The Never King (Vicious Lost Boys Book 1)

Author: Nikki St. Crowe

The stories were all wrong — Hook was never the villain.

For two centuries, all of the Darling women have disappeared on their 18th birthday. Sometimes they're gone for only a day, some a week or a month. But they always return broken.

Now, on the afternoon of my 18th birthday, my mother is running around the house making sure all the windows are barred and the doors locked.

But it's pointless.

Because when night falls, he comes for me. And this time, the Never King and the Lost Boys aren't willing to let me go.

NOTE: *The Never King* is a reimagining of *Peter and Wendy*. Characters have been aged up for this darker, grittier version. If you like your enemies to lovers romance with hot, ruthless, morally gray love interests, you'll enjoy *The Never King* and the *Lost Boys*. You can expect hate kissing, fighting, bickering, and 'touch her and I'll unalive you' vibes. Book one ends on a cliff.

She doesn't want to dwell on her horrific ordeal. All she wants to do is return to a normal life on Earth; to her cozy little house, her job, her son...

Zodiac Academy: The Awakening

Author: Caroline Peckham

The Amazon.com and Wall Street Journal #1 bestselling dark fantasy romance series from authors Caroline Peckham & Susanne Valenti

I'm a Gemini. Impulsive. Curious. Headstrong. A twin. Heir to a throne I know nothing about. And it turns out, I'm Fae.

But of course there's a catch - all I have to do to claim my birth right is prove that I'm the most powerful supernatural in the whole of Solaria. And sure, technically that's true as I'm the daughter of the Savage King. But the bit they didn't put in the brochure was that every single Fae in this Kingdom would claim my throne if they could.

The school they've sent me to is both dangerous as sh*t and one helluva party. Vampires bite weaker students in the corridors, the Werewolf pack has orgies in the Wailing Wood at every full moon and don't even get me started on the dark and twisted ways the Sirens use their powers on people's emotions, or how my sinfully tempting Cardinal Magic teacher hosts detentions that leave people needing therapy.

Classes are totally interesting if you manage to live through them. And that Gemini star sign I mentioned? It now determines my elemental magic and affects my destiny, so learning astrology is essential if I'm going to beat down my classmates – which is actively encouraged by the way.

My biggest problem is the drool worthy Dragon shifter who has his eyes on my throne. He and his three psycho friends are determined to make my time here hell.

All I've got to do is survive. But fate might have other ideas.

Dammit, why couldn't I have gotten a letter to Hogwarts?

******This is a dark, bully romance – don't go expecting a sweet school for magic with friends around every corner. Fae fight for everything they own and Zodiac Academy is a cutthroat school for students aged 18+ where only the strongest prevail. There's no Dumbledore here to save anyone's ass and Lionel Acrux will give Voldemort a run for his money in the evil dictator category. So hold onto your stardust (broomsticks not required) and get ready for a bumpy ride******

The Unseelie Prince (Maze of Shadows Book 1)

Author: Kathryn Ann Kingsley

The throne is Valroy's for the taking...but first, he needs a queen.

As the son of the Morrigan and heir to the vacant Unseelie throne, Valroy itches to shed the mantle of prince and take his place as King. To his great regret one ancient tradition stands in his way, demanding he first take a bride. With all the members of the Unseelie court proving to be insufferable, what is a prince to do?

Steal a human, of course.

Abigail often wonders if the townsfolk aren't right in calling her cursed. Abandoned by her husband and with no family to call her own, everything in her life hangs by a thread. Never did she expect her downfall would come by taking pity on an old hermit. Abducted into the dangerous world of Tir n'Aill, Abigail is thrust into a terrifying Maze that defies all logic. There, she finds herself at the mercy of an Unseelie prince with a strange offer—solve his Maze and he'll grant her deepest wish...

If she can live that long.

From author Kathryn Ann Kingsley comes this tantalizing, slow burn dark fantasy that proves sometimes the line between love and hate is razor thin.

Please note: This is a dark fantasy horror series with a love story. This series contains scenes of graphic violence. It is a slow-burn romance between the monstrous villain and the main character over the course of four books. My fae do not pull punches, and my Unseelie are not kind.

Captured by the Monsters

Author: R.L. Caulder

Our leaders said it's an honor to be chosen to go to The Below.

I said f*ck that.

So close...I was so f*cking close to aging out of the selection process to be offered up to the monsters from The Below.

We never knew when we could be taken. It wasn't some annual date we could mark on a calendar and avoid like a plague. We were at the complete whims of the monsters and their demands—demands that have increased over the past few years.

Rumors say the monsters ate all of their sacrifices, that their appetites weren't easily appeased anymore, but I wasn't convinced that was all.

What I did know for sure was that anyone selected was never seen again.

Two days before my twenty-fifth birthday, my name was drawn—only forty-eight short hours from becoming exempt.

How could life be so cruel?

I refused to accept this fate. I'd run. I'd fight. I'd do everything *but* give in.

Yet, The Below is a hostile, foreign terrain hellbent on killing all humans. Our bodies aren't designed to survive there.

My only chance of living long enough to escape—give in to the monster's desires. Only they could give me what I needed. In return, they'd use me for their own needs.

Needs that I shouldn't want, but found myself craving.

When they claimed I was their salvation, I started to second guess myself. They revered me like their queen with soft touches and a protectiveness that made my knees weak...

