Haven 6: Reclaimed

Author: Sandra R Neeley

Ba Re' is a General in the Cruestaci military. He has always been quietly stoic, considering it an honor to carry the mantle of duty and leadership, while overseeing all the engineering aspects of Command Warship 1. But don't let his stoic nature fool you, he is as lethal as any warrior among his people. Sent by his Commander and Sire to Earth to aid in the recovery of a fellow warrior's kidnapped female, he himself is taken hostage. Heavily sedated, beaten, starved and tortured relentlessly, he has forgotten who he is and where he comes from. He's now a violent, animalistic creature, living only for the chance to kill everyone and everything in his path. Even the infuriating female that keeps telling him she's his mate is just one more body to add to the pile.

Elisha was more than a little overwhelmed when Ba Re' declared she was his Ehealah, his life mate. She thought it meant the end of all her dreams of becoming an interstellar translator and computer analyst. Whisked away to live with him onboard Command Warship 1, she finds she does love the stubborn male, more than she ever thought she could. But his determination to make her his mate, versus her determination to continue to be her own person, creates a stalemate neither can seem to overcome. Throwing their hands up, they walk away, accepting the fact they'll both live out their lives with broken hearts.

But now, Ba Re' is missing and the Cruestaci have had no success in locating him despite continuing raids on Earth. But that's okay, because Elisha is on her way back to Earth. There is nothing, NOTHING, she's not willing to do to bring him back to his people, and hopefully into her arms. Even if he hates her for eternity, she can live with that, because he'll be alive to hate her. Come hell or high water, she's bringing him home. She knows who's holding him hostage, and she's leading the Cruestaci right to them.

Warning: This story is intended for mature readers. It contains violence both real and suggested, and intimacy. If you find these subjects disturbing please do not buy this book.

Author: Zoey Draven

To save Dakkar, she must lure him to his deadly prison. Instead, she finds herself wearing *his* chains...

As a fatal curse continues to spread over the planet of Dakkar, I make a deal with an alien witch who claims she can stop it.

Her price?

The heart of a horde king.

Only the horde king in question is the fiercest male I've ever seen, with glowing demon eyes, a god-like body crafted in battle, and a cold, cruel grin that promises destruction.

Yet when I offer myself to him, all under the premise of luring him back to the witch, his touch sets my blood on fire. His dizzying kiss makes the world spin. Instead of fear, I feel hot and unwanted desire, awakening instincts that tell me I'm *his*.

When he discovers my ultimate betrayal, the enraged horde king vows he will take me as his prize, that I will wear his chains, and that I will serve him in *whatever* way he wishes.

And as the dangers on Dakkar loom, I find myself craving my wicked, wicked ruin...all at the hands of a horde king I should've never crossed.

Now five very different people have received the notification that they've been “Matched.” They're each about to meet their one true love. But “happily ever after” isn't guaranteed for everyone. Because even soul mates have secrets. And some are more shocking than others...

It's not a hardship. He's the sexiest male I've ever met with a jawline to die for, but there's no way I'll fall for this guy. Nope. Not a chance...

Jetta makes me ache. I desire her the moment I pull her from a Brakken meat trap. Her soft, warm body awakens hungers long banked. But my Sola, the living ship I am bound to, is dying, and thus, so am I. I must find a way to save my Sola and my mate, or none of us will survive.

An alien warrior has made me an offer I can't refuse. In exchange, he can do what wants with me for one week.

I want a child, but that's impossible now that Earth men are sterile. Then a ping from a distant planet reaches us. Aliens are real, and they're interested in getting to know Earth women better. The Xilans fall into an insatiable urge once every three years, called the Slaking, and there aren't enough females to give them what they need.

Like many Earth women, I sign up. For one week, I'll make an alien happy and in exchange, I get a child. As long as I keep my heart out of the equation, things should go fine, right?

But when an intergalactic war erupts, we must fight for our very survival.

Alien Commander's Mate is Book 1 in the Fated Mates of the Xilan Warrior Series. This book offers aliens who look and act alien, heat, and a guaranteed happily ever after.

Alien Tyrant: A SciFi Alien Romance (Fated Mates of the Sea Sand Warlords Book 1)

Author: Ursa Dax

“If you should flee, no matter where you run, I will always follow.”

