Zodiac Academy: The Awakening

Author: Caroline Peckham

The Amazon.com and Wall Street Journal #1 bestselling dark fantasy romance series from authors Caroline Peckham & Susanne Valenti

I'm a Gemini. Impulsive. Curious. Headstrong. A twin. Heir to a throne I know nothing about. And it turns out, I'm Fae.

But of course there's a catch - all I have to do to claim my birth right is prove that I'm the most powerful supernatural in the whole of Solaria. And sure, technically that's true as I'm the daughter of the Savage King. But the bit they didn't put in the brochure was that every single Fae in this Kingdom would claim my throne if they could.

The school they've sent me to is both dangerous as sh*t and one helluva party. Vampires bite weaker students in the corridors, the Werewolf pack has orgies in the Wailing Wood at every full moon and don't even get me started on the dark and twisted ways the Sirens use their powers on people's emotions, or how my sinfully tempting Cardinal Magic teacher hosts detentions that leave people needing therapy.

Classes are totally interesting if you manage to live through them. And that Gemini star sign I mentioned? It now determines my elemental magic and affects my destiny, so learning astrology is essential if I'm going to beat down my classmates – which is actively encouraged by the way.

My biggest problem is the drool worthy Dragon shifter who has his eyes on my throne. He and his three psycho friends are determined to make my time here hell.

All I've got to do is survive. But fate might have other ideas.

Dammit, why couldn't I have gotten a letter to Hogwarts?

****This is a dark, bully romance – don't go expecting a sweet school for magic with friends around every corner. Fae fight for everything they own and Zodiac Academy is a cutthroat school for students aged 18+ where only the strongest prevail. There's no Dumbledore here to save anyone's ass and Lionel Acrux will give Voldemort a run for his money in the evil dictator category. So hold onto your stardust (broomsticks not required) and get ready for a bumpy ride****

The Constant Rabbit: A Novel

Author: Jasper Fforde

"Reads like a crazed cross between *Watership Down* and *Nineteen Eighty-Four*."

--*The Guardian*

"Every book of Fforde's seems to be a cause for celebration."

-- Charles Yu, *The New York Times Book Review* on *Early Riser*

A new stand-alone novel from the *New York Times* bestselling author of *Early Riser* and the *Thursday Next* series

England, 2022.

There are 1.2 million human-size rabbits living in the UK.

They wear clothes and can walk, talk and drive cars, the result of an inexplicable Spontaneous Anthropomorphizing Event fifty-five years earlier.

A family of rabbits is about to move into Much Hemlock, a cozy little village in Middle England where life revolves around summer fetes, jam making, gossipy corner stores, and the oh-so-important Spick & Span awards for the best-kept village.

No sooner have the rabbits arrived than the villagers decide they must depart, citing their propensity to burrow and breed, and their shameless levels of veganism. But Mrs Constance Rabbit is made of sterner stuff, and she and her family decide they are to stay. Unusually, their neighbors--longtime resident Peter Knox and his daughter, Pippa--decide to stand with them . . . and soon discover that you can be a friend to rabbits or to humans, but not both.

With a blossoming romance, acute cultural differences, enforced rehoming to a MegaWarren in Wales and the full power of the ruling United Kingdom Anti-Rabbit Party against them, Peter and Pippa are about to question everything they had ever thought about their friends, their nation, and their species.

An inimitable blend of satire, fantasy and thriller, *The Constant Rabbit* is the latest dazzlingly original foray into Jasper Fforde's ever-astonishing creative genius.

Midlife Witch Hunter (The Forty Proof Series Book 6)

Author: Shannon Mayer

Gran used to say that a strong woman looks a challenge in the eye and gives it a wink. To be sure, flirting with challenges is a terrible idea. Ask me how I know.

All Bree really wants is to bury her head in the sand, somewhere in the south of France while a hot pool boy rubs lotion on her back.

Instead, Bree gets blackmailed by the Council of Savannah into a job she doesn't want—though it does take her to France. They need her to bring a witch back to Savannah for a trial that Bree is sure is a load of hooey.

But not just any witch. The first one. The oldest one. The one who makes a t-rex look like he's howling about a sore tooth. The one who makes the wicked witch of the west look like your sweet old nanny, the one who . . .well you get the picture.

