

From Blood and Ash (Blood And Ash Series Book 1)

Author: Jennifer L. Armentrout

Captivating and action-packed, From Blood and Ash is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa.

A Maiden...

Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers.

A Duty...

The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden.

A Kingdom...

Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel.

A Kingdom of Flesh and Fire (Blood and Ash Book 2)

Author: Jennifer L. Armentrout

From #1 New York Times bestselling author Jennifer L. Armentrout comes a new novel in her Blood and Ash series...

Is Love Stronger Than Vengeance?

A Betrayal...

Everything Poppy has ever believed in is a lie, including the man she was falling in love with. Thrust among those who see her as a symbol of a monstrous kingdom, she barely knows who she is without the veil of the Maiden. But what she does know is that nothing is as dangerous to her as him. The Dark One. The Prince of Atlantia. He wants her to fight him, and that's one order she's more than happy to obey. He may have taken her, but he will never have her.

A Choice....

Casteel Da'Neer is known by many names and many faces. His lies are as seductive as his touch. His truths as sensual as his bite. Poppy knows better than to trust him. He needs her alive, healthy, and whole to achieve his goals. But he's the only way for her to get what she wants—to find her brother Ian and see for herself if he has become a soulless Ascended. Working with Casteel instead of against him presents its own risks. He still tempts her with every breath, offering up all she's ever wanted. Casteel has plans for her. Ones that could expose her to unimaginable pleasure and unfathomable pain. Plans that will force her to look beyond everything she thought she knew about herself—about him. Plans that could bind their lives together in unexpected ways that neither kingdom is prepared for. And she's far too reckless, too hungry, to resist the temptation.

A Secret...

But unrest has grown in Atlantia as they await the return of their Prince. Whispers of war have become stronger, and Poppy is at the very heart of it all. The King wants to use her to send a message. The Descenters want her dead. The wolvren are growing more unpredictable. And as her abilities to feel pain and emotion begin to grow and strengthen, the Atlantians start to fear her. Dark secrets are at play, ones steeped in the blood-drenched sins of two kingdoms that would do anything to keep the truth hidden. But when the earth begins to shake, and the skies start to bleed, it may already be too late.

Kiss Kiss Fang Fang: A Sucky Vampire Romantic Comedy

Author: Penelope Bloom

I don't usually fang and tell, but she earned an exception.

The hapless woman who accidentally released me.

The one who nearly got herself killed mere hours later.

So I saved her, but my help came with a price.

The only way to save her life was to bond her—to link us so powerfully we'd have to spend every waking hour together for the next few weeks.

I was ready for the bond, but I wasn't ready for *her*.

Her impossible to crush perky outlook. Her big eyes that never seem to dim, no matter how far into my blackened soul they saw.

I thought I'd lost the ability to care centuries ago, but it appears I was wrong.

The insufferable woman won't rest until she's forced me to do the unthinkable. To... *enjoy her company*.

It's ridiculous, but all I need to do is outlast the bond.

To outlast my growing fear that I'm not as numb as I thought.

I'm in danger of feeling something for this human that I can't afford to feel. Because the only thing more dangerous for her than my enemies is if I can't let her go.

Author's Note: Get sucked into this high stakes, fang-fest of paranormal, romantic comedy fun with an out-of-his-element vampire grump and the upbeat woman who refuses to let things go according to plan.

Skin Walkers: Mason

Author: Susan Bliler

Mason EnemyHunter is a Skin Walker who's only had time for work and hunting for his sister. Distracted beyond measure, his treatment of a human female visiting StoneCrow Estates is unforgivable. Never had he physically harmed a female, until now. His inexcusable manhandling of Amanda Chandler leaves him needing to make amends. When his efforts at making things right pulls him from his sole-minded purpose of finding his sister, Mason realizes that he's put his happiness on hold. That's about to change.

Amanda Chandler doesn't know why Mason attacked her. A friend and ally to Skin Walkers, she'd always felt safe in their presence until now. Worse, Mason's guilt over the situation has him turning up every time she turns around. His insistence at making amends has him doing more for her than any man has done in a long time. It's got strange emotions filling her head and a longing tugging at her heart. But Mason isn't for Amanda. He's too consumed with finding his sister, and Amanda's too preoccupied trying to end things with Skin Walker Sentry, Remy McCabe. Mason couldn't have arrived at a worse time, but Amanda can't seem to shake him or the idea of what if.