CECE

I thought getting a linguistics degree would land me a decent job, not get me shipped off to an alien planet ruled by barbarian warlords with tails. But that's exactly what happens when my own government kidnaps me, along with a bunch of other women, and drops us on a brutal desert planet in the name of research. But the mission goes wrong. Because of course it does. Soon enough I'm separated from the other humans and stuck with a seven-foot-tall alien warlord who *will not* leave my side. He doesn't speak English, but his dark eyes and massive body speak volumes.

I need him to survive and find my friends. But am I willing to give him what he wants when what he wants... is me?

BUROUDEI

When I saw the face of my future fated mate in the sacred Lavrika pools, she was unlike anything I'd ever seen. I thought that fate was wrong, or that maybe I'd gone mad. But then when she falls from the sky, crashing into my desert, my fate becomes my reality. She is small, and pale, and fights me every chance she gets. But everything in me calls to everything in her, and she represents the salvation of my tribe.

She is mine. I will destroy anyone who tries to take her from me.

But what if the one who tries to take her from me... is her?

The Alien's Kidnapped Omega: a scifi alien m/m romance (The Alien's Omega Book 1)

Author: Sienna Sway

Alex

My job was supposed to be easy; meet the dominant Alien race of Mukhana, negotiate an alliance, and leave. Being literally carried away into the night changes everything. Kidnapping a human is asking for trouble. Every alien in the galaxy should know that by now, but the nassa are more barbaric than expected.

Despite some small similarities with humans, their culture is hard to comprehend. They're kind yet controlling, warm yet stern. Even though he literally kidnapped me and will fight to keep me, Saar seems to respect me and maybe even care for me. Most confusing of all, everyone keeps calling me an omega...

Saar

Humans are confusing creatures. They send their most delicate and vulnerable through the universe unattended.

The moment I saw Alex, I knew he was an omega. Even though I was furious that he was being paraded around, unmated and unprotected, I was also thrilled because I knew at once; he was mine.

I will save my omega from his difficult life. I will keep him safe and protected, even if it means war...

The Alien's Kidnapped Omega is a lighthearted sci-fi m/m romance featuring a unique alien race, a sweet and confused human, a very well-meaning and equally misguided alien and a forced marriage.

Alien Victor: A SciFi Alien Romance (Fated Mates of the Sea Sand Warlords Book 7)

Author: Ursa Dax

"I found her, I saved her, and once I am Gahn, I will claim her. There will be no other tribe left for her but me..."

JOCELYN

I've identified an herb that acts as birth control for us humans on the alien planet we now call home. The only problem? We're running out. We need more, and apparently the only place you can get it is one of the most deadly regions on this whole planet – the Death Plains. So I slot myself into a group of warriors travelling there to meet the new Gahn.

Except everything falls apart as soon as we reach the Death Plains, and I'm separated from the men I came with. My only lifeline out in this hellscape is the arrogant, brooding warrior Razek who saves me from certain death.

Razek claims he will become Gahn, warlord of the Death Plains. It's all he's ever wanted. Well, all I want is to get out of here and see my friends again, hopefully bringing Razek back at the same time to join our new alliance.

But the more time I spend isolated with this proud warrior, the more complicated things become. And the more the heated tension between us thickens, the more it seems like becoming Gahn isn't the only thing he cares about...

But Razek refuses to travel back to the settlement with me, trapping me in the Death Plains.

No matter how much my feelings for him grow, I refuse to be his prisoner.

I control my own fate. Even if, around Razek, I can't control my heart.

RAZEK

I have only ever worked to achieve one goal: become the strongest of my tribe and rule as Gahn. I had almost reached this destiny when a strange, loud woman crashes into my life, confounding everything I know. Jozelyn is a spur in my side and a tiny fist around my heart. The Lavrika has not called me, but the longer we are together, the less I can fight my desire for her. Suddenly, becoming Gahn does not seem like my only, or even my most important, destiny.

But the stubborn Jozelyn refuses to stay in the Death Plains with my tribe. Infuriatingly, she wishes to return to the arms of my enemies. Even worse than that? She wants me to come with her and submit to their alliance.