I wondered if I wanted to leave anymore.

Was this why no one ever returned to The Above?

Captured by the Monsters is a reverse harem standalone romance that will not end in a cliffhanger. Material is intended for mature audiences.

Three dominant dragon alphas who seemingly have it all... except the one thing they want: **me**.

My life hasn't been typical. All I remember is waking up in an alley when I was ten, scrounging for scraps to survive until I was taken to the Bronzeheart estate.

That's where my life began, where I've lived for the past eight years with the ruling family, the Blitz Clan. It's where I found my best friend Gage, the future leader of this clan.

At the time, I didn't question my good fortune because I was happy to know I wasn't alone in this world anymore. But maybe I should have.

After landing a shocking invite to the prestigious Dark Imaginarium Academy, I realized how much of a safe haven the estate was.

The students at this school are out for my blood because somehow I have the attention of not just one, but all three Storm Dragon Clan heirs: Gage Bronzeheart, Breaker Firespell, and Jagger Silvershade.

None of them should have an interest in me, seeing as I'm the only shifter at this academy who hasn't, you know...shifted. They should want someone powerful at their side. But it doesn't stop me from wanting them as well.

That is until I find out they've been hiding a life-changing secret from me. And now that I know...

Nothing will be the same.

The Fae King's Curse (Between Dawn and Dusk Book 1)

Author: Jamie Schlosser

Kirian and I were just twelve years old when I pulled him from the icy waters of the creek behind my house. As he looked in my direction with unseeing lavender eyes, I quickly realized our age was just about the only thing we had in common. He spoke with an accent, he had pointy ears, and he was so beautiful it made my heart ache. Oh, and he claimed to be a fae prince cursed by witches who stole his sight.

I thought he was crazy from hypothermia. Turns out, he wasn't, and for some reason he keeps coming back. But a day in my world is a year in his. Every time I see him, he's older. Wiser. Hotter.

Over the past six years, I've tried not to fall in love with him because the terms of the curse are clear: If he doesn't wait for his fated mate in all ways, including an innocent (or not-so-innocent) kiss, he'll be blind forever.

So when Kirian kisses me and pulls me through the portal to his realm, I make it my mission to do some damage control. It'd be a whole lot easier if he wasn't determined to marry me... And if someone wasn't trying to murder me every step of the way.

The Fae King's Curse is a full-length novel with no cliffhanger.

Training isn't easy, but I'm not going to be weak or rely on others to keep me safe. I'm going to protect myself... After I die a few more times, of course. I mean, things change, but do they really?

Things are looking up for me and my mates. Well, everyone except Anzac and Mace. They are working hard to make up for the past, but Imp has it out for them, and her ridiculous pranks are getting out of hand.

What's coming next, though...isn't going to be all fun and games. It's time to pay my parents a visit and get the answers I'm owed. Are they even my parents? Ridgeforce is in shambles and Midnight has put out a contract on our heads. I'm determined, with my mates' help, to take down every person who was involved with both corrupt agencies. Oh, and I still have a curse to figure out.

It's time to get my big girl panties on, the cheap ones, not the pretty ones that Xerxes bought me...because they're probably going to burn anyway.

And what if all my training isn't enough? What if I keep dying? *What if a girl can't catch a break?*

I'm just a girl who's on fire...

Literally, because I'm a Phoenix.

"But Did You Die?" is a comedy filled, bully (only in book one), paranormal romance series that includes jaguar shifters, a mysterious underground society, fated mates, and an incredibly clumsy Phoenix. Follow Amarylly as she discovers who she is and 'collects' her soulmates along the way! It is full of humor, adventure, and scenes to entice and thrill you... or to make you unexpectedly snort with laughter. The series will have a HEA...it will just take a little while to get there!

From Blood and Ash (Blood And Ash Series Book 1)

Author: Jennifer L. Armentrout

Captivating and action-packed, From Blood and Ash is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa.

A Maiden...

Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers.

A Duty...

The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden.

A Kingdom...

Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel.

Fated: Magiford Supernatural City (Pack of Dawn and Destiny Book 3)

Author: K. M. Shea

I thought I hated not fitting in. Turns out I hate having a target on my back even more.

Someone wants me taken out. To accomplish that, they leaked the secret of my magic to all the Packs in the Midwest. Now, almost every Alpha in the region has traveled to my hometown in hopes of convincing me to join their Pack.

And some of them don't seem to think I should have a choice.

Greyson won't stand for that—something he makes deadly clear to the other Alphas. What they don't know is that I'm his long missing mate. But wolves and hunters are enemies, and my hunter magic blocks me from accepting the bond...even though I'm starting to wish I could.

Our incomplete mate bond is a constant drain on Greyson. Its existence puts him in danger—something he stubbornly ignores.

But as risky as our bond is, I have to stay focused on the biggest threat at the moment.

Whoever shared the secret of my powers wants to destroy our Pack. And we're about to find out how far they'll go to make that happen.

Fated is the final book in the Pack of Dawn and Destiny urban fantasy trilogy and is part of the Magiford Supernatural City world. It features werewolves, hunters, and fae, and is filled with humor, adventure, and a sweet romance that will have you laughing outloud.

