

Right as Raine: An Aster Valley Novel

Author: Lucy Lennox

Tiller:

As the first openly gay professional football player, I can't afford to make any mistakes, on or off the field. And the absolute biggest mistake I could make right now would be to fall for Mikey Vining, my best friend, employee and, more importantly, Coach's baby boy. I might fantasize about Mikey at night—*every* night—but actually touching him would be a serious personal foul.

And falling for him? That's completely out of bounds.

Mikey:

I've learned my lesson about falling for one of my dad's players. They're a bunch of spoiled jocks with more muscles than brains. I've spent years learning to keep my eyes, and my hands, to myself. But resisting the temptation becomes nearly impossible when Tiller Raine and I end up together in a small cabin in a remote Colorado town.

Suddenly, there's not much to do but look at each other. And talk. And hopefully, *hopefully* touch.

But what happens when our stay in Aster Valley is over and it's time to return to the real world? Will Coach blow the whistle on our relationship? Or will Tiller admit there might actually be something he loves more than football after all?

Of Secrets and Wolves (Winsford Shifters Book 1)

Author: Alice Winters

Rowan

My whole life, I've been taught to despise shifters. So when I'm hired to track two escaped convicts, I'm suddenly thrust into the world I hate—or thought I did. Yet I'm inexplicably drawn to the alpha of the pack whose land the convicts may be hiding on. He's different than any shifter I've ever met—laid back and quick to laugh, caring and protective, and makes me feel complete for the first time in my life. As secrets are revealed, I start to wonder if everything I've been raised to believe was a lie, though it may not matter because it seems like someone wants us dead.

Quinn

I'm no stranger to prejudice from humans, but it's different when Rowan comes into my life. Though I shouldn't let myself be distracted, I'm captivated by him. At first, he's stiff, fighting to keep his misconstrued beliefs intact, but as I break down the wall he's created, I'm able to show him a place among the fun chaos of my pack. After one of my pack goes missing, it leaves Rowan and me racing to bring them home, but the only way we're going to survive this is if Rowan learns to accept the bond that's growing between us—a bond that could give us the strength to put aside our reservations and give in to what both of us want.

Of Secrets and Wolves is an action-filled romance with a dash of comedy. It's the first book in a series with a continuing storyline and an HFN.

Daddy's Bite: Paranormal Age Play

Author: Jayda Marx

Nikolai is the master vampire to his coven, in a world where humans and paranormal beings live together in peace...usually. When a pack of rogue coyote shifters threatens the city, Nikolai answers a call for aid from the local police department; humans are no match for the speed and strength of paranormals. On his mission, Nikolai stumbles across a young man named Israel who is in need of help and terrified of the world around him. In an instant, Nikolai realizes that this precious angel is his fated mate; the one he's bound to love and cherish for all time. Israel is in need of someone to protect and nurture him; he needs a Daddy, and Nikolai, having waited nearly a millennium for a boy of his own, is his perfect match. Israel feels safe and at peace for the first time in his life as he explores his little side and places his trust in his vampire Daddy's strength and care.

****This M/M romance features my take on vampires and other paranormal beings. They share many (but not all) attributes of vampires found in other fictional works. This world is different from those found in my other paranormal series, and the vampires' properties differ as well. This low angst book contains insta-love between fated mates on a fast track romance, steamy scenes, a touch of danger, and age play between a powerful vampire Daddy and his sweet human little. Together, they explore elements including diapers and latching. Thank you for taking a look and happy reading!**

Grumpy Bear: A Bear Camp Novel

Author: Slade James

Hooking up with an employee is not on my to-do list.

Making sure other men have a good time is my business, even if it means suppressing my own desires. It's opening weekend at my clothing-optional campground, guests are starting to arrive, and I've got a pool party and a few hundred peoples' vacations to save while battling Mother Nature's tantrums.

The last thing I need is a temporary employee who can't even put up a tent.

Luke Cody's not my type. He's too young, too pretty, and too much like my late partner. Another flaky musician? No thanks. But when a storm blows down his campsite, I can't just leave him outside and soaked to the bone. Now he's staying in my cabin, sleeping in my bed, and worst of all, he's completely ignoring the proverbial sign over my head that says Grumpy Bear: Do Not Approach.

I'm not quite as immune to his charms as I want him to believe, but he'll only be here for a few days.

Nothing's going to happen...

Grumpy Bear is a boss/employee, grumpy/sunshine romance set at a gay campground full of bears. (Not shifters; the other kind of bears.) It's the first full-length book in the Bear Camp series and can be read as a standalone.

Home Plate (Easton U Pirates Book 2)

Author: Christina Lee

Dominic Girard

My final baseball season with the Easton U Pirates feels bittersweet. I'd like to go out on a high note, graduate, and focus on the family business. But a certain pitcher is making senior year a challenge. Not only because Maclain is stubborn as hell, but because he makes me feel things I never have about another guy. With each snarky comment and hard-won grin, he reveals a little more of himself, and before I know it, I'm in over my head.

