The Wish

Author: Nicholas Sparks

From the author of *The Longest Ride* and *The Return* comes a novel about the enduring legacy of first love, and the decisions that haunt us forever.

1996 was the year that changed everything for Maggie Dawes. Sent away at sixteen to live with an aunt she barely knew in Ocracoke, a remote village on North Carolina's Outer Banks, she could think only of the friends and family she left behind . . . until she met Bryce Trickett, one of the few teenagers on the island. Handsome, genuine, and newly admitted to West Point, Bryce showed her how much there was to love about the wind-swept beach town—and introduced her to photography, a passion that would define the rest of her life.

By 2019, Maggie is a renowned travel photographer. She splits her time between running a successful gallery in New York and photographing remote locations around the world. But this year she is unexpectedly grounded over Christmas, struggling to come to terms with a sobering medical diagnosis. Increasingly dependent on a young assistant, she finds herself becoming close to him.

As they count down the last days of the season together, she begins to tell him the story of another Christmas, decades earlier—and the love that set her on a course she never could have imagined.

Infinite Country: A Novel

A REESE'S BOOK CLUB PICK AND INSTANT *NEW YORK TIMES* BESTSELLER

"A knockout of a novel...we predict [*Infinite Country*] will be viewed as one of 2021's best." —*O, The Oprah Magazine*

Named a Most Anticipated Book of 2021 from *Esquire*, *O, The Oprah Magazine*, *Elle*, *GMA*, *New York Post*, *Ms. Magazine*, *The Millions*, *Electric Literature*, *LitHub*, *AARP*, *Refinery29*, *BuzzFeed*, *Autostraddle*, *She Reads*, *Alma*, and more.

I often wonder if we are living the wrong life in the wrong country.

Talia is being held at a correctional facility for adolescent girls in the forested mountains of Colombia after committing an impulsive act of violence that may or may not have been warranted. She urgently needs to get out and get back home to Bogotá, where her father and a plane ticket to the United States are waiting for her. If she misses her flight, she might also miss her chance to finally be reunited with her family in the north.

How this family came to occupy two different countries, two different worlds, comes into focus like twists of a kaleidoscope. We see Talia's parents, Mauro and Elena, fall in love in a market stall as teenagers against a backdrop of civil war and social unrest. We see them leave Bogotá with their firstborn, Karina, in pursuit of safety and opportunity in the United States on a temporary visa, and we see the births of two more children, Nando and Talia, on American soil. We witness the decisions and indecisions that lead to Mauro's deportation and the family's splintering—the costs they've all been living with ever since.

Award-winning, internationally acclaimed author Patricia Engel, herself a dual citizen and the daughter of Colombian immigrants, gives voice to all five family members as they navigate the particulars of their respective circumstances. And all the while, the metronome ticks: Will Talia make it to Bogotá in time? And if she does, can she bring herself to trade the solid facts of her father and life in Colombia for the distant vision of her mother and siblings in America?

Rich with Bogotá urban life, steeped in Andean myth, and tense with the daily reality of the undocumented in America, *Infinite Country* is the story of two countries and one mixed-status family—for whom every triumph is stitched with regret, and every dream pursued bears the weight of a dream deferred.

Unbirthday: A Twisted Tale (Twisted Tale, A)

Author: Liz Braswell

What if Wonderland was in peril and Alice was very, very late?

Alice is different than other eighteen-year-old ladies in Kexford, which is perfectly fine with her. She'd rather spend golden afternoons with her trusty camera or in her aunt Vivian's lively salon, ignoring her sister's wishes that she stop all that "nonsense" and become a "respectable" member of society. Alice is happy to meander to Miss. Yao's teashop or to visit the children playing in the Square. She's also interested in learning more about the young lawyer she met there, but just because she's curious, of course, not because he was sweet and charming.

But when Alice develops photographs she has recently taken about town, familiar faces of old suddenly appear in the place of her actual subjects—the Queen of Hearts, the Mad Hatter, the Caterpillar. There's something eerily off about them, even for Wonderland creatures. And as Alice develops a self-portrait, she finds the most disturbing image of all—a badly-injured dark-haired girl asking for Alice's help. Mary Ann.

