Author: Jayne Castle

Welcome to Illusion Town on the colony world of Harmony—like Las Vegas on Earth, but way more weird.

But it's the after-party that turns disastrous for Lucy Bell. Kidnapped and drugged as she leaves the party, she manages to escape—only to find herself lost in the mysterious, alien underground maze of glowing green tunnels beneath Illusion Town. She's been surviving on determination and cold pizza, scavenged for her by a special dust bunny, when help finally shows up.

Gabriel Jones is the Ghost Hunter sent to rescue her, but escaping the underground ruins isn't the end of her troubles—it's only the beginning. With no rational reason for her abduction, and her sole witness gone on another assignment for the Guild, whispers start circulating that Lucy made it all up. Soon her life unravels until she has nothing left but her pride. The last thing she expects is for Gabriel Jones to come back to town for her.

The Lucy that Gabriel finds is not the same woman he rescued, the one who looked at him as if he were her hero. This Lucy is sharp, angry, and more than a little cynical—instead of awe, she treats him with extreme caution. But a killer is still hunting her, and there aren't a lot of options when it comes to heroes. Despite her wariness, Gabriel is also the one person who believes Lucy—after all, he was there. He's determined to help clear her reputation, no matter what it takes. And as the new Guild Boss, his word is law, even in the lawlessness of Illusion Town.

"Like AJ Merlin's *Reckless*, *Pack Darling* fits into that great middle ground ... Basically, **it's a perfect choice** for those who don't want super sweet or super dark. *Pack Darling* is just right." – *Rambling Reader, Goodreads*

"I honestly can't give enough stars to this book. I think it easily deserves six, seven or even eight stars, but unfortunately there is no option to add extra stars, so I'm gonna have to go with five and an amazing review. But somehow **I doubt a review can really do justice to this amazing book.**" – *Ines, Goodreads*

"I love the books that sneak up on you!...Oh my goodness. I have to wait until September for book two. **I am dying inside from anticipation. I read this twice in three days!** How many more times will I read it between now and then!? I highly recommend this book for people who enjoy Lily Archer's *Omega Academy*. *Pack Darling* is similar in awesomeness without aliens. Suddenly, Graves Glen is under attack from murderous wind-up toys, a pissed off ghost, and a talking cat with some interesting things to say. Women are getting kidnapped right off the streets in broad daylight. Rumors say there's a group of Awakened living under New York, and they're responsible for the disappearances. The old me would have sniffed out that story, but post-apocalypse Mal is too scared to go digging for clues.

Life apparently has other plans for me, however—cue an Awakened showing up at my damn door. He's huge, imposing, with piercing gray eyes like a thunderstorm, and a mouth he insists he "needs" to put on me. He also claims they aren't all the destructive beasts I've seen on the news. The Tyrant Alpha's Rejected Mate (The Five Packs Book 1)

Author: Cate C. Wells

He rejected me, and then he realized I'm the center of his world. Bummer.

Una

I keep my head down. In this backwards pack, females rank low, and my bad leg makes me damaged goods. It doesn't help that I've never shifted. I don't mind the late twenties single life, though. No one's paying any attention as I build an illicit farmer's market empire.

My roomies and I are doing it for ourselves, and if life under Killian Kelly is stifling, at least it's predictable. We can deal.

But when biology finally kicks in, I lose my mind. I claim our alpha as my mate. And he rejects me in front of the whole pack. It's all good. It only hurts when I breathe. I'll survive. That's what I do.

Who wants an arrogant jerk for a mate, anyway? I've got a business to run.

Killian

To lead this pack out of the dark ages, I've had to be hard. Merciless. I don't flinch, and I don't make mistakes.

Una Hayes isn't my mate.

My wolf might have some kind of strange infatuation, but if she were mine, I'd know it. And I can walk away, can't I? And if I keep coming back? If she starts living in my head?

I'm the strongest male in five generations. My pack scrambles to do my bidding. I can bring one quiet female back in line. No one can possibly be as stubborn as I am.

There's no way I've ruined the best thing that's ever happened to me.

I'm the Quarry pack alpha. I don't lose.

The Tyrant Alpha's Rejected Mate is a full-grown shifter romance. No cheating. HEA guaranteed. Intended for adult readers only.

I will make you hurt, make you cry, make you laugh and sigh.

But my words don't affect him. Especially not when I plead for him to leave.

He's always there, watching and waiting.

And I can never look away.

Not when I want him to come closer.

The Shadow

I didn't mean to fall in love.

But now that I have, I can't stay away.

I'm mesmerized by her smile, by her eyes, and the way she moves.

The way she undresses...

I'll keep watching and waiting. Until I can make her mine.

And once she is, I'll never let her go.

Not even when she begs me to.

While not required, it is highly suggested to read the novella, Satan's Affair, first.