Rhapsodic (The Bargainer Book 1)

Author: Laura Thalassa

Callypso Lillis is a siren with a very big problem, one that stretches up her arm and far into her past. For the last seven years she's been collecting a bracelet of black beads up her wrist, magical IOUs for favors she's received. Only death or repayment will fulfill the obligations. Only then will the beads disappear.

Everyone knows that if you need a favor, you go to the Bargainer to make it happen. He's a man who can get you anything you want ... at a price. And everyone knows that sooner or later he always collects.

But for one of his clients, he's never asked for repayment. Not until now. When Callie finds the fae king of the night in her room, a grin on his lips and a twinkle in his eye, she knows things are about to change. At first it's just a chaste kiss—a single bead's worth—and a promise for more.

For the Bargainer, it's more than just a matter of rekindling an old romance. Something is happening in the Otherworld. Fae warriors are going missing one by one. Only the women are returned, each in a glass casket, a child clutched to their breast. And then there are the whispers among the slaves, whispers of an evil that's been awoken.

If the Bargainer has any hope to save his people, he'll need the help of the siren he spurned long ago. Only, his foe has a taste for exotic creatures, and Callie just happens to be one.

A Kingdom of Flesh and Fire (Blood and Ash Book 2)

Author: Jennifer L. Armentrout

From #1 *New York Times* bestselling author Jennifer L. Armentrout comes a new novel in her **Blood and Ash** series...

Is Love Stronger Than Vengeance?

A Betrayal...

Everything Poppy has ever believed in is a lie, including the man she was falling in love with. Thrust among those who see her as a symbol of a monstrous kingdom, she barely knows who she is without the veil of the Maiden. But what she does know is that nothing is as dangerous to her as him. The Dark One. The Prince of Atlantia. He wants her to fight him, and that's one order she's more than happy to obey. He may have taken her, but he will never have her.

A Choice....

Casteel Da'Neer is known by many names and many faces. His lies are as seductive as his touch. His truths as sensual as his bite. Poppy knows better than to trust him. He needs her alive, healthy, and whole to achieve his goals. But he's the only way for her to get what she wants—to find her brother Ian and see for herself if he has become a soulless Ascended. Working with Casteel instead of against him presents its own risks. He still tempts her with every breath, offering up all she's ever wanted. Casteel has plans for her. Ones that could expose her to unimaginable pleasure and unfathomable pain. Plans that will force her to look beyond everything she thought she knew about herself—about him. Plans that could bind their lives together in unexpected ways that neither kingdom is prepared for. And she's far too reckless, too hungry, to resist the temptation.

A Secret...

But unrest has grown in Atlantia as they await the return of their Prince. Whispers of war have become stronger, and Poppy is at the very heart of it all. The King wants to use her to send a message. The Descenters want her dead. The wolvern are growing more unpredictable. And as her abilities to feel pain and emotion begin to grow and strengthen, the Atlantians start to fear her. Dark secrets are at play, ones steeped in the blood-drenched sins of two kingdoms that would do anything to keep the truth hidden. But when the earth begins to shake, and the skies start to bleed, it may already be too late.

Hunted: Magiford Supernatural City (Pack of Dawn and Destiny Book 1)

Author: K. M. Shea

Ever feel like you don't belong?

Try being a hunter living with werewolves. I'm the definition of "doesn't fit in". I'm not Pack, but I'm not the enemy, either.

I struggle to survive among werewolves who are stronger and faster than me, and are competitive enough to break a bone or two for the sake of "fun."

Greyson, their alpha, is the worst of them all.

Blatantly relentless and twice as deadly, Greyson rules the Pack and expands its territory even though it's already the largest in the region. I just wish he'd stop interfering with my life. He's got enough trouble of his own with his incomplete mate bond, but he's made it his hobby to tease and test me at every opportunity.

Doesn't my life sound fun?

When wolves from surrounding packs start mindlessly attacking the innocent humans in our city, Timber Ridge, everything changes.

Werewolves don't turn feral without reason. Which means someone is making this happen, and they're targeting our Pack.

I don't like where this is going, but how am I supposed to stop a feral wolf outbreak when I'm just one hunter? Can Greyson and I set aside our differences to see the Pack through this?

Hunted is the first book in the Pack of Dawn and Destiny urban fantasy trilogy and is part of the Magiford Supernatural City world. It features werewolves, hunters, and fae, and is filled with humor, adventure, and a sweet romance that will have you laughing in delight.

Author: Lillian Lark

A curvy librarian looking to start a family, a clan of gargoyles, and the deception that starts it all.

My family has always found me lacking. From the way I dress, how I look, to the type of magic I have. My family name is full of pomp and prestige, and I want nothing to do with it.

I'm a witch that knows how to set a goal and I have one in mind.

I want a real family.

Dating is a travesty. All the suitors I meet are looking for a connection to the family name I left behind. I need help.

Enter the matchmaker. It seems too good to be true that I can give her the list of traits I want in a partner and have my deepest desire answered, but I'm out of options.

Love comes along in the most unexpected ways.

From the very first moment I meet Elliot Bramblewick, I have hope. But he's tricky.

I'm not expecting him to be hiding two other mates. Mates who are as alarmed and intrigued by my presence as I am by theirs.

He thinks I'm a perfect fit for them, but can I open my heart and discard my list long enough to see if this is the family I'm looking for?