Returning to the place of nonsense from her childhood, Alice finds herself on a mission to stop the Queen of Hearts' tyrannical rule and to find her place in both worlds. But will she be able to do so . . . before the End of Time?

A Deadly Education: A Novel (The Scholomance Book 1)

Author: Naomi Novik

NEW YORK TIMES BESTSELLER • From the author of *Uprooted* and *Spinning Silver* comes the first book of the Scholomance trilogy, the story of an unwilling dark sorceress who is destined to rewrite the rules of magic.

“The dark school of magic I’ve been waiting for.” Katherine Arden, author of *Winternight Trilogy*

I decided that Orion Lake needed to die after the second time he saved my life.

Everyone loves Orion Lake. Everyone *else*, that is. Far as I'm concerned, he can keep his flashy combat magic to himself. I'm not joining his pack of adoring fans.

I don't need help surviving the Scholomance, even if they do. Forget the hordes of monsters and cursed artifacts, I'm probably the most dangerous thing in the place. Just give me a chance and I'll level mountains and kill untold millions, make myself the dark queen of the world.

At least, that's what the world expects. Most of the other students in here would be delighted if Orion killed me like one more evil thing that's crawled out of the drains. Sometimes I think they want me to turn into the evil witch they assume I am. The school certainly does.

But the Scholomance isn't getting what it wants from me. And neither is Orion Lake. I may not be anyone's idea of the shining hero, but I'm going to make it out of this place alive, and I'm not going to slaughter thousands to do it, either.

Although I'm giving serious consideration to *just one*.

With flawless mastery, Naomi Novik creates a school bursting with magic like you've never seen before, and a heroine for the ages—a character so sharply realized and so richly nuanced that she will live on in hearts and minds for generations to come.

Praise for *Deadly Education*

“The can't-miss fantasy of fall 2020, a brutal coming-of-power story steeped in the aesthetics of dark academia. . . . *A Deadly Education* will cement Naomi Novik's place as one of the greatest and most versatile fantasy writers of our time.”—**BookPage (starred review)**

“A must-read . . . Novik puts a refreshingly dark, adult spin on the magical boarding school. . . . Readers will delight in the push-and-pull of El and Orion's relationship, the fantastically detailed world, the clever magic system, and the matter-of-fact diversity of the student body.”—**Publishers Weekly (starred review)**

So, I do what I know, and I set myself to finding the trail of breadcrumbs that will lead me to the one who is still pulling the strings.

Frost. A Chameleon just like me. Just like the Shadowkiller. Worse, she's seeking out my friends to pick them off, one by one. To drain their lives in order to feed hers.

To stop her, I have to find her—a task easier said than done in a city this size.

What I don't expect to find is a truth that this world and its secrets run far deeper, and far darker than I could have ever suspected.

But is any of that going to stop me?

Not a chance.

The Fourth Child: A Novel

Author: Jessica Winter

"A beautifully observed and thrillingly honest novel about the dark corners of family life and the long, complicated search for understanding and grace." —Jenny O'fills, author of *Dept. of Speculation* and *Weather*

"*The Fourth Child* is keen and beautiful and heartbreaking—an exploration of private guilt and unexpected obligation, of the intimate losses of power embedded in female adolescence, and of the fraught moments of glancing divinity that come with shouldering the burden of love." —Jia Tolentino, *New York Times* bestselling author of *Trick Mirror*

“A remarkable family saga . . . *The Fourth Child* is a balm—a reminder that it is possible for art to provide a nuanced exploration of life itself.”
—Rumaan Alam, author of *Leave the World Behind* and *Rich and Pretty*

The author of *Break in Case of Emergency* follows up her “extraordinary debut” (*The Guardian*) with a moving novel about motherhood and marriage, adolescence and bodily autonomy, family and love, religion and sexuality, and the delicate balance between the purity of faith and the messy reality of life.

