Infinite

Author: Brian Freeman

From bestselling author Brian Freeman comes an explosive new psychological thriller that pushes the limits of reality as we know it.

One rainy night, the unthinkable happens: Dylan Moran's car plunges off the road into a raging river, his beautiful wife drowning as he struggles to shore.

In the aftermath, through his grief, Dylan experiences sudden, strange visions: wherever he goes, he's haunted by glimpses of *himself*. Dylan initially chalks it up to trauma, but that changes when he runs into a psychiatrist who claims he's her patient. She says he has been undergoing a unique hypnotherapy treatment built on the idea that with every choice, he creates an infinite number of parallel universes.

Now those parallel universes are unlocked—and Dylan's doppelgänger has staked a claim to his world. Can Dylan use these alternate realities to get a second chance at the life that was stolen from him? Or will he lose himself...to himself?

A Court of Silver Flames (A Court of Thorns and Roses Book 5)

Author: Sarah J. Maas

Sarah J. Maas's sexy, richly imagined series continues with the journey of Feyre's fiery sister, Nesta.

Nesta Archeron has always been prickly-proud, swift to anger, and slow to forgive. And ever since being forced into the Cauldron and becoming High Fae against her will, she's struggled to find a place for herself within the strange, deadly world she inhabits. Worse, she can't seem to move past the horrors of the war with Hybern and all she lost in it.

The one person who ignites her temper more than any other is Cassian, the battle-scarred warrior whose position in Rhysand and Feyre's Night Court keeps him constantly in Nesta's orbit. But her temper isn't the only thing Cassian ignites. The fire between them is undeniable, and only burns hotter as they are forced into close quarters with each other.

Meanwhile, the treacherous human queens who returned to the Continent during the last war have forged a dangerous new alliance, threatening the fragile peace that has settled over the realms. And the key to halting them might very well rely on Cassian and Nesta facing their haunting pasts.

Against the sweeping backdrop of a world seared by war and plagued with uncertainty, Nesta and Cassian battle monsters from within and without as they search for acceptance-and healing-in each other's arms.

Ten years later, I'm still hiding in plain sight. When I occasionally see him on the street—deadly, sexy, powerful—I just walk by. Keep my head down.

Until that night. Wrong place, wrong time, and suddenly I'm accused of murdering someone from my old pack. And he's there. Blaming me. I've got one chance to prove my innocence and find the real killer, or I'm dead by shifter law.

Fortunately, the Alpha doesn't recognize me because I'm no longer the same ugly duckling. He senses I'm special though, and he won't stop until he figures out the truth. But when he does, I'll be in danger from more than just the murderer.

The Poppy War: A Novel

Author: R. F. Kuang

"I have no doubt this will end up being the best fantasy debut of the year [...] I have absolutely no doubt that [Kuang's] name will be up there with the likes of Robin Hobb and N.K. Jemisin." -- Booknest

A *Library Journal*, *Paste Magazine*, *Vulture*, *BookBub*, and *ENTROPY* Best Books of 2018 pick!

***Washington Post* "5 Best Science Fiction and Fantasy Novel of 2018" pick!**

A *Bustle* "30 Best Fiction Books of 2018" pick!

A brilliantly imaginative talent makes her exciting debut with this epic historical military fantasy, inspired by the bloody history of China's twentieth century and filled with treachery and magic, in the tradition of Ken Liu's *Grace of Kings* and N.K. Jemisin's *Inheritance Trilogy*.

When Rin aced the Keju—the Empire-wide test to find the most talented youth to learn at the Academies—it was a shock to everyone: to the test officials, who couldn't believe a war orphan from Rooster Province could pass without cheating; to Rin's guardians, who believed they'd finally be able to marry her off and further their criminal enterprise; and to Rin herself, who realized she was finally free of the servitude and despair that had made up her daily existence. That she got into Sineward—the most elite military school in Nikan—was even more surprising.

But surprises aren't always good.

Because being a dark-skinned peasant girl from the south is not an easy thing at Sineward. Targeted from the outset by rival classmates for her color, poverty, and gender, Rin discovers she possesses a lethal, unearthly power—an aptitude for the nearly-mythical art of shamanism. Exploring the depths of her gift with the help of a seemingly insane teacher and psychoactive substances, Rin learns that gods long thought dead are very much alive—and that mastering control over those powers could mean more than just surviving school.