None of my lists and plans prepared me for being courted by three gargoyles.

Deceived by the Gargoyles is a standalone monster romance in the same world as Stalked by the Kraken with multiple love interests who are in relationships with each other. There will be no choosing among the love interests.

They won't keep me forever.

They call me a diamond,
But they've only created an angel of death.

The Hunter

I was born a predator,
With ruthlessness ingrained in my bones.

Like a diamond hidden within a fortress,

No one will escape my wrath,

One day I'm married, living in Seattle, and magic isn't real.

The next, I'm divorced and living in the guest room of my ex's hotter- than-sin cousin's place in Savannah . . . and talking to an animated skeleton named Robert.

I have to admit, Robert isn't my worst date.

At forty-one, I didn't think I'd be starting over. But I'll be damned if my ex thinks I'm down and out because he pulled a fast one on me.

When a job comes my way that offers me a chance to use my childhood training in the shadow world, I take it—I need the money more than I care about my sanity.

It's dangerous.

I have to embrace the magic and dark of my past.

And I need Advil to keep me going.

But those who'd hold me back better sit up and take notice, because a new woman is in town, and she's not about to be counted out by anyone.

Even if she does groan when she rolls out of bed in the morning.

Author: Ruby Knox

I'm almost 42 and back in the small town where I grew up.

Back at the place where I thought I'd have my mate and babies.

And he still draws me in with just a single look.

One thing I hadn't expected is that he's still not our Alpha.

He wants to find his mate and have a family first, I'm told.

I never wanted to be tied down here, that's why I left.

But now, a divorce and shattered dreams later...

I realize that old dreams are good things to keep.

Old dreams of feeling his body against mine to keep me warm...

Old dreams of being claimed by the Alpha and have his babies.

Bellmont Bear Creek is the small town of your dreams. Gorgeous, possessive, and protective bear shifters to cuddle with, play with, and keep you safe whenever you need it... Come and stay, if only for one night...

Ava and the Bear (The Shifters Series Book 2)

Author: Elizabeth Kelly

Grizzly shifter, Bishop King, has two loves – sex and food. So when he meets Ava Lewis, a curvy redhead with the intoxicating scent of sex and chocolate, he knows he's in trouble.

Ava's looking for love, not a one night stand, and grizzly shifters don't do relationships. It doesn't matter how attracted she is to Bishop, or that every time she's around him she loses her damn mind and ends up half-naked and in his arms. There's no future for them and she wants her happily ever after. But when Ava is targeted by an unstable shifter, Bishop's vow to stay away from the beautiful, fragile woman is forgotten.

Ava doesn't want his help but Bishop's grizzly wants her and he'll stop at nothing to claim her – even if that means battling an ancient and powerful enemy.

Author's Note: Although Book Two of the Shifters Series is a stand-alone story, I would encourage you to first read Book One, "Willow and the Wolf" in order to gain a better understanding of the characters in Book Two. Please note this book contains explicit and steamy scenes that may not be your cup of tea.

It seems we both want the same thing--the crown. And in this battle of wills, only one of us will be left standing.

United: Magiford Supernatural City (Pack of Dawn and Destiny Book 2)

Author: K. M. Shea

A wolf is attacking the humans of Timber Ridge and changing them into werewolves—against their will.

The change process is extremely dangerous and involves bloodshed. It isn't something that happens by accident, which can only mean one thing.

Someone is doing this on purpose.

I'm going to find the rampaging sicko responsible for this outbreak, even if it means I have to master my new magic to stop them.

Thankfully, Greyson—the Pack Alpha and the most powerful wolf in the Midwest—is always down for a hunt. The only problem is that I'm starting to find him attractive—which is the worst thing I could do. He's got an incomplete mate bond, and since I'm a hunter, I could never be a wolf's mate.

That's okay. I'm used to being alone. I'm a werewolf hunter, not part of the Pack. But that's an awfully dangerous place to be when there is a rogue wolf on the loose.

United is the second book in the Pack of Dawn and Destiny urban fantasy trilogy, and is part of the Magiford Supernatural City world. It features werewolves, hunters, and fae, and is filled with humor, adventure, and a sweet romance that will have you laughing out loud.

Lunar Witch (Phases of the Moon Book 1)

Author: M. Sinclair

No man would ever own me again.

A simple promise I'd made to myself after escaping a brutal childhood of abuse and being trained to enact violence on unblest witches. Since that moment, I had managed to survive on the streets by successfully pickpocketing.

Unfortunately, after years of hiding, the monster who starred in all of my nightmares was closer than ever and I was faced with only one option - *seeking refuge at the Dark Imaginarium Academy.*

Filled with the elite witches of our society, I should have expected to run into some of my previous targets and that normally wouldn't have been a problem. It wasn't like they'd known I'd stolen from them.

Except for my last hit.

What I stole from him was something I would never forget because it was literally embedded in my chest. *Yeah*, he was a bit upset about that one... as in acting absolutely psychotic. Except he's not the only one...

A blood witch who has an addiction to my taste.

A lunar witch who takes pleasure in trying to scare me into submission.

An unblest that wants to dissect me, literally.

A shadow witch that relishes in marking up my body to show ownership.

These men want to claim me, own me, and the treasure that I now possess, but I would never break the promise I made to myself.