Deceived by the Gargoyles: A Love Bathhouse Monster Romance (Monstrous Matches)

Author: Lillian Lark

A curvy librarian looking to start a family, a clan of gargoyles, and the deception that starts it all.

My family has always found me lacking. From the way I dress, how I look, to the type of magic I have. My family name is full of pomp and prestige, and I want nothing to do with it.

I'm a witch that knows how to set a goal and I have one in mind.

I want a real family.

Dating is a travesty. All the suitors I meet are looking for a connection to the family name I left behind. I need help.

Enter the matchmaker. It seems too good to be true that I can give her the list of traits I want in a partner and have my deepest desire answered, but I'm out of options.

Love comes along in the most unexpected ways.

From the very first moment I meet Elliot Bramblewick, I have hope. But he's tricky.

I'm not expecting him to be hiding two other mates. Mates who are as alarmed and intrigued by my presence as I am by theirs.

He thinks I'm a perfect fit for them, but can I open my heart and discard my list long enough to see if this is the family I'm looking for?

None of my lists and plans prepared me for being courted by three gargoyles.

Deceived by the Gargoyles is a standalone monster romance in the same world as Stalked by the Kraken with multiple love interests who are in relationships with each other. There will be no choosing among the love interests.

Content Warning: This book includes breeding, knots, size difference, lying, and deception within an open relationship.

They call me a diamond,
But they've only created an angel of death.

The Hunter

I was born a predator,
With ruthlessness ingrained in my bones.

Like a diamond hidden within a fortress,
I find that I can no longer contain the beast.

And bring her back to where she belongs.
No one will escape my wrath,
Especially not those who have betrayed me.

Captured by the Monsters

Author: R.L. Caulder

Our leaders said it's an honor to be chosen to go to The Below.

I said f*ck that.

So close...I was so f*cking close to aging out of the selection process to be offered up to the monsters from The Below.

We never knew when we could be taken. It wasn't some annual date we could mark on a calendar and avoid like a plague. We were at the complete whims of the monsters and their demands—demands that have increased over the past few years.

Rumors say the monsters ate all of their sacrifices, that their appetites weren't easily appeased anymore, but I wasn't convinced that was all.

What I did know for sure was that anyone selected was never seen again.

Two days before my twenty-fifth birthday, my name was drawn—only forty-eight short hours from becoming exempt.

How could life be so cruel?

I refused to accept this fate. I'd run. I'd fight. I'd do everything *but* give in.

Yet, The Below is a hostile, foreign terrain hellbent on killing all humans. Our bodies aren't designed to survive there.

My only chance of living long enough to escape—give in to the monster's desires. Only they could give me what I needed. In return, they'd use me for their own needs.

Needs that I shouldn't want, but found myself craving.

When they claimed I was their salvation, I started to second guess myself. They revered me like their queen with soft touches and a protectiveness that made my knees weak...

I wondered if I wanted to leave anymore.

Was this why no one ever returned to The Above?

Captured by the Monsters is a reverse harem standalone romance that will not end in a cliffhanger. Material is intended for mature audiences.

United: Magiford Supernatural City (Pack of Dawn and Destiny Book 2)

Author: K. M. Shea

A wolf is attacking the humans of Timber Ridge and changing them into werewolves—against their will.

The change process is extremely dangerous and involves bloodshed. It isn't something that happens by accident, which can only mean one thing.

Someone is doing this on purpose.

I'm going to find the rampaging sicko responsible for this outbreak, even if it means I have to master my new magic to stop them.

Thankfully, Greyson—the Pack Alpha and the most powerful wolf in the Midwest—is always down for a hunt. The only problem is that I'm starting to find him attractive—which is the worst thing I could do. He's got an incomplete mate bond, and since I'm a hunter, I could never be a wolf's mate.

That's okay. I'm used to being alone. I'm a werewolf hunter, not part of the Pack. But that's an awfully dangerous place to be when there is a rogue wolf on the loose.

United is the second book in the Pack of Dawn and Destiny urban fantasy trilogy, and is part of the Magiford Supernatural City world. It features werewolves, hunters, and fae, and is filled with humor, adventure, and a sweet romance that will have you laughing out loud.

Hunted: Magiford Supernatural City (Pack of Dawn and Destiny Book 1)

Author: K. M. Shea

Ever feel like you don't belong?

Try being a hunter living with werewolves. I'm the definition of "doesn't fit in". I'm not Pack, but I'm not the enemy, either.

I struggle to survive among werewolves who are stronger and faster than me, and are competitive enough to break a bone or two for the sake of "fun."

Greyson, their alpha, is the worst of them all.

Blatantly relentless and twice as deadly, Greyson rules the Pack and expands its territory even though it's already the largest in the region. I just wish he'd stop interfering with my life. He's got enough trouble of his own with his incomplete mate bond, but he's made it his hobby to tease and test me at every opportunity.