Book-smart, devoutly Catholic, and painfully unsure of herself, Jane becomes pregnant in high school; by her early twenties, she is raising three children in the suburbs of western New York State. In the fall of 1991, as her children are growing older and more independent, Jane is overcome by a spiritual and intellectual restlessness that leads her to become involved with a local pro-life group. Following the tenets of her beliefs, she also adopts a little girl from Eastern Europe. But Mirela is a difficult child. Deprived of a loving caregiver in infancy, she remains unattached to her new parents, no matter how much love Jane shows her. As Jane becomes consumed with chasing therapies that might help Mirela, her relationships with her family, especially her older daughter, Lauren, begin to fray.

Feeling estranged from her mother and unsettled in her new high school, Lauren begins to discover the power of her own burgeoning creativity and sexuality—a journey that both echoes and departs from her mother’s own adolescent experiences. But when Lauren is confronted with the limits of her youth and independence, Jane is thrown into an emotional crisis, forced to reconcile her principles and faith with her determination to keep her daughters safe. *The Fourth Child* is a piercing love story and a haunting portrayal of how love can shatter—or strengthen—our beliefs.

Nuclear Winter First Strike: Post Apocalyptic Survival Thriller (Nuclear Winter Series Book 1)

Author: Bobby Akart

Nuclear war may kill millions.

Nuclear Winter will kill billions.

International bestselling author, Bobby Akart, one of America's favorite storytellers, delivers up-all-night thrillers to readers in 245 countries and territories

worldwide.

"Love the intensity of his stories, his thorough research, his creativity, the characterizations and the abundant action and realistic locations."

Every war begins with a first shot. The shot heard 'round the world at Lexington and Concord in 1775 birthed a nation. Less than a century later, cannons firing on Fort Sumter, South Carolina thrust that same nation into a civil war. The assassination of an obscure archduke sparked a chain of events leading to World War I. The dastardly bombing of Pearl Harbor led America into the Second World War.

"Bobby Akart is the master of nail biting, edge of your seat fiction based on fact."

Akart's new novel, Nuclear Winter First Strike, depicts a world on the edge of nuclear Armageddon. Will history repeat itself as warring nations take their battles to the highest level of destruction? Can America avoid being drawn into these conflicts beyond her borders?

Nuclear Armageddon hangs over us like a mighty sword and ordinary Americans will be caught in the crosshairs.

"From the first word read to the last page turned, I knew Bobby Akart had a brilliant, engaging, horrifying tale to be told."

This is more than the story of nuclear conflict. It's about the devastating effects wrought by Nuclear Winter. Our possible future is seen through the eyes of the Albright family whose roots stretch back to the early settlement of the Florida Keys.

Hank Albright, a widower and proprietor of the Driftwood Key Inn, is the epitome of the laid-back islander inhabiting the Keys. His brother, Mike, is a homicide detective for the Monroe County Sheriff's department. Along with his wife Jessica, a paramedic and member of the Sheriff's department water emergency team, they become involved in the investigation of a sadistic serial killer.

Hank's son, Peter Albright, is a Washington, DC reporter covering the State Department. He's unknowingly thrust into the middle of the conflict in the Middle East. Upon his return home, he begins to unravel a conspiracy leading to an unexpected dynamic between the President, the Secretary of State, and North Korea.

As the drumbeats of war beat louder, Hank's oldest child, Lacey McDowell, begins to sense the warning signs. Along with her husband, Owen, and teenage son, Tucker, she begins to prepare for a hasty exit from their San Francisco Bay Area home.

"Believable and relatable characters are developed in such a spell-binding way that you must keep turning the pages."

Will America become embroiled in the nuclear conflict? Will the President cross the Rubicon, that point of no return after which lives and cities may be destroyed? For the Albrights, like their fellow Americans, their lives are about to change forever.

It was not our fight, but it became our problem.

"You are there. Feeling what they feel. Anger, joy, love, mourning. You feel it all. Not everyone can write a book like this. It takes a special writer to make you feel a book."

Bobby Akart has delivered intense, up-all-night thrillers that have you whispering just one more chapter until the end.

Nuclear Winter Armageddon: Post Apocalyptic Survival Thriller (Nuclear Winter Series Book 2)

Author: Bobby Akart

For decades, Nuclear Armageddon hanged over us like a mighty sword.

Some said it would be the war to end all wars.

They were wrong. The real battle against extinction was just beginning.

