"Jessie Mihalik is an author to watch." — Ilona Andrews, #1 *New York Times* bestselling author

Octavia Zarola would do anything to keep her tiny, close-knit bounty hunting crew together—even if it means accepting a job from Torran Fletcher, a ruthless former general and her sworn enemy. When Torran offers her enough credits to not only keep her crew afloat but also hire someone to fix her ship, Tavi knows that she can't refuse—no matter how much she'd like to.

With so much money on the line, Torran and his crew insist on joining the hunt. Tavi reluctantly agrees because while the handsome, stoic leader pushes all of her buttons—for both anger and desire—she's endured worse, and the massive bonus payment he's promised for a completed job is reason enough to shut up and deal.

But when they uncover a deeper plot that threatens the delicate peace between humans and Valoffs, Tavi suspects that Torran has been using her as the impetus for a new war. With the fate of her crew balanced on a knife's edge, Tavi must decide where her loyalties lie—with the quiet Valoff who's been lying to her, or with the human leaders who left her squad to die on the battlefield. And this time, she's put her heart on the line.

Behr's Rebel: featuring the prequel Raia's Pets (Marastin Dow Book 2)

Author: S.E. Smith

Raia's Pets:

Friends from other worlds...

Although Raia Glossman is human, she only remembers one world—the alien one where she was raised by her Tearnat Guardian, Ander Rays. Her love for exploration and new discoveries comes from Ander.

While on a quest to find the perfect birthday gift, she instead finds two very unusual, and powerful, furry friends. Now all she has to do is explain to her Tearnat guardian why they should be allowed to stay despite his 'no pets' policy!

Chummy, a Quazin Chumloo, is a rare species with powerful abilities that few know about. Captured by poachers, he is rescued from certain death by the inquisitive and equally talented Pi. Unfortunately, not even Pi has the ability to completely free him.

Pi, a Marica Peekaboo, loves the marketplace. It is a treasure trove of goodies to eat and wonderful shiny objects to steal. With each new arrival, she finds something unique to add to her hidden collection of stolen goods—including Chummy and a strange alien girl named Raia.

Three very different worlds collide, and freedom for an entire species is at stake. Can a friendship forged in a back alley be powerful enough to survive an immense alien universe where danger lurks at every turn?

Behr's Rebel:

Two battles: One fights for a cause; the other fights for survival...

General Behr De'Mar, leader of the Marastin Dow rebel forces, knows that it is only a matter of time before he is caught and executed. It doesn't matter to him. The cause he is fighting for is much larger than any one person—or so he thought.

Raia Glossman doesn't know what to think when she is hired by the strange, purple-skinned aliens. After all, the Marastin Dow are known for their cutthroat, kill anything-that-moves mentality. Why would they need a lone human woman to rescue their General? But credits are credits, and Raia never turns down a chance to earn a tidy sum. Besides, it seems like an easy job for her and her two innovative pets, Chummy and Pi. They'll get in, rescue the guy, collect their credits, and disappear again. The three of them perfected that little trick years ago. This time however, she is on the run with an army of Marastin Dow warriors on her tail! Not to mention that she is stuck with a tantalizing General, and she discovers she is the new poster-girl for the Marastin Dow Revolution. So much for anonymity!

Behr knows the moment he meets Raia and her two pets that they are special. Can he keep them alive and safe against the massive army threatening to end their hope of a new way of life, or will the history of the Marastin Dow's savagery doom them all?

Internationally acclaimed S.E. Smith presents two new action-packed stories full of romance and adventure. Brimming with her signature humor, vivid scenes, and beloved characters, these novellas are sure to be another fan favorite!

However, their intense attraction cannot last. Laenea's modifications will not survive in close proximity to Radu's biorhythms, which are too strong to allow him to become a pilot.

And when her employers invite her to join a group of other *gifted ones* and a handful of Immortal Guardians on a journey to another planet, it becomes absolutely fantastic.

In no time at all, she is speeding across the galaxy aboard a Lasaran warship manned by two amazing alien races. It's the dream of a lifetime... until a vicious attack by a mutual enemy of Lasara and Earth lands her alone in an escape pod with no habitable planet in sight and only one ship within range: one that carries the enemy who wants to know why the bioengineered virus they released on Earth long ago didn't exterminate humanity and leave the planet ripe for their claiming.

Jak'ri doesn't know how long he has been a prisoner aboard the *Cebaun*, but he fears the enemy's twisted experiments will soon lead them to a virus that will eradicate the Purveli people. Despair grips him until a female from Earth is taken captive and reaches out to him telepathically. The gift that Ava said caused her such misery in the past soon becomes his salvation as the two of them form a fast friendship. Determined to distract each other from the horrors of their existence, they immerse themselves in telepathic communion during the day, then seek solace and adventure together in shared dreams. As their friendship deepens into love, the two hatch a daring plot to escape their captors. But the enemy will not let them go without a fight.