Doesn't my life sound fun?

When wolves from surrounding packs start mindlessly attacking the innocent humans in our city, Timber Ridge, everything changes.

Werewolves don't turn feral without reason. Which means someone is making this happen, and they're targeting our Pack.

I don't like where this is going, but how am I supposed to stop a feral wolf outbreak when I'm just one hunter? Can Greyson and I set aside our differences to see the Pack through this?

Hunted is the first book in the Pack of Dawn and Destiny urban fantasy trilogy and is part of the Magiford Supernatural City world. It features werewolves, hunters, and fae, and is filled with humor, adventure, and a sweet romance that will have you laughing in delight.

Oh, and I still have a curse to figure out.

It's time to get my big girl panties on, the cheap ones, not the pretty ones that Xerxes bought me...because they're probably going to burn anyway.

Vampire Detective Midnight Collection One: Books #1-3: A Vampire, Fated Mates, Science Fiction Detective Series (Vampire Detective Midnight Box Sets Book 1)

Author: JC Andrijeski

The first THREE (3) books in the VAMPIRE DETECTIVE MIDNIGHT series!

Vampire Detective Midnight (Book #1)

Eyes of Ice (Book #2)

The Prescient (Book #3)

* * *

VAMPIRE DETECTIVE MIDNIGHT (Book #1):

Nick Midnight, homicide detective, had his heart ripped out, stomped on, destroyed. It nearly killed him.

He doesn't talk about that. Anyway, things will be different in New York. No complications. No kids needing his help. No relationships. None of that human-vampire-psyhic crap that got him in trouble in the past, or turned him evil for nearly a century. He'd toe the line, keep his head down, and do his job for the NYPD, where he works as a Midnight, a vampire who helps humans hunt down murderers.

Then Wynter James shows up.

A gorgeous, sexy, seer-human hybrid, Wynter treats Nick like she already knows him, like they've known one another for years. Nick wants her, bad, but he knows it's a terrible idea, and not only because they're not even legally allowed to date.

In other words, she's Nick's worst nightmare. She's everything he swore he'd never do again.

To make things worse, everything goes sideways with his first big case—dead hybrids, a seer kid who needs his help, graffiti that tells the future, a possible conspiracy involving the richest humans in New York.

* * *

EYES OF ICE (Book #2):

"A hundred thousand to fight. Twice that, if you win."

Walking up to Nick at the underground vampire fights, a well-dressed promoter hands Nick a card, offering him a bucketload of cash for a few hours' work.

All he has to do is fight another vampire.

If Nick can pull it off, he might have a lead on a big new case. Someone in the boxing circuit is murdering vampires, selling their parts on the black market, dumping their desiccated bodies outside the city dome. The NYPD doesn't have a clue who's behind it, and the lead detective wants Nick to use his new "in" to get inside the exclusive fight community.

Of course, Nick's new hybrid girlfriend, Wynter James, hates everything about this plan. Nick's not even supposed to be there; he's still officially suspended from his last big screw-up with the racial authorities. He decides to risk it anyway, and by the end of the first match, half the underground boxing community knows who he is.

Unfortunately, the vampire-harvesting crew has their eye on Nick, too.

As for Wynter, she's convinced Nick has a death wish. At the very least, she suspects he'd do just about anything to avoid the intense, volcanic, vampire emotions that come up whenever they're together.

* * *

THE PRESCIENT (Book #3):

Nick swore he'd never bite her. He swore he'd never make her addicted to his blood.

An explosion rocks a famous building in Manhattan, blowing out whole floors, panicking the entire city. While everyone assumes terrorism, it looks like a robbery gone wrong, but no one knows what they tried to steal, or if they went there to commit murder.

Nick has no leads—just a dead human, and the dead human's business partner, the city's star architect, an eccentric vampire named Straven.

He's also got Malek, a prescient seer who paints the future, and who desperately wants to warn Nick about this case. Unfortunately, Mal is strange as hell, cryptic to the point of infuriating, and doesn't understand his own prescient paintings well enough to explain them to Nick.

None of that bothers Nick as much as Wynter, who he misses to the point of physical pain. After everything that happened during his *last* big case, Nick forced himself to break things off with her, if only to keep her safe, and both of them out of prison. Most of all, he did it to keep her safe from *him*, and the fact that seers become addicted to vampire venom.

Blitz (The Storm Dragons' Mate Book 1)

Three dominant dragon alphas who seemingly have it all... except the one thing they want: **me**.

My life hasn't been typical. All I remember is waking up in an alley when I was ten, scrounging for scraps to survive until I was taken to the Bronzeheart estate.

That's where my life began, where I've lived for the past eight years with the ruling family, the Blitz Clan. It's where I found my best friend Gage, the future leader of this clan.