International bestselling author, Bobby Akart, one of America's favorite storytellers, delivers up-all-night thrillers to readers in 245 countries and territories worldwide.

"Masterful and suspenseful!"

This is how the world ends. Not with a bang, but with many nuclear bombs detonated around the planet. It was no longer a topic of conversation around the dinner table as in years past.

Nobody was prepared, including the world's governments. Yet the threat was always real and the devastation was predictable.

"Bobby's uncanny ability to take a topic of what could happen and write an epic story about it is short of preternatural!"

The damage was incalculable. Millions died at the points of impact. Nuclear Winter spread across the globe. A rapidly cooling climate shocked humanity and all living things ... to their death.

Akart's new Nuclear Winter series depicts a world on the edge of nuclear Armageddon. Nuclear Armageddon became reality and ordinary Americans are paying the price.

"I never would have believed that Mr. Akart could outdo himself! Well, he has! This series is quite possibly the best he has ever written."

This is more than the story of nuclear conflict. It's about the devastating effects wrought by Nuclear Winter. Our possible future is seen through the eyes of the Albright family whose roots stretch back to the early settlement of the Florida Keys.

While they fight for survival, they trek across a rapidly deteriorating landscape wrought with danger from both the elements and their fellow man.

It was not our fight, but it became our problem.

"I am speechless. By far the most edge of your seat, acrylic nail biting book ever. E V E R."

Bobby Akart has delivered intense, up-all-night thrillers that have you whispering just one more chapter until the end.

Together: The Healing Power of Human Connection in a Sometimes Lonely World

Author: Vivek H Murthy M.D.

The book we need NOW to avoid a social recession, Murthy's prescient message is about the importance of human connection, the hidden impact of loneliness on our health, and the social power of community.

Humans are social creatures: In this simple and obvious fact lies both the problem and the solution to the current crisis of loneliness. In his groundbreaking book, the 19th surgeon general of the United States Dr. Vivek Murthy makes a case for loneliness as a public health concern: a root cause and contributor to many of

the epidemics sweeping the world today from alcohol and drug addiction to violence to depression and anxiety. Loneliness, he argues, is affecting not only our health, but also how our children experience school, how we perform in the workplace, and the sense of division and polarization in our society.

But, at the center of our loneliness is our innate desire to connect. We have evolved to participate in community, to forge lasting bonds with others, to help one another, and to share life experiences. We are, simply, better together.

The lessons in *Together* have immediate relevance and application. These four key strategies will help us not only to weather this crisis, but also to heal our social world far into the future.

1. **Spend time each day with those you love. Devote at least 15 minutes each day to connecting with those you most care about.**
2. **Focus on each other. Forget about multitasking and give the other person the gift of your full attention, making eye contact, if possible, and genuinely listening.**
3. **Embrace solitude. The first step toward building stronger connections with others is to build a stronger connection with oneself. Meditation, prayer, art, music, and time spent outdoors can all be sources of solitary comfort and joy.**
4. **Help and be helped. Service is a form of human connection that reminds us of our value and purpose in life. Checking on a neighbor, seeking advice, even just offering a smile to a stranger six feet away, all can make us stronger.**

During Murthy's tenure as Surgeon General and during the research for *Together*, he found that there were few issues that elicited as much enthusiastic interest from both very conservative and very liberal members of Congress, from young and old people, or from urban and rural residents alike. Loneliness was something so many people have known themselves or have seen in the people around them. In the book, Murthy also shares his own deeply personal experiences with the subject—from struggling with loneliness in school, to the devastating loss of his uncle who succumbed to his own loneliness, as well as the important example of community and connection that his parents modeled. Simply, it's a universal condition that affects all of us directly or through the people we love—now more than ever.

Smoke (An IQ Novel Book 5)

Author: Joe Ide

Isaiah Quintabe—an unlicensed detective for all seasons—and his best friend and masterful sidekick, Juanell Dodson, are at a crossroads in this latest installment of the "aggressively entertaining" IQ series (*New York Times*). This time, their lives may never be the same.

Isaiah Quintabe is no longer IQ, the genius of East Long Beach; instead, he's a man on the road and on the run, hiding in a small Northern California town when his room is broken into by a desperate young man on the trail of the state's most prolific serial killer.