For while the Nikara Empire is at peace, the Federation of Mugen still lurks across a narrow sea. The militarily advanced Federation occupied Nikan for decades after the First Poppy War, and only barely lost the continent in the Second. And while most of the people are complacent to go about their lives, a few are aware

that a Third Poppy War is just a spark away . . .

Rin's shamanic powers may be the only way to save her people. But as she finds out more about the god that has chosen her, the vengeful Phoenix, she fears that winning the war may cost her humanity . . . and that it may already be too late.

As princess of the Moon Kingdom, and daughter of the cruelest king our land had ever seen, I was well-versed in deceit and debauchery. The Sun Kingdom's sly prince was no threat to me.

Assuming that was a grave mistake. For the ever-present smirk, irritating charm, and adoring gleam in his eyes began to melt the ice encasing my heart.

All too soon, hatred turned to love. I was captured by something I'd rarely experienced before—happiness.

But I should've known better.

After all, I'd been raised by a monster. And little did I know I was about to marry one.

An Extended Look at *Winter World*

Each month, Earth grows colder.

Snow falls in summer. Glaciers trample cities across North America, Europe, and Asia. The new ice age shows no signs of stopping.

Chaos erupts.

Around the world, people abandon their homes and flock to regions where they can survive. Nations prepare to go to war for the world's last habitable zones.

Scientists search the cause of the new ice age. They send probes into the solar system to collect readings. Near Mars, a probe finds a mysterious object, drifting toward the Sun. Is it responsible for the new ice age? Or is it merely an observer? Or neither? Could it be a relic from a long-extinct civilization? One thing is certain: investigating the object is humanity's best hope of survival.

As the ice age claims more lives and the world slides into anarchy, an international consortium launches a mission into space to make contact. But the first contact mission doesn't go as planned. What the crew discovers out there is beyond anyone's imagination.

Two members of the first contact mission may hold the keys to humanity's salvation.

Dr. Emma Matthews is the commander aboard the International Space Station. For months, she has watched the world below freeze and civilization unravel. The headlines tell only half of the story. The messages from her sister tell the rest, of a world witnessing mass migrations, fighting for survival, struggling to provide a future for their children. When a catastrophe strikes the ISS, Emma faces her own fight for survival.

Dr. James Sinclair is one of the greatest scientists alive. A mind before his time. Years ago, he invented something with the potential to change the world—an invention that would upset the balance of power in the world forever. Fearing that change, his enemies sent him to prison for a crime he didn't commit. But with humanity's future at stake, NASA asks him to join the first contact mission. His expertise is vital to the mission's success—and to saving Emma. With the clock ticking down to humanity's final days on Earth, James makes a decision that will change his life forever and may determine the fate of the entire human race.

The Handmaid's Tale

Author: Margaret Atwood

Now a Hulu Original Series

The Handmaid's Tale is a novel of such power that the reader will be unable to forget its images and its forecast. Set in the near future, it describes life in what was once the United States and is now called the Republic of Gilead, a monotheocracy that has reacted to social unrest and a sharply declining birthrate by reverting to, and going beyond, the repressive intolerance of the original Puritans. The regime takes the Book of Genesis absolutely at its word, with bizarre consequences for the women and men in its population.

The story is told through the eyes of Offred, one of the unfortunate Handmaids under the new social order. In condensed but eloquent prose, by turns cool-eyed, tender, despairing, passionate, and wry, she reveals to us the dark corners behind the establishment's calm facade, as certain tendencies now in existence are carried to their logical conclusions. *The Handmaid's Tale* is funny, unexpected, horrifying, and altogether convincing. It is at once scathing satire, dire warning, and a tour de force. It is Margaret Atwood at her best.

Split Second (Split Second Book 1)

Author: Douglas E. Richards

A stunningly original twist on time travel. Amazon's #1 novel in both the "thriller" and "science fiction" categories for over seven months.

What if you found a way to send something back in time? But not weeks, days, or even minutes back. What if you could only send something back a fraction of a second? Would this be of any use? You wouldn't have nearly enough time to right a wrong, change an event, or win a lottery.

Nathan Wexler is a brilliant physicist who thinks he's found a way to send matter a split second back into the past. But before he can even confirm his findings, he and his wife-to-be, Jenna Morrison, find themselves in a battle for their very lives. Because while time travel to an instant earlier seems useless, Jenna comes to learn that no capability in history has ever been more profound or far-reaching.

