I'm totally innocent. Completely inexperienced in all the important ways.

And now I've been auctioned off to a man I've never met.

Billionaire mogul Dermot Nash is like nobody else I've ever encountered. He's powerful and handsome, with a cold gaze that heats me to my very core.

But there's so much about him that's a mystery – secrets he will never reveal. And the way he makes me feel when he touches me can never make up for the fact that I've been purchased to be used as his personal plaything.

When he's done with me at the end of the month, I'll be discarded and forgotten. A disposable woman, something only the very wealthy can afford...

He can throw me away whenever he wants. And the more time I spend with him, the more I fear I'm falling for him, starting to love a man incapable of feeling anything.

And the worst part of it all?

His secrets can't be anywhere near as bad as the one I'm keeping...

And maybe he's right. Because I need the money.

I have so many bills to pay that I feel as if I'm drowning, and now perhaps I will finally be able to swim to shore.

At least, that's what I tell myself as Kingston begins to draw me in, closer and closer, somehow destroying all of my defenses, shattering my illusions, and ultimately dragging me deeper down beneath the surface than I ever thought I could go.

And worst of all, he knows that I'm enjoying every minute of it...

All the local heroes get together, and we put on a great day for the town.

It's a pretty chilled out day after being run off our feet in the bakery.

I've been propping up the corner table in Dawn's bakery for too long.
I can't bring myself to talk to her. To drag her into my world.

When she soaks me at the summer fair, I'm immediately hooked.
I'm determined to claim this curvy woman.
To make her mine.
But first, I'm going to have to save her life.

Six of us enlisted, but only five of us got to board the plane home. From the second our boots hit the dust bowl, we made a promise forged in blood. And in Pink Springs, Vermont, we all found something to keep our hands busy inbetween taking care of Harlow's kid siblings and parents. Laid-back jobs, storefronts and eateries full of small-town charm, and the curvy girls who stole our hearts.

Fair Trade

Author: Madison McCall

After inadvertently being changed into a woman as a result of a biological incident, Stephen leaves the small town where he was born and raised and relocates to Madisonville, assuming the name of Rachel. As time passes, she embraces her new identity and takes an interest in the opposite sex and not long afterward meets Ben, who she falls in love with and marries.

She is excited as she and her husband buy their first home together and quickly falls into her role as the woman of the house. She meets many of the neighbors and becomes good friends with a young woman named Amber, and they really hit it off.

Getting together for dinner one night while their husbands are away, they begin to compare notes and find it amusing that each of their spouses have been asking them to participate in a three way with another woman, but when asked if they would return the favor afterward and accommodate their wife by bringing in another guy the answer is always no.

The girls then come up with a plan on how to put an end to their husbands' constant requests for a threesome once and for all and go through the motions of setting everything up so they can stop the nonsense permanently. They are positive that their scheme will work as there's no way it can't, but an element of doubt remains. What if it doesn't work and it backfires?

Madison McCall's latest romantic comedy discusses what can happen when you open doors in your relationship that are best left closed as some things are way too intimate to be shared with others.

DARA:

I don't have time to date.
No, like *really*, I don't have time.

When my mother pulls my guilt strings, I agree to attend a speed dating event, just to shut her up.
I'm fully expecting to meet only shallow men.
But then I meet Hugo, and the chemistry between us could light up the whole world.

HUGO:

Let's be clear about one thing: nerds rule the world.
That said, it's tough to get a date when you spend all your time either in a lab, or teaching undergraduates how to recognize esters.
Women tend to find me boring, anyway.
The third time I come into the lab with mismatched shoes, my research assistants gang up on me and insist that I go do this speed dating thing.
I know it'll be a waste of time. And it is.
Until I sit down at Dara's table and find a fierce intelligence behind her beautiful eyes—
—and an accelerated combustion reaction takes place between us.
We could burn the place down, just from looking at each other.

Author: Selene F. Hearthorne

Casey is a strong, sensitive young woman who was forced into the underground fight club by her brother and abused by Markus, her older brother, for years. She met a young woman who became her best friend over the years since high school, her name was Ciera, and she helped her find her place within the underground fight club.

One faithful night they had to fight for the sake of them both as they feared Markus himself. They both had produced the idea of faking out the fight so Casey would end up in the hospital faking a coma to escape Markus and his evil ways and abuse.

What neither of the girls was expecting was for Markus to want Ciera murdered for the fact Casey was in the hospital. Not even a year later, they had decided that Ciera needed to leave Kansas City and go into hiding for her safety, and Casey would stay here, for the time being, keeping an eye on her brother.

