## Zodiac Academy: The Awakening

**Author: Caroline Peckham**

***The Amazon.com and Wall Street Journal #1 bestselling dark fantasy romance series from authors Caroline Peckham & Susanne Valenti***

**I'm a Gemini. Impulsive. Curious. Headstrong. A twin. Heir to a throne I know nothing about. And it turns out, I'm Fae.**

But of course there's a catch - all I have to do to claim my birth right is prove that I'm the most powerful supernatural in the whole of Solaria. And sure, technically that's true as I'm the daughter of the Savage King. But the bit they didn't put in the brochure was that every single Fae in this Kingdom would claim my throne if they could.

The school they've sent me to is both dangerous as sh\*t and one helluva party. Vampires bite weaker students in the corridors, the Werewolf pack has orgies in the Wailing Wood at every full moon and don't even get me started on the dark and twisted ways the Sirens use their powers on people's emotions, or how my sinfully tempting Cardinal Magic teacher hosts detentions that leave people needing therapy.

Classes are totally interesting if you manage to live through them. And that Gemini star sign I mentioned? It now determines my elemental magic and affects my destiny, so learning astrology is essential if I'm going to beat down my classmates – which is actively encouraged by the way.

My biggest problem is the drool worthy Dragon shifter who has his eyes on my throne. He and his three psycho friends are determined to make my time here hell.

All I've got to do is survive. But fate might have other ideas.

Dammit, why couldn't I have gotten a letter to Hogwarts?

***\*\*\*This is a dark, bully romance – don't go expecting a sweet school for magic with friends around every corner. Fae fight for everything they own and Zodiac Academy is a cutthroat school for students aged 18+ where only the strongest prevail. There's no Dumbledore here to save anyone's ass and Lionel Acrux will give Voldemort a run for his money in the evil dictator category. So hold onto your stardust (broomsticks not required) and get ready for a bumpy ride\*\*\****

## **Hunted: Magiford Supernatural City (Pack of Dawn and Destiny Book 1)**

**Author: K. M. Shea**

Ever feel like you don't belong?

Try being a hunter living with werewolves. I'm the definition of "doesn't fit in". I'm not Pack, but I'm not the enemy, either.

I struggle to survive among werewolves who are stronger and faster than me, and are competitive enough to break a bone or two for the sake of "fun."

Greyson, their alpha, is the worst of them all.

Blatantly relentless and twice as deadly, Greyson rules the Pack and expands its territory even though it's already the largest in the region. I just wish he'd stop interfering with my life. He's got enough trouble of his own with his incomplete mate bond, but he's made it his hobby to tease and test me at every opportunity.

Doesn't my life sound fun?

When wolves from surrounding packs start mindlessly attacking the innocent humans in our city, Timber Ridge, everything changes.

Werewolves don't turn feral without reason. Which means someone is making this happen, and they're targeting our Pack.

I don't like where this is going, but how am I supposed to stop a feral wolf outbreak when I'm just one hunter? Can Greyson and I set aside our differences to see the Pack through this?

*Hunted is the first book in the Pack of Dawn and Destiny urban fantasy trilogy and is part of the Magiford Supernatural City world. It features werewolves, hunters, and fae, and is filled with humor, adventure, and a sweet romance that will have you laughing in delight.*

## Love & Magic Shaking (Magical Dating Agency Book 2)

**Author: Kelly St. Clare**

**A billionaire phoenix, a berserker in a long coat, and a rebellious brownie walk into a jazz bar...**

I wish I was joking.

My shapeshifting attacker may be gone, but the bastards who gave the order are alive and kicking. They're not the only ones after a chunk of my perky, cupid butt. The Nepos Bureau of Crime are digging around and asking questions that *really* aren't good for my lifespan.

I've never had more incentive to leave Nepos, yet Vera Calzane has agreed to meet me for reasons unknown. If there's even a *tiny* chance she'll agree to unmake the curse—if romance, sex, and love can be returned to me after three disastrous years—then I *have* to stay.

But now the smoking-hot Detective Vincori is making unusual proposals, and the poltergeist mafia is sending me letters. A mind-shattering event leaves me tangled in bedsheets, and then there's a drunk unicorn who... actually... you know what? You can discover *that* situation for yourself.

The long and short of this? When it comes to the heart, Venus doesn't care that my life is a freakin' shambles. So this gal needs an espresso martini. Better make it two.

**If you enjoy books by Shannon Mayer, Linsey Hall, Raven Kennedy, or Annette Marie, then you'll love this fun and vibrant supernatural society where magical creatures burst from every storefront and love is ever-complicated.**

Ever feel like you don't belong?

