

Hot as Heller: An Aster Valley Novel

Author: Lucy Lennox

The man asked me to valet his damn car.

Look, I left LA for a reason. I've had my fill of big Hollywood stars and their even bigger egos. I want something genuine. Something *real*. And it doesn't get any realer than being the new sheriff of Aster Valley, Colorado.

That is, until entitled Finn Heller appears on the scene, handing me the keys to his convertible like I'm his personal servant.

The former child star and wannabe action hero is the hottest thing I've ever seen. He's also a snarky party animal with legions of adoring fans and attitude for days.

Or so I thought.

The longer the film crew stays in town, the more I begin to wonder if Finn is hiding his true self, one that's as beautiful inside as out. He's a star alright, but the kind that shines bright enough to light up the night sky... the kind I want to make a wish on.

A wish Finn will find a way to make things work with me, even if it means his next role is my very own leading man.

Under the Udala Trees

Author: Chinelo Okparanta

Inspired by Nigeria's folktales and its war, *Under the Udala Trees* is a deeply searching, powerful debut about the dangers of living and loving openly.

Ijeoma comes of age as her nation does; born before independence, she is eleven when civil war breaks out in the young republic of Nigeria. Sent away to safety, she meets another displaced child and they, star-crossed, fall in love. They are from different ethnic communities. They are also both girls.

When their love is discovered, Ijeoma learns that she will have to hide this part of herself. But there is a cost to living inside a lie.

As Edwidge Danticat has made personal the legacy of Haiti's political coming of age, Okparanta's *Under the Udala Trees* uses one woman's lifetime to examine the ways in which Nigerians continue to struggle toward selfhood. Even as their nation contends with and recovers from the effects of war and division, Nigerian lives are also wrecked and lost from taboo and prejudice. This story offers a glimmer of hope — a future where a woman might just be able to shape her life around truth and love.

Acclaimed by *Vogue*, the *Financial Times*, and many others, Chinelo Okparanta continues to distill "experience into something crystalline, stark but lustrous" (*New York Times Book Review*). *Under the Udala Trees* marks the further rise of a star whose "tales will break your heart open" (*New York Daily News*).

Ben's Boss: Maine Men, Book Two

Author: K.C. Wells

"Pearson's a common name."

"It can't be him."

"God wouldn't be that cruel."

A painful history

Walking into the job interview confirms Ben White's worst fears. It's been eight years since high school, yet he can still recall Wade Pearson's taunts.

There's always a chance Wade isn't the same homophobic asshole Ben knew. Yeah right.

Except the boy Ben remembers has grown into one seriously hot, brooding man. In another life, Ben would have climbed him like a tree. Wade's gaze still makes Ben shiver — although now for entirely different reasons.

A secret longing

As soon as Wade read Ben's application, he knew he had to see him. Ben's still as gorgeous as Wade remembers. It's obvious he doesn't expect to get the job, given their history.

But Wade has an agenda. He has to make it up to Ben for treating him so badly – not that Ben will ever know why he acted like he did. Seeing him every day only heightens Wade's regret. If he'd had more courage back then, maybe he and Ben could have been something.

The least he can do is show Ben he's changed.

There's no way Wade can get what he really wants – Ben's heart.

Messy Love (Stumbling into Love Book 3)

Author: Riley Hart

Danny

I'm not a guy who's looking for a serious relationship. I love the chase, and the one time I thought I wanted more, the guy bailed. When my buddy Will mentions his recently out, older brother is looking for a place to stay, I offer the spare room in my apartment. It's clear Jonathan's past did a number on him, and he's locked up tight. I make it my mission to show him how to have a little fun. What I don't expect is to start to like him...or get jealous when he goes on a date...and hooking up with him is a terrible idea...right?

Jonathan

When Dad caught me kissing a boy as a teenager, he made it clear such behavior was unacceptable, and I've been messed up about it ever since. I'm over thirty, yet from Danny's viewpoint, I'm a *baby gay*, which should be more annoying than it is. He's got me playing on a queer baseball team, making friends, and wanting things I never thought I'd want, like pursuing my art—and him. I definitely want him.

Problem is, I can't get rid of the unwanted voices in my head, my relationship with most of my family is a disaster, and every time Danny touches me, I come apart, finding myself wanting more. Danny doesn't do relationships, he's my brother's friend, and I have a slew of hang-ups. All of this makes things...messy.

So then why can't we keep our hands off each other? Why is he taking me on dates and looking at me like we could have more? To get there, we'll need to put our pasts away for good, and have a lot of trust, not just in ourselves, but each other.

Exploring Daddy (Love in LA Book 2)

I'm determined to stand on my own two feet before letting a Daddy take over my life.