*This is book 4 in the Skin Walkers series; however, each book focuses on a different couple and can be read as a standalone.

Canting his head, Mason watched as wisps of black hair with blue undertones that reminded him of midnight licked around Amanda's face. The wind was harsh, and she wasn't wearing a coat, but he couldn't imagine how she'd manage the feat with the sling that held her injured arm.

Eyes scanning the tree-line, Mason sought out any evidence that Remy had been here recently. Someone had been. With his keen animal eyesight, he picked up large footprints in the snow, but they only skirted the perimeter of Amanda's property, never coming any closer than a few hundred feet. Odd. Why would Remy be spying on his girlfriend?

From what Mason had learned, Amanda and Remy had been dating for four months. It was an on and off relationship that had turned mostly off lately. If rumors were true, Amanda intended to end things with Remy. He smirked at that. Remy was well known at StoneCrow as a lady's man, and Mason knew it would be a blow to the Walker Sentry's ego to be dismissed, especially by a human female. Maybe that's why Remy was slinking around. He was probably trying to find a way back into Ms. Chandler's heart.

Amanda's hissed, "Shhhhit," drew his attention back to her.

He watched as she used a booted foot and her good arm to pry her axe free from the log she'd failed to split. Splitting wood would be difficult for a woman in peak physical condition, so watching Amanda struggle at the task knowing it was his fault she was having such a hard time, filled him with guilt.

Eyes locked on Amanda, they narrowed when she cursed some more and then ripped the sling from around her neck. Gingerly removing it from her injured arm, she tossed the sling into the snow, and then, to Mason's shock, she gripped the axe handle with both hands.

Surely, she's not going to...

A wince claimed her delicate features an instant before she lifted the ax and steadied it in front of her with both hands.

Son of a bitch!

Mason dove from his branch and shot straight for Amanda, but it was too late. Before he could get to her, she was swinging the axe up and over her head with a pain-filled grunt. In a blink and with a jarring thud, the axe buried about six inches into the log and then toppled to the side as Amanda screamed and released the handle. Falling to her knees, her hand shot up to her injured shoulder and clamped onto it in a white-knuckled grip. Eyes pinched shut, Amanda Lamaze-breathed through the pain that Mason could scent before he even landed.

The situation veers from bad to catastrophic when my backstabbing cousin stages a coup and takes my family hostage.

I barely manage to flee, but the only supernatural willing to help me is Killian Drake--the most feared vampire in the region, and a far more deadly villain than the jerk threatening my family.

Is Killian sexy and charismatic? Heck yeah.

Magical Midlife Madness: A Paranormal Women's Fiction Novel (Leveling Up Book 1)

Author: K.F. Breene

A woman starting over. A new house with an unexpected twist. A cape wearing butler acting as the world's worst life coach.

"Happily Ever After" wasn't supposed to come with a do-over option. But when my husband of twenty years packs up and heads for greener pastures and my son leaves for college, that's exactly what my life becomes.

Do-over.

This time, though, I plan to do things differently. Age is just a number, after all, and at forty I'm ready to carve my own path.

Eager for a fresh start, I make a somewhat unorthodox decision and move to a tiny town in the Sierra foothills. I'll be taking care of a centuries old house that called to me when I was a kid. It's just temporary, I tell myself. It'll just be for a while.

That is, until I learn what the house really is, something I never could've imagined.

Thankfully forty isn't too old to start an adventure, because that's exactly what I do. A very dangerous adventure that will change my life forever. I have a chance to start again, and this time, I make the rules.

A hot new series and genre celebrating midlife and older women who crave a little adventure by USA Today Bestselling author K.F. Breene. Perfect for fans of Shannon Mayer, Jana DeLeon, Darynda Jones, Robin Peterman, Elizabeth Hunter and Denise Grover Swank.

Rektar is patient, and gentle for all his hulking form. He'd be a great husband. He's also completely clueless that I'm flirting with him.

So it's time for me to be a little bit bolder...