Now, as Jenna fights to defeat the powerful forces arrayed against her, nothing less than the fate of humanity hangs in the balance . . .

SPLIT SECOND is a roller-coaster ride of a thriller, one that will have readers pondering the nature of time, and of reality, long after they've read the last page.

Wolf Shunned: A slow-burn fantasy romance (The Warrior Queen Legacy Book 1)

Author: Laurel Night

It's amazing to be a dominant wolf... if you're male.

When you're a nineteen year-old girl who can beat the crap out of every wolf in your pack, suddenly it's not so great. Love isn't everything, I know; but even the most powerful she-wolf submits to her mate. If you can't be dominated, you can't be mated.

And an unmated wolf has no place in the pack.

My one hope is the clan gathering in the Blackwood Fortress. Every wolf in the continent attends, and a few seriously sexy wolves catch my eye. I'm bound to find at least one who can match me, right?

Then there's my other problem: My alpha is a grade-A jerk. After treating me like a genetic freak my whole life, he suddenly decides to stake a claim.

But I can't refuse the challenge, and my wolf won't back down. Either I submit to the alpha and become mated to his skeezy pelt, or I win the challenge and my freedom... by taking his place as alpha.

Only no one has ever heard of a female alpha, and if I become one, I'll never find a mate.

Wolf Shunned is the first book in The Alpha Queen Legacy, featuring a badass heroine, a dark fantasy world, and loads of sexy wolf shifters. Be warned: This is a slow burn, why choose romance. Once you pick this story up, you won't be able to stop devouring it until the very last page.

The Alpha Queen Legacy will be four delicious novels.

The city is home to one of the largest packs in the world. Its leader?

Crown of Shadows (Court of Midnight and Deception Book 1)

Author: K. M. Shea

The fae of the Night Court are desperately searching for a new monarch to crown before the Court collapses.

I couldn't care less.

I've done everything I can to bury my fae blood and embrace my human half. That changes when some fae nobles show up on my doorstep and announce that I'm the next Queen of the Night Court.

Becoming an unwilling fae queen? Check. Inheriting a terrible mess? Double check.

The Court is almost bankrupt, my citizens' favorite hobby is backstabbing one another, and I don't know who I can trust since someone keeps trying to assassinate me.

Speaking of assassins, I get introduced to the best in the business—a fae lord nicknamed the Wraith. His deadly profession means he fears no one. The only reason he doesn't kill me on the spot is he's also a member of the Night Court and the Court's magic protects me. But that doesn't prevent him from trading verbal barbs with me whenever we meet.

And if cat herding all these uncooperative fae and chatting with assassins wasn't enough, I'm required to get married as part of some archaic Court law. This "queen" gig is the worst!

Supposedly I can choose anyone to marry, but with all the infighting I need someone who is neutral and won't provoke more political power struggles.

So, why do I keep thinking of a certain assassin?

Court of Midnight and Deception is a complete trilogy that takes place in the Magiford Supernatural City universe. It features fae, werewolves, vampires, and wizards! This trilogy is packed with humor, adventure, and a sweet, slow burn romance between a reluctant fae queen and the assassin who tried to kill her.

Rhapsodic (The Bargainer Book 1)

Author: Laura Thalassa

Callypso Lillis is a siren with a very big problem, one that stretches up her arm and far into her past. For the last seven years she's been collecting a bracelet of black beads up her wrist, magical IOUs for favors she's received. Only death or repayment will fulfill the obligations. Only then will the beads disappear.

Everyone knows that if you need a favor, you go to the Bargainer to make it happen. He's a man who can get you anything you want ... at a price. And everyone knows that sooner or later he always collects.

But for one of his clients, he's never asked for repayment. Not until now. When Callie finds the fae king of the night in her room, a grin on his lips and a twinkle in his eye, she knows things are about to change. At first it's just a chaste kiss—a single bead's worth—and a promise for more.

For the Bargainer, it's more than just a matter of rekindling an old romance. Something is happening in the Otherworld. Fae warriors are going missing one by one. Only the women are returned, each in a glass casket, a child clutched to their breast. And then there are the whispers among the slaves, whispers of an evil that's been awoken.