As usual, life has other plans for me, and I find myself needing the one thing I tried to avoid. I can't imagine what the gorgeous, older man could want with me, but I'm done fighting. I have a lot to learn about life and love, but exploring Daddy is turning out to be one of my better decisions. If he thinks I can be the perfect boy

Zone of Action (Legends of Lobe den Herren Book 2)

Author: AJ Sherwood

Ren's homecoming wishlist includes:

- Arman not bashing everyone's heads together (at least not without him)
- Getting the fortress built before the Mongs attack (not at the rate they're going with all the thefts happening)
- Going home without incident (also, again, not likely)

What it did not include was:

- Social reform
- A child
- A raiding party
- Arman actually using his words

Life once again proved reality is better than fantasy, and Ren couldn't be happier.

Except for the Mongs. He could do without the Mongs.

What happens when America's First Son falls in love with the Prince of Wales?

When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse.

Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake, Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And how can we learn to let our true colors shine through? Casey McQuiston's *Red, White & Royal Blue* proves: true love isn't always diplomatic.

"I took this with me wherever I went and stole every second I had to read! Absorbing, hilarious, tender, sexy—this book had everything I crave. Lost and Bound (Mismatched Mates Book 6)

Author: Eliot Grayson

Kidnapped, imprisoned, and experimented on for two years, Jared Armitage has lost the will to live. When his captors give him to another prisoner, one who can and probably will take Jared's life, he comes face to face with the most terrifying thing of all: hope.

Calder's warlock captors meant to turn him into a monster, and they nearly succeeded. Starved, desperate, and filled with rage, Calder hasn't cared about anyone in years. Until Jared. Together they have a chance at escape and Calder has someone to fight and kill for. To cherish. Someone he doesn't want to hurt.

Life after captivity isn't easy. Jared never wanted a mate like Calder, but he craves Calder's intense attention, his ability to take Jared apart...and then put him back together again. Even if their mate bond is only temporary.

But Calder's made a promise—one he'll die before he breaks—never to hurt Jared or let him be hurt. Unexpected enemies are lurking, targeting Jared, Calder's one weakness. Their intense bond—and maybe even love—are worth everything, and they're both willing to fight for it...or die trying.

Lost and Bound contains dubcon and graphic violence. It also includes a monster who torments his mate by being too gentle, the werewolf who can't stop craving him, and knotting—and a guaranteed HEA. The book has new main characters, but it is best read in series. This series does not contain mpreg.

The world sees me as boring, dependable David. And I like it that way. I *know things* and I'm *organized*. Plus, I've seen firsthand the harm a chaotic life can inflict, and I'd rather have my lists and be called dull.

Which is what makes it all the more disconcerting when a sexy elf declares his adoration and begins to “woo” me. What am I supposed to do?

Hide, mostly. It's hard, though, because Caolan and I are supposed to be working together. And he's tough to resist: sweet, competent, and so incredibly beautiful. He sees something in me that no one else does. Would it really be such a bad thing if I gave in to temptation?

But my personal life can't be the priority right now. The bad guys are gearing up to strike, and if we don't stop them, the end of the world could be nigh. I need to focus on that, not on letting Caolan show me the benefits of spontaneity. Why don't world-ending disasters come with an instruction manual?

## **Sweet as Honey: An Aster Valley Novel**

**Author: Lucy Lennox**

When I rode my bike into Aster Valley, it was supposed to be temporary. A quick, relaxing visit with friends. No entanglements. Zero drama.

More specifically, I saw Truman Sweet, Aster Valley's resident botanist, spice merchant, and bee-costume enthusiast, being harassed. And the second I got involved, all my plans for a quick departure scattered like pollen on the breeze.

It turns out that Truman—adorkably shy, relentlessly sunny, hot as all heck, reluctantly-still-a-virgin Truman—has secrets. Secrets someone in this charming small town doesn't want brought to light. Secrets that rouse every one of my protective instincts just as surely as his kisses rouse... other parts of me.

And before I know it, I'm thinking being entangled might not be so bad... if it's Truman I'm tangled up with.

I'll do whatever it takes to protect Truman from the dangers in his past, but after a lifetime of loneliness and disappointment, how can I possibly convince him to trust me with his future?

## **Brave Boy (Perfect Boys Book 2)**

**Author: K.M. Neuhold**

**As long as LonelyDaddy is on the other side of the computer screen, there's a chance he could be the man Emerson has been dreaming of.**

I've gotten used to being alone, to disappearing inside the fictional worlds between the pages of a book and letting my lonely life fade away. Books have never judged me for the stutter I can't control. Books have never abandoned me. Books have never let me down. Then again, books have never hugged me or told me they loved me either, so my plan is far from perfect.

The first time I lay eyes on the tall, red-haired Kiernan with a beard for days and shoulders made for scratch marks, I wanted to crawl onto his lap and call him Daddy. The only problem is, I can never seem to string two words together around him... Heck, I'd be happy to manage to get even one word out, like maybe "yes," preferably over and over again.

I thought making an online dating profile would be the hardest part, but it turns out getting up the courage to meet the man I've been messaging is even more difficult.

