## **Bare Ride: An Older Hero Possessive Alpha Romance (Men of Valor MC)**

***Author: Lena Lucas***

Moving to the small mountain town of Fairhaven, Wyoming was my escape from the monotonous life I lived. I wanted something new, an experience I'd remember for the rest of my life.

After a week in my new home, I'd gotten a waitressing job and associated myself with the residents and the lay of the land.

Things weren't... complicated, and I knew I made the right decision.

Conflict, indecision, and shifting emotions were definitely not what I needed or wanted.

Until I met him. Cyrus "Bear" Grille was big and strong, an MC Nomad who made every feminine part of me come alive like a fire burned brightly in my body.

He was the last thing I need, a complication that would surely twist up my emotions and tangle with my heart.

But I couldn't stop my interest or curiosity where he was concerned. And it looked like fate was ready to make the decision for me.

When a snowstorm causes me to crash, he's the one to rescue me. I found myself in his cabin, isolated from everything, the snow sealing us in indefinitely, and I couldn't find anything wrong with the situation.

It felt right. I knew I was on a new path, one where I'd experience things that would rival the former ones. And I was going to jump headfirst into whatever this electrical chemistry was that claimed both of us.

He wanted me, and I was going to give myself to Bear in every way he wanted.

Lena's note: I know you like them fast and right to the point so don't worry, this one gives you all the goods but with a decades long celibate hero, a virgin heroine, and all the romantic filth to whet your appetite! Enjoy this good old-fashioned safe smut-fest.

## **The Virgin and the Beast: a Dark Beauty and the Beast Tale (Stud Ranch Standalone Book 1)**

**Author: Stasia Black**

They say good things come to those who wait.

Bullsh\*%!

My whole life has been about waiting. Playing it safe. Be the good girl, don't color outside the lines. Put in the hard work trying to prove myself to Dad, then to my college professors, then to my boss at New World Media. Just waiting for the day when it will all pay off.

And right when it was all starting to—I finally had the house, the job, I was even thinking about getting a cat—boom!—my life explodes and suddenly now I'm here and—

"All done," the doctor interrupts my thoughts, pulling off her gloves with a loud snap.

Even from the bed where I'm lying, my legs spread like the Thanksgiving turkey, I can hear the impatient growl of the man standing in the doorway. If you can even call him a man. More like a beast out of a friggin' fairytale. "Well?"

Her pronouncement echoes throughout the room while the speculum is still inside me. "She's a virgin."

Intended for mature audience. Steamy romance with dark themes.

INTERVIEW WITH THE AUTHOR:

Q – Where did you get the idea for this book?

A – Who doesn't love a Beauty and the Beast story? I've been in love with this fairytale since I was a kid and read all sorts of different variations on it. Now that I'm grown up, well, I couldn't help but imagining some darker twists and turns the story could take. A tortured hero, kidnap, and a girl falling for her captor—hello, this is the stuff dark romance is made of!

Q – Why should I read this book?

A – I write the kind of books I love to read, which is dark romantic erotica. I want stories that steam things up in the bedroom but not if those scenes don't go hand in hand with three-dimensional characters, can't-stop-flipping-the-pages suspense, and quality writing. I like alpha males, (doesn't hurt if they happen to be billionaires)!, bad boys, BDSM, contemporary, urban settings, and fiction where women can be strong while also exploring all sides of their sexuality. My favorite books are ones that dare to go into the darkest and most taboo places in the human psychological experience, leaving you wrung out on the other end.

## **Pretty Lies (Watch Me Burn Book 1)**

**Author: R.E. Bond**

My dad's an asshole. Plain and simple.

He's made it obvious that I can only ever rely on myself.

Until I meet them.

Caden, Tyler, Jensen, and Lukas.

My new stepbrother and his best friends have suddenly become my everything.

Until they aren't.

They think they can break me, but they're dead wrong.  
They wouldn't have bet on me having someone else on my side, or in my bed.  
These rich boys haven't seen anything yet.

Their pretty lies are nothing compared to what's coming though, and I'm going to need them to anchor me when I finally break.

Death is coming to those who deserve it, and I don't care if I lose myself in the process.  
Did I mention the local street crew being on my side?  
No one will ever see me coming.