Mason Maclain

I'll be graduating college this year, which also means the end of baseball, a sport I've played my entire life. It feels like a significant chapter is coming to a close, leaving behind a void I'm unwilling to face. Something else I don't want to face? The impossibly charming Pirates catcher, whose quick wit and killer smirk poke holes in all my defenses. With each lingering look and quiet exchange, I want to push him away and pull him closer at the same time. I've never felt this intense draw before, and there's no way I'll ever admit it.

When Coach proposes a team-building activity to improve our chemistry on the field, little does he know things are heating up behind the scenes as well. A flicker of a connection sparks into a firestorm, and soon Girard and I are experiencing things for the first time—together. But outside the haven of our hotel room, reality infringes all too soon. I'm clinging to my fraying relationship with my dad, and for Girard, coming out is still scary, loving family or not. Resisting the pull to Girard seems futile, but I struggle at every turn. Any longer and I'll lose the only person who makes my pulse thud quicker than a fastball over home plate.

There's a pitcher-and-catcher joke in there somewhere.

By the Numbers (Love Logic Book 3)

Author: K.M. Neuhold

Two hot roommates, minus clothes, plus a drawer full of debauchery, and a WHOLE lot of tension. You don't have to be a math genius to figure out the sum of that equation.

They say I'm a super genius, but would a super genius make the outrageously stupid mistake of falling for his roommate?

Out of all the men in the world, I had to go and develop a crush on the one who's already in love with his best friend.

But when Theo tells me he found my drawer of toys, the only logical thing to do is to offer some no-strings fun.

I've read enough romance novels to know this can't possibly end well, but I can't seem to stop myself from falling for Theo.

The only question is...

Will he be there to catch me?

***By the Numbers is a low-angst roommates to lovers to HEA story with plenty of heat and lots of swoony moments. It's the third book in the Love Logic series but can be read as a stand alone

So when my brother suggests a service dog, I figure I don't have anything to lose. The last thing I expect is for the dog to come with a cheerful, quirky trainer I can't get out of my head...

I'm too screwed up for love, but a chance to explore a side of myself I didn't realize existed until recently is too good to pass up.

But the more I get to know Julian, the more I start to think I might not be beyond saving after all...

While Ranger was a side character in Heart (Ballsy Boys 3), his book is a stand alone and can be read on its own.

Beautiful and Terrible Things

Author: Riley Hart

We were six years old when I fell in love with Gage Beaumont.

We were seventeen when he realized he felt the same.

His dad was the town troublemaker, and I was the son of a cop. We couldn't have been more different, yet we were best friends, had each other's backs, and kept each other's secrets. *What you are, I am*, we always said.

Then one night irrevocably changed our lives forever.

It's ten years before I see Gage again, and instantly I can tell he's not the same boy I fell in love with. We're both haunted and hardened by the memory of that night--of everything we did and saw.

Yet as much as we've changed, the connection between us lingers. Our history is so devastatingly complicated that it's difficult to allow ourselves happiness. With every touch, every laugh, every moment we take back, the more signs I see of the old Gage resurfacing. Little by little, I'm becoming the Joey he remembers too.

But it's never that easy. If we truly want to heal, we have to find strength not only in each other, but in ourselves. Life is filled with beautiful and terrible things, and this time, we'll do whatever it takes to hold on to the good, and to each other.

Warning: While this is a story about friendship, found family, and two men epically in love, it also deals with difficult themes: childhood physical and verbal abuse, some violence, depression, and anxiety.

For another, he's attracted to the soldier who's assigned to his protection detail, and damn if he doesn't want to kiss that smirk off Dillon's face.

But then I get some news: The Devil's grandfather, whom I love as if he were my own, has passed away in a tragic mishap of the coital nature, and missing his funeral is not an option.

Despite my desperate prayers, when I return home I'm appalled to find The Devil has not been the victim of some disfiguring flesh-eating disease. Nope, if anything he's even hotter. And he's sweet, and funny, and everything I remember falling for back in high school. But he's still The Devil who shattered my heart and there's no way I'll give him the chance to do it again.

Roommate

Author: Sarina Bowen

Wanted: One roommate to share a 3-bedroom house, split the rent, and ideally not be the guy I can't stop thinking about.

We're not friends. I owe him nothing. But back then, I let one of my secrets slip, and he's the only one who noticed. Part of me knows I should run far, far away. Seeking: a room to rent in town. I'm tidy, have no pets, and I will feed you homemade bread.

I should probably add: Gay AF, and has no filter. It's no wonder my new landlord is so wary of me.

A smarter man would ignore those hot glances from Kieran Shipley. The broody lumberjack wants more from me than another homemade pretzel, but if I push my luck, I'll end up back on the street.

Too bad I've never been smart with my heart...

Winter's Knight (L'Ange Book 4)

Author: Mary Calmes

There is something in the forest around L'Ange that is making the animals nervous. Of course, neither is Tucker being stuck on the sprawling grounds of the shifter sanctuary in Maine, in the dead of winter. He just wants to go back to Phoenix . . . if only his alpha would let him.