At the time, I didn't question my good fortune because I was happy to know I wasn't alone in this world anymore. But maybe I should have.

After landing a shocking invite to the prestigious Dark Imaginarium Academy, I realized how much of a safe haven the estate was.

The students at this school are out for my blood because somehow I have the attention of not just one, but all three Storm Dragon Clan heirs: Gage Bronzeheart, Breaker Firespell, and Jagger Silvershade.

None of them should have an interest in me, seeing as I'm the only shifter at this academy who hasn't, you know...shifted. They should want someone powerful at their side. But it doesn't stop me from wanting them as well.

That is until I find out they've been hiding a life-changing secret from me. And now that I know...

Nothing will be the same.

The Secrets in Shadow and Blood (Fae Guardians, Season of the Vampire Book 1)

Author: Lana Pecherzyk

In the shadows, vision can turn blurry. Truths can become lies. Enemies can become lovers.

When Violet inexplicably wakes thousands of years after a nuclear holocaust, she finds the world very different. Fae exist now. They're vicious, animalistic monsters who pervert magic and can morph into any shape—including vampires. They hoard the bounty of the new world, and keep humans banished to the wasteland. At least, that's what the humans of today have told her. Determined to make up for an unforgivable mistake in her past, she becomes a covert assassin and seeks revenge for her human brethren. And she's good at it. But when the thing she hunts saves her life, injuring himself in the process... her crystal clarity suddenly becomes blurry.

Vampires are meant to be monsters, not protectors... not charismatic, annoyingly handsome and loyal and... everything.

Indigo is a Fae Guardian, and a ruthless vampire protector of Elphyne. The Order has tasked him with finding a human with deadly secrets before the unhinged Unseelie Queen, or the fanatical human leader, can exploit her. They chose him for one reason, and one reason only – the taste of human blood does things to him. Addictive, dark, insatiable things. And when he catches Violet's scent, they know he'll do everything in his power to possess her and keep her safe. But Indigo hides his own shameful secret in the shadows of his heart, and if it ever comes to light, Violet will never trust him. She'll kill him.

The Secrets in Shadow and Blood is the next installment in the Fae Guardians series, and the first in the Season of the Vampire Trilogy. If you love your books full of page turning action, romantic tension, and world building you can get lost in, then this series is for you. Warning: Trusting these seductive fae will lead to sleepless nights. But it will be worth it.

Protector Dragon's Shattered Mate (Irish Dragon Shifter Brothers Book 20)

Author: Brittany White

After a life of hardship, can a female bear shifter allow herself to fall in love with her protector?

The Female Bear Shifter

*After surviving neglect as a cub, I ran away from my family.
While I was stranded in the Siberian wilderness, a wolf shifter approached me.
He offered me a home with his pack. But the home turned out to be a prison.
Unknown to me, I had magic in my blood.
The wolves used me to create spells and curses that would harm others.
Using my untested magic, I escaped their clutches. I ran.
I never wanted to be human again.
If I couldn't speak, then I couldn't create spells.
Never again would I allow anyone to use my magic to hurt, to maim, to kill.
I would live my life as a bear. Forever.
Alone and desperate, I made my way across the world.
When I arrived in California, I shifted into my bear.
I finally settled on a ranch in Texas.
Alarmed to see a bear near his animals, the owner of the ranch called a veterinarian.
The veterinarian was gorgeous and kind, but he was also a dragon shifter.
His patience was legendary, and finally, I transformed into my human self.
But he wanted more than friendship. This wonderful shifter wanted me to be his mate.
How could I tell him that was never going to happen?*

The Veterinarian Dragon Shifter

*I grew up in a harsh, repressive clan.
We were all taught we must stay in the clan, mate with only another dragon shifter and live only a traditional life.
As soon as I could, I left. I never went back.
I made a new life for myself, and while working as a large-animal veterinarian in Texas,
I met four dragon shifter brothers from Ireland: Kellan, Quinn, Liam and Brennan.
Because I was alone, they made me a part of their clan.
They included me, but I wanted what they had.
I wanted a mate, hatchlings, and a family of my own.
One cold winter day, I got a call. There was a bear on their ranch.
Not just any bear – a shifter.
I was drawn to her, and instantly, I vowed to protect this bear from harm.
For days, I stayed with her, and did everything I could to coax her out of her shell.
Finally, she shifted. She was the most captivating female I'd ever seen.
I knew in a heartbeat that she was mine. My mate.
But she didn't want a mate. She didn't want to live in a clan.
She wanted to escape shifter life forever, and live a nomad's life.
She rejected me. But I could not let her go.
There was a threat on her life, and I would protect her, no matter the consequences.*

He's always been a healer, but for his bear shifter mate, he will stop at nothing to protect her.