If the Bargainer has any hope to save his people, he'll need the help of the siren he spurned long ago. Only, his foe has a taste for exotic creatures, and Callie just happens to be one.

Something is off about Valentine, and I don't mean his missing heart.

He's keeping me captive in a haunted house, complete with a ferocious beast to make sure I can never escape.

There's a hunger stirring in him. It's deep and dark and preternatural. He's awakening something in me I must resist because if I fail, everything is lost.

The Queen's Crown (Court of Midnight and Deception Book 3)

Author: K. M. Shea

Since the day I was crowned Queen of the Night Court, someone has been trying to kill me. Yay, me!

Finding my would-be-killer has been last on my to do list for a long time—which should tell you what a dumpster fire my life has been. But I can't ignore it anymore. Whoever is plotting against me is getting serious. If I don't do something soon I might not survive their next attempt.

Normally, I'd count on Rigel—my consort, who also happens to be a deadly fae assassin—to have my back. But he's been gone for two months, and when he finally returns he won't say where he's been. Great, that's totally not sketchy.

To make matters worse, I love Rigel—and he doesn't believe me when I tell him! How's that for romance?

New to do list: catch my would-be killer and convince my own husband I love him. All in a day's work for the Night Queen.

I knew I should have demanded a job description before I took on this queen gig...

Lucifer's Bride (Married To The Devil Book 1)

Author: Roxie Ray

You know the story, love. It's a tale as old as time itself.

Boy meets girl.

Boy loses girl.

Girl meets devilishly charming guy who tempts with her everything she's ever dreamed of—and the Devil doesn't make promises he can't keep.

You see, darling, that boy never deserved you to begin with.

You, my treasure, you deserved the entire world laid out at your dainty little feet—and so much more.

No ungrateful, simple-minded boy could ever give you that.

But I could.

I will.

My Evie. My eternal love. Only creature on God's green earth, Heaven above it or even Hell below, who could ever stir the flames of desire into my cold, sinner's heart.

I stole you from that pathetic moron you were calling a fiancé again, it's true.

But after what he did to you—frankly, this time, it was like he was asking for it.
You were never really his, love. He might have put his ring on your finger, but he never owned your body. Your heart. Your mind.
Your soul.
No matter where you are, what you look like, the name you wear, or the color of that fire dancing in your eyes, you're mine. Always mine.
You've been mine before, more times than you'll ever remember.
You've been torn away from me more times than you'll ever know.
Now that you're finally mine again, here's a new promise for you:
This time, it's forever.
I have an army of the damned at my beck and call, more gold to my name than even kings can fathom, the powers of a fallen angel at my fingertips and the command of the Inferno itself in the palm of my hand.
Never fear, love. I'll protect you. I'll keep you safe.
Whether you want it or not.
And this time, if anyone dares to try and take you away from me again...
This time, there'll be hell to pay.

No square pegs allowed!

Aunt Hazel's old cottage is only slightly better than the decrepit gardens surrounding it. Mia doesn't know the first thing about gardening and expects this will be one more failure on her seemingly endless list. Even Aunt Hazel's ancient cat seems to have pegged her as a loser.

When Mia stumbles over a body in the overgrown garden, the newcomer catches the eye of the police chief and his hotshot detective, Derek Fairfax, and she becomes the number one suspect in the case. Much to her shock and awe, she also catches the eye of Derek's brother, Dane, a lawyer with a head for what's legal and a bod for what isn't—but getting arrested for murder would certainly put a damper on her dating life.

Once I meet the fae monarchs of the other local Courts, I realize the good times are only just beginning! They hate my guts and don't even bother to use their fae tricks to hide their disgust of me and my human blood.

At least I know where I stand with them, which is more than I can say for my husband, Rigel.

My relationship with Rigel is...complicated. We married for political reasons—my greatest desire was that he wouldn't kill me after the ceremony. But now that he's saved me from countless attempts on my life and joked with me through boring Court socials, my thoughts about him have veered into uncomfortable territory.

Not that I have time to think about all of this.

Those attempts on my life I mentioned? Yeah, they're getting bolder and a lot harder to survive. I'm confident one of the other monarchs is behind it all, but I don't have the power to make them stop.

So far, my wits and Rigel's blades have gotten us through everything. But if something BIG gets dropped on us, will we survive?

The Stand

Author: Stephen King

This is the way the world ends: with a nanosecond of computer error in a Defense Department laboratory and a million casual contacts that form the links in a chain letter of death.