Tired of his concerns being dismissed, or worse, told that he's flat-out wrong, Tucker sets out on his own, despite a broken ankle, to find proof of his suspicion—that there's an apex predator, something far more menacing than any shifter at L'Ange, skulking in the woods behind his cabin. When everything goes sideways during his search, and he ends up passing out while staring into the face of a giant elk, only to wake up days later on a bed of furs, gazing into the eyes of the most gorgeous man he's ever seen, the course of Tucker's life changes in an instant. He has just found his mate. Now all he has to do is accept that he's not the loser he's always believed he was.

Funny how quickly everything can shift, like day to night.

What happens when America's First Son falls in love with the Prince of Wales?

When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse.

Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake, Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And how can we learn to let our true colors shine through? Casey McQuiston's *Red, White & Royal Blue* proves: true love isn't always diplomatic.

"I took this with me wherever I went and stole every second I had to read! Absorbing, hilarious, tender, sexy—this book had everything I crave. I'm

jealous of all the readers out there who still get to experience *Red, White & Royal Blue* for the first time!" - Christina Lauren, *New York Times* bestselling author of *The Unhoneymooners*

"*Red, White & Royal Blue* is outrageously fun. It is romantic, sexy, witty, and thrilling. I loved every second." - Taylor Jenkins Reid, *New York Times* bestselling author of *Daisy Jones & The Six*

The second book in the new Aster Valley series.

First Blood (Mismatched Mates Book 4)

Author: Eliot Grayson

Blood is a necessity, but love is a luxury they can't afford...

Vampire enforcer Victor Schmidt doesn't have time for distraction. His enhanced senses can track human blood in or out of a body, but it doesn't usually smell like oranges, honey, and temptation. And it's not usually coursing through the veins of a beautiful back-alley rentboy. That should make it easier, right? Pay, bite and be on his way.

While prostitution isn't Laurie's dream job, someone has to take care of his sister and her kids. But being a blood donor to a tall, dark and brooding vamp isn't part of his career plan. Until he agrees...and it's far more pleasurable than he could have imagined.

Nurturing isn't in Victor's wheelhouse, yet he finds himself tucking the all-too-tempting boy into bed. And feeling things he shouldn't be. When Laurie's attacked, it's almost a relief: breaking necks is way more Victor's style and he's all-too-happy to kill. But Laurie being kidnapped wasn't part of anyone's plan.

Now Victor's determined to save Laurie at any cost. Can he bring them both out alive, or will they die before they've even shared their first kiss?

This book is set in the world of the Mismatched Mates series, but it stands alone. However, look for cameos of your favorite characters from the other books in the series.

Jon's Downright Ridiculous Shooting Case (Jon's Mysteries Case Book 1)

Author: AJ Sherwood

A psychic without an anchor. A student in trouble. A shooter on the loose.

I'm Jonathan Bane, a licensed psychic who consults for the police. I routinely help the police put the bad guys away and, for that reason, the criminal world doesn't like me much. People like to take a swing at me, or go stabby, or try for a gun. It makes for interesting times. My psychic ability prevents me from handling anything electronic—and I do mean ANYTHING, I fry it in seconds—so calling for help isn't always a possibility.

I need an anchor, a partner, but I'm resigned: it's just wishful thinking.

At least, I thought so until he walked through the door.

Donovan Havili looks like a thug and has the soul of a superhero. He shines so bright in my vision it's like watching a supernova. He definitely has the right mindset and skills for this crazy job. But asking anyone to take me on long-term is a bit much. And now we've got multiple cases to handle, a Chinese exchange student falsely accused who needs our help, and someone taking random shots at me. It's a bit much for any new guy to handle and I'm half-afraid that my new partner will run for the door.

But in Donovan Havili, the criminal world has met its match. And maybe, just maybe, I have as well.

Watch Me

Author: Sloane Kennedy

Nikolai

My rules when it comes to my job in personal protection are pretty simple:

1. Protect the client's life, not their feelings.
2. Don't put hands on a client unless you're getting them out of harm's way.
3. For God's sake, don't do something stupid like fall in love.

Twenty-four hours after meeting Jude Archer, rules 1 and 2 are already out the window.

Thankfully there's no chance of falling for the callous businessman who cares more about his next deal than he does his own safety.

Jude may have managed to make fools of all the guys his wealthy boss and rumored lover has hired to watch him, but he's playing in the big leagues now. The son of a bitch might not value his life, but I'm pretty fond of mine.

Time to teach the clueless Jude Archer a few hard lessons...

Jude

My rules for success aren't for everyone, but they should be.

1. Work hard.
2. When you're on the verge of giving up, work harder. Life owes you nothing. You have to take what you want.
3. For God's sake, don't do something stupid like get distracted by feelings.

With just weeks between me and the closing of the deal that will give me everything I want, I don't have time to worry about a supposed stalker who hasn't had the balls to do anything more than send a few threatening letters to my wealthy boss.