Could LonelyDaddy be Kiernan? And if he is, is there any chance he'll want to keep me? Can I be his brave boy?

\*\*\*Brave Boy is the online love-sweet, ginger Daddy—totally swoony—second book in the Perfect Boys series and can be read as a stand-alone.

Justin Swanscott has three certainties in his life: he's gay, football is overrated, and he really, really doesn't like cowboys. He should never have fallen into Wes's open-range eyes or let his heart run wild when Wes gave him that shy little smile over summer. But he couldn't stop himself.

Everyone's asking questions about Wes this season: How is he playing so well? Will Texas be undefeated this year? Will he take the team all the way to the national championship? What's next for him?

## **Off Key (Whispering Key)**

**Author: May Archer**

I'm about to sing you the saddest song in the universe, and it's called "The Man of My Dreams Married My Sister."

It's kinda my theme song. And trust me when I tell you, it's heavy on the violins.

Because the man in question? He's not just any guy, he's *Rafe* freakin' *Goodman*.

My former best friend.

The boy who made my summers on Whispering Key magical. The guy who inspired every love song that led to the chart-topping music career I have today. The man I always sort of figured would wait for me, while I pursued my dreams and finally found a way to tell the world I was gay...

But instead of waiting, he married Aimee.

Rafe and Aimee's marriage has been over for a while now, but it doesn't really matter. He doesn't love me even though I feel like I'll love him until the day I die. Trying to be "just friends" would tear me apart.

We're a broken chord. A blue note. Hopelessly out of tune.

Or so I thought.

But when circumstances throw us back together on a crazy cross-country road trip, suddenly all kinds of secrets come to light that make it seem like maybe our show's not over yet.

If I want a life with the man of my dreams, though, I'll have to be honest--with Rafe and the rest of the world, too--and find the courage to write us a new song.

One that's exactly like us: perfectly imperfect... and a little off key.

## Right as Raine: An Aster Valley Novel

**Author: Lucy Lennox**

**Tiller:**

As the first openly gay professional football player, I can't afford to make any mistakes, on or off the field. And the absolute biggest mistake I could make right now would be to fall for Mikey Vining, my best friend, employee and, more importantly, Coach's baby boy. I might fantasize about Mikey at night—*every* night—but actually touching him would be a serious personal foul.

And falling for him? That's completely out of bounds.

**Mikey:**

I've learned my lesson about falling for one of my dad's players. They're a bunch of spoiled jocks with more muscles than brains. I've spent years learning to keep my eyes, and my hands, to myself. But resisting the temptation becomes nearly impossible when Tiller Raine and I end up together in a small cabin in a remote Colorado town.

Suddenly, there's not much to do but look at each other. And talk. And hopefully, *hopefully* touch.

But what happens when our stay in Aster Valley is over and it's time to return to the real world? Will Coach blow the whistle on our relationship? Or will Tiller admit there might actually be something he loves more than football after all?

Laurie Gentry is nearly the same age as Magnus, but that's where the similarity ends. He's messy and creative and nosy and mysterious. He's everything that Magnus has spent a lifetime avoiding. So, why can't he get Laurie out of his head?

## **The Alpha's Warlock (Mismatched Mates Book 1)**

**Author: Eliot Grayson**

**Cursed, mated, and in for the fight of their lives...**

Warlock Nate Hawthorne just wants a cup of coffee. Is that too much to ask? Apparently. Because instead of precious caffeine, all he gets is cursed by a pack of werewolves who want to use him for his magic. Now the only way to fix the damage is a mate bond to a grumpy and oh-so-sexy alpha in the rival pack, who happens to hate him. This is so not how he wanted to start his day.

Ian Armitage never intended to take Nate as his mate. The Hawthorne family *can't* be trusted. Ian knows that better than anyone. The fact that he’s lusted after the way-too-gorgeous man for years? Totally irrelevant. Ian’s just doing what is necessary to protect his pack. This whole mating arrangement has nothing to do with love and never will. That’s his story and he’s sticking to it.

Nate and Ian will have to work together if they have any hope of staving off the pack’s enemies and averting disaster. That’s assuming they can stop arguing (and keep their hands off each other) long enough to save the day...

*The Alpha's Warlock is an explicit M/M paranormal romance featuring a snarky warlock, a brooding alpha werewolf, knotting, enchanted socks (long story), and a guaranteed happily ever after. This series does not contain mpreg.*

## **Wilde Fire: A Forever Wilde Novel**

**Author: Lucy Lennox**

### **Otto:**

Seth Walker was my first love and I always swore he'd be my last. Even after he moved away our senior year in high school, we vowed to reunite after graduation. But when he suddenly broke things off without explanation and crushed my heart, it was my turn to run.

After a decade in the navy, I've finally come home ready to move on with my life as Hobie's newest firefighter. Unfortunately, the minute I set eyes on the new sheriff in town, I know I'm screwed. Hobie's top cop is none other than Seth Walker.

