the coaches see something in him I obviously can't, and they refuse to choose between us.

The captain spot is going to a team vote.

And the team thinks that what we need are a bunch of challenges to prove our worth. Challenges that have nothing to do with hockey. Challenges that are throwing me and Beck together.

And he's still as infuriating as ever.

**BECK:**

I have no idea why Christopher Jacobs hates me, and I can't say I care.

I like pushing his buttons, but the guy needs to loosen up. I'm going to win these stupid challenges easily and spend my senior year as hockey king on this campus.

Tormenting Jacobs at the same time will just be a bonus.

Even if I'm getting confusing feelings toward him, I won't let it hold me back.

When it comes to competing, I'm all in, and nothing will get between me and the W.

## Rule of Law (The Goode Life Book 3)

**Author: Isla Olsen**

**Lawson**

I have one rule when it comes to my sex life: I only hook up with guys who identify as straight. It's a tried and tested way of avoiding the cling factor, which I've found to be a huge problem in the past. A one-night stand with a curious 'straight' guy is the perfect situation: no strings, no mess, no dodging unwanted texts and phone calls.

Is it the most healthy way to handle my commitment issues? Probably not, but it's what I've got right now.

Of course, there's one straight guy who's completely off-limits. And because irony's a bitch, he's the one guy I just can't stop thinking about...

George Goode is sweet, charming, hilarious, and sexy as hell. And he's also become one of my best friends since I moved to the tiny town of Finchley about a year ago.

But let's make one thing clear: I do not have feelings for him. I don't get feelings. I'm not wired that way. I just think about him all the time, I miss him when he's not around, and I seem to spend a lot of my time daydreaming about snuggling on Sunday mornings and visiting farmers markets together. All totally, one hundred percent normal stuff to be thinking about one of your best friends...right?

You'd think, given everything, that when George decides to express a little curiosity, I'd be a hundred percent on board. But for some reason it's not quite as simple as all that...

*Come visit Finchley, CA, where the sun's always shining, the locals are always gossiping, and you won't walk two steps without bumping into a member of the Goode family. If you're lucky you might find gold; or, even better...true love.*

**Author: K.M. Neuhold**

**My new neighbor is a total tool**

He hated me from the second he laid eyes on me, and I don't have the first clue why... But, if he wants to hate me, I'm happy to give him a few reasons: mowing

the lawn at dawn on the weekend, leaving garbage cans in front of his driveway, renting a petting zoo for my backyard...making a list of ways to drive him crazy is half the fun.

He deserves it with the way he's driving me crazy right back without even trying— walking around without a shirt on, sweaty rippling muscles on full display, well-worn denim jeans perfectly molded to his...well, you get the idea.

My point is, if he wants a war, I'll give him one.

## **Muscle and Bone**

***Author: Mary Calmes***

You belong to me and I know it down deep, in muscle and bone, where my wolf lives.

Avery Rhine isn't an average homicide detective with the Chicago PD. In fact, Avery isn't an average anything. Sure, as an omega he knows he's at the bottom of the food chain, but that's never slowed him down. He's got a great life, complete with a loving family and a best friend who'd take a bullet for him, so what more could he possibly want or need? Except, maybe, for the world to change. And to find someone to spend more than one night with, but that isn't high on his list of priorities. He's never been one to believe in destiny or whatever else the fantasies sell about there being someone special out there meant just for him.

Then a chance encounter at a party changes everything.

Graeme Davenport has no delusions about finding his true mate. The consensus is that if an alpha doesn't find their other half by the time they're thirty, the chances of it ever happening go from slim to none. He's not a mere alpha, though; Graeme is a cyne who sits at the pinnacle of lupine hierarchy, so he's obligated by tradition and duty to choose an omega now, sign a contract, and bond with him. Love is not part of the equation.

When Graeme and Avery meet, their fierce attraction to each other flies in the face of reason and logic. Avery's intense physical reaction to the alpha is something he's never experienced before, while Graeme, who has always been the soul of discretion, loses all his inhibitions to desire for the man he wants to possess. They are two very different men trying to navigate expectations, separate reason from innate primal drive, and do it while working together to solve a murder.

It will take everything they are to find a middle ground, and to learn to trust in a fated kind of love.

A drunken wedding to a man who already rejected me once? Check. A hefty bet about how long it will last? Check. My feisty new husband, determined to make our friends pay up? Double check.