But when my past follows me right into the place I considered a safe haven, I find that these psychos may be the exact key to getting rid of my problem forever. The only problem? These men are convinced that I've never experienced the type of horror that would be required for that to happen, that they have to protect me from it. What they don't realize?

Killing left a stain on the soul and mine was pitch black.

Lunar Witch features **characters that are all 18+**. This is not a high school academy book and the contents are intended for mature audiences. This book includes violence, mature content, PTSD, flashbacks of abuse, and sex. There is no bullying from the harem, just psychotic men trying to claim their girl.

Lunar Witch is book one of three in the **Phases of the Moon** series, which is set within the shared universe of *Dark Imaginarium Academy*. All series can be read independently, but characters have crossovers and it is highly encouraged to read all within the universe to understand the world in its entirety.

Series within the universe:

Phases of the Moon by M. Sinclair
The Storm Dragons' Mate by M. Sinclair
The Creatures We Crave by R.L. Caulder

Spark of Fate: A Paranormal Reverse Harem Romance (The Shifting Fate Series Book 1)

Author: Tessa Hale

It was supposed to be a fresh start. A completely blank slate in a place where no one knew about the tragedy that ripped her family apart six months ago. A tragedy Rowan can't help but blame herself for.

Now the only thing she wants is to blend in. To escape the house that has become more like a prison. Her new school is her only hope. Somewhere she can pretend she's just like everyone else.

Only Rowan doesn't realize how unique she is. Holden is the first to recognize it, but he's not the last.

Rowan can't explain the draw she feels to the guys who have found their way into her life. The way something seems to spark the first moment she touches each of them. How it almost hurts to walk away from them at the end of each day.

Things are changing, from the ripple of power humming just below her skin to this new family she's finding herself a part of. But not all of the changes are good.

Someone doesn't like the power Rowan is stepping into or the bonds she's forming with the guys who have gifts as rare and strong as her own. And when the truth is revealed, it has the power to burn everything in its wake...

****Book one in a continuing three-book series. A reverse harem, why choose romance. Think fated mates, a heroine who has no idea just how special she is, broody, swoony, crazy protective heroes, and a story that will keep you on the edge of your seat.****

A Court of Frost and Starlight (A Court of Thorns and Roses Book 4)

Author: Sarah J. Maas

A tender addition to the #1 New York Times bestselling Court of Thorns and Roses series by Sarah J. Maas, bridging the events of A Court of Wings and Ruin and upcoming books.

Feyre, Rhysand, and their friends are still busy rebuilding the Night Court and the vastly altered world beyond, recovering from the war that changed everything. But Winter Solstice is finally approaching, and with it, the joy of a hard-earned reprieve.

Yet even the festive atmosphere can't keep the shadows of the past from looming. As Feyre navigates her first Winter Solstice as High Lady, her concern for those dearest to her deepens. They have more wounds than she anticipated—scars that will have a far-reaching impact on the future of their court. Bridging the events of *A Court of Wings and Ruin* with the later books in the series, *A Court of Frost and Starlight* explores the far-reaching effects of a devastating war and the fierce love between friends.

The Tyrant Alpha's Rejected Mate (The Five Packs Book 1)

Author: Cate C. Wells

He rejected me, and then he realized I'm the center of his world. Bummer.

Una

I keep my head down. In this backwards pack, females rank low, and my bad leg makes me damaged goods. It doesn't help that I've never shifted. I don't mind the late twenties single life, though. No one's paying any attention as I build an illicit farmer's market empire.

My roomies and I are doing it for ourselves, and if life under Killian Kelly is stifling, at least it's predictable. We can deal.

But when biology finally kicks in, I lose my mind. I claim our alpha as my mate. And he rejects me in front of the whole pack. It's all good. It only hurts when I breathe. I'll survive. That's what I do.

Who wants an arrogant jerk for a mate, anyway? I've got a business to run.

Killian

To lead this pack out of the dark ages, I've had to be hard. Merciless. I don't flinch, and I don't make mistakes.

Una Hayes isn't my mate.

My wolf might have some kind of strange infatuation, but if she were mine, I'd know it. And I can walk away, can't I? And if I keep coming back? If she starts living in my head?

I'm the strongest male in five generations. My pack scrambles to do my bidding. I can bring one quiet female back in line. No one can possibly be as stubborn as I am.

There's no way I've ruined the best thing that's ever happened to me.

I'm the Quarry pack alpha. I don't lose.

The Tyrant Alpha's Rejected Mate is a full-grown shifter romance. No cheating. HEA guaranteed. Intended for adult readers only.

Shifter Shadowborns: A Rejected Mates Romance (Rise of the Howling Shadowborns Book 2)

Author: Avery Stone

Shifter Syndicate should have killed me, but instead, I entered the new year as a survivor.

There's no time to celebrate, though. Betas are being hunted and wolf shifters across the Syndicate are getting kidnapped. Worse, the culprit lives among us. Then Red Dusks invade our territory, creating an overwhelming catastrophe none of us can stop.

Until I unlock a Shadowborn trait I didn't know existed.

Dark new powers thrum through my bloodstream, and I, former reject Selene Bleu, am now one of the most valuable shifters in the grand hierarchy. That doesn't make me popular with the others, though, especially when I'm offered a seat on the High Council — *a very special seat next to Alpha Asher.*

To top it all off? I open a gate to a new world, summon a fleet of Valkyries to our aid, and accidentally awaken a beast from hell.