My name's Rory Donovan, and I'm about to paint the walls red.

\*Pretty Lies is a 75k word dark romance reverse harem novel. This is the first book in the series and it must be read in order. The first four books are Rory's, and the harem grows over those books, so other guys will be added as the story goes. It contains abuse and rape content, and the series will have m/m. If you are triggered by sensitive content, this series is not for you.

He tries to forget her, but instead is swept up in a storm of emotion he cannot comprehend and cannot resist. Unlike any woman he has known before, shy, unworldly Ana seems to see right through him—past the business prodigy and the penthouse lifestyle to Christian's cold, wounded heart.

## **Big Bad Wolf (The Lycans, 1)**

**Author: Jenika Snow**

\*A top 50 Amazon bestseller!\*

Mikalina

It was spur of the moment, maybe reckless, definitely a shock to everyone I knew when I decided to take a trip across the ocean to a foreign country and stay for an undetermined amount of time.

Renting out a cottage in a tiny European village whose residents barely spoke English was the perfect escape from overbearing parents, fake friends, and a future that seemed bleak. And helping out an elderly woman with her shopping to earn some extra cash seemed easy enough.

Mindless, hour-long walks through the thick woods that surrounded said village also sounded ideal. No Internet. No television. And just the bare basics to get me by.

Perfection. Stress-free. Exactly what I needed.

Or maybe I was wrong about it all.

I felt someone or something watching me from the darkened, dangerous woods.

I felt someone—something—stalking me. I didn't know what or who it was, but I knew with certainty it wasn't human... and that it wanted me.

Ren

I wasn't human, not completely.

A Lycan—a centuries-old wolf-like creature that was feared by all, stronger than anything on the planet, and who was only ever after one thing.

My mate.

For over three hundred years, I had one purpose in life. Find her, the one female born to be mine. My female who'd cause the Linking Instinct—that supernatural connection that told me she was mine and I hers—to finally take root and make me whole.

And for hundreds of years, I'd been alone, saving myself for my mate, never stopping the search.

Until I scented her, saw her, finally felt my heart beat and the blood rush through my veins with hope and anticipation.

Mine.

She didn't see me, but she sensed me. And she ran. She couldn't possibly know how much the chase turned me on.

I didn't know how I'd make her understand I could never let her go, that nothing and no one would stop me from making her mine.

Because once a Lycan found his mate... nothing in this world, nothing supernatural or human, could keep him from her.

"Let's go in," Liam said, taking the hotel keycard Calla had been clutching. She looked confused until Liam eyed Mack and said, "All of us."

Calla's eyes widened and her mouth dropped open slightly. But when the door unlocked, she stepped inside and held it open wide.

In invitation.

F\*ck him. Mack felt it in his chest and his balls—the wanting. She doesn't know what she's inviting in.

Liam stepped right over the threshold, but still, Mack hesitated. She deserves a million times better than either of you horny f\*cks.

Mack was about to turn around and leave. He really was.

But then Calla reached over and took his hand. With her other, she reached out to Liam. When she started tugging them inside, Mack let himself be pulled forward.

He didn't know if he was heading into heaven or hell. But as the door closed behind him, Mack knew there was no other place he'd rather be.

## **Sugar Daddies**

**Author: Jade West**

A sugar daddy website doesn't seem a sound basis for an A1 life plan, but I'm a small town girl with big dreams, and there's this one advert, this one crazy advert I can't stop thinking about...

Two hot guys seeking their Little Miss Right.

Someone who can entertain them, amuse them, fit in with their corporate schedule.

And sex. They want sex.

Lots of sex.

Bonus, right? One major dose of epic win.

Of course, guys like Carl and Rick have their conditions. One being that they come together, or not at all.

Hell, I can live with that.

And there are no skeletons in their designer closet, none that I can find.

Just two hot sugar daddies, with particular tastes, nothing to worry about.

Until Carl and Rick spill the big one, the one that sends the girls running. A whole string of them before me, running to the hills without so much as a backward glance.

Maybe I should run, too. Thanks but no thanks, see you around, guys, nice knowing you.

But I'm already in way too deep for that.

Warning – as with every other Jade West book, reader discretion is highly advised. This novel contains vivid depictions of MMF / MM relationships, and Jade's characters, as always, have very filthy mouths. Mature readers only, please.