Sure, I sent a few so-called bodyguards packing. Even if I thought I was in serious danger, I can't have someone watching me 24/7. My life works the way it does for a reason and no one, not even the gorgeous Russian ex-soldier who thinks he can scare me into submission, is going to change that.

Nikolai Falkov thinks he has something to teach me? Yeah, good luck with that.

Nicky Fender retired from sex work two years ago and never looked back. Then an offer he can't refuse comes his way, and he agrees to one last exclusive arrangement. Good money and an apartment in Manhattan? He'd be a fool to turn that down.

The deal is dusk till dawn for two months. But once he meets Gideon—an older, quirky, autistic, filthy, uncertain businessman who wants to explore his sexuality—Nicky wishes sunrise would never come.

Boyfriend Freeze (Love Notes Book 3)

Author: DJ Jamison

I've made a lot of mistakes, but you can't be one of them...

Dear Graham,

After crossing too many lines for my self-respect, I made a promise to myself: no hookups, no sexts, no dating. For sixty days.

But I didn't count on meeting you.

Who knew a smart, cardigan-wearing geek would be such temptation? You're all wrong for me, except you're also kind of exactly right.

So how do I keep my promise not to seduce the cute librarian and still get the perfect guy?

Maybe you know, because I don't...

Already yours,

Ollie

Boyfriend Freeze is part of the Love Notes series but can be read as a standalone. It was originally written as a short story for the Winter Wonderland promotion, but it has been expanded by 20,000 words.

Something About Loren

Author: M.A. Innes

Sometimes it takes a loved one to point out the obvious before we see it.

Loren knows he isn't the most grown-up adult out there—though anyone who makes educational video games for kids can't be too boring. Most guys he's dated haven't understood, but Gordon does. Loren's loving boyfriend makes him feel special and cared for...but lately something's changed.

Maybe leaving out crayons and buying dinosaur chicken nuggets wasn't the best way to get Loren's attention, but it worked.

Gordon knows Loren didn't have the most emotionally supportive childhood, but the smart, funny man has grown into an excitable, loving boyfriend. However, when Gordon connects the dots and realizes there's more to Loren's desire to be young at heart than meets the eye, he knows it's time to show Loren that sometimes being a grown-up means embracing your little side.

The Light (Love in O'Leary)

Author: May Archer

When Fran Goode kissed me goodbye four years ago, he took my heart with him.

Sure, there were reasons we broke up, but they all seem silly now. And I know I should have moved on long ago, but the man's burned into my memory: his smile, his kiss, those long, unforgettable nights in his bed.

So instead, I find myself driving up a mountain, on the eve of an O'Leary blizzard, to Fran's remote cabin.

I need to see him again, to look into those gorgeous dark eyes, and to find out, for once and for all, whether the spark that flared between us has gone cold and dark... or has been burning like a beacon for us all along.

Bat Boy (Easton U Pirates Book 1)

Author: Christina Lee

Brady Donovan

With a baseball scholarship to Easton University and awesome family and friends, my life is pretty golden. Except, things have never come together for me in the romance department. Until Kellan Crawford walks onto the field as the team's newest bat boy. Bells and whistles go off in my body, and just like that, I'm totally crushing on a guy for the first time in my life. Too bad he's the coach's son and officially off-limits.

Kellan Crawford

I'm working toward my statistics degree, so landing the bat-boy position with the Easton U Pirates is right up my alley. It keeps me close to the action on the field, even if that means hauling equipment, picking up sweaty jockstraps, and putting up with the players' antics. My dad's the coach, and his number-one rule is never to play favorites...which probably includes getting too friendly with the team captain. But Brady Donovan's annoyingly perfect smile and protective nature are making that nearly impossible.

When something shifts between us at an away game, everything is thrown off-kilter. Donovan's never been with a guy before, and I certainly don't want to be his test case. But I can't seem to help myself. He's sweet and hot and somehow charms the baseball pants right off me. If Coach ever catches wind of this, he'll bench us both. Disappointing my dad might kill me, but so would losing the guy who makes my heart pound harder than a home run in the bottom of the ninth.

So much for not playing favorites.

Jon's Spooky Corpse Conundrum (Jon's Mysteries Case Book 3)

Author: AJ Sherwood

I've investigated some pretty strange cases in my life, but I have to say this is a first. A corpse—a murder victim—has gone missing during the middle of an investigation, and no one has any clue where it went. Psy is called in to clear the investigative team, make sure they're not an accomplice. It's a four hour drive outside of Nashville, to a place famous for being haunted, so none of us are particularly eager to go.

And then we arrive on scene and I see who we're dealing with and I want nothing more than to turn around and go right back to Nashville.

This case is complicated and strange, and absolutely nothing is as it seems at first glance. Even with my eyes, it's going to take some digging to get to the truth.

The West Coast Wolves is an mpreg series about five alphas. A small pack of bikers who spent years riding the highways and helping those in need until fate gave them each a pack to lead. The second in series, this 50k full-length novel is Lucian's story. Prepare yourself for a few tissue moments, lots of laughter, and a birth scene you won't soon forget. But then again, this is a Susi Hawke book so what else can you expect? Possible trigger for child abduction, betrayal from a medical provider, and off-page mention of stillbirth.