It's not all bad, though: Kenzo and Beta Tobias are officially dating, and Alpha Asher is getting me a motorcycle — *though I still can't get a set of batteries to save my life.* Enemies stalk us from all sides and plague of shadows are approaching.

Unless we find a solution, it won't matter whose side we're on, for this world that has become my home will be cloaked by a sheet of darkness — ***a shadowy mist of death.***

Shifter Shadowborns is a full-length (110,000 word) Dark Paranormal Romance. Book Two is filled with humor, action, suspense, steam, a tough heroine, and an antihero alpha. It's recommended for 18+ audiences due to language and sexual instances.

Bear's Midlife Second Chance (Shifter Nation: Fated Over Forty)

Author: Meg Ripley

At 46, I'm going through The Change...

In more ways than I'd ever imagined.

After Dean Thompson broke my heart 28 years ago,
I left my hometown and never looked back.
Now my adoptive parents are nearing their eighties,
And even though they're shifters,
They need help more than they'd care to admit.
So I packed up my life and my hormonal teenage daughter
And finally headed home to Carlton.
Just as we were getting settled,
Mom accidentally started a fire at her chocolate shop.
And who showed up to put it out?
Friggin' Dean.
He may have extinguished that flame,
But the second he took off his helmet,
He reignited one inside my soul.
I'd spent so long trying to forget that damn bear shifter,
But when he asked to catch up, I couldn't resist,
Even though I knew it was bad news.
Now that I'm rekindling my relationship with Dean,
A truth is revealed about my past,
Forever changing the concept of life as I know it.
Hell, I thought menopause was a rollercoaster,
But buckle up, buttercup...it's time for the ride of my life.

Steamy shifter love scenes and an HEA inside! No cheating or cliffhanger in this standalone romance. Readers 18+.

Klutz: Phoenix Down (But Did You Die? Book 1)

Author: Sedona Ashe

After I rescued these jerks from a plane crash, you'd think they'd be nicer to me.

I die, like all the time. My track record of hilarious, freak accidental deaths would be impressive if it weren't so embarrassing.

And when I come back, I'm naked. Every. Dang. Time.

After my plane was sabotaged and crashed into the jungle, I rescued five male survivors from the wreckage.

I could have let them die, but no, I decided to pull their stupid carcasses from the wreckage. I'm immortal, not a monster.

Yes, they're hot, now is not the time to do something about that.

The five sexy jaguar shifters are on a mission to locate someone, a rare phoenix shifter. Phoenix, the legendary creature, reborn every time it dies. Wait...

...Could they be looking for me?

It doesn't matter since they walked away and left me to die in the Amazon rainforest. A place full of interesting new ways for a klutz like me to die. Surviving the jungle is harsh, but it's nothing compared to how they have treated me.

And the worst part?

It turns out these bullies are my fated mates. Yep, I must be cursed.

I can't wait to escape the jungle and leave these guys behind, but another part of me is begging to love them...

Was the Amazon always this hot?

"But Did You Die?" is a comedy filled, bully (only in book one), paranormal romance series that includes jaguar shifters, a mysterious underground society, fated mates, and an incredibly clumsy Phoenix. Follow Amaryllis as she discovers who she is and 'collects' her soulmates along the way! It is full of humor, adventure, and scenes to entice and thrill you... or to make you unexpectedly snort with laughter. The series will have a HEA...it will just take a little while to get there!

Author: J. Kearston

The wolves waiting in the wind are always watching.

My life has never been normal. Raised by a survivalist, taught how to endure anything, I've learned to rely on myself. To keep my head down-- to mind my own business. That all changes in an instant when I hear the screams.

There, in that filthy alley, I thought I was pulling Emmeline out of the darkness and toward safety, but it turns out, she was pulling me in. My new friend's world collides with my own, and they couldn't be more different. Where I spend my days alone, she rarely can. Not with four brooding brothers hellbent on her

protection, watching over her every move like dark guardians.

Guardians that set their sights on me, who want to claim me as their own.

There is a world of violence and bloodshed, of teeth and fangs. Monsters lurk in the shadows, just waiting for their chance to strike. A sane person would be terrified, but even as danger closes in around us, I know without a shadow of a doubt that they're bigger threats than the ones they tell me I should fear.

To protect their family, they'll become the monsters of legends and myths. The question is, if I'm supposed to be their salvation, does that mean I'm even more cursed than they are?

To save us all, am I willing to damn myself?

****This is a darker themed paranormal romance where the heroine gets all of her men, and contains some graphic detail, so please read the note in the beginning of the book before choosing to read. This is the first of a (three or four) book series that follows the same characters, and as such, will end with a cliffhanger, but this is my primary project until it's completed.****

Love & Curse Making (Magical Dating Agency Book 1)

Author: Kelly St. Clare

What do jazz pixies, siren celebrities, and three hundred disastrous dates with supernatural men have in common?

Me.

I'm Cerys. And at twenty-two years old, running a paranormal dating agency with my bestie and living in the magical society of Nepos is an amazing life.

Not gonna lie though, it'd be better with a little action. Kissing, maybe? A one-armed hug? Heck, after three years, I'll take a man touching my bedsheets. Or *would* if this curse didn't 100 percent block me from romance.