Try being a hunter living with werewolves. I'm the definition of "doesn't fit in". I'm not Pack, but I'm not the enemy, either.

I struggle to survive among werewolves who are stronger and faster than me, and are competitive enough to break a bone or two for the sake of "fun."

Greyson, their alpha, is the worst of them all.

Blatantly relentless and twice as deadly, Greyson rules the Pack and expands its territory even though it's already the largest in the region. I just wish he'd stop interfering with my life. He's got enough trouble of his own with his incomplete mate bond, but he's made it his hobby to tease and test me at every opportunity.

Doesn't my life sound fun?

When wolves from surrounding packs start mindlessly attacking the innocent humans in our city, Timber Ridge, everything changes.

Werewolves don't turn feral without reason. Which means someone is making this happen, and they're targeting our Pack.

I don't like where this is going, but how am I supposed to stop a feral wolf outbreak when I'm just one hunter? Can Greyson and I set aside our differences to see the Pack through this?

*Hunted is the first book in the Pack of Dawn and Destiny urban fantasy trilogy and is part of the Magiford Supernatural City world. It features werewolves, hunters, and fae, and is filled with humor, adventure, and a sweet romance that will have you laughing in delight.*

## United: Magiford Supernatural City (Pack of Dawn and Destiny Book 2)

**Author: K. M. Shea**

**A wolf is attacking the humans of Timber Ridge and changing them into werewolves—against their will.**

The change process is extremely dangerous and involves bloodshed. It isn't something that happens by accident, which can only mean one thing.

Someone is doing this on purpose.

I'm going to find the rampaging sicko responsible for this outbreak, even if it means I have to master my new magic to stop them.

Thankfully, Greyson—the Pack Alpha and the most powerful wolf in the Midwest—is always down for a hunt. The only problem is that I'm starting to find him attractive—which is the worst thing I could do. He's got an incomplete mate bond, and since I'm a hunter, I could never be a wolf's mate.

That's okay. I'm used to being alone. I'm a werewolf hunter, not part of the Pack. But that's an awfully dangerous place to be when there is a rogue wolf on the loose.

*United is the second book in the Pack of Dawn and Destiny urban fantasy trilogy, and is part of the Magiford Supernatural City world. It features werewolves, hunters, and fae, and is filled with humor, adventure, and a sweet romance that will have you laughing out loud.*

Overnight I'm thrown into the realm of the Watchers, a society of earthbound angels split into two factions: The Shades, whose powerful dark magic is given to them by the fallen angels, and the Lumens, whose abilities are bestowed on them by the archangels of Avalon.

They're on opposite sides of a brutal war, and I only have a few days to pick which side I want to join. I'm ready to choose when the Shades force my hand by cursing someone I love.

The only hope I have of saving them rests on the broad shoulders of the prickliest Shade alive, Gage Alston. He's cold, arrogant, and quite possibly the most attractive guy I've ever laid eyes on.

Do I trust him? No.

Do I need him? Yes.

Do I want to kiss him? Maybe.

Perhaps I'll choose darkness after all.

## The Forsaken King

***Author: Penelope Barsetti***

**New York Times bestselling author Penelope Sky releases her first sexy fantasy romance under *Penelope Barsetti*. Readers have said, "It's got everything I love in her contemporary novels. Feisty Heroine. Action. Betrayal. Pretty much everything!"**

*Ivory:*

I see him watch me.

Everywhere I go—he follows.

He's one of my father's guards at the castle. Goes by the name Mastodon.

There's something about him I don't like, but my warnings are never taken seriously. But I bet if my brother voiced the same concerns that would be no issue...just because he has balls and I don't.

Well, I have bigger balls than he ever will.

When I leave for the Capital, Mastodon escorts me. And just as I feared, he kills my guards and captures me.

At least he tries to capture me. There's a lot of running and chasing. I land an arrow right in his neck, but it does nothing. It's like he doesn't even feel it.

He takes me into a cavern and we descend deep underground—to the Bottom of the Cliffs. Then he tells me why he's doing this.

Because my family took everything from him—and now he's about to do the same.

*Mastodon:*

Her father murdered mine then raped my mother—and forced me to watch.

Then he pushed us over the cliff—to our deaths.

But we survived—and now we're ready for revenge.

She's the key to that. After she helps us get what we need, I'll hang her by her pretty neck and watch her take her last breath.

I steal her from Delacroix—and of course, she fights me the whole way. Not just with her fists, but her mouth too.

If she wasn't my pawn, I might actually like her.

When I hand her over to my mother, I realize she has far more sinister plans. She tells me to do exactly what her father did—and force her.