Off Plan (Whispering Key)

Author: May Archer

Falling for a man was nowhere in my five-step plan.

I came to Whispering Key from O'Leary as a career move. Mason Bloom, doctor to the stars at a swanky resort on a private island? Heck yes.

What I did not come for was romance, because I have been there, done that, have an ex-girlfriend to prove it, and frankly was distinctly underwhelmed by the whole endeavor.

Yet from the moment I set foot on this island, nothing goes the way I'd expected.

The resort's falling apart. The island's inhabitants are ridiculous... and ridiculously charming. The whole place is awash in stories of shipwrecks and treasure.

Then there's Fenn Reardon: Gorgeous. Infuriating. *Male*.

And did I mention infuriating?

The man is the eye of the hurricane upending my life. He pushes every one of my buttons. He makes me feel crazy. Out of control. And more alive than I have ever felt before.

I find myself craving his company, longing for his touch, kissing him on the beach, wanting him in my bed... and questioning just how straight I really am.

Falling for Fenn was not in my plans... but I'm starting to think the key to happiness might be going off plan entirely.

One Bite With A Vampire: A Hidden Species Novel

Author: Louisa Masters

Getting kidnapped was never part of my life plan. But being rescued opened up a whole world of crazy.

It's not easy being the only human at the Community of Species Government—and especially not when you're the rescue case. Two years ago, I was planning to go to college, have a wild time, then settle into a normal life. Instead, I was kidnapped, spent months being a test subject, was in hiding for nearly a year, and then found out that my whole existence is a science experiment conducted by the bad guys. It's definitely time to reassess.

My rescuers at CSG have been awesome... mostly. They gave me a job, a home, and a support network. But the whole demons, vampires, shifters thing is not easy to get used to. Especially when one particular vampire makes me want to take up stake sharpening for a hobby. How can someone be over eight centuries old and have the maturity of a drunk frat boy?

The thing is, teenage mentality or not, Andrew is a fierce protector. With the bad guys still on the loose, I need someone like that on my side. Plus, did I mention that he's not hard to look at? I could stare at him all day if only he never opened his mouth.

As we race to find my former captor before he can find me, life takes another twist and upends my world all over again. This time, though, I'm ready—after all, I've got an eight-hundred-year-old vampire at my back. What could possibly go wrong?

A Nothing Special New Year

Author: AE Via

New Year's Eve is usually a night of fun and wild celebrations, but for a police officer, it can be the most dangerous night of the year.

Officer Ellis Mason has worked as a beat cop on the streets of Atlanta for over eight years, and he knows what it takes to survive them. But when Lieutenant Godfrey and his infamous narcotics task force issue a dire warning about a lethal drug that's coming to the city, Mason finds himself fighting a war he's not trained for, with God pushing him beyond his limits.

God's long, dark blond hair fell around them like a blackout curtain as he glowered down at Mason. "I'm gonna need you to be fuckin' sharper than that," he said gravely. "If I'd been a real threat in your house, you'd be dead and buried in your backyard by now."

Mason and his partner are both on high alert, but the moment he stops the tall, handsome drifter who wandered into town—with the saddest brown eyes he's ever seen—Mason knows he doesn't belong.

Jesse Holstrom is lost and possibly in trouble, but Mason's instincts tell him that it isn't the drug-dealing kind. Every night that Mason patrols by and sees Jesse huddled on a park bench, cold and alone, it pulls at his heart a little more. Mason doesn't know how the young man ended up homeless and lost in his neighborhood, but when Jesse ends up on God's radar, Mason knows he doesn't have long to find out.

Mason promised himself he wouldn't let a good thing slip through his fingers again... not this year.

Baby Makes 4: MMF Bisexual Menage Secret Baby Romance

Author: Roxanne Riley

One little plus sign is changing everything for the three of us.

I've been in love with my best friend Michael for as long as I can remember, but he's always treated me like a little sister. I'm hoping now that I have a real job at the design firm he works for and a place of my own, he'll start to see that the woman of his dreams has been in front of him all along.

I didn't mean to fall for his best friend Hunter, too, and at first, I don't give into temptation, because my heart lies with Michael. I start to realize I might not be the only one struggling to resist Hunter's charms, though.

Something about the way Hunter and Michael look at each other seems more than just "friendly," and I'm starting to wonder if maybe what I thought was Michael being overprotective of me is actually him being jealous over the man he loves?

Eventually I find Hunter impossible to resist, especially once I come to accept the fact that Michael and I are destined to only ever be friends. Hunter's strong arms feel so good around me and he feels amazing inside me.

But then a little pink plus sign appears at the exact same time it seems that maybe I'm not as deep in the "friend zone" with Michael as I've been thinking all along, making this already confusing mess even more complicated.