Turns out, he's come home too. And hell if he doesn't have a lot of explaining to do.

### **Walker:**

I thought I was doing the right thing when I walked away from Otto Wilde ten years ago without an explanation. I was wrong. I also thought I could come back home without having to face my past mistakes. I was wrong about that too.

What I'm not wrong about: The fact that my heart catches fire every time I set eyes on the sexy man. The fact that I can't imagine my life without him. The fact that things are still just as complicated now as they were then. And the fact that I have a lot of work ahead of me if I expect to win him back.

Just when things start heating up between us again, a serial arsonist strikes and suspicion falls close to home. I already lost Otto to a secret long ago but I'll be damned if I let another threaten to send our future up in smoke.

Because Otto Wilde is mine, and I don't plan on ever letting him go again.

*Each novel in the Forever Wilde series can be read on its own or as part of the series. Fair warning, there will be nekkid man parts touching, meddling patriarchs, sweet second-chance love themes, and a dearly departed donkey named Debbie Gibson.*

The only problem was that the wedding was meant to take place in a matter of hours and Edward hadn't met his groom yet.

Mammon, Prince of Hell, was doing what most demons did when they were bored – he was playing poker. When an unbeatable hand is foiled by a summons, he's not impressed. But rules are rules and Mammon followed the summons, determined to get back to his game as quickly as possible.

Marrying was just the first hurdle. Coping with the demands of Edward's family, a curse, a prophecy, and four hellhounds took a lot of work. Clara's having a ball, but what's with all the toothpicks and where did the dragon come from?

Summons is a 50,000 word story that's a classic example of what happens when the author's muse runs amuck. But like all of Lisa's stories, it contains fated mates, a spot of humor, and intimate situations between two men that are only suitable for readers eighteen years and older. HEA is guaranteed.

## **Muscle and Bone**

**Author: Mary Calmes**

You belong to me and I know it down deep, in muscle and bone, where my wolf lives.

Avery Rhine isn't an average homicide detective with the Chicago PD. In fact, Avery isn't an average anything. Sure, as an omega he knows he's at the bottom of the food chain, but that's never slowed him down. He's got a great life, complete with a loving family and a best friend who'd take a bullet for him, so what more could he possibly want or need? Except, maybe, for the world to change. And to find someone to spend more than one night with, but that isn't high on his list of priorities. He's never been one to believe in destiny or whatever else the fantasies sell about there being someone special out there meant just for him.

Then a chance encounter at a party changes everything.

Graeme Davenport has no delusions about finding his true mate. The consensus is that if an alpha doesn't find their other half by the time they're thirty, the chances of it ever happening go from slim to none. He's not a mere alpha, though; Graeme is a cyne who sits at the pinnacle of lupine hierarchy, so he's obligated by tradition and duty to choose an omega now, sign a contract, and bond with him. Love is not part of the equation.

When Graeme and Avery meet, their fierce attraction to each other flies in the face of reason and logic. Avery's intense physical reaction to the alpha is something he's never experienced before, while Graeme, who has always been the soul of discretion, loses all his inhibitions to desire for the man he wants to possess. They are two very different men trying to navigate expectations, separate reason from innate primal drive, and do it while working together to solve a murder.

It will take everything they are to find a middle ground, and to learn to trust in a fated kind of love.

## **Legendary Daddy (Love in LA Book 1)**

**Author: Mia Monroe**

*I knew he would be my Daddy one day. Now I have to convince him.*

My vision board has three things on it:

Move to LA  
Become a popular director  
Meet my idol and make him fall for me

What can I say, I'm a dreamer.

My chances of making that last one happen were slim to none, until one day, fate shined upon me and I was standing face to face with the man himself, Legend. A scandal took him out of the spotlight and the dating world, but I'm determined to make him mine AND return him to his rightful spot as the adult industry's top Daddy.

He's been wronged in the past, but I know I can be his perfect boy. Convincing him to give his career and love life another chance isn't going to be easy, but if fate is still on my side, our life together could be: Legendary.

Legendary Daddy is a steamy, age gap, Daddy/boy romance with a tenacious aspiring director, a scandal weary performer, a dash of hurt/comfort, and learning that it's never too late to live life on your own terms. It is book 1 in the Love in LA series featuring doting Daddies and sweet boys finding love in Los Angeles.

## **The Unicorn Union (Fairytale Mates Book 1)**

**Author: Hawke Oakley**

**Magic wishes only come true in fairytales... Or do they?**

Raising a toddler is hard enough, but it's even harder if you're a single omega like Ryan. He's not sure how much longer he can stand being alone, especially when he's surrounded by happy couples everywhere he goes. Maybe he should take a page from his son's favorite story, *Magic the Unicorn*, and make a wish for a happily-ever-after of his own.

Enter Ulysses the real life unicorn. A shifter. AKA, a being that shouldn't even exist, as far as Ryan knows. Not only is Ulysses 100% real, but he's kind, compassionate, and smoking hot. The best part is that he adores Ryan's son, Andrew, as if he were his own.

