Author: Jaymin Eve

#1 in the entire Kindle Store.

A new paranormal romance from Wall Street Journal and USA Today bestseller Jaymin Eve.

My father made a terrible mistake. One I'm left paying for.

As a wolf shifter growing up in a strong pack, I should be living my best life. But after my father tried to kill our leader, I'm labelled an outcast, traitor, less than dirt.

When I can't take pack life any longer, I run, but apparently they don't like losing their punching bag. Torin, the leader's son, drags me back before my first shift... a shift that will reveal my true mate. I never could have predicted who mine would be, but the moment my wolf looks upon him, I'm filled with hope for a brighter future.

Afterall, no one ever rejects their true mate, right?

Wrong. Very wrong.

When the wolves attack, my soul screams for vengeance, and somehow I touch the shadow world. Somehow I bring him to our lands.

The Shadow Beast. Our shifter god. The devil himself.

Turns out being rejected by my mate was only the beginning.

*If you like sexy, dark paranormal romances, with humor, steam, action, a tough heroine and an antihero, this is for you.

Rejected is full length (100k) words, is book one in Shadow Beast Shifters series, and ends on a cliffhanger. It's recommended for 18+ due to language and sexual situations.

Addressed in green ink on yellowish parchment with a purple seal, they are swiftly confiscated by his grisly aunt and uncle. His name is Hadjar Darkhan, and he still follows the call of his dragon heart.

The War Games ended a few months ago, and the various generals of Darnassus, led by the Emperor, realized that just the disciples of the best martial arts Schools and even the smaller, lesser schools wouldn't be able to strengthen the Darnassian Army enough to prepare it for what was coming. A war was on the horizon, and every weapon would matter, so losing even the most inexperienced warriors was an unthinkable prospect.

The Empire had never prepared for battle on such a massive scale before. They'd gathered tens of thousands of Spirit Knights and hundreds of thousands of Heaven Soldiers in just a short time. But would that be enough to combat the countless hordes of the enemy? Or were these just the death throes of a once vast Empire?

Hadjar, whether he wanted to or not, would be part of this upcoming war. Moreover, his role might end up being far more significant than he'd originally assumed.

Before a decisive battle begins, he must plunge into a maelstrom of war preparations, which doesn't bode well for him...

Lost Bonds (Binding Words Book 6)

Author: Daniel Schinhofen

After tightening the Bonds with his friends, Sean worked toward new things and trying to fix past mistakes. He and his growing family had just moved into a new home and hired on new staff for day-to-day matters. All he wanted to do was craft and love his wives, and it seemed like the peaceful life he hoped for might be within his reach.

Denmur and Lord Sharpeyes would not let that happen. Using their connections, they put into motion a chain of events that would reverberate across the city of Hearthglen. Sean was called to attend the Lord's party— he came, bringing all of his family and friends with him.

Both sides were surprised by events as they unfolded, and it quickly became apparent that conflict would not be denied. With the Einherjar, a Valkyrie, and an old foe, Velin Dykstra, backing them up, Evan Sharpeyes and Klein Denmur challenged Sean to trial by combat.

Exhausted and with depleted energy, Sean still led his wives onto the field of battle. The fight was bloody and taxing, but in the end, Sean struck down Evan Sharpeyes before collapsing. With his eyesight fading, Sean looked at his wives, but only saw a few female-like figures rushing toward him. The last sound he heard was a great many wings converging on him, and his mind drifted to thoughts of Morrigan...

Word of Sean's victory spread throughout the city, but none could say whether he had survived to enjoy it.

(This work contains adult situations that some might find offensive, the least of which is graphic sex. This book is about an Overpowered MC, and contains a harem. You've been warned.)

He also wants me with a passion that burns my body from the inside out.

To ignore him is impossible, but to give in to my desires, even for a night, would thrust me into danger I might not survive.

Can I resist the temptation?

Three-thousand years ago, humans were hunted by powerful races with wild magic until the treaty was formed. Now, for centuries, the elves have taken a young woman from Luella's village to be their Human Queen.

To be chosen is seen as a mark of death by the townsfolk. A mark nineteen-year-old Luella is grateful to have escaped as a girl. Instead, she's dedicated her life to studying herbology and becoming the town's only healer.

That is, until the Elf King unexpectedly arrives... for her.

Everything Luella had thought she'd known about her life, and herself, was a lie. Taken to a land filled with wild magic, Luella is forced to be the new queen to a cold yet blisteringly handsome Elf King. Once there, she learns about a dying world that only she can save.