***Can I come clean about this baby when I might lose both of my loves to each other?
Or will the two of them learn to share my body and heart, so that the four of us can create a new family?***

Baby Makes 4 is a bisexual menage romance with high heat MM and MFM scenes (swords do cross in this one!). It has no cliffhangers and no cheating but it does have a very happy ever after and lots of steam.

On the Run (Whispering Key)

Author: May Archer

Take it from Aunt Hagatha, darling: Fake soulmates and secrets do not mix.

I came to Whispering Key to lie low for a while. A man who has secrets to keep (like, say, his identity as America's favorite agony aunt) should really not find himself embroiled in the paparazzi scandal du jour.

The last thing I needed was another guy in my life, since that's what got me into this mess in the first place... but then I met Beale Goodman.

He's my polar opposite. The world's largest, hottest, most virginal cinnamon roll. The human embodiment of goodness and light. A man whose blue eyes make me weak. A man who wouldn't know a designer label if he tripped over one. A man who rescues feral cats, for heaven's sake...

And a man who rescues me, too, by pretending to be my fake boyfriend—er, fake *soulmate*—while I'm hiding out here.

Trouble is, there's nothing fake about the way he kisses me, or the way it feels to be wrapped in his arms at night. And it's hard to lay low when the strange-but-lovable people on the island are determined to welcome Beale's new man into their ranks.

It's enough to make me realize I've been on the run for a while, and that this might be the first time I've found something I want to run *to* rather than *from*.

But only if I can keep my secrets from catching up with me.

Wanting the Im-PAW-sible: An All Grown Up, Shifter, MPreg-Possible Love Story (CREA Book 3)

Author: J. D. Light

When did Drew Lane grow up?

As the oldest of the leap children, Harper Long was the designated babysitter growing up, which is why he is struggling so much with the fact that the youngest of the group is a grown man now. Like really grown. Like how does he even find supportive underwear with all that?

Unrequited crushes are rough.

Drew has had a crush on Harper since he was in high school and he would purposely walk by the studio just to watch the man paint shirtless through the giant window. Harper has always been so sweet to him, but lately, the man will barely stay in the room with him unless he is in his bear form, and Drew is just desperate enough for Harper's attention, he'll happily stay a bear forever if that's what it takes to keep the man around.

The chosen are still in danger, and even though he knows Harper's family will protect him, Drew can't just leave it for someone else. His bear won't let him. Is this just a stupid crush that he hasn't grown out of, or something else?

Wanting the Im-PAW-sible is book 3 in my new MPreg-possible series. It is a spin off of the Chosen series, and involves a whole new generation, but will of course have cameos from some of your favorite Chosen characters as well as some Terra Mortis characters. I consider these books MPreg light. Meaning, though pregnancy is possible, that does not mean it will be in every book. Each book contains a new couple with a guaranteed HEA, but if you want to know what is going on with the background plot, it is suggested that you read them in order!

Power Plays & Straight A's (CU Hockey Book 1)

FOSTER:

"Look out for Zach and don't hit on him."

Easy.

Even if Zach is a quintessential nerd, who I've always thought was cute, I don't have the time to think with my ... stick.

There's only one stick I should be focused on this year, and that's my hockey stick. My goal once I graduate is to get an NHL contract.

The last thing I need is a distraction. On or off the ice.

Only, keeping to the rules is harder than I thought it would be.

ZACH:

People confuse me.

And no one more than Foster Grant.

I've barely spoken two words to him in the whole time I've known him, but the second I step foot on campus, he's impossible to shake.

I can never anticipate his next move. And whenever we're together, my next move is a total mystery as well.

I want to give in to him, but that might mean coming clean about something I've never been bothered about before.

I'm still carrying my V-card.

And I think it's time to turn it in.

Rocket Science (Love Logic Book 1)

Author: K.M. Neuhold

Relationships aren't rocket science. If they were, I might stand a chance of figuring one out.

Elijah

Saying I've had a crush on my best friend's older brother, Pax, most of my life is like saying the big bang was just an explosion. It's true, but I'm not sure that quite captures the essence of its true enormity.

I know he's only hanging out with me because I'm new in town and getting my PhD doesn't leave me with much time to make friends. And even if it did, my strength is mathematics, not friend-making. What I don't understand is why he kissed me... why he seems to want to keep kissing me. I don't think my advanced physics knowledge is going to help me figure this one out. But I think for once I'm okay with not knowing, as long as Pax and I don't know together.

Pax

He's still the awkward Nerdlet I remember...he's also probably the cutest, most tempting man I've laid eyes on. I know I should keep my hands off him, but this thing between us is like a force of nature. I want to be his first everything. He says we're nothing more than atoms crashing into each other. I'm no scientist but I don't think either of us are braced for the explosion.

**** Rocket Science is a stand-alone MM romance featuring an inexperienced nerd, a cocky player, and a satisfying HEA

The Dragon Prince's Daddy: An M/M MPreg Shifter Romance (Royal Heat Book 1)

Author: Lorelei M. Hart

Life as a Dragon Prince is all fun and games... until someone uncovers an ancient law.