I would rather die than bow my head to the other Gahns.

I must convince Jozelyn that I am her mate, her fate, and her future. The only one she needs.

Even if it pushes her further from me than ever.

Author: Deborah Harkness

From the #1 *New York Times* bestselling author of *A Discovery of Witches*—look for the hit TV series “A Discovery of Witches,” streaming on AMC Plus, Sundance Now and Shudder. Season 2 premieres January 9, 2021!

What does it truly take to become a vampire?

On the battlefields of the American Revolution, Matthew de Clermont meets Marcus MacNeil, a young surgeon from Massachusetts, during a moment of political awakening when it seems that the world is on the brink of a brighter future. When Matthew offers him a chance at immortality and a new life free from the restraints of his puritanical upbringing, Marcus seizes the opportunity to become a vampire. But his transformation is not an easy one and the ancient traditions and responsibilities of the de Clermont family clash with Marcus's deeply held beliefs in liberty, equality, and brotherhood.

Fast-forward to contemporary Paris, where Phoebe Taylor—the young employee at Sotheby's whom Marcus has fallen for—is about to embark on her own journey to immortality. Though the modernized version of the process at first seems uncomplicated, the couple discovers that the challenges facing a human who wishes to be a vampire are no less formidable than they were in the eighteenth century. The shadows that Marcus believed he'd escaped centuries ago may return to haunt them both—forever.

A passionate love story and a fascinating exploration of the power of tradition and the possibilities not just for change but for revolution, *Time's Convert*, the fourth books in the All Souls Series channels the supernatural world-building and slow-burning romance that made the previous books instant bestsellers to illuminate a new and vital moment in history, and a love affair that will bridge centuries.

I've no memory of how I reached this planet, and neither have the women with me. One thing's sure—we're stuck. Nobody tells us why we're here, or what happens to the women who are taken by the guards and never return.

The guards are sleazy assholes, and I'm glad I can't understand what they say to me when they leer. Apart from one. There's something strange about the way he protects me from the other guards but pretends he doesn't. When this fierce alien touches me my blood runs hot, and the physical effect I have on him is um... obvious.

But instead of taking what he wants, this guard offers me something I never dreamed of—a way out.

Will escaping with my alien warrior save me, or am I walking into a worse situation? Because this domineering blue guy tells me I'm his mate and that if I want to stay alive, I must do exactly what he says.

Exactly what he says? This should be interesting.

In Kenya, an Ebola-like pathogen has infected two Americans. One lies at death's door. With the clock ticking, Peyton assembles her team and joins personnel from the Kenyan Ministry of Health and the WHO. What they find in the remote village is beyond their worst fears. As she traces the origin of the pathogen, Peyton begins to believe that there is more to this outbreak—that it may be merely the opening act in a conspiracy with far reaching consequences.

In Berlin, Desmond Hughes awakens in a hotel room with no memory of how he got there or who he is. On the floor, he finds a dead security guard from an international pharmaceutical company. His only clue leads him to Peyton Shaw—a woman who seems to know him, but refuses to tell him how. With the police searching the city for him, Desmond desperately tries to piece together what happened to him. To his shock and horror, he learns that he may be involved in causing the outbreak—and could hold the only key to stopping it.

As the pathogen spreads around the world, Peyton and Desmond race to unravel the conspiracy behind the pandemic—and uncover secrets some want to keep buried. With time running out, they face an unimaginable decision.

Troy: Alien Adoption Agency #10

Author: Tasha Black

Is his heart the mirror she needs to finally see her true beauty?

A terrible accident left Eliza with a troubled heart and an unsightly scar. No Terran man wants a woman with a disfigured face, no matter how kind or hardworking. So when Eliza receives the opportunity to adopt a baby and move to a remote frontier moon, she jumps at the chance. She falls in love with baby Clementine the moment she holds the little one in her arms.

But her feelings for Clem's tall, dark and handsome guard are much more complicated.

Troy's active duty as a member of the elite Invicta dragon force ended the day he found out he was assigned to protect an Imberian baby. The tiny creature is helpless, smelly, sticky, and the absolute light of his life – though he doesn't like to say so in so many words. After all, a brutal dragon warrior would never make a fool of himself over a small whelp. But the moment he lays eyes on Clementine's new adoptive mother, he knows he is in a whole new world of trouble.