Bennett has returned to Chicago from France to take a vital role in his family's massive media business. He never expected that the assistant who'd been helping him from abroad was the gorgeous, innocently provocative--*completely infuriating*--creature he now has to see every day. Despite the rumors, he's never been one for a workplace hookup. But Chloe's so tempting he's willing to bend the rules--or outright smash them--if it means he can have her. All over the office.

As their appetites for one another increase to a breaking point, Bennett and Chloe must decide exactly what they're willing to lose in order to win each other.

Originally only available online as *The Office* by tby789--and garnering over 2 million reads on fanfiction sites--*Beautiful Bastard* has been extensively updated for re-release.

## **Her Soul to Take (Souls Trilogy)**

**Author: Harley Laroux**

### **Leon**

I earned my reputation among magicians for a reason: one wrong move and you're dead. Killer, they called me, and killing is what I'm best at.

Except her.

The one I was supposed to take, the one I should have killed - I didn't.

The cult that once controlled me wants her, and I'm not about to lose my new toy to them.

### **Rae**

I've always believed in the supernatural. Hunting for ghosts is my passion, but summoning a demon was never part of the plan. Monsters are roaming the woods, and something ancient - something evil - is waking up and calling my name.

I don't know who I can trust, or how deep this darkness goes.

All I know is my one shot at survival is the demon stalking me, and he doesn't just want my body - he wants my soul.

*Her Soul to Take* is book 1 in the *Souls Trilogy*. Although all the books are interconnected, they are *stand-alone* and can be read in any order.

### **Content Warning**

This book contains graphic sexual scenes, violence, kink/fetish content, horror elements, drug use, and depictions of hard kink/edgeplay. This book is strictly fictional and is not meant to represent realistic expectations of BDSM or kink.

*Kinks/Fetishes Within:* consensual non-consent (CNC), breathe play/choking, bloodplay, spit, needle play (body modification fetish), pain play, fear play, public play, bondage, restraint, spanking/impact play.

*Hurt So Good*

It's the single most forbidden of female fantasies. Most are ashamed to speak it out loud, much less ask for it, and usually so is Miranda...until Dylan Lennox comes along.

*Daddy's Sweet Girl*

Sarah gets a new step-father...and a new step-brother. Family ties have never been so twisted.

*Please note that these books are dark romances with intense scenes and include fantasies of dubious consent.*

## He Saw Me First (Age & Innocence Book 1)

**Author: M Johnson**

Across an empty laneway in Paris, through my hotel window,

**He saw me first.**

I stopped undressing . . . but only for a moment.

The next night, he was waiting for me.

He sat there in his expensive suit and watched.

No participation.

My only acknowledgement was the look of lust in his eyes.

It continued until the night before I left,

when I found a card under my door.

No words. Just a number.

So, I texted him.

I'd never done anything like it before.

It felt so dirty and wrong, but at the same time, I felt alive.

He was much older than me, so intimidating and sexy.

He made me feel things no man ever has.

I was under his spell.

**The last thing I expected was to ever see him again.**

### **Lola**

I'd had a crush on Dane Webster since I was old enough to know what one was. But he only ever saw me as his best friend's kid sister.

EXCERPT:

It was the dog's fault.

That I was out until three in the morning was, perhaps, an issue, but I personally didn't feel my odd hours should really factor into the equation. Wouldn't any rational human being be bothered by the high pitched yelp of the Yorkie-gone-mad next door? Was it really just me? I couldn't be the only one considering playing my noise-ordinance card with the local authorities, could I?

Still, I didn't. I rolled around in bed, made sure the windows were shut completely, turned on two fans, the air conditioner, and covered my head with pillows, but that dog's little yap pierced through them all. Eventually, my lack of sleep started to affect my work.

Granted, bar tending wasn't brain surgery, and while the clientele didn't mind an occasional on-my-feet nod and subsequent heavy hand, Tilly, The Rusty Nail's owner, was going to catch on to me eventually. I knew it was getting bad when the sound of the blender could start to lull me to sleep.

And the most objectionable thing was, the Yorkie was adorable. When I yanked the drapes, ready to open the doorwall and go out on to the balcony in a fit of temper, there it was--the little canine seemed sure that it was his duty to run the perimeter of their privacy fence, barking nonstop all the while--but it was so cute, I just couldn't say anything.