Sweetest Fall (Falling Underhill Book 2)

Author: Viola Grace

Orla was lured to Underhill via a candy stand, lands wrapped in ribbon, and given an out via the agreement of the autumn king. She bribes him with candy, and things do not go to plan.

At a winter fair, Orla is lured by the scent of fudge to a stand that seems separated from the traffic around it. After some polite chatting, she snags her mitten on a gingerbread house, goes to disentangle it... and finds herself sitting, wearing a ribbon for clothing, and spectral instructions on how to get home are glittering on the wall.

Looking for the autumn king is a strange thing to do in heels and a fetish outfit, but when she finds him, asking him to send her home is first and foremost on her mind. He agrees, but he is going to take his time. He does not say why.

Their evening devolves into chess, fudge, and foreplay. Suddenly, Orla thinks that three days might not be enough.

Back home with no memory of her time in Underhill, she finds herself crying at strange times. It isn't until she goes to arrange a donation to the museum she works for that she remembers what she's missing.

Right now, we're on the hunt for the Buoyant Star, an abandoned cruiser rumored to have a massive treasure inside. The ship's been found at the edge of an ice field at the far reaches of space.

That treasure? About to be all ours.

But the ship's not all that abandoned. The Star is crewed by a few lonely, attractive human females who are thoroughly grateful at being rescued...

Actually, wait.

They're not grateful at all.

Blue (For The Love of Purple Book 2)

Author: Audrey Faye

The only thing harder than stepping out of your comfort zone is trying to squeeze back inside it again.

Blue's a builder. A content one, now that she's found a town that respects her skills and it's finally stopped raining.

Grim wasn't expecting anyone to walk in the door of his studio, but he knows better than to ignore the clay when it starts whispering. He just wishes it had something a little less mysterious to say about the woman with dusty boots and wary eyes.

Romance isn't what either of them are looking for. But it might sneak up on them anyhow.

Harboring His Mate: Taron & Onyx (Protected by the Pack Book 1)

Author: Christa Wick

Onyx: I'm a city wolf—a damaged and injured one at that. Obviously, the absolute last place I should be when I'm in heat is in the middle of the woods with unmated male shifters in the wild able to scent me. But here I am, running for my life. I'm not used to anyone being nice to me, let alone helping me. Even being the daughter of a pack alpha doesn't keep you safe when you're the lone freak in your pack who can't shift. I'm being hunted out here in the woods, and yet somehow I feel safe on the doorstep of the big, brusque stranger who offers me sanctuary. Taron isn't like any of the shifters I grew up around. He's a bear shifter for one—an alpha, no less—with a protective streak a mile wide...for me.

Taron: Not much to say. I knew from the moment Onyx found herself trying to escape her troubles in my woods. It hit me like a damn freight train. The she-wolf was my mate. Meaning she was mine to heal. And mine to protect at all costs.

Previously published as Ride The Wicked Woodsman (c) 2015 with revisions throughout, newly added content, and a different extended ending.

The Pretend Bride

At twenty-two I had everything I dreamed of.

Generous parents, a dedicated fiancée, and an upcoming wedding in Las Vegas.

For the icing on the cake, my parents paid to have Garrett Hudson, a gorgeous rock star, sing for my bachelorette party.

Vegas was supposed to be fun; a way to relax before I got married.

But the fun ended when I walked in on my fiancée.

He was with someone else.

He was with not one other woman, but four.

He begged my forgiveness. But he had betrayed me.

To bury my pain, I take risks. Out in the desert while rock climbing, I fall. I should have died.

But someone catches me, and saves my life..

I wake up in the arms of a man.

Not just any man. The sexy rock star who sang for me.

I'm single now, but he's a playboy.

But he's different with me. He's kind and considerate, but he's hiding a big secret.

After my ex betrayed me, can I let myself fall for this handsome rock star?

The Rock Star Shifter

At thirty, I was still unmated. And that's how I wanted it.

My overbearing clan wanted me to choose a respectable profession -- doctor, lawyer, dentist. They wanted me to conform.

But music stole my heart.

I moved to Vegas and made it big. And now I don't go home anymore.

I pushed the dragon inside me away.

I won't listen to my family. I refuse to settle down and find a mate; I like playing the field.

Then I meet a captivating young bride.

This human woman is different.