Can Ava and Jak'ri stand against so many and emerge victorious?

Haven 6: Reclaimed

Author: Sandra R Neeley

Ba Re' is a General in the Cruestaci military. He has always been quietly stoic, considering it an honor to carry the mantle of duty and leadership, while overseeing all the engineering aspects of Command Warship 1. But don't let his stoic nature fool you, he is as lethal as any warrior among his people. Sent by his Commander and Sire to Earth to aid in the recovery of a fellow warrior's kidnapped female, he himself is taken hostage. Heavily sedated, beaten, starved and tortured relentlessly, he has forgotten who he is and where he comes from. He's now a violent, animalistic creature, living only for the chance to kill everyone and everything in his path. Even the infuriating female that keeps telling him she's his mate is just one more body to add to the pile.

Elisha was more than a little overwhelmed when Ba Re' declared she was his Ehealah, his life mate. She thought it meant the end of all her dreams of becoming an interstellar translator and computer analyst. Whisked away to live with him onboard Command Warship 1, she finds she does love the stubborn male, more than she ever thought she could. But his determination to make her his mate, versus her determination to continue to be her own person, creates a stalemate neither can seem to overcome. Throwing their hands up, they walk away, accepting the fact they'll both live out their lives with broken hearts.

But now, Ba Re' is missing and the Cruestaci have had no success in locating him despite continuing raids on Earth. But that's okay, because Elisha is on her way back to Earth. There is nothing, NOTHING, she's not willing to do to bring him back to his people, and hopefully into her arms. Even if he hates her for eternity, she can live with that, because he'll be alive to hate her. Come hell or high water, she's bringing him home. She knows who's holding him hostage, and she's leading the Cruestaci right to them.

Warning: This story is intended for mature readers. It contains violence both real and suggested, and intimacy. If you find these subjects disturbing please do not buy this book.

And when I wake up after the crash, everything has changed.

I'm no longer being held captive by brutal space pirates. Instead, I've been rescued by a group of alien warriors called Zivonians. Their leader, Ryven, claims he wants to help me, offering me safe haven on their massive ship.

I know how the universe works, though. You never get something for nothing, so there has to be a catch somewhere. Despite the temptation to trust this powerful, handsome warrior, I know I can't afford to open up my heart.

But when I make a mistake and have to face the consequences of my actions, the only one willing to stand up for me... is Ryven.

Everyone I knew back on Earth saw me as nothing but the sum total of my screw-ups, but Ryven looks at me differently.

I came on board the Drexian space station to attend my cousin's wedding. That was it. Despite every other woman on Earth falling all over themselves for one of the tough aliens, I wasn't interested. Not even a little bit. I had my own life on Earth to sort out, and a hot Drexian did *not* figure into my plans.

But when a guy who's been pursuing me for ages shows up for Zoey's wedding, I need a way to prove to him that I'm not available. Unfortunately, roping Dryx into being my fake boyfriend isn't as cut and dry as I'd hoped. But once I'm thousands of miles away, the whole thing will be nothing but a bad memory. (Okay, a really hot memory, but that's not the point.)

When my return to Earth is postponed, I'm not only stuck on the space station, but I'm also stuck pretending the Drexian warrior least likely to settle down is my true love. Can I convince everyone on board that I'm in love with him while telling myself that his touch doesn't light my entire body on fire?

Subduing a woman who's more than human is another matter.

Orion: Arkadian Alien Mail Order Brides #1 (Intergalactic Dating Agency)

Author: Tasha Black

The Arkadian Brides Agency is about to send Hailey to paradise.

Hailey always thought she was a member of the noble poor in Arkadia's underworld. Her family's farm might be struggling, but as the designated produce runner, she is reminded how lucky she is every time she brings donations to the village children's home. But when Hailey learns that the family business isn't what it seems, she knows she has to get away fast. The only option is the unthinkable – sell herself off as a bride to a wealthy man in the overworld to buy her family out of danger.

Orion follows the rules. It's the only option if he wants to be elected the King's ambassador. But when a single night of fun in the Outer Rings lands him with an unexpected heir on his doorstep, Orion must take action, and fast. Since the little one's biological mother can't be found, he opts to sponsor a bride from the underworld. His daughter will not be made to grow up without a mother figure. And after all, a permanent tie to Arkadia's working class underworld could gain him essential votes. But he is determined to honor his new bride with his name and fortune, without imposing himself on her romantically.