The magical land of Midscape pulls on one corner of her heart, her home and people tug on another... but what will truly break her is a passion she never wanted.

She'll help Bacchus fix unruly spells around his estate if he doesn't turn her in. Working together, Elsie's trust in—and fondness for—the handsome stranger grows. I can't get her out of my head.

But do not steal the mate of another, no matter the circumstance.

Leisa's ambitions used to be simple. Guard the princess. Hide her magic. Wait for her family to return.

But all of that changes when her king demands that she use her unique abilities to spy on the rival kingdom of Garimore.

Alone, far from home, and living a lie that grows more perilous by the day, Leisa's task is complicated by her most dangerous enemy yet—the masked assassin known only as the Raven.

Everyone in the Five Thrones knows to fear him, but the Raven is not what Leisa expected. As silent as he is lethal, he provokes her curiosity as much as her fear, and hides secrets she's determined to learn.

When her already precarious mission takes a deadly turn, Leisa must evade the Raven himself if she is to succeed. It's never been done before, but Leisa is nothing if not stubborn. And if she doesn't become the first to escape his blade, her entire kingdom will pay the price—in blood.

His perseverance has not gone unnoticed, however, and when the most powerful artificial intelligence in human history takes an interest in him, things began to change quickly. Granted a CAD—a Combat Assistance Device—with awful specs but an infinite potential for growth, Reidon finds himself at the bottom of his class at the Galens Institute, one of the top military academies in the Collective. Along with his best friend, Viviana Arada, Reidon will have to start his long climb through the school rankings, and on to the combat tournament circuits that have become humanity's greatest source of excitement and entertainment.

So begins the rise of a god. So begins the ascent of the Stormweaver.

Infernal (The Shadow Guild: Hades & Persephone Book 1)

Author: Linsey Hall

Hades never saw me coming...

Tuesday night in the library started out normal--alone with cheap beer and a murder mystery. Partying, librarian style. Until the god Hades appears.

When he abducts me, I try to say he's got the wrong girl--I'm no goddess. At least, I don't *think* so.

Suddenly, I'm in his world, captive. The upside? I live in a castle with a lethally beautiful god who wants to make me a queen. The downside? He's scary AF and *also* wants me to help him destroy the world.

Obviously that gets a big 'no' from me. I'll do whatever it takes to escape, including seducing the god of death. But together, we're an inferno, and the heat is impossible to resist. His touch fogs my mind, but I must succeed. Otherwise, everyone dies.

The City of Brass: A Novel (The Daevabad Trilogy)

Author: S. A. Chakraborty

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Library Journal | Vulture | The Verge | SYFYWire

Step into *The City of Brass*, the spellbinding debut from S. A. Chakraborty perfect for fans of *The Golem and the Jinni*, *The Grace of Kings*, and *Uprooted*, in which the future of a magical Middle Eastern kingdom rests in the hands of a clever and defiant young con artist with miraculous healing gifts.

On the streets of eighteenth-century Cairo, Nahri is a con woman of unsurpassed skill. She makes her living swindling Ottoman nobles, hoping to one day earn enough to change her fortunes. But when Nahri accidentally summons Dara, an equally sly, darkly mysterious djinn warrior, during one of her cons, she learns that even the cleverest of schemes can have deadly consequences.

Forced to flee Cairo, Dara and Nahri journey together across hot, windswept sands teeming with creatures of fire and rivers where the mythical marid sleep, past ruins of once-magnificent human metropolises and mountains where the circling birds of prey are more than what they seem, to Daevabad, the legendary city of brass.

It's a city steeped in magic and fire, where blood can be as dangerous as any spell; a city where old resentments run deep and the royal court rules with a tenuous grip; a city to which Nahri is irrevocably bound—and where her very presence threatens to ignite a war that has been simmering for centuries.

The Lord of the Rings: One Volume

Author: J.R.R. Tolkien

One Ring to rule them all, One Ring to find them, One Ring to bring them all and in the darkness bind them

In ancient times the Rings of Power were crafted by the Elven-smiths, and Sauron, the Dark Lord, forged the One Ring, filling it with his own power so that he could rule all others. But the One Ring was taken from him, and though he sought it throughout Middle-earth, it remained lost to him. After many ages it fell by chance into the hands of the hobbit Bilbo Baggins.

From Sauron's fastness in the Dark Tower of Mordor, his power spread far and wide. Sauron gathered all the Great Rings to him, but always he searched for the One Ring that would complete his dominion.