She belongs to someone else, but I am drawn to her like no other.

I can't get her out of my head.

But do not steal the mate of another, no matter the circumstance.

Then the girl leaves her fiancée, and now she is free.

This awakens my dragon, who insists this girl is mine.

My mate.

Under a sunny sky, I save her life. Now I am bound to her.

Can I convince this beautiful woman to give love another chance?

Crown of Shadows (Court of Midnight and Deception Book 1)

Author: K. M. Shea

The fae of the Night Court are desperately searching for a new monarch to crown before the Court collapses.

I couldn't care less.

I've done everything I can to bury my fae blood and embrace my human half. That changes when some fae nobles show up on my doorstep and announce that I'm the next Queen of the Night Court.

Becoming an unwilling fae queen? Check. Inheriting a terrible mess? Double check.

The Court is almost bankrupt, my citizens' favorite hobby is backstabbing one another, and I don't know who I can trust since someone keeps trying to assassinate me.

Speaking of assassins, I get introduced to the best in the business—a fae lord nicknamed the Wraith. His deadly profession means he fears no one. The only reason he doesn't kill me on the spot is he's also a member of the Night Court and the Court's magic protects me. But that doesn't prevent him from trading verbal barbs with me whenever we meet.

And if cat herding all these uncooperative fae and chatting with assassins wasn't enough, I'm required to get married as part of some archaic Court law. This "queen" gig is the worst!

Supposedly I can choose anyone to marry, but with all the infighting I need someone who is neutral and won't provoke more political power struggles.

So, why do I keep thinking of a certain assassin?

Secrets of the Sword 2 (Death Before Dragons Book 8)

For ten years, I've been using a magical sword that I won in battle to ruthlessly slay enemies, break evil artifacts, and open stubborn pickle jars, but I don't know much about it.

Thanks to the fact that I'm dating a powerful dragon, I can get a ride to the dwarven home world, and we're going to research the sword's roots. Not that I care much about its history, mind you, but several allies and enemies have suggested it can do a lot more than whack things. Considering the magical bad guys I fight are always stronger, faster, and more powerful than I am, I need every advantage I can get.

There's just one problem: a half-dwarf thief has shown up and says she's the rightful heir to the sword.

I want to believe it's a scam and can't possibly be true, but I didn't get the sword in the most legitimate manner. If I have to give it up, I might not be able to do my job anymore, and just as bad, I'll be a target for all the bad guys who have been waiting for an opportunity to take me down.

Crown of Moonlight (Court of Midnight and Deception Book 2)

Author: K. M. Shea

I thought becoming Queen of the Night Court and marrying the deadliest fae assassin in the supernatural community were the biggest dangers I'd ever face. Hah!

Once I meet the fae monarchs of the other local Courts, I realize the good times are only just beginning! They hate my guts and don't even bother to use their fae tricks to hide their disgust of me and my human blood.

At least I know where I stand with them, which is more than I can say for my husband, Rigel.

My relationship with Rigel is...complicated. We married for political reasons—my greatest desire was that he wouldn't kill me after the ceremony. But now that he's saved me from countless attempts on my life and joked with me through boring Court socials, my thoughts about him have veered into uncomfortable territory.

Not that I have time to think about all of this.

Those attempts on my life I mentioned? Yeah, they're getting bolder and a lot harder to survive. I'm confident one of the other monarchs is behind it all, but I don't have the power to make them stop.

So far, my wits and Rigel's blades have gotten us through everything. But if something BIG gets dropped on us, will we survive?

Court of Midnight and Deception is an urban fantasy trilogy featuring fae, werewolves, vampires, and wizards. It's packed with humor, adventure, and a sweet, slow burn romance between a reluctant fae queen and the assassin who tried to kill her.

Resisting His Mate: Braeden & Paisley (Protected by the Pack Book 2)

Author: Christa Wick

Braeden: For five agonizing years now, I've tried to push the lush, far-too-sweet woman out of my life, and my dreams. She's a human, which makes her a danger to all the shifters in Night Falls. She's also untouched, which makes her a danger to what little restraint I possess around her with each passing day. But seeing as how she's my little sister's best friend, avoiding her hasn't been easy. And now that there's a shooter targeting the pack, the only way I can keep Paisley safe is to keep her close. As if that weren't impossible enough, the pack alpha goes and makes a decree. For her protection, Paisley needs to be mated to someone in the pack by the end of the month. *Damn it all to hell.*

Paisley: I'm pretty sure the man hates me. To Braeden, I've always been the human he wished his sister would stop being friends with--literally a different species from him, being that he and his sister are wolf-shifters and all. After years watching him blatantly keep his distance, no one is more shocked than I am over his reaction when the shooter that's after the pack takes aim at me.