His old partner, Juanell Dodson, must go straight or lose his wife and child. His devil's bargain? An internship at an LA advertising agency, where it turns out the rules of the street have simply been dressed in business casual, but where the aging company's fortunes may well rest on their ability to attract a younger demographic. Dodson—"the hustler's hustler"—just may be the right man for the job.

Ide is the crime writer's crime writer, and he's filled his best novel yet with desperate souls, courageous outcasts, an ex-stripper who'll do anything to protect her son, and wild half-brothers who may be the very incarnation of evil.

With deft plotting, lacerating humor, and a keen eye for the ways in which characters rise or fall based on their ties to one another, *Smoke* is Joe Ide's crowning achievement.

But on the day of the ceremony, her blood runs gold, the color of impurity—and Deka knows she will face a consequence worse than death.

Then a mysterious woman comes to her with a choice: stay in the village and submit to her fate, or leave to fight for the emperor in an army of girls just like her. They are called alaki–near-immortals with rare gifts. And they are the only ones who can stop the empire's greatest threat.

Knowing the dangers that lie ahead yet yearning for acceptance, Dekka decides to leave the only life she's ever known. But as she journeys to the capital to train for the biggest battle of her life, she will discover that the great walled city holds many surprises. Nothing and no one are quite what they seem to be—not even Dekka herself.

Lore

From the #1 New York Times best-selling author of *The Darkest Minds* comes a sweepingly ambitious, high-octane tale of power, destiny, love, and redemption.

Every seven years, the Agon begins. As punishment for a past rebellion, nine Greek gods are forced to walk the earth as mortals. They are hunted by the descendants of ancient bloodlines, all eager to kill a god and seize their divine power and immortality.

Long ago, Lore Perseus fled that brutal world, turning her back on the hunt's promises of eternal glory after her family was murdered by a rival line. For years she's pushed away any thought of revenge against the man—now a god—responsible for their deaths.

Yet as the next hunt dawns over New York City, two participants seek her out: Castor, a childhood friend Lore believed to be dead, and Athena, one of the last of the original gods, now gravely wounded.

The goddess offers an alliance against their mutual enemy and a way to leave the Agon behind forever. But Lore's decision to rejoin the hunt, binding her fate to Athena's, will come at a deadly cost—and it may not be enough to stop the rise of a new god with the power to bring humanity to its knees.

Untouchables (Empire High Book 1)

Author: Ivy Smoak

Now a Top 10 Amazon Bestseller

Matthew Caldwell is the definition of NYC's elite.

Charming.
Gorgeous.
Wealthy.
Untouchable.

That's what everyone calls him and his friends - the Untouchables. The nickname probably comes from the fact that they're ridiculously wealthy. Or maybe the name just refers to the fact that they're so beautiful it's almost hard to look at them.

No matter the reason for their nickname, it's an ironic one, because I really want to touch. I just don't know whether I want to slap him or kiss him. Because one minute he's my tormentor, and the next he acts like my savior in this new city I don't belong in.

Yeah, I'm definitely going to slap him right after he kisses me senseless. Screw you, Matthew freaking Caldwell.

A dark, twisty modern fairytale where three sisters discover they are not exactly all that they seem and evil things really do go bump in the night.

Iris Hollow and her two older sisters are unquestionably strange. Ever since they disappeared on a suburban street in Scotland as children only to return a month a later with no memory of what happened to them, odd, eerie occurrences seem to follow in their wake. And they're changing. First, their dark hair turned white. Then, their blue eyes slowly turned black. They have insatiable appetites yet never gain weight. People find them disturbingly intoxicating, unbearably beautiful, and inexplicably dangerous.

But now, ten years later, seventeen-year-old Iris Hollow is doing all she can to fit in and graduate high school on time--something her two famously glamorous globe-trotting older sisters, Grey and Vivi, never managed to do. But when Grey goes missing without a trace, leaving behind bizarre clues as to what might have happened, Iris and Vivi are left to trace her last few days. They aren't the only ones looking for her though. As they brush against the supernatural they realize that the story they've been told about their past is unraveling and the world that returned them seemingly unharmed ten years ago, might just be calling them home.