When my 'extinct' brand of magic explodes in the presence of true love, the off-the-charts sexy but infuriatingly bored Detective Devereaux gets involved. And let me tell you, ladies, there are *m-u-s-c-l-e-s* under his long coat!

So I'm cursed and dodging the law *and* trying to put more love in the world each day. And now some creep is digging up heart elemental bodies.

Seriously. How is it only Monday?

If you enjoy books by C.N. Crawford, Ilona Andrews, K.F. Breene, and Patricia Briggs, then you'll love this vibrant supernatural society where magical creatures burst from every storefront and love is complicated.

Enforcer—especially one who is a hybrid fae demon—isn't going to be easy.

He's here because there are Fae markings on the dead body. The woman I'm tracking swears she's innocent of her husband's murder. She also claims to be human, but the evidence suggests otherwise.

Klutz: Phoenix Heat (But Did You Die? Book 2)

Author: Sedona Ashe

But I'm not waiting to be rescued. Screw that damsel-in-distress garbage!
I'm the last Phoenix shifter and I'm about to give them hellfire!**

As if the jungle, viper bites, piranhas, killer bugs and the five sexy dipstick-for-brains I saved weren't enough, I'm now a captive of some lab coat weirdos in an experimentation facility.

*I definitely got the wrong idea of torture from "50 Shades of Grey". Don't look at me like that, you read it too!
They seem to be willing to stop at nothing in their effort to break me. But come on, they're not that creative, just annoying in their determination to figure out how much I can take.*

Another rare shifter is being held here. I can *feel* him. Yep, another freaking mate. In case you haven't been counting, that makes it **six** fated mates... *sheesh!* My five jaguar shifter mates couldn't seem to make up their minds. Were they happy to have me or desperate to ditch me? I'm not even sure if they are coming to rescue me.

*Who did I tick off in the universe to deserve all of this?
No need to send help, because I've got this... as soon as I find some clothes.
They are about to find out exactly who and what I really am.*

In the far reaches of space, you have to keep your guard up to survive. But this gorgeous alien warrior is breaking down my defenses.

Three years ago, alien raiders abducted me from Earth.

I escaped to a remote trading planet, where I've scraped by and kept my identity as a human hidden... until one day, I get caught stealing from a mysterious warrior named Rok.

Aliens are dangerous and untrustworthy. Or at least, that's what I've always thought. But Rok is different. Despite being furious that I took something from him, he doesn't hurt me.

Instead, he offers to help me.

I'm not sure I should trust him—or if I can trust *myself* around him. Because every time I look into his gold-rimmed eyes, the ice around my heart melts a little. His touch sends licks of fire over my skin, and he gazes at me with such possessive heat that I feel like I'll combust.

But I know better than to put my faith in an alien. And I certainly know better than to fall in love with one.

Right?

Dragons Are a Girl's Best Friend: A Fast, Feel-Good Urban Fantasy (Fangs and Feathers Book 1)

Author: Isla Frost

My name's Lyra Ridley, and I run headlong into supernatural danger for a living.

Of course, that's *not* how I sold the job to my adoptive vampire dad. Or what I put on my dating profile for that matter. And I do have a wet-your-pants-level terrifying dragon partner rushing headlong into danger with me. But she, like my unusual magic, is frequently more hazard than help.

Despite all that, I love my job protecting the streets of post-magic-revolution Las Vegas—where humans and supernaturals live side-by-side, or are at least having a stab at it. So when I get suspended and some jackass takes my city hostage? Yeah, there's going to be hell to pay.

Even if it means I have to team up with a mysterious supernatural I know nothing about—except that he has pointy ears, a rod up his backside, questionable priorities, and could kill me with his eyes closed.

My dragon partner likes him even less than I do. Then again, she doesn't like anyone, including me most of the time. But I'm *pretty* sure she won't barbecue either one of us.

Still, you'd better wish me luck.

Warning: This urban fantasy series contains danger, mayhem, humor, and heart, with characters you'll fall for—including a vampire with an unbeating heart of gold, a book-hoarding dragon who eats criminals for breakfast, a mysterious supernatural who's as hot as the desert he slunk out of, and a human heroine who'll fight to save them all.

Surrogate For Wolf Shifter (Shifters Fated Mates Book 2)

Author: Brittany White

I made the mistake of falling in love.

Bear Shifter Surrogate

A chance meeting with a surrogate gave me an idea of how I can help my parents and achieve my life's goals while helping a wolf shifter's dream come true. The surrogate agency introduced us, and I discovered that he was everything that I ever dreamed of – The Prince Charming in my personal fairy tale. The connection was immediate. And I fell in love.

Unfortunately, he had vowed to never fall in love again and to never marry again. His heart was broken by a woman and he told me how she had shattered his trust in spite of that, we had a connection – I thought. He hadn't read my profile from the agency and thought I was a wolf shifter like him. So, when we shifted to go for a run he discovered that I was a bear shifter. He told me that his grandfather would never accept our hybrid child as his heir. I was to be left to raise this child alone, without my prince, without my love.

Was our child and my love enough to change his mind?