Previously published as Comes Now the Wicked Woodsman (c) 2016--same yummy shifter story, just with minor edits throughout and a fresh title/cover.

PROTECTED BY THE PACK (MC shifters)

The Water Dragons Box Set: Books 1 - 4 (Complete)

Author: Charlene Hartnady

Dragon Shifter Box Set

Dragon Hunt

Storm, Dragon Prince of the Water tribe, has decided to take part in the Bride Hunt for the first time. His reasons for doing so are because he's bored. Also, it sounds like a whole lot of fun.

Jolene is sick of human men. All they want is sex. None are interested in committing to anything long-term. At thirty-four she's done waiting for her dream man. She wants a husband and a family. Thrilled doesn't come close to describing how happy she is when she's accepted into the shifter dating program. She's even more excited when she discovers the shifters are dragons. Finally, men who actually want to settle down.

What a disappointment when the guy who wins her turns out to be an arrogant asshole. It's all a game to him. He doesn't want commitment. What's worse is that she's stuck with him for the next couple of weeks. It sucks that she's a little attracted to him. Okay, okay, make that, a lot attracted to him. He might be an ass, but he's a gorgeous ass.

Should she try and change his mind about not taking a mate? *Forget it!*

Should she make his life a living hell? *That's more like it.*

Is there a chance of her falling in love with him while doing it? Dammit, but it's a possibility.

Captured Dragon

One injured dragon.
Four terrified humans.
A group of ruthless Dragon Hunters.

One thing is for sure, nothing good can come from this situation. Several human females are abducted during one of the Bride Hunts. Despite the danger to himself, Flood attempts to rescue the females. He is gravely injured for his troubles and wakes up to find himself in a tiny cell, complete with silver-infused bars.

Paige should've trusted her gut. Her first instinct, when she'd seen the helicopter on the horizon, had been to run. Unfortunately for her and the others, she was dead right. She needs to help the injured shifter and must do what it takes to keep them all safe. Even with the odds stacked so heavily against them.

Blood Dragon

Bay knew *what* she was. Definitely not human. He knew she was startlingly beautiful. He even knew what she looked like naked. Unfortunately, he didn't know who she was. Not even her name.

Where was she now?
What was she doing?

Thoughts like those continued to spin around and around in his head. Making him crazy. Making it so that he couldn't think of anything else. It was affecting his work, his sleep, his life. Why had she up and left in the middle of the night? Gone before he could ask her that one burning question. The answer to which could alter his life.

In just a couple of days, he and Torrent are meeting with all of the leaders of the non-humans. They are going to discuss the Slayers. A collective effort needs to be made to stop them. He should be strategizing. Yet, he finds himself agonizing over what he will say when he sees her next.

Stupid, stupid!

If anyone ever found out she'd spent the night with a dragon shifter, she'd be in a ton of trouble. Good thing she's never going to see him again. She should move on with her life. Sure, there are a couple of dragon delegates set to attend the big meeting between the species, but what are the chances of one of them being him?

Dragon Betrayal

There are only two problems with Alex Bell, she was born a woman and a gorgeous one at that. Two unforgivable traits. At least, according to her father. She'll never live up to daddy's expectations. No matter how hard she tries. She'll never be ruthless enough. Strong enough, or quick-witted enough.

Lucky for her she has a couple of tricks up her sleeve. A couple of rabbits in her hat. Okay, maybe not rabbits, but a different kind of animal. One her father has been hunting for years, her family...for generations. *Dragons*. Her father won't be able to ignore her when she delivers them to him.