In my limited experience of pets, I didn't know what calling the authorities would do. Did they take away barking dogs? I couldn't subject the animal to some ominous threat, no matter how much it yelped. The guilt of living with that wouldn't afford me any sleep, either, I reasoned--like some twisted Wizard-of-Oz version of the Tell-Tale Heart, I knew that little Toto-face would haunt me. I couldn't be the masculine version of the Wicked Witch of the West, as much as I wanted to when Barkapalooza began every morning at six.

Then, one day, there was no more barking ... and I didn't even realize it until I was singing in the shower some time around one in the afternoon, feeling blissfully rested and content. Frowning, I dried off and headed back to my darkened bedroom, wincing at the bright sunlight that poured into the room when I tugged the drapes back to look down into the neighbor's yard.

I was actually worried about the little guy. Was he sick? Were the neighbors on vacation? I didn't know much about my neighbors in the condo complex. The couple on the other side of me didn't have pets--that much I knew. On the Yorkie side, since I'd only seen the one woman, so I assumed she and the Yorkie were it.

When I opened my drapes, there was the neighbor, stretched out bare-assed on a chaise lounge--and what an ass it was!

Devastatingly sexy strangers don't strike conversations with me.

Let's be real. New York is a dating jungle for plus size curvy girls.

I'm used to being invisible.

That's why I keep my expectations about men—and love—low. Okay, more like non-existent, but that's beside the point.

With sheer willpower, I coax myself to push the handsome stranger out of my mind, just to slam into him with full force, nearly landing him on his beautiful ass the

very next day.

Flashing him in the process was entirely unintentional.

Turns out Max Keller is a possessive billionaire who's used to getting what he wants.

Unbeknownst to me, I'm his new obsession...

USA Today Bestselling Author Scarlett Avery brings you a passion-filled romance with the right touch of naughty.

**Author's Note:** Previously published in parts. This is the **COMPLETE STORY**. No cliffhangers! First released as Curves Envy.

## **Snatch: Cerberus MC Book 5**

**Author: Marie James**

I've always been a connoisseur of the opposite sex. Tall, short, thin, thick and juicy, my tastes knew no limitations.

That became abundantly clear the night my best friend took me in his mouth.

Sure, there'd been close calls before, the slip of a hand or misplaced lips. With our propensity to share women, it was bound to happen.

That fateful night, I was met with pure intention and an experience I never want to forget.

Falling for a friend has never been so complicated.

## **Bottoms Up (Getting Lucky)**

**Author: Jenika Snow**

Aoife

After my mother passed away, I packed up my entire life and moved to her home country of Ireland. I wanted a change of scenery, a different life... to distance myself from the memories of all that I lost.

I wanted a fresh start.

The small Irish village of Duthmoore was everything I had hoped when I envisioned myself starting a new life.

And for the first time since I lost her, I felt like I was home... like I wasn't alone.

It wasn't until I found myself walking into Getting Lucky, the most well-known pub in Duthmoore, that I found myself face-to-face with the owner, Cillian McGowan, and realizing that maybe Duthmoore had a hell of a lot more to offer than I thought.

Cillian

I was a born and raised Scot but on a whim had moved to Duthmoore, Ireland, and started up my own pub.

Over the years, Getting Lucky had become the most popular pub in the village, and business was booming.

My pub was my dream, my life, the only thing I needed to focus on, or so I thought.

When I saw the pretty strawberry-blond walk into my pub, I was pretty sure angels sang, the world slowed, and everything else faded away.

I'd never been so mesmerized by another person, never felt like if I wasn't near them, the air would be sucked from my lungs.

But I sure as hell felt like that for Aoife. And as the hours passed and she consumed more, her story started to unfold.

I had never thought love at first sight was possible, but with her, it was very clear I didn't know much about how the world worked.

Because I was already head over heels for the little Irish-American, and I was pretty sure I couldn't let her walk away after tonight.

\*A complete standalone in the Getting Lucky series.\*

One glimpse at the fire in her eyes and I knew we'd burn the world around us until nothing else existed. One touch of her skin and I was lost to anyone else.