I've never managed to make a real relationship last nearly a year, there's no way Daniel will stick around long enough to win this bet. The only problem is the longer he stays, the more the lines blur between what's real and what's for show. Does he feel it too or am I totally screwed?

\*\*\*Screwed is a woke up married, faking it to their friends but also totally hooking up, sweet, STEAMY love story that happens to be the fourth book in the Four Bears Construction series. There are no bear shifters in this series, only the OTHER kind of bears.

## **Daddy's Bite: Paranormal Age Play (Love Bites Book 1)**

**Author: Jayda Marx**

Nikolai is the master vampire to his coven, in a world where humans and paranormal beings live together in peace...usually. When a pack of rogue coyote shifters threatens the city, Nikolai answers a call for aid from the local police department; humans are no match for the speed and strength of paranormals. On his mission, Nikolai stumbles across a young man named Israel who is in need of help and terrified of the world around him. In an instant, Nikolai realizes that this precious angel is his fated mate; the one he's bound to love and cherish for all time. Israel is in need of someone to protect and nurture him; he needs a Daddy, and Nikolai, having waited nearly a millennium for a boy of his own, is his perfect match. Israel feels safe and at peace for the first time in his life as he explores his little side and places his trust in his vampire Daddy's strength and care.

\*\*This M/M romance features my take on vampires and other paranormal beings. They share many (but not all) attributes of vampires found in other fictional works. This world is different from those found in my other paranormal series, and the vampires' properties differ as well. This low angst book contains insta-love between fated mates on a fast track romance, steamy scenes, a touch of danger, and age play between a powerful vampire Daddy and his sweet human little. Together, they explore elements including diapers and latching. Thank you for taking a look and happy reading!

## **A is for Aftercare: An age-gap M/M romance (The Alphabet of Desire Book 1)**

**Author: Colette Davison**

**A famous author, a new job, and a party with a difference. Are these the makings of a perfect romance?**

### **Archie**

Never in my wildest dreams did I expect to end up working for my #1 favourite author. Nor did I expect him to love being called 'Sir'. An invite to an adult party changes everything. Will Hamish order me to my knees or throw me out?

### **Hamish**

The moment I first set eyes on Archie Morris, he becomes my secret muse. Words I've been struggling to write pour out of me. He's my PA and twenty-three years my junior, none of that matters when he shows up at my private party, ready to play. One night leads to so much more. Will Archie see beyond our differences to what I'm offering him—my heart?

*A is for Aftercare is the story of two men falling in love, while they explore their desires together, which include blindfolds, sensory play, and lots of cuddles. It's the first of three steamy, low angst novels, which follow each of the ABC triplets as they find love. You can read Blake and Corey's stories in B is for Beg and C is for Comfort.*

## **Lovers (A MMF/MM romance) (Voyeur series Book 2)**

**Author: Fiona Cole**

I loved him first.

Jake was my best friend in college-my very straight best friend, until one night he was more. He may have ran after what happened between us, but I never forgot him.

When fate puts us in the same place, five years later, he has a fiance by his side. Carina is beautiful, driven, and draws my attention almost as much as he still does.

A game of truth or dare leads to a wild night and a relationship that has all our feelings growing into something bigger than any of us intended.

But what happens when our feelings deepen? Can I handle being with two people?

If it means I can have him, I'll love them both.

## **Sorcerers Always Satisfy: A Hidden Species Novel**

**Author: Louisa Masters**

*Just because I enjoy planning and researching doesn't mean I'm not the most dangerous badass mothercracker around.*

The world sees me as boring, dependable David. And I like it that way. I *know things* and I'm *organized*. Plus, I've seen firsthand the harm a chaotic life can inflict, and I'd rather have my lists and be called dull.

Which is what makes it all the more disconcerting when a sexy elf declares his adoration and begins to "woo" me. What am I supposed to do?

Hide, mostly. It's hard, though, because Caolan and I are supposed to be working together. And he's tough to resist: sweet, competent, and so incredibly beautiful. He sees something in me that no one else does. Would it really be such a bad thing if I gave in to temptation?

But my personal life can't be the priority right now. The bad guys are gearing up to strike, and if we don't stop them, the end of the world could be nigh. I need to focus on that, not on letting Caolan show me the benefits of spontaneity. Why don't world-ending disasters come with an instruction manual?