Contains hot alpha males and therefore strong sexual themes/language

Dark Secrets Absolved (The Children Of The Gods Paranormal Romance Book 46)

Author: I. T. Lucas

"Waiting for each next book in series is always torture :) Just finished reading this latest installment in the series and that was after going back and reading the entire series for the second time. To give this some context - although I am a voracious reader from the classics to contemporary, I can count on one hand how many books I have ever read a second time and those were primarily classics - Jane Austin, Dickens, etc. With that said, I absolutely love this series - it is so much fun! Lucas does an excellent job of character development and easily form a clear picture of the characters in my mind. I'll be going through withdrawal until book 47 is released :)

Absolution.

What could have possibly gone wrong?

Just about everything.

The Monster MASH: A dead funny romantic comedy (The Monster MASH Trilogy Book 1)

Author: Angie Fox

Ancient gods. Modern war. And a star-crossed couple who could use some divine intervention.

The day I was drafted into the army of the gods, all I knew about being a MASH surgeon was what I'd learned from Hawkeye Pierce and Hot Lips Houlihan. Now here I am, Dr. Petra Robichaud, in the middle of an immortal war, assigned to a MASH camp with a nosy sphinx, a vegetarian werewolf, and an uptight vampire who really needs to get a life.

At least they're all too busy with their own dramas to discover my secret: I can see the dead. It's a forbidden gift, *one that can get me killed*, so I haven't told a soul.

Until the arrestingly intense Galen arrives on my operating table, half-dead and totally to-die-for. When his spirit tries to slip out of his fatally wounded body, I impulsively slip it back in. Call it a rash resurrection. One I'll live to regret.

Now Commander Galen of Delphi knows my secret, and he's convinced I'm part of an ancient prophecy—one that can end the war for good. But taking a chance could cost me everything. And it would be easier to convince him to leave me alone, except now the prophecies are starting to come true...

Warning: This novel contains a hefty dose of danger, drama, practical jokes, pet swamp lizards, brooding demigods, adventure, romance, and heart—in a MASH camp where everybody knows your business.

Fate Actually: A Paranormal Women's Fiction Novel (Moonstone Cove Book 2)

Author: Elizabeth Hunter

It's paranormal women's fiction for lovers of magic, mayhem, and a solid afternoon nap (when they can squeeze one in.)

Toni Dusi grew up knowing everyone's business and everyone knowing hers, because in Moonstone Cove, you can't pass a restaurant, farm, or winery that doesn't have at least one Dusi involved. Despite that, Toni has managed to carve out a private niche for herself. She has a car shop she loves, a country cottage all to herself, and has carefully avoided any long-term romantic commitments.

Then fate handed Toni a shot of supernatural empathy that threw all that out the window of her prized vintage Ford.

Now she's feeling the mood swings of everyone from her parts guy to her reluctant crush to her second cousin going through a messy divorce. She's losing her temper; she's crying a river; and she's definitely giving in to temptation.

For a woman who prides herself on always being prepared, Toni has no idea how to handle a supernatural storm of emotion.

Which is not to say empathy doesn't have its advantages. When the body of a long-time family rival turns up on a back acre of her cousin's winery, Toni realizes that her inconvenient feelings magic has turned her into one heck of a lie detector. Along with her new friends, Katherine and Megan, she might be the only one who can clear her cousin's name.

When fate throws a final curveball in Toni's direction, will she drop everything with disastrous consequences? Or can a forty-one-year-old empath learn enough new tricks to keep the life she's built without sacrificing her happiness?

Fated Magic: A Paranormal Shifter Romance (Claimed by Wolves Book 1)

Author: Callie Rose

Wolf shifters are real. And three alphas have claimed me as their mate.

For years, I've been kept prisoner by my uncle, hidden like a piece of trash in the basement of his house. Beaten, broken, and neglected, hated by him for reasons I can't even understand.

But one night on the back roads of rural Montana, I see a chance for escape.

And I take it.

I run.

...straight into the arms of a naked man.

No. Not a man. A wolf.

Ridge, the man with dark hair and honey-colored eyes, is the alpha of the North Pack. I can hardly believe shifters are real, but how can I deny it when I've seen him transform with my own eyes?

I don't trust him. I don't trust anyone. Still, that doesn't change the overwhelming pull I feel toward him. And when the alphas of the East and West Packs step forward and claim me as their mate too, I feel that same desperate urge to claim them back.

But the part that scares me most?