Could fairytales be true after all?

*The Unicorn Union is a sweet and fluffy 20k mpreg novella featuring a human omega, an alpha unicorn shifter, and an adorable toddler. It is a standalone with no cheating and a HEA.*

## **Wicked Outlaw (Ward Security Book 6)**

**Author: Jocelynn Drake**

Cole loves the city. He loves the noise, chaos, and having tacos delivered at 2 a.m.

He loves his job at Ward Security. He might look like a bodyguard, but there's nothing better than being counted as one of the hacking tech triplets.

There is no way he will ever love horses, cows, and the great wide open of Texas.

At least, that's what he thinks until JB Alexander rides into his life.

He can't deny the burning attraction of JB's easy smile and weird sense of humor.

And while they're dodging gun shots, crazy neighbors, meddling family, and secret plots, Cole might be forced to admit that he's found an even greater love.

*Wicked Outlaw is the sixth full-length novel in the Ward Security series and is jam packed with crazy neighbors, wild gun shots, a horse named Dopey, llamas, code names, a bisexual awakening, and new beginnings.*

## **Rule of Law (The Goode Life Book 3)**

**Author: Isla Olsen**

**Lawson**

I have one rule when it comes to my sex life: I only hook up with guys who identify as straight. It's a tried and tested way of avoiding the cling factor, which I've found to be a huge problem in the past. A one-night stand with a curious 'straight' guy is the perfect situation: no strings, no mess, no dodging unwanted texts and phone calls.

Is it the most healthy way to handle my commitment issues? Probably not, but it's what I've got right now.

Of course, there's one straight guy who's completely off-limits. And because irony's a bitch, he's the one guy I just can't stop thinking about...

George Goode is sweet, charming, hilarious, and sexy as hell. And he's also become one of my best friends since I moved to the tiny town of Finchley about a year ago.

But let's make one thing clear: I do not have feelings for him. I don't get feelings. I'm not wired that way. I just think about him all the time, I miss him when he's not around, and I seem to spend a lot of my time daydreaming about snuggling on Sunday mornings and visiting farmers markets together. All totally, one hundred percent normal stuff to be thinking about one of your best friends...right?

You'd think, given everything, that when George decides to express a little curiosity, I'd be a hundred percent on board. But for some reason it's not quite as simple as all that...

*Come visit Finchley, CA, where the sun's always shining, the locals are always gossiping, and you won't walk two steps without bumping into a member of the Goode family. If you're lucky you might find gold; or, even better...true love.*

## **Power Plays & Straight A's (CU Hockey Book 1)**

**Author:** *Eden Finley*

**FOSTER:**

"Look out for Zach and don't hit on him."

My brother's request sounds easy enough. Keep an eye out for his best friend on campus and keep my hands to myself.

Easy.

Even if Zach is a quintessential nerd, who I've always thought was cute, I don't have the time to think with my ... stick.

There's only one stick I should be focused on this year, and that's my hockey stick. My goal once I graduate is to get an NHL contract.

The last thing I need is a distraction. On or off the ice.

Only, keeping to the rules is harder than I thought it would be.

**ZACH:**

People confuse me.

And no one more than Foster Grant.

I've barely spoken two words to him in the whole time I've known him, but the second I step foot on campus, he's impossible to shake.

I can never anticipate his next move. And whenever we're together, my next move is a total mystery as well.

I want to give in to him, but that might mean coming clean about something I've never been bothered about before.

I'm still carrying my V-card.

And I think it's time to turn it in.

## **Hell Breaks Loose: Hellhound Champions Book Four**

**Author:** *Macy Blake*

Safe to say Achim's life wasn't going as planned. First, his mission for the fire goddess ended up with him—a hellhound who'd never actually been to hell—being sent precisely there. Worse, he found himself stuck in the strange hellscape with Ozias, a guy who's a) hotter than the fire of both suns in the hell-realm, b) really, really likable, despite his arrogance, and c) oh yeah, the *actual* prince of hell.

Their connection comes in handy, though, when a demon escapes into the human realm and Ozias is sent to track it down. With magic fluctuating wildly around them, the hellhound pack is run ragged trying to keep the supernatural world a secret from the humans... especially since Achim is just a wee bit distracted keeping his mind and hands off the gorgeous-but-cocky prince. But when the strange forces wreaking havoc on the human realm attempt to drive Achim and Ozias apart... well, that's when things get really messed up.

Because if they think they're gonna keep a hellhound from the guy who might just be his mate... They're gonna watch all hell break loose.

## **Feral (The Wrong Alpha Book 2)**

**Author: Alessandra Hazard**

**Sometimes kissing the Beast doesn't turn it into a Prince Charming—instead, he's a charming prince you want to punch...**

Jules is an ordinary nineteen-year-old omega from a perfectly respectable family. He's not the most beautiful, or the smartest, or the strongest of the four Blake siblings. And he's fine with it, really. He isn't ugly or anything, but by omega standards, he's nothing special. "Nothing special" describes Jules's whole life. It's utterly boring.