The unlikely couple might be planning a marriage of convenience, but their shared love of little Opal brings them inexorably closer each day. When Hailey's past threatens to catch up with her, they will be forced to face their true feelings. Will Orion sacrifice his career for love? Or will Hailey go on the run again before he gets a chance?

Bonded to the Alien War-God: A Fated Mate Romance (Captive Mates Book 10)

Author: Corin Cain

We will claim her.

She stares at me and my wolf shifter triad like we are monsters.

We stare at her with pure hunger.

I grew up alone on a hostile planet. I hunted with wolves. Every moment of my existence was wracked with agony, and there is only one thing that dulls it.

Her. My Fated Mate. My Goddess.

I would level planets for her. I would bathe the universe in blood to be by her side.

Even if she stares at me like I am a brutal beast...

She will be mine.

Guardian: A Rough Shifter Romance

Author: Sara Fields

Maybe I would have claimed her more gently if she didn't beg for it... but probably not.

After watching over this world for millennia, a girl wandering in the woods should have been of no interest to me. But the moment I saw her bathing in a stream, I knew Emma was mine.

I kept myself from throwing her over a fallen tree and ravaging her... but only for a few hours.

If she had been obedient, I might have held instinct at bay a little longer. It was the scent of her helpless arousal as I reddened her bare bottom that tore away the last vestiges of my self-control.

But it would have made no difference in the end.

Sooner or later, she was always going to scream my name as I mounted and rutted her.

A beast must claim his mate.

Buying Tiran: Hissa Warrior, Book 2 (Hissa Warrior Series)

Author: RK Munin

Created, along with her sister, to be an ornamental slave, Mara's life starts as a piece of property. After years of captivity, she and her twin sister managed to gain their freedom but are quickly parted. Mara learns not only how to survive but also how to thrive in a universe that isn't kind to humans. Determined to find her sister, she carves out a life as a small cargo hauler and gives herself the last name Lost. Every chance she gets, she searches, combing through every port and station she visits. She attends distasteful slave auctions and investigates any rumor of a human that looks like her, ever hopeful that someday she'll be reunited with her twin.

At one particular slave auction, she doesn't find her sister but instead finds herself purchasing an angry, roaring, giant of a man belonging to a species she's only heard about but never met before. Regretting her impulse purchase the moment the transaction is done, she decides to release him with a few credits on the next station she visits. She doesn't have time to fool around with anyone, let alone some furious, gorgeous, hulking male who's much too appealing for her peace of mind.

Unsure about her intentions, Tiran attacks his new owner the moment he gets the chance. He plans to subdue her to gain his freedom, but he doesn't want to hurt this female who's done nothing to injure him yet. To his shock, not only does she evade his attacks, but she manages to knock him out. Him, a well-trained Hissa warrior that towers over this slight female! Then after he attempts to overpower her, she is kind and gentle with him. This stranger who bought him at an auction only to promise to let him go requires more analysis. And considering how beautiful she is, perhaps the analysis should be done naked.

To Mara's surprise, the fact that she manages to put him on the floor seems to make the male far more interested than she's ready for. The next thing she knows she's fending off attacks of affection and bouts of protectiveness instead of attempts to take over her ship.

All too soon her own heart is in danger, and she's not sure that's a risk she's willing to take.

Buying Tiran contains an HEA and can be read as a standalone novel. It takes place during the same timeline as Rescuing Halin, Hissa Warrior Series, Book 1. This novel is intended for 18+ audiences.

Alien Victor: A SciFi Alien Romance (Fated Mates of the Sea Sand Warlords Book 7)

Author: Ursa Dax

"I found her, I saved her, and once I am Gahn, I will claim her. There will be no other tribe left for her but me..."

JOCELYN

I've identified an herb that acts as birth control for us humans on the alien planet we now call home. The only problem? We're running out. We need more, and apparently the only place you can get it is one of the most deadly regions on this whole planet – the Death Plains. So I slot myself into a group of warriors travelling there to meet the new Gahn.

Except everything falls apart as soon as we reach the Death Plains, and I'm separated from the men I came with. My only lifeline out in this hellscape is the arrogant, brooding warrior Razek who saves me from certain death.

Razek claims he will become Gahn, warlord of the Death Plains. It's all he's ever wanted. Well, all I want is to get out of here and see my friends again, hopefully bringing Razek back at the same time to join our new alliance.

But the more time I spend isolated with this proud warrior, the more complicated things become. And the more the heated tension between us thickens, the more it seems like becoming Gahn isn't the only thing he cares about...

But Razek refuses to travel back to the settlement with me, trapping me in the Death Plains.