Bree's job? Find her. Befriend her. And convince her to come back to Savannah for safekeeping.

But someone else has gotten a head start, and their reasons for tracking down the miserable old witch are far worse than the council's reasons.

None other than a sexy, growly blacksmith with pretty eyes who makes Bree's panties melt even though she knows he isn't for her. And he is looking for the same miserable old lady.

Throw in a lovesick siren, and a slew of new problems, and you've got Bree's next adventure busting at the seams. And no, it isn't because her pants are too small.

Den of Monsters : Masquerade of Sin - A Monster Romance Standalone

Author: Avery Song

I woke to the soothing sound of a peaceful serenade.

Except there's nothing peaceful about being kidnapped after being sold to the Devils of Sin.

This never should have happened, because I did everything right. I accepted the invitation, attended the masquerade in the depth of the forsaken forest, and danced with whomever requested. The longer one remains, the more debt is cleared from the family name, so I danced through the night.

I survived to the final note — *and let me emphasize the "survive" part* — but I'm starting to realize where the real problem lies. I didn't dance with one suitor...I danced with five Devils, and each immediately laid a claim on me.

Joaquin. Talon. Dagger. Croix. Creed.

Now here I am, kidnapped and held for ransom by sick men with bigger debts and troubles than my bankrupt family and their dark organization combined, but I'm no damsel in distress.

I'm actually stalling.

There's a rumor that the Devils of Sin are dangerous men of royal stature during the day and ruthless monsters at the peak of the night. I want to see them again...to touch and enjoy the illusions that left me panting for more.

I'm willing to enter the den of monsters to escape the true demons lurking in the shadows of desperation.

All in exchange for my freedom.

DEN OF MONSTERS is a steamy 187,000+ words **STANDALONE**.

This reverse harem monster romance is filled with **possessive monsters** with a hint of psychosis, a **badass FMC** who may be even crazier, and loads of "**bump in the dark**" heated scenes that will make one blush in public - **literally**. Note that these den of sinister monsters can do various "**things**" with their bodies, so be warned. All sexual encounters are consensual.

The Alexandrian Society, caretakers of lost knowledge from the greatest civilizations of antiquity, are the foremost secret society of magical academicians in the world. Those who earn a place among the Alexandrians will secure a life of wealth, power, and prestige beyond their wildest dreams, and each decade, only the six most uniquely talented magicians are selected to be considered for initiation.

Enter the latest round of six: Libby Rhodes and Nico de Varona, unwilling halves of an unfathomable whole, who exert uncanny control over every element of physicality. Reina Mori, a naturalist, who can intuit the language of life itself. Parisa Kamali, a telepath who can traverse the depths of the subconscious, navigating worlds inside the human mind. Callum Nova, an empath easily mistaken for a manipulative illusionist, who can influence the intimate workings of a person's inner self. Finally, there is Tristan Caine, who can see through illusions to a new structure of reality—an ability so rare that neither he nor his peers can fully grasp its implications.

When the candidates are recruited by the mysterious Atlas Blakely, they are told they will have one year to qualify for initiation, during which time they will be permitted preliminary access to the Society's archives and judged based on their contributions to various subjects of impossibility: time and space, luck and thought, life and death. Five, they are told, will be initiated. One will be eliminated. The six potential initiates will fight to survive the next year of their lives, and if they can prove themselves to be the best among their rivals, most of them will.

Most of them.

Magical Complications: Paranormal Women's Fiction (Midlife Witchery Book 8)

Author: Brenda Trim

Stone demons, giant spider monsters, and a pissed-off goddess have nothing on being pregnant at forty.

I'm a Fae, not a witch, and yet every witchy problem in Cottelhill Wilds still finds me. My best friends and I are just magnets for trouble.

Troublesome vampires, rogue demons, evil Fae royalty, and Tainted witches are just a few of the curiosities we've attracted. And our injuries? Just a few concussions, stab wounds and brushes with poison. It has taken quite an adjustment, but we're finally settling into our roles as the local team of superheroines, and I love it. Belonging to the Backside of Forty gives my life purpose and a meaning I was missing before.