That's not the kind of man I am, so the answer is no.

But then she asks Geralt—the most barbaric man I've ever met.

So I volunteer—because I know she'd rather it be me than anyone else.

## **Dragons Are a Girl's Best Friend: A Fast, Feel-Good Urban Fantasy (Fangs and Feathers Book 1)**

**Author: Isla Frost**

**My name's Lyra Ridley, and I run headlong into supernatural danger for a living.**

Of course, that's *not* how I sold the job to my adoptive vampire dad. Or what I put on my dating profile for that matter. And I do have a wet-your-pants-level terrifying dragon partner rushing headlong into danger with me. But she, like my unusual magic, is frequently more hazard than help.

Despite all that, I love my job protecting the streets of post-magic-revolution Las Vegas—where humans and supernaturals live side-by-side, or are at least having a stab at it. So when I get suspended and some jackass takes my city hostage? Yeah, there's going to be hell to pay.

Even if it means I have to team up with a mysterious supernatural I know nothing about—except that he has pointy ears, a rod up his backside, questionable

priorities, and could kill me with his eyes closed.

My dragon partner likes him even less than I do. Then again, she doesn't like anyone, including me most of the time. But I'm *pretty* sure she won't barbecue either one of us.

Still, you'd better wish me luck.

*Warning: This urban fantasy series contains danger, mayhem, humor, and heart, with characters you'll fall for—including a vampire with an unbeating heart of gold, a book-hoarding dragon who eats criminals for breakfast, a mysterious supernatural who's as hot as the desert he slunk out of, and a human heroine who'll fight to save them all.*

Fans of Kim Harrison, Annette Marie, Ilona Andrews, K.F. Breene, Hailey Edwards, or Patricia Briggs, dive into this thrilling new world for a feel-good, action-packed adventure with a dash of slow burn romance.

## **Surrogate For Wolf Shifter (Shifters Fated Mates Book 2)**

**Author: Brittany White**

**I made the mistake of falling in love.**

**Bear Shifter Surrogate**

A chance meeting with a surrogate gave me an idea of how I can help my parents and achieve my life's goals while helping a wolf shifter's dream come true. The surrogate agency introduced us, and I discovered that he was everything that I ever dreamed of – The Prince Charming in my personal fairy tale. The connection was immediate. And I fell in love.

Unfortunately, he had vowed to never fall in love again and to never marry again. His heart was broken by a woman and he told me how she had shattered his trust in spite of that, we had a connection – I thought. He hadn't read my profile from the agency and thought I was a wolf shifter like him. So, when we shifted to go for a run he discovered that I was a bear shifter. He told me that his grandfather would never accept our hybrid child as his heir. I was to be left to raise this child alone, without my prince, without my love.

Was our child and my love enough to change his mind?

**Wolf Shifter Donor**

My grandfather was dying and his one wish: An heir to carry on the family name. After an ugly divorce, I didn't want another wife, so, I did the next best thing. I decided to hire a surrogate. I told the agency she had to be a wolf shifter – My grandfather was very traditional and strictly followed the shifter code – heirs must not be hybrids. I was introduced to the shifter who would carry my child, deliver it, and walk away. No strings attached.

Except for one problem: I fell in love with her. There was no way that I could ever marry another woman and make my heart vulnerable to betrayal once again. Everything that I did to protect myself only served to hurt the woman whom I loved. Yet she always forgave me and opened her arms to me. Then, I discovered a problem. She was a bear shifter. And I was certain my grandfather would only accept a purebred wolf shifter as his heir.

How could I choose between my love for this woman and our baby and making my grandfather's last wish come true?

Note: Adults Only!

Last I remember I was valiantly saving my high school crush from the path of an oncoming truck. Now I'm a skin and bones weakling wearing nothing but my hospital gown. Has anyone seen my pants? Oh yeah, the world is also full of monsters, and I'm the only human left.

It turns out a godlike System evacuated humanity but decided to leave the vegetable in the bed. I can hardly blame it. From the moment my parents named me Lex Lurker, I was destined to be ignored. Everyone else has received a chance to prepare for what's to come in the Tutorial. Me, though? I've only gotten a snarky talking cat for a companion.

I could crawl into a corner and wait to get eaten by a freaking *kobold*, but after years of being asleep I have a new appreciation for feeling alive. And for all the chaos, there are game-like rules and magical powers that could help me avoid becoming a meal and perhaps even thrive in this hellscape.

But first I'll have to find the tenacity to survive, the courage to fight, and the strength to face some dark truths about myself. Whispered voices call me the Hope of Humanity, but it turns out I might be the villain of this story.