No matter how much my feelings for him grow, I refuse to be his prisoner.

I control my own fate. Even if, around Razek, I can't control my heart.

RAZEK

I have only ever worked to achieve one goal: become the strongest of my tribe and rule as Gahn. I had almost reached this destiny when a strange, loud woman crashes into my life, confounding everything I know. Jozelyn is a spur in my side and a tiny fist around my heart. The Lavrika has not called me, but the longer we are together, the less I can fight my desire for her. Suddenly, becoming Gahn does not seem like my only, or even my most important, destiny.

But the stubborn Jozelyn refuses to stay in the Death Plains with my tribe. Infuriatingly, she wishes to return to the arms of my enemies. Even worse than that? She wants me to come with her and submit to their alliance.

I would rather die than bow my head to the other Gahns.

I must convince Jozelyn that I am her mate, her fate, and her future. The only one she needs.

Even if it pushes her further from me than ever.

Landon Evans is an unwilling recruit in Earth's fight against alien invasion. Tall, bristling with muscles, Landon is every commander's ideal soldier. But Landon hates fighting and hates the dark void of space. For a loner like Landon, the only good part of his new life in the military are the friends he's made.

When a mission goes horribly wrong, Landon finds himself a prisoner of Earth's enemies — the brutal animalistic Sorg aliens and the technologically superior and ethereal Hush. Both see the same potential in Landon that Earth commanders saw— Landon's height and strength, the body of a warrior.

Now Landon must decide if his loyalty lies with his friends and his home world, or with the austere and beautiful young Hush commander he has come to admire.

The Alien's Kidnapped Omega: a scifi alien m/m romance (The Alien's Omega Book 1)

Author: Sienna Sway

Alex

My job was supposed to be easy; meet the dominant Alien race of Mukhana, negotiate an alliance, and leave. Being literally carried away into the night changes everything. Kidnapping a human is asking for trouble. Every alien in the galaxy should know that by now, but the nassa are more barbaric than expected.

Despite some small similarities with humans, their culture is hard to comprehend. They're kind yet controlling, warm yet stern. Even though he literally kidnapped me and will fight to keep me, Saar seems to respect me and maybe even care for me. Most confusing of all, everyone keeps calling me an omega...

Saar

Humans are confusing creatures. They send their most delicate and vulnerable through the universe unattended.

The moment I saw Alex, I knew he was an omega. Even though I was furious that he was being paraded around, unmated and unprotected, I was also thrilled because I knew at once; he was mine.

I will save my omega from his difficult life. I will keep him safe and protected, even if it means war...

The Alien's Kidnapped Omega is a lighthearted sci-fi m/m romance featuring a unique alien race, a sweet and confused human, a very well-meaning and equally misguided alien and a forced marriage.

Nanny For The Alien Prince: A SciFi Romance (Intergalactic Fated Mates Book 11)

Author: Athena Storm

If this hot alien prince thinks I'm going to play house with him, then he's in for a surprise.

Why?

Because I would love to.

Not only did Talok rescue me when I crashed into the hidden Kiphian cloud city. But he also stepped in and promised to help two little ones that looked to me for protection.

So this alien prince wants to take me in his gorgeous and well muscled arms and put us up in his palace? Then he wants to make sure me and the kids are safe, well clothed, well fed?

And after the kids go to bed, he wants to stop treating me like a lady and more like his human pet made to satisfy his needs?

Yeah, I'm more than okay with that. And it's not just because he tells me we're fated mates.

No, it's because when my ship crashed and I saw his face as he rescued me, I knew that while I had stumbled onto a hidden city, I had done something else too.

I had come home.

Author's Note: This is a completely standalone novel set in the Athenaverse. Even if you've never come into the Athenaverse, you'll be able to enjoy this science fiction romance that has no cliffhangers or cheating and guaranteed happily ever after!

Crown of Stars

Author: K.A Knight

The Crown Princess of Zyria was born to wear the crown....but what if she wants more?

My life was organised since birth until the carefully constructed plans exploded like a supernova. The lick of flames began when I decided to sacrifice myself for my planet and my people.

Abducted into the stars I dreamed of, I have no choice but to embrace the part of me I have always hidden—the fighter, the warrior, and the imperfect, crass woman who doesn't resemble the impeccable princess I am expected to be. Instead of using my silver tongue to fight my battles, I now hold true weapons, and for the first time since the crown was placed on my head, I feel whole.

Evil is flooding the galaxy, and for some reason, destiny has chosen me to stop it. The only problem is, I don't know how. Luckily, I meet some men along the way who are willing to follow me on this mission. If the king could see me now, draped in leather and wielding pistols and knives rather than wearing ballgowns and reading old scrolls, he would collapse onto his golden throne.