Wolf Shifter Donor

My grandfather was dying and his one wish: An heir to carry on the family name. After an ugly divorce, I didn't want another wife, so, I did the next best thing. I decided to hire a surrogate. I told the agency she had to be a wolf shifter – My grandfather was very traditional and strictly followed the shifter code – heirs must not be hybrids. I was introduced to the shifter who would carry my child, deliver it, and walk away. No strings attached.

Except for one problem: I fell in love with her. There was no way that I could ever marry another woman and make my heart vulnerable to betrayal once again. Everything that I did to protect myself only served to hurt the woman whom I loved. Yet she always forgave me and opened her arms to me. Then, I discovered a problem. She was a bear shifter. And I was certain my grandfather would only accept a purebred wolf shifter as his heir.

How could I choose between my love for this woman and our baby and making my grandfather's last wish come true?

Darkest Mate (Rejected Fate Book 1)

Author: Alexis Calder

Weakness means death. Or worse.

After I was abandoned as a child, I was taken in by the Shadow Pack. A group of ruthless, lawless, shifters who have only one rule: never let anyone see your weakness.

In exchange for them keeping me alive, I owe them. The leader of the Shadows is as handsome as he is ruthless. And he's offered to wipe my debt in exchange for marriage. He'd offer protection, but it would cost me my freedom.

Survival in the Shadows depends on back alley deals and shady alliances. It's become a way of life that I stopped questioning years ago. When a routine burglary goes wrong, I find myself captured by the one family I never should have crossed.

The Umbra family owns this city. They make us Shadow wolves look like the good guys. They should have killed me for my crimes, but there's a tiny problem... It turns out Madoc Umbra is my fated mate.

Instead of killing me, I'm a prisoner. The rest of the family doesn't know of our bond and I intend to keep it that way. Madoc's brothers want to end my life; he wants to break the bond. I just want to get the heck out.

As long as I don't let them see any weakness, I might have a chance of making it out of here alive.

Shade War: A Druidverse Urban Fantasy Novel (The Shadow Changeling Series Book 3)

Author: M.D. Massey

Cursed by a soul-eating demon and haunted by his past, this shadow mage will do anything to save the woman he loves... from himself.

Crowley's my name. Some call me Hound, but most don't live to say it twice.

The goddess Fuamnach kidnapped me when I was a child, she taught me magic, then she made me her assassin and slave. If that was all she did to me, I might've escaped and let it pass. But she changed me—in ways I still don't completely understand.

There's something inside me... and it *hungers*.

A blessing and a curse, my shade provides the magic I need to evade Fuamnach while it slowly gnaws away at my life force. Even worse, the entity has recently decided to rebel against me.

Now I'm not just being hunted by a goddess... I'm in the midst of a war for my very soul.

If the shade wins I'll be trapped inside my body, helpless to resist while it feeds on everyone around me—including Belladonna, the woman I love.

I have to find a way to control the shadow wraith and to stop Fuamnach from hunting me. Only then can Belladonna and I can live in peace.

To do that, I need answers—answers that can only be found in Underhill where I was enslaved and reborn. But if I'm captured there, my former master will delight in torturing me to death over several agonizing centuries. And that's if she's feeling generous.

This won't be the first time I've bearded the lion in its den... but one slip, and it might be my last.

Shade War is the action-packed third entry in The Shadow Changeling Series trilogy, a Colin McCool Junkyard Druid spin-off series set in M.D. Massey's Druidverse urban fantasy setting.

But when the thing she hunts saves her life, injuring himself in the process... her crystal clarity suddenly becomes blurry.

The Order has tasked him with finding a human with deadly secrets before the unhinged Unseelie Queen, or the fanatical human leader, can exploit her. Incantations & Insomnia: A Paranormal Women's Fiction Novel (The Oracle of Wynter Book 5)

Author: Lisa Manifold

Two weeks ago, I logged my first failure as an Oracle. Two days ago, I learned that magic is a fickle thing. Two hours ago, I unleashed a posse of the undead.

Just when I thought things couldn't get any worse, they did.

Not only did I need to figure out how to free Nina, I had a new consultant. Double booked is an understatement. Now, I must discover why Hazel Dane, one of the most stressed out--and most impolite--consultants I've ever had is cursed. Or enchanted. Or something. She doesn't know.

Neither do I.

Which is kind of a problem.

I'm also not sleeping--hello, guilt-inducing-gargoyle on my front porch anyone? It's probably one more symptom of menopause, but if I don't get some sleep, someone's going to die.

Which was interesting, as zombies just showed up on my front porch, trying to break down the front porch.

Maybe I spoke too soon.

A paranormal women's fiction romance with a feisty heroine in serious midlife crisis, a talking tattoo, a chain-smoking ghost in a housedress, and an adventure that proves you're never too old to start over from USA Today Bestselling author Lisa Manifold.

I'm now in the line of fire and I think Santiago and Marsden manipulated me here.

Getting the lead in a famous ballet company had always been a dream of mine, but this just feels hollow. Not only is this ballet cursed, I just hate how I got the role. I've moved from the understudy who was supposed to protect the cast to the understudy who stole the lead. This is exactly what happened before and everyone died.

Marsden has gotten super weird. He's being supportive and he's started publicizing this ballet like he thinks this is a sure thing. He still hasn't told me everything he knows and I have no idea where Santiago Suarez is.

If anyone else dies, it may break me.