A few months later, two MC Patched members came to her door telling her she was needed in Warson Woods as Ciera was in trouble alongside the rest of the MC brothers. She meets the Outlaws Guardian Protectors MC VP in Warson Woods, Missouri.

Hades is a man who has seen enough bloodshed to last him a lifetime and dark demons that keep him up at night for the sake of his past and the present day as the Vice President of The Outlaws Guardian Protectors MC.

Neither had hope that they would find the peace they both have searched for over the years within each other one day. This is the start of their story and how they overcome each hardship to prove everyone wrong and save each other from their darkness.

Julia

A year after my husband died, I travel back to Virgin Falls, Alaska, to hopefully find some peace.
I have such sweet childhood memories, but I keep thinking about the things we dreamed to do but now none of it will happen.
Still, I'm happy to see my friends and family.
And I'm more than surprised when I meet a man.
Levi is kind and handsome – more than handsome, he's hot.
It's the first time I've felt anything for a man since my husband died.
But his family's company wants to buy out my father's company. Our family business. And I don't see how we can get past that.

Levi

When I meet Julia and hear that she needs my handyman help, of course I agree.
I might be a fisherman, but I'm also good at fixing things.
And I like helping people.
Especially such a gorgeous curvy woman.
When I realize our families have conflicting business interests, I try to fight my attraction, but it's impossible.
Not when I know Julia is the one for me.
The one I want to love and cherish, have children with and grow old with.
But how do we overcome the issues between our families that threaten our relationship?

We made a vow. As military men, our word is our bond, so now that we've retired, we're back at Virgin Falls to support our fallen brother's wife. The Alaskan town was our place to unwind. A beautiful place with people who are friendly if somewhat reserved. We want to start new lives here and grow our families together. But can we find love in these remote mountains?

So, imagine my surprise when we cross paths on my first night in town.
I can see that he hasn't completely let go of the past.
From the way he looks at me, I think he's only got one thing on his mind.
The problem is, my body's reacting as if he never left.
And I'm not sure my resolve will be strong enough to keep me away from Flint.

Flint

Nobody could ever say that I didn't love Caitlyn.
We had everything, but I was bad for her, so I did what I had to do.
When she turns up in Pink Springs, I feel like I've won the lottery.
I've won a second chance at building a life with this woman.
Whatever happened between us, I'm ready to sweep it under the rug and start over.
I just hope that she can say the same.
Caitlyn achieved everything that I knew she could.
But leaving her was the biggest mistake of my life.
And I'm going to win her back, whatever it takes.

Six of us enlisted, but only five of us got to board the plane home. From the second our boots hit the dust bowl, we made a promise forged in blood. If any one of us lost our lives in that godforsaken desert, we'd all pitch in to look after our fallen comrade's family. When Harlow met his end, it's a promise that we stuck to. And in Pink Springs, Vermont, we all found something to keep our hands busy inbetween taking care of Harlow's kid siblings and parents. Laid-back jobs, storefronts and eateries full of small-town charm, and the curvy girls who stole our hearts.

I will prove to her that even though she was hurt in the past, her heart is safe with me.

A Heaven to Reach For

Author: R. Cooper

Ara is a festival for spring, for the return of clear skies, for beginnings. People dance, drink, and decorate themselves in blue capes or ribbons, or, for the more bold, with aras blooms, which leave behind a blue stain when crushed. A splash of this blue across the lips indicates someone is open to kisses, while a chain of the delicate blooms in their hair means they are open to more than kissing, whatever that may be.

It is a tradition older and perhaps stronger than the disapproving Church, yet it is still a surprise for Owin, one of the Duke's guardsman, to find the Duke's little priest-mage at the festivities. Owin has long been captivated by the stern, awkward postulant with a habit of broadcasting his moods with sparks of magical energy. Seeing Maschi's lips stained blue finally puts a name to the ache Owin carries in his chest whenever he thinks of the tiny mage. But Maschi is young, learned, and pretty as well as nearly a priest. Not meant for an older, battered guard with no faith or learning.

But Ara is a day—and a night—for love, and magic, and perhaps even grace, if that is to be found in the heart of one scarred giant. When Maschi puts aras blooms in his hair and speaks of Heaven, Owin must make a choice; reach for his, or leave Maschi to dream alone.

What he doesn't tell her is that his ex-fiancée will also be in attendance.

Aimee agrees, knowing Paul's participation in the auction will raise the money needed for a mobile health clinic. And as much as she's looking forward to spending a weekend with Paul, she's also certain it won't go anywhere. Everyone knows that Paul doesn't date, and after Aimee's divorce, that's fine with her...or so she tells herself. But as the weekend goes on, their fake relationship is beginning to feel all too real, despite the limit on their time together. Will this Valentine's Day wedding date make it past the weekend?