So when strange things start happening in their house, it piques Jules's curiosity. There's a beast in the Blake family mansion; Jules is sure of it. He sometimes hears growls and screams coming from the basement, and the men guarding the door look positively terrified.

What could terrify grown alphas? Jules will have to investigate!

But his investigation comes with surprises...like the Beast's overwhelming effect on Jules's omega nature. It doesn't mean anything. Of course it doesn't. Jules is just curious; that's all.

Curiosity can change a life, but when you're attracted to a feral alpha whose real face you haven't even seen...will it change for the better? What if the Beast is no Prince Charming but a cold-hearted, cynical bastard? A bastard Jules shouldn't want—but does. A bastard Jules should stay away from—but can't.

*This novel is a steamy alpha/omega enemies-to-lovers MM romance with a happily ever after. While mpreg exists in this world, it is only mentioned and does not appear on-page. This book can be read on its own or as part of the series The Wrong Alpha.*

## **Just Friends (Never Just Friends Book 1)**

**Author: Saxon James**

**Roo**

Five years ago, I walked away from Sunbury, Oregon, and left my best friend behind.

The move was supposed to get my life on track. I even had a list.

*Life changing epilepsy surgery.* Check.

*See the world.* Check.

*Get over my straight best friend ...* Not exactly.

No matter where I go or who I meet, I can't let Tanner go.

I'm back to tell him how I feel. To get the closure I need once and for all.

Only now I'm here and falling for him all over again, it's getting harder to say the words.

Because once I have my closure, I'll be gone.

And this time it will be for good.

**Tanner**

When my best friend, Roo, left for Australia, it was the worst day of my life.

I thought we'd have each other always.

But Roo needed the surgery so I let him go, thinking he'd come straight back.

Now he's here, all I want is to hold on tight.

I need to show him what he means to me.

The problem is, I'm not exactly sure what that is.

My draw to him has always been confusing and different—everyone in town says so. But I struggle to understand it.

All I know is I won't survive him leaving again.

And I'll do anything to make him stay.

**Just Friends is a best friends-to-lovers romance with an oblivious MC, only one bed, and terrible kangaroo jokes.**

## **Stud (Four Bears Construction Book 5)**

***Author: K.M. Neuhold***

**Stud: A boss, knob, or nail head...or, you know, the hot guy who's way too young to keep asking me out with that adorably earnest smile...**

It's been three years since West walked into my bar and asked me out for the first time. I was relieved he stopped asking after the first few "no"s and a way-too-good-to-be-real kiss. He's fifteen years younger than I am; it can only lead to trouble.

Of course, now he's running through people off dating apps like it's his job and wearing these lace panties that look really unfair on someone as furry and muscular as he is, and, um...what was I talking about?

I probably shouldn't sabotage his dates, but I'm only human. I might not be ready to admit that I want him, but I'm definitely not ready to let anyone else have him either.

He's too perfect, too hot, and I am in way too much trouble...

\*\*\* Stud is a friends-to-lovers, construction-worker-in-panties, omg-so-much-swoon story that happens to be the fifth book in the Four Bears Construction Series. Every book in this series CAN be read as a stand alone, but they're a lot more fun together!

### **COHEN**

It turns out making out with my best friend in high school could be considered gay. Who knew? Apparently, everyone but me.

Now that it's been pointed out, I can't help reliving it in my head. Repeatedly. Goodbye Denial Town, hello Confusionville.

When my path leads me down the gay dating app route, I don't expect to meet anyone I like, but then I meet him.

He can't be more opposite than me. He's smart, he hates hockey, and he identifies as demi—something I've never heard of.

Yet I can't deny something's there. Something I want to explore in person. If only I could get him to agree.

### **SETH**

All my life, I've felt broken.

Sick of being asked if I could be gay by ex-girlfriends, friends, and even my parents, I join a gay dating app to prove a point.

I don't expect to find what's always been missing. A real connection.

The problem is, I'm too scared to meet him in person. He's a hockey player, and I fear when he finds out my twin plays for the NHL, I'll be overshadowed by my overachieving brother. Again.

Worse yet, what happens if we meet and that connection isn't the same?

When I tell him I'm not ready, he's disappointed but supportive. Fate, on the other hand, isn't as accepting.

I had no idea the person I've been falling for is someone I already know.

**An apple a day won't keep this doctor away.**

Linden Grove has always known that he's not destined to be the next pack alpha. That position belonged to his brother Aspen—but then Aspen left the pack to join the military. When the unthinkable happens and the pack is left rudderless, someone has to step up and take care of it. Can a doctor go from "do no harm" to defending his own with his teeth and claws?