When Bilbo reached his eleventy-first birthday he disappeared, bequeathing to his young cousin Frodo the Ruling Ring and a perilous quest: to journey across Middle-earth, deep into the shadow of the Dark Lord, and destroy the Ring by casting it into the Cracks of Doom.

The Lord of the Rings tells of the great quest undertaken by Frodo and the Fellowship of the Ring: Gandalf the Wizard; the hobbits Merry, Pippin, and Sam; Gimli the Dwarf; Legolas the Elf; Boromir of Gondor; and a tall, mysterious stranger called Strider.

This new edition includes the fiftieth-anniversary fully corrected text setting and, for the first time, an extensive new index.

J.R.R. Tolkien (1892-1973), beloved throughout the world as the creator of *The Hobbit*, *The Lord of the Rings*, and *The Silmarillion*, was a professor of Anglo-Saxon at Oxford, a fellow of Pembroke College, and a fellow of Merton College until his retirement in 1959. His chief interest was the linguistic aspects of the early English written tradition, but while he studied classic works of the past, he was creating a set of his own.

FOR ALL THE EVERYDAY HEROINES OVER FORTY WHO KNOW IT'S *NOT TOO LATE* FOR MAGIC!

The day after my forty-third birthday, my husband announced he was trading me in. His words, not mine. The news was unwelcome at the time, but honestly? I needed a good goosing to get up and find my way to the door.

So. I was freed from the manual of expectations authored by my ex that had, over the years, grown into an encyclopedia of what a wife "should" be and do. The freedom was the good news. The flip side was less happy. Due to living in a state not friendly to discarded wives, I was also relieved of the financial 'security' I'd spent a lifetime accruing.

Starting over? I didn't plan on it. Didn't see it coming. But pulling a sheet over my head and waiting for the end didn't seem like my style. Granted. I wasn't sure what my style was because I hadn't thought about freedom of expression since I was twenty.

I'd never been a fan of optimistic adages like 'it's not too late', but that was before my life was divided into two parts; everything that came before the mysterious package and everything after. Fate shot me with a lightning bolt of attitude adjustment and thrust me head first into an adventure that was unforeseeable to say the least. If you'd told me what my life was going to be like, I would have used every synonym for crazy you've ever heard.

I 'inherited' a curious antique store in a tiny, picturesque English village where the world of fae magic lives side by side with the mundane. But that's far from all. Eight times a year, I receive magical dignitaries and magical lowborn alike and mediate their disputes; some comical, some deadly serious.

It may be too late for super shiny hair, going without a bra, or sleeping eight hours without a potty break. But it seems that it's not too late for navigating magical politics, expatriating, romance, and saving the world.

Perfect for fans of K.F. Breene, Shannon Mayer, Elizabeth Hunter, Darynda Jones and Lucia Ashta.

Never run from an Alpha.

As the only werewolf immune to the curse forcing my kind to shift every night, I'm a bit of a hot commodity... and not in a good way.

Wrong decision.

The city is home to one of the largest packs in the world. Its leader?

Tall, strong, sexy, and determined that I'm his.

When my scent starts driving unmated men insane, that giant, possessive beast who won't leave me alone is the only one who can protect me.

One way or another, I'm totally screwed.

Sinister Magic: An Urban Fantasy Dragon Series (Death Before Dragons Book 1)

Author: Lindsay Buroker

I'm Val Thorvald, and I'm an assassin.

When magical bad guys hurt people, I take care of them. Permanently.

This doesn't make me popular with the rest of the magical community—as you can tell from the numerous break-ins and assassination attempts I've endured over the years. But thanks to my half-elven blood, a powerful sword named Chopper, and a telepathic tiger with an attitude, I've always been able to handle my problems with aplomb. Maybe some cursing and swearing, too, but definitely aplomb.

That changes when my boss is afflicted with a mysterious disease, a government agent starts investigating me, and a godforsaken *dragon* shows up in the middle of my latest job.

I've taken down vampires, zombies, and ogres, but dragons are way, way more powerful. And it doesn't look like this one is going to like me.

Worse than that, he wants to use his magic to compel me to do his bidding, as if I'm some weak-minded minion.

That's *not* going to happen. I'd die before being some dragon's slave.

But if I can't figure out a way to avoid him, save my boss, and get rid of the government spook, I'm screwed. Or dead. Or screwed *and* dead. And that's never comfortable.

Pick up *Sinister Magic* today to see if I make it. Even if you don't care about me, I promise the tiger is cool.