There's only one reason all three of them could form a mate bond with me.

I'm a shifter too.

Fated Magic is the first book in the Claimed by Wolves series, a reverse harem paranormal shifter romance. It contains cursing, violence, growly alpha males, steamy sex, and a heroine who finds her strength in the midst of it all.

Fractured Chances (Shattered Stars Book 6)

Author: Viola Grace

Life as a caretaker was her fate. Crashing on an alien world and being given an ultimatum gave her something she didn't expect, a lover who had her back. She takes a chance and is swept away.

Nan has spent her life making a place for herself by taking care of those around her. Holding onto the controls of a falling shuttle with the unconscious pilot next to her, she began to regret some of her impulses.

After the asteroid, she had gathered up close to two dozen kids who had been touring the same national park that she had, and she had tried to bring them home. When their city was found to be a collapsed crater filled with water, she has to take them on the road and try to keep them alive until she can find a settlement to take them.

Eventually, the call came out for the evacuation under the contract circumstances. The kids were exempt from the contract, and as caretaker, so was Nan. That exemption holds until they are on their way to the world Abix. There is a meteor shower, a wounded pilot, and Nan manages to take the controls, leaving a scar on the landscape in a restricted area. She feels bad, but when the overseer of Abix comes in through the shuttle front screen and gives her an ultimatum, she feels nervous and a weird tension. If they make it out of the restricted area in time, everything will just resume the normal plan.

There is one thing about the overseer. When he sets a timeline, he cheats. She has no chance.

Cloudy with a Chance of Witchcraft: A Paranormal Women's Fiction Romance Novel (Grimm Cove Book 1)

Author: Mandy M. Roth

When it rains, it pours...and sometimes love finds you even when you can't find yourself.

Fate has given me a second chance at the happiness I once knew in the odd Southern town of Grimm Cove. But only if I can come to terms with some rather eye-opening revelations. Supernaturals are a real thing. I'm a witch. My high school sweetheart, who happens to be the Chief of Police in Grimm Cove, is my fated mate and a wolf-shifter. Ghosts exist and can be very nosy and meddlesome. Someone is murdering witches left and right. And last but not least, my ex-husband's barely legal arm candy is taking fatal attraction to new levels of Hell.

I'm no shrinking violet, and with the help of my best friends, I'm going to live life on my terms--come Hell, high water, or magikal mishaps.

★★★★★ "Magikally Delicious! The amount of background reading done, books referenced, to build this new world, specifically the magik ingredients, is astounding!"

FOR ALL THE EVERYDAY HEROINES OVER FORTY WHO KNOW IT'S *NOT TOO LATE* FOR MAGIC!

The day after my forty-third birthday, my husband announced he was trading me in. His words, not mine. The news was unwelcome at the time, but honestly? I needed a good goosing to get up and find my way to the door.

So. I was freed from the manual of expectations authored by my ex that had, over the years, grown into an encyclopedia of what a wife "should" be and do. The freedom was the good news. The flip side was less happy. Due to living in a state not friendly to discarded wives, I was also relieved of the financial 'security' I'd spent a lifetime accruing.

Starting over? I didn't plan on it. Didn't see it coming. But pulling a sheet over my head and waiting for the end didn't seem like my style. Granted. I wasn't sure what my style was because I hadn't thought about freedom of expression since I was twenty.

I'd never been a fan of optimistic adages like 'it's not too late', but that was before my life was divided into two parts; everything that came before the mysterious package and everything after. Fate shot me with a lightning bolt of attitude adjustment and thrust me head first into an adventure that was unforeseeable to say the least. If you'd told me what my life was going to be like, I would have used every synonym for crazy you've ever heard.

I 'inherited' a curious antique store in a tiny, picturesque English village where the world of fae magic lives side by side with the mundane. But that's far from all. Eight times a year, I receive magical dignitaries and magical lowborn alike and mediate their disputes; some comical, some deadly serious.

It may be too late for super shiny hair, going without a bra, or sleeping eight hours without a potty break. But it seems that it's not too late for navigating magical politics, expatriating, romance, and saving the world.

Perfect for fans of K.F. Breene, Shannon Mayer, Elizabeth Hunter, Darynda Jones and Lucia Ashta.