Omega dragon shifter Chance is living his best life. As the youngest prince of Montipan, he has all the benefits of his family bloodline with none of the responsibilities... or so he thought. When his father's advisor uncovers an ancient law connecting his family's position in the kingdom to his mating, Chance does what any single omega would do—he takes his family jet to the mainland for a little fun, and a little fun he has. Make that a lot of fun.

Alpha dragon shifter Devlin can't believe his luck, being hired by Montipan's ruling family as head of their security. It is the opportunity of a lifetime and he is ready to celebrate. His night at the local pub hanging out with friends turns into a night of passion when an omega who ticks all his boxes walks in, awakening a side of himself he rarely indulges—his daddy side.

Devlin never expects to see Chance again, much less become his bodyguard, the bodyguard assigned to be his shadow. With roles in place and protocol set, he needs to push his desires and growing feelings aside and do his job, even if his dragon is calling the prince *mine* and his heart is calling him boy.

The Dragon Prince's Daddy is the first book in the M/M mpreg shifter Royal Heat series about three (or is it four) dragon princes who are in a race against time to find their true mates and save their ruling line. The Dragon Prince's Daddy features a free spirit dragon, a bodyguard who thinks he has better things to do than chase after a royal brat, a one-night stand that turns into more, an unexpected clutch, adorable babies, and a first time royal heat. While each book stands alone, they are enjoyed best when read in order. If you love dragons, nesting, a hot daddy, royal brats, and true love, this series by the co-author team of Lorelei M. Hart, Colbie Dunbar and Trisha Linde is for you.

Where There's Smoke... (Heroes of Port Dale Book 7)

Author: Romeo Alexander

Matt: I'm proud to be a Port Dale firefighter but it isn't all excitement and sitting around eating homemade meals. It's also dealing with your work "family" in ways you never expected. I love my real family, and I love my work "family". Well, most of them. My "brothers" at the fire station are exactly what I need at work, but I wasn't expecting to be asked out by my homophobic "brother's" actual brother. I also wasn't expecting how well it would work out or where it would lead us. I certainly didn't expect we'd get caught.

Ethan: Tossed out by the Corps on medical grounds, I have no idea what to expect from civilian life. I've got my brother Keith, who's been everything, brother, friend, parent. Yet when I stumble across his fellow firefighter, Matt, I find myself in a whole new world. Matt is sweet, kind, and forgiving, everything my brother is not, especially when it comes to being gay. Matt is hot. He's everything I need, and I know I can't hide my true self forever.

For Matt and Ethan there's fiery instant attraction but can they get over family hurdles? When gay-hating Keith catches them kissing at work, sparks fly! Can the fire between them be rekindled or is it dead forever?

More to Life

Author: Annabella Michaels

Shaw Kelley has worked tirelessly his entire life, putting himself through college and quickly climbing the ladder within the company where he works. Of course, all the late nights and weekends he spent at the office had their price, which he paid dearly. He no longer has any friends or social life to speak of, but none of that matters when he's finally given the chance for an executive promotion, one that will grant him the financial security he so desperately craves.

Kieron Parsons loves his life. He's got a great family, friends he can count on, and a job that he enjoys. He works hard, but he also knows how to have fun, and for Kieron, there's nothing more fun than teasing the sexy, surly man that comes into the deli every day for lunch. In fact, making the man blush has become the one thing he looks forward to most. He would love the chance to crack that hard exterior and see if there's any sweetness inside.

When Shaw's boss invites him to attend an exclusive company vacation for executives only, he is thrilled. That is, until his boss tells him how important it is to have a balanced work and personal life then asks who his guest will be. Worried that not having anyone might cost him the promotion, Shaw makes up a lie, using the only person he can think of, the outrageous guy who's always flirting with him at the deli.

Thankfully, Kieron agrees to Shaw's plan, posing as the uptight man's boyfriend, but how are they supposed to convince everyone that they're a couple when they barely know each other? Will Shaw's rigid nature end up exposing their lie or will Kieron finally be able to convince him that there's more to life than just work?

Author: Lisa Henry

Royal envoys Calarian and Benji embark on a quest in the alpine duchy of Tournel. Things go rapidly downhill when the duke plummets to his death from the tower wall. Whoops—that's going to be hard to explain. And it's not as though they can just grab the nearest human and make him the new duke.

Or can they?

Enter one Lars Melker, a slightly gullible cowherd built entirely of muscles and sunshine, who happily accepts their word when they tell him he's the duke now.

Soon Calarian and Benji are knee deep in teaching Lars how to fake it until he makes it. They're also dealing with mountain trolls, a monster, a missing cow, and, most shocking of all, a growing realisation that their elves-with-benefits arrangement might be turning into something with feelings.

Add in their mutual attraction to Lars, and suddenly the hills are alive with the sound of emotionally compromised collectivist anarchist elves.

Also, what's the deal with those leather shorts?

Liars (Licking Thicket Book 2)

And when you actually get to know your kind, strong, pullet-loving prince of a fiancée, and all his crazy, lovable, meddling neighbors, you can tell yourself you're not really falling for Diesel Church and the town of Licking Thicket...