And here is the bleak new world of the day after: a world stripped of its institutions and emptied of 99 percent of its people. A world in which a handful of panicky survivors choose sides -- or are chosen. A world in which good rides on the frail shoulders of the 108-year-old Mother Abigail -- and the worst nightmares of evil are embodied in a man with a lethal smile and unspeakable powers: Randall Flagg, the dark man.

In 1978 Stephen King published *The Stand*, the novel that is now considered to be one of his finest works. But as it was first published, *The Stand* was incomplete, since more than 150,000 words had been cut from the original manuscript.

Now Stephen King's apocalyptic vision of a world blasted by plague and embroiled in an elemental struggle between good and evil has been restored to its entirety. *The Stand: The Complete And Uncut Edition* includes more than five hundred pages of material previously deleted, along with new material that King added as he reworked the manuscript for a new generation. It gives us new characters and endows familiar ones with new depths. It has a new beginning and a new ending. What emerges is a gripping work with the scope and moral complexity of a true epic.

For hundreds of thousands of fans who read *The Stand* in its original version and wanted more, this new edition is Stephen King's gift. And those who are reading *The Stand* for the first time will discover a triumphant and eerily plausible work of the imagination that takes on the issues that will determine our survival.

From the Hardcover edition.

Too bad that Fearghus is a dragon, of the large, scaly, and deadly type. With him, Annwyl feels safe—a far cry from the feelings aroused by the hard-bodied, arrogant knight Fearghus has arranged to help train her for battle. Author: K. M. Shea

I'm one scrappy wizard.

As someone with barely a flicker of magic, I've spent my life being mocked and surviving fights with bullies. But when my parents die in an accident, and I find myself responsible for our whole wizard house and family, I know my usual tactics aren't going to cut it.

The situation veers from bad to catastrophic when my backstabbing cousin stages a coup and takes my family hostage.

I barely manage to flee, but the only supernatural willing to help me is Killian Drake--the most feared vampire in the region, and a far more deadly villain than the jerk threatening my family.

Is Killian sexy and charismatic? Heck yeah.

He's also so powerful that my flight or fight instincts kick in every time our eyes meet. And he's definitely using me as his personal magic detector in his feud against the local fae.

But Killian is also the first person to believe I might have more than just a scrap of magic. And if I can convince him to train me, I might get strong enough to free my family and get my house back.

I'm not sure what happens when a scrappy wizard is taught how to fight by a hall of deadly vampires, but I'm about to find out.

Magic Forged is the first book in the Hall of Blood and Mercy trilogy, which takes place in the Magiford Supernatural City universe and features vampires, wizards, fae, and werewolves! FOR ALL THE EVERYDAY HEROINES OVER FORTY WHO KNOW IT'S **NOT TOO LATE** FOR MAGIC!

The day after my forty-third birthday, my husband announced he was trading me in. His words, not mine. The news was unwelcome at the time, but honestly? I needed a good goosing to get up and find my way to the door.

So. I was freed from the manual of expectations authored by my ex that had, over the years, grown into an encyclopedia of what a wife "should" be and do. The freedom was the good news. The flip side was less happy. Due to living in a state not friendly to discarded wives, I was also relieved of the financial 'security' I'd spent a lifetime accruing.

Starting over? I didn't plan on it. Didn't see it coming. But pulling a sheet over my head and waiting for the end didn't seem like my style. Granted. I wasn't sure what my style was because I hadn't thought about freedom of expression since I was twenty.

I'd never been a fan of optimistic adages like 'it's not too late', but that was before my life was divided into two parts; everything that came before the mysterious package and everything after. Fate shot me with a lightning bolt of attitude adjustment and thrust me head first into an adventure that was unforeseeable to say the least. If you'd told me what my life was going to be like, I would have used every synonym for crazy you've ever heard.

I 'inherited' a curious antique store in a tiny, picturesque English village where the world of fae magic lives side by side with the mundane. But that's far from all. Eight times a year, I receive magical dignitaries and magical lowborn alike and mediate their disputes; some comical, some deadly serious.

It may be too late for super shiny hair, going without a bra, or sleeping eight hours without a potty break. But it seems that it's not too late for navigating magical politics, expatriating, romance, and saving the world.

Perfect for fans of everyday heroines over forty.