Now we're hot on the trail of the Dark One when a kidnapper whisks us from Violet's bookstore and leaves us in an isolated cave system. It's not ideal, but I'd rather face the monstrous creatures hunting me now than face the love of my life and tell him my little secret.

I may be nearly six months pregnant with a dragonette, but our enemies had better gird themselves because this mama bear is more confident and dangerous than she's ever been, and I won't stop until everyone knows why it's a bad idea to mess with an expectant woman and her baby.

Dragons Are a Girl's Best Friend: A Fast, Feel-Good Urban Fantasy (Fangs and Feathers Book 1)

Author: Isla Frost

My name's Lyra Ridley, and I run headlong into supernatural danger for a living.

Of course, that's *not* how I sold the job to my adoptive vampire dad. Or what I put on my dating profile for that matter. And I do have a wet-your-pants-level terrifying dragon partner rushing headlong into danger with me. But she, like my unusual magic, is frequently more hazard than help.

Despite all that, I love my job protecting the streets of post-magic-revolution Las Vegas—where humans and supernaturals live side-by-side, or are at least having a stab at it. So when I get suspended and some jackass takes my city hostage? Yeah, there's going to be hell to pay.

Even if it means I have to team up with a mysterious supernatural I know nothing about—except that he has pointy ears, a rod up his backside, questionable priorities, and could kill me with his eyes closed.

My dragon partner likes him even less than I do. Then again, she doesn't like anyone, including me most of the time. But I'm *pretty* sure she won't barbecue either one of us.

Still, you'd better wish me luck.

Warning: This urban fantasy series contains danger, mayhem, humor, and heart, with characters you'll fall for—including a vampire with an unbeating heart of gold, a book-hoarding dragon who eats criminals for breakfast, a mysterious supernatural who's as hot as the desert he slunk out of, and a human heroine who'll fight to save them all.

The Fae King's Curse (Between Dawn and Dusk Book 1)

Author: Jamie Schlosser

Kirian and I were just twelve years old when I pulled him from the icy waters of the creek behind my house. As he looked in my direction with unseeing lavender eyes, I quickly realized our age was just about the only thing we had in common. He spoke with an accent, he had pointy ears, and he was so beautiful it made my heart ache. Oh, and he claimed to be a fae prince cursed by witches who stole his sight.

I thought he was crazy from hypothermia. Turns out, he wasn't, and for some reason he keeps coming back. But a day in my world is a year in his. Every time I see him, he's older. Wiser. Hotter.

Over the past six years, I've tried not to fall in love with him because the terms of the curse are clear: If he doesn't wait for his fated mate in all ways, including an innocent (or not-so-innocent) kiss, he'll be blind forever.

So when Kirian kisses me and pulls me through the portal to his realm, I make it my mission to do some damage control. It'd be a whole lot easier if he wasn't determined to marry me... And if someone wasn't trying to murder me every step of the way.

I'd all but given up, until a quirk of true mate genetics gifted me a true mate like no other. My childhood dreams were finally a reality. Funny how quickly dreams turn into nightmares.

I'm being lied to, missing weeks and months of time. Someone messed with me and no matter how often I'm told to forget it and move on as Torin's mate, there's no way I can. Whoever did this to me should have known I'd pick at it until it bled. It's my nature after all.

As I search out random growls, flutters in my chest, and a suspicion that there's so much more going on than I could even imagine, I sense that I'm racing against an unknown clock.

I need to get to the bottom of this mystery.

And when I figure out who stole my memories, they're going to wish they never messed with Mera Callahan.

Game on.

DAY ONE: THE NAME OF THE WIND

My name is Kvothe.

I have stolen princesses back from sleeping barrow kings. I burned down the town of Trebon. I have spent the night with Felurian and left with both my sanity and my life. I was expelled from the University at a younger age than most people are allowed in. I tread paths by moonlight that others fear to speak of during day. I have talked to Gods, loved women, and written songs that make the minstrels weep.

You may have heard of me.

So begins a tale unequalled in fantasy literature—the story of a hero told in his own voice. It is a tale of sorrow, a tale of survival, a tale of one man's search for meaning in his universe, and how that search, and the indomitable will that drove it, gave birth to a legend.