Colt Doherty is used to a certain kind of life. Glittering, picturesque, and . . . empty. As the youngest child of the country's only werewolf senator, Colt has grown up in the spotlight, and he's all too used to knot-headed alphas taking credit for the work of others, especially omegas like himself. When his editor sends him to write a story on the Grove pack, though, he finds something completely unexpected: Linden Grove in his unpolished perfection, as shiny and sweet as the apples his pack are known for.

A Grove pack omega has been kidnapped, and someone has to step up. The pack needs Linden to fill his father's shoes, but no wolf can stand on his own. To save the day, sheltered Colt has to drop the politics and become the action hero he never thought an omega could be.

## **Finding Sanctuary (Magical Mischief at the B&B Book 1)**

**Author: Susi Hawke**

## **Obsession (Rent A Spouse Book 2)**

**Author: Jason Collins**

**JOSH:**

My love life is on the backburner—or so I thought. I moved to this small town to escape my overbearing ex, and I became a rent-a-spouse to pay the bills. But I didn't plan for Keaton, my ridiculously handsome new boss.

I'll be Mr. Thornhill's husband any day of the week.

Keaton's attracted to me, too, and he wants a real relationship. Our chemistry is too strong to ignore and being in his arms makes me feel safe again. But when my ex reappears and won't stop harassing me, I'm tempted to run. Except that would mean leaving Keaton behind.

**KEATON:**

It all started when my new rent-a-spouse walked through the door. Josh is charmingly soft-spoken, witty, and full of mystery. I needed someone to cook, clean, and make the house a little less lonely in this mountain town. Instead, my new "husband" has the physique of an underwear model.

I'm not complaining.

Around Josh, I'm happier than I've ever been. He's addictive, and our relationship becomes more than just a contract. But Josh carries a sadness in his eyes I can't explain, and he refuses to talk about his past. If he won't let me in, I can't protect him from the ghosts that still haunt him.

*This is the second book in the Rent A Spouse series. It can be read as a standalone with no cliffhanger.*

## **First Blood (Mismatched Mates Book 4)**

**Author: Eliot Grayson**

## **Blood is a necessity, but love is a luxury they can't afford...**

Vampire enforcer Victor Schmidt doesn't have time for distraction. His enhanced senses can track human blood in or out of a body, but it doesn't usually smell like oranges, honey, and temptation. And it's not usually coursing through the veins of a beautiful back-alley rentboy. That should make it easier, right? Pay, bite and be on his way.

While prostitution isn't Laurie's dream job, someone has to take care of his sister and her kids. But being a blood donor to a tall, dark and brooding vamp isn't part of his career plan. Until he agrees...and it's far more pleasurable than he could have imagined.

Nurturing isn't in Victor's wheelhouse, yet he finds himself tucking the all-too-tempting boy into bed. And feeling things he shouldn't be. When Laurie's attacked, it's almost a relief: breaking necks is way more Victor's style and he's all-too-happy to kill. But Laurie being kidnapped wasn't part of anyone's plan.

Now Victor's determined to save Laurie at any cost. Can he bring them both out alive, or will they die before they've even shared their first kiss?

*This book is set in the world of the Mismatched Mates series, but it stands alone. However, look for cameos of your favorite characters from the other books in the series. This series does not contain mpreg.*

## **The Alpha Experiment (Mismatched Mates Book 5)**

**Author: Eliot Grayson**

Studying shifter genetics takes brains, patience...and sometimes simulating mating rituals with your alpha-werewolf bestie. You know, for science...

*The Alpha Experiment features not-so-scientific mating rituals, magical handcuffs, some very inappropriate outdoor activities, knotting, and a guaranteed happily ever after. ## **Show Me (Extracurricular Activities Book 3)**

**Author: Neve Wilder**

**Two Roommates. One Camera. A whole lot of action.**

I get crushed the way some people get seasonal allergies.  
And sharing a house with four hot roommates is like being stuck in permanent spring.  
Too bad I keep getting friend-zoned.

But it's senior year now, and I'm done pining for the impossible.  
Time to live it up and go out with a bang.  
Or a lot of bangs.

And I'm definitely, *definitely* not getting attached to anyone.  
Especially not my straight, gym-loving, football-player roommate Sam whose impressively large... *smile* I caught a glimpse of once.  
Or several times.

That's why, when Sam asks me for help with a very special, very NSFW project so he can make a little cash, of course I agree. In the name of *friendship*.

And if it turns out that Sam's more than just muscles—that he's sweet, and smart, and a little bit filthy, and a whole lot less straight than I thought—well, that's neither here nor there, because this time I'm gonna be smart. This time, I'm friend-zoning *myself*.

We've got a list of deliciously hot scenarios, a camera, and Sam's huge... *smile*. What could possibly go wrong?

From the author of **Want Me** comes the third new adult college romance in the Extracurricular Activities series. Expect low angst, high heat, plenty of laughs, a flustered redhead, a gentle giant of a football player, and enough BDE to power a mid-size city.