But that might be the biggest lie of all.

Demons Do It Better: A Hidden Species Novel

Author: Louisa Masters

I work for Lucifer. Only, it's not as cool and satanic as it sounds.

The truth is, I'm an admin assistant who applied for a job that sounded kind of interesting and ended up working for the Community of Species Government. I'm the only human in the office, and basically I ride herd on a team of rambunctious shifters and demons.

I also spend a lot of time avoiding Gideon Bailey, the demon I had a one-night stand with right before I took this job. He hates me, and I really want to avoid being murdered. But I've been offered a promotion that will mean working with him, so we're both going to have to get over it.

Plus, people are going missing. Pregnant people. And the word is that someone is dabbling in genetic experimentation. Putting a stop to that is more important than the sexual tension Gideon and I have been ignoring... isn't it?

Fools (Licking Thicket Book 3)

Author: Lucy Lennox

Tucker Wright's Clues for Life:

What's a 4-letter word for an utterly oblivious, totally commitment-phobic, heartbreakingly gorgeous man with a pet pig named Bernadette?

That'd be D-U-N-N, as in Dunn Johnson, my very best pal and fishing buddy since I moved to Licking Thicket.

What's a 6-letter word for a nerdy, crossword-loving town doctor who's doomed to be hopelessly, thoroughly, irrevocably, in love with that straight best friend for the rest of his born days?

That's T-U-C-K-E-R, as in me.

But when I agree to let Dunn be my 24/7 dating coach, and he decides to get our whole nosy town in on the act, there's only one 5-letter word to describe the pair of us.

F-O-O-L-S.

Daddy's Girl

Author: Victoria Sue

Omegas were selfish, conniving, manipulative drama queens, and the last thing Kyron wanted was one either in his house or bed. But due to a ridiculous inheritance stipulation he had one month to get an omega pregnant, or he would lose the house, the estate, and the vineyard his family had owned for generations.

Tolly hated Alphas. They were bossy, egotistical, self-absorbed wind-bags that thought the world belonged to them. But because of an accident his dad had lost his job and their home, making the money Kyron was offering to give him a baby look pretty damn tempting.

Forced together by circumstances both men are determined to see their arrangement through. Except the longer they stay together, neither of them is sure they want it to end.

The Reluctant Alpha (West Coast Wolves Book 1)

Author: Susi Hawke

"As much as I felt bad for this Elisha person—God, my heart was breaking for the young man and all he'd been through—I was also angry. I'd left that pack in my rearview ten years ago for a good reason."

Matthias Longclaw is happy living his life on the back of his beloved Harley with his five best friends and brothers-in-arms at his side. The West Coast Wolves are a rare pack of alphas, made up of unwanted orphans and second-born sons. The packs they were born to may not have wanted them, but they've built a solid family of their own. They help where they can, doing random acts of kindness and expecting nothing in return, just helping to build a world they want to live in.

Then Matt gets a call from an old childhood buddy. He's being called back—begged to return—to reclaim his birthright and save a life in the process. The problem is... to do it, he will have to take a mate. And if he refuses? The omega will die.

Torn between his duty to help others and his resentment of his old pack, Matt never expects for Elisha Whitetail to tilt his world and change everything. Can Matt and Elisha rebuild a broken pack while tending to a new love and a growing family while dealing with outside threats from neighboring packs?

They're wolves. Strong, proud, and willing to do what it takes when their community needs them... whatever it takes.

This is the first in a new mpreg series about finding joy in a hard world, building family, and discovering that life can surprise a person when they least expect it. Although this world has harsher themes than my previous books, it still has the same heart you'd expect. Plus a dose of my irreverent humor and all the naughty, knotty heat that comes with true mates. It wouldn't be a Susi Hawke book without it. Be sure to read the author's note at the beginning for possible trigger warnings.

The Alpha's Warlock (Mismatched Mates Book 1)

Author: Eliot Grayson

Cursed, mated, and in for the fight of their lives...

Warlock Nate Hawthorne just wants a cup of coffee. Is that too much to ask? Apparently. Because instead of precious caffeine, all he gets is cursed by a pack of werewolves who want to use him for his magic. Now the only way to fix the damage is a mate bond to a grumpy and oh-so-sexy alpha in the rival pack, who happens to hate him. This is so not how he wanted to start his day.

Ian Armitage never intended to take Nate as his mate. The Hawthorne family *can't* be trusted. Ian knows that better than anyone. The fact that he's lusted after the way-too-gorgeous man for years? Totally irrelevant. Ian's just doing what is necessary to protect his pack. This whole mating arrangement has nothing to do with love and never will. That's his story and he's sticking to it.

Nate and Ian will have to work together if they have any hope of staving off the pack's enemies and averting disaster. That's assuming they can stop arguing (and keep their hands off each other) long enough to save the day...

The Alpha's Warlock is an explicit M/M paranormal romance featuring a snarky warlock, a brooding alpha werewolf, knotting, enchanted socks (long story), and a guaranteed happily ever after.