Now, I fight my way across the cosmos to try and stop the destruction of everything we know.

I was ready to give up my life, my future, and my body, but I never expected to lose my heart along the way.

Stars, don't let me fail now.

Please Note: This book contains explicit content and darker elements, including mature language and violence. It is not intended for anyone under 18 years of age. Crown of Stars is a Reverse Harem read complete with a HEA.

So I Accidentally became an Alien Outlaw's Mate: A Sci-fi Alien Romantic Comedy

Author: Sophia Sebell

I worked in a grocery store overnight. It was an easy job. Keep the store stocked, survive the boredom of long nights, and help the impossibly large and mysterious man that came in frequently.

A man that ended up actually being an alien smuggler.

Long story short, I got caught up in his problems and had to flee Earth with him. We hid on a distant space station while we waited for the people chasing him to back off long enough for him to take me home. In the meantime, we had to sell the bananas he had taken from Earth on the black market.

That's right, bananas.

I almost blurted out some information better kept secret and he put a hand over my mouth to keep me quiet. In an admittedly immature move, I licked his palm to try and get him to move his hand.

Suddenly, his demeanor had changed, his eyes flickering to strange colors when he looked at me. He became overly possessive and defensive about me, and I had a weird feeling that he wanted much more than my company.

The strangest thing? I was starting to want more from him, too. The red skin, the horns, the body that could shift to stone, the unnatural heat radiating off of him. Taren seemed like more of a demon than an alien, but I would be lying if I didn't say he was hot. And Taren was hot, both literally and figuratively.

Now, we just have to survive the seedier sections of the sprawling space station and get me back home unscathed. Piece of cake, right? Except, maybe I don't want to go home.

So I Accidentally became an Alien Outlaw's Mate is a full-length sci-fi romantic comedy that features action, adventure, humor, and steamy intimate moments. No cliffhangers or cheating. Happily ever after guaranteed!

Arik: Alien Adoption Agency #7

Author: Tasha Black

Is his love hot enough to shelter her from the coming storm?

Lucy is unable to believe her good fortune when she receives an invitation to adopt adorable baby Flora. And she can't wait to move to a frontier moon to raise the little one on a farmstead of her own. But when she arrives on the desolate moon of Atropos, she realizes it will take every last ounce of her ingenuity and courage to get their new herd of tundra bison across the ice plains before they succumb to an earthquake, a blizzard, or a wild animal attack. Or worse... before she succumbs to the baby's infuriatingly handsome guard.

Arik knows instantly that the innocent-looking little Terran is his fated mate. But she plays it cool, pretending not to notice how irresistible he is, and instead focusing her surprisingly impressive survival skills on getting them all to the mountains unscathed. Her stubbornness would be enough to send the mighty Invicta dragon warrior over the edge, if he didn't have bigger things to worry about, like how to protect baby Flora from the dangers of the treacherous moon.

As more and more harrowing obstacles spring up in their path, Lucy and Arik begin to wonder if the frontier moon itself could be consciously fighting back against their efforts to tame her. The two might just have to drop their differences and join forces if they want to fight their way to safety, and prove they deserve a place in the harshly beautiful world of Atropos.

Join the Alien Adoption Agency for an amazing adventure on the brand-new moon of Atropos!

From a family the lathar would rather forget, Seren long ago resigned himself to being the last of his line. But fate has other ideas, putting a beautiful human female in his path. Gracie is everything he never knew he wanted in a mate. But how can he ask her to take on a mate with cursed blood?

When a B'Kaar warrior tries to claim what's his, long-suppressed instincts flare to life. He'll take Gracie home, keep her safe and persuade her that he's the only male she'll ever need.

Sold by the Alien: A Rough Sci-Fi Romance

Author: Loki Renard

He's going to sell me to aliens. But not really. It's complicated...

Zed saved me from being eaten, so he's got that going for him.

On the other hand he's an alien, a big green one, and after he's inspected me quite intimately and spanked me until I know who's boss he's planning to auction me off for whatever shameful use some lucky buyer has in mind for a blushing and apparently suitable-for-breeding human female.

At least he's going to steal me back after he sells me, even if it's just so he can sell me again.

Plus he's huge. You know, in the "That can't possibly fit!" kind of way.

Which can be good or bad I guess, depending on how you feel about being sore every morning.

Also we're now stuck in a time loop, so he'll be doing all of this over and over and over again.

Like I said, it's complicated.

Publisher's Note: *Sold by the Alien* includes spankings and rough, intense sexual scenes. If such material offends you, please don't buy this book.