## Clean Slate (The Goode Life Book 1)

**Author: Isla Olsen**

**Zack**

Twelve years ago, I thought I had everything figured out: I'd go off to college, get my marketing degree, come back to my charming little hometown of Finchley in California's Gold Country, help my high school sweetheart build his carpentry business, and live happily ever after...

Ha! That's teenage naivety for you.

Instead, on the eve of my college departure, Slater Goode (henceforth known as The Devil) ripped my heart out of my chest and stomped all over it. Figuratively.

But I don't care about that anymore. At. All. I have a great life in Chicago... I mean, things aren't exactly rosy right now, what with my boyfriend slash boss cheating on me, and then losing my job over that little vandalism incident... But that's just a blip. Things will get better. They have to. I'll be damned if I'll be returning home to Finchley with my tail between my legs.

But then I get some news: The Devil's grandfather, whom I love as if he were my own, has passed away in a tragic mishap of the coital nature, and missing his funeral is not an option.

Despite my desperate prayers, when I return home I'm appalled to find The Devil has not been the victim of some disfiguring flesh-eating disease. Nope, if anything he's even hotter. And he's sweet, and funny, and everything I remember falling for back in high school. But he's still The Devil who shattered my heart and there's no way I'll give him the chance to do it again.

Exes with benefits, though? Now that could be an idea...

*Come visit Finchley, CA, where the sun's always shining, the locals are always gossiping, and you won't walk two steps without bumping into a member of the Goode family. If you're lucky, you might find gold; or, even better... true love.*

It's definitely time to reassess.

## **Web of Lies (The Goode Life Book 2)**

**Author: Isla Olsen**

**Jesse**

My little brother is getting married and I couldn't be happier...

Well, maybe I could if I hadn't just been dumped by the boyfriend I thought was about to propose, kicked out of my New York apartment, and, worst of all, lost one of the pediatric patients under my care at the hospital where I work as a nurse.

With the current sh\*tstorm that is my life, who could blame me for going a little overboard on the cocktails at the bachelor weekend in Vegas?

Me. I could blame me. Especially when I wake up with the hangover from hell and the memory of marrying my arch-nemesis, Webster Goode, in a ceremony caught on camera by the reality show *Real Vegas Weddings*.

There's only one clear path forward: get through my brother's wedding, get an annulment, and get back to New York and my normal life. All without anyone finding out what Web and I did in Vegas.

But it turns out correcting that big mistake won't be as easy as I'd first thought, and keeping our secret from the Finchley gossip machine could be damn near impossible...

The truth is, the more time I spend with Web, the more I start to realize there might be a very thin line between love and hate...

*Come visit Finchley, CA, where the sun's always shining, the locals are always gossiping, and you won't walk two steps without bumping into a member of the Goode family. If you're lucky, you might find gold; or, even better... true love.*

## Bond (Forbidden Desires Book 2)

**Author: Piper Scott**

Adorably naive and shockingly brilliant Harrison Lessardi only needs two things in life: his pet iguana, Steve, and his undying love of science. That is until he witnesses his best friend lay eggs, and a third must-have strolls into his apartment—the sardonic and mischievous Everard Drake.

Everard Drake, celebrated doctor of the tremendously wealthy Drake family, has one goal in mind when he arrives at the scene of his youngest brother's latest disaster: incinerate Harrison Lessardi. Unfortunately for Everard, the moment he spots Harry, incineration becomes an impossibility—he must have the gorgeous beta as his own, even if it means holding him captive on his estate.

But something else lurks behind Everard's interest in Harry—something that tugs at Everard's soul in impossible ways, and that will send Everard and Harry down a rabbit hole of discovery that will change the world as they know it.

An alpha and a beta can't share a bond.

Can they?

*Bond is a 78,000 word steamy omegaverse mpreg-ish romance that will leave you in stitches. It contains an unexpectedly consensual kidnapping; giant magical lizards; an iguana with a full wardrobe named Steve; never-ending nicknames; and a HEA that may, or may not involve mosquito nets. For maximum enjoyment, Bond is best read following the events of Clutch.*

## Angel Ink (Get Ink'd Book 7)

**Author: Ali Lyda**

No one's ever caught me thinking with my manhood.

Being demisexual means attraction doesn't always come easy. And it has a way of knocking me off my feet. I can't want Joel. I'm pretty sure he's scared of me, and we're working together.

It's a recipe for disaster.

Too bad my emotions say otherwise. And once they start talking, my body starts listening. I've been screwed by love before. Is Joel worth taking the risk?

There's no need to get bent out of shape over one hot guy.

Managing talent puts me in the path of plenty of attractive men, so there's no reason to freak out every time I see Kyzer. Besides being gorgeous, he's covered in ink and as intimidating as they come. You'd never know from looking at him how gentle he is. He's a client and no matter how much I want him, he's off limits.

There are lines in this business that you can't cross. I know it's best for both of our careers. But what if throwing out the rules leads us down the path to happily ever after?