He can't stop thinking about the small, fierce Terran. But his dedication to duty has him desperate to keep his thoughts, and his hands, to himself.

When a local man comes to court Eliza, she feels compelled to consider his suit. After all, what other prospects does she have? But before she can answer, a neighbor asks for help in the form of a wagon trip all the way out to the mines and back. Many ships have lost their navigations systems and wrecked in Han-2's Bermuda Triangle-like atmosphere, and the lush planet is now littered with hundreds of wrecked crafts, grown through with trees and occupied by animals. And the animals aren't the only things lurking.

But Eliza's got a big dragon warrior with her. What could possibly go wrong?

Crown of Stars

Author: K.A Knight

The Crown Princess of Zyria was born to wear the crown....but what if she wants more?

My life was organised since birth until the carefully constructed plans exploded like a supernova. The lick of flames began when I decided to sacrifice myself for my planet and my people.

Abducted into the stars I dreamed of, I have no choice but to embrace the part of me I have always hidden—the fighter, the warrior, and the imperfect, crass woman who doesn't resemble the impeccable princess I am expected to be. Instead of using my silver tongue to fight my battles, I now hold true weapons, and

for the first time since the crown was placed on my head, I feel whole.

Evil is flooding the galaxy, and for some reason, destiny has chosen me to stop it. The only problem is, I don't know how. Luckily, I meet some men along the way who are willing to follow me on this mission. If the king could see me now, draped in leather and wielding pistols and knives rather than wearing ballgowns and reading old scrolls, he would collapse onto his golden throne.

Now, I fight my way across the cosmos to try and stop the destruction of everything we know.

I was ready to give up my life, my future, and my body, but I never expected to lose my heart along the way.

Stars, don't let me fail now.

An Extended Look at *The Atlantis Plague*

In Marbella, Spain, Dr. Kate Warner awakens to a horrifying reality: the human race stands on the brink of extinction. A pandemic unlike any before it has swept the globe. Nearly a billion people are dead—and those that the Atlantis Plague does not kill, it transforms at the genetic level. A few rapidly evolve. The remainder devolve.

As the world slips into chaos, radical solutions emerge. Industrialized nations offer a miracle drug, Orchid, which they mass produce and distribute to refugee camps around the world. But Orchid is merely a way to buy time. It treats the symptoms of the plague but never cures the disease.

Immari International offers a different approach: do nothing. Let the plague run its course. The Immari envision a world populated by the genetically superior survivors—a new human race, ready to fulfill its destiny.

With control of the world population hanging in the balance, the Orchid Alliance and the Immari descend into open warfare. Now the last hope for humanity is to find a cure. Kate alone holds the key to unraveling the mystery surrounding the Atlantis Plague. The answer may lie in understanding pivotal events in human history—events when the human genome mysteriously changed. Her journey takes her across the barren wastelands of Europe and northern Africa, but it is her research into the past that takes her where she never expected to go. She soon discovers that the history of human evolution is not what it seems—and setting it right may require a sacrifice she never imagined.

Born before man recorded time, I lived for thousands of years believing myself to be something I'm not.

Someone I'm not.

Lied to and betrayed by gods, Daimons and Dark-Hunters, I've struggled to find my way in a world where I've been cursed since the moment I was prematurely ripped from my mother and planted into the womb of an innocent woman who thought me her son.

Trained as a slayer and predator, I learned to fit in and stay low. To become a tool for evil. Until I was sent to kill the one woman I couldn't. My hesitation cost her her life.

Or so I thought. In an act of betrayal that makes all the others pale in comparison, I've learned that this world is an illusion and that my Phoebe still lives.

Now I will have to travel into the very pits of Hades to try and save her, even as everyone around me attempts to steal what little soul I have left. There's only one person at my back and I'm not sure I can trust her either, for she was born of an enemy race. Yet sometimes the road to redemption is one that sings us to our very core. And if I fail to find the answers I need to save Phoebe, more than just my wife will die.

We will lose the world. Both human and Daimon.
