For years, rumors of the "Marsh Girl" have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life--until the unthinkable happens.

*Where the Crawdads Sing* is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. ## Nuclear Winter Desolation: Post Apocalyptic Survival Thriller (Nuclear Winter Series Book 5)

**Author: Bobby Akart**

**As Nuclear Winter wrapped its gloomy arms around the planet, man experienced a state of anguished misery and desolation. In order to survive, some became territorial, shunning outsiders. Those in positions of leadership wielded it like a club. While others resisted.**

International bestselling author, Bobby Akart, one of America's favorite storytellers, delivers up-all-night thrillers to readers in 245 countries and territories worldwide.

**"Masterful and suspenseful!"**

This is how the world ends. Not with a bang, but with many nuclear bombs detonated around the planet. It was no longer a topic of conversation around the dinner table as in years past.

Nuclear winter enveloped the planet with its relentless barrage of dark, sooty air. With each passing day, more and more people died. In a desperate attempt to give people a chance to survive, some government leaders chose to marshal the assets of their community. It was a polite way of saying *take from those who have and give to those who have not*.

Hank Albright and his family were not selfish people. However, they were survivors and they'd prepared for the worst.

**"Bobby's uncanny ability to take a topic of what could happen and write an epic story about it is short of preternatural!"**

What happens when an all-powerful government sets its sights on what you own? Will you willingly give away the food and necessary to keep your family alive? Or, will you fight for what is yours?

For the Albright's, they stood shoulder to shoulder and declared, *I would rather die on my feet than live on my knees*.

Akart's new Nuclear Winter series depicts a world on the edge of nuclear Armageddon. Nuclear Armageddon became reality and ordinary Americans are paying the price.

**"I never would have believed that Mr. Akart could outdo himself! Well, he has! This series is quite possibly the best he has ever written."**

This is more than the story of nuclear conflict. It's about the devastating effects wrought by Nuclear Winter. Our possible future is seen through the eyes of the Albright family whose roots stretch back to the early settlement of the Florida Keys.

While they fight for survival, they trek across a rapidly deteriorating landscape wrought with danger from both the elements and their fellow man.

It was not our fight, but it became our problem.

***"I am speechless. By far the most edge of your seat, acrylic nail biting book ever. E V E R."***

Bobby Akart has delivered intense, up-all-night thrillers that have you whispering just one more chapter until the end.

much more than the rejected wolf they found on a beach and saved. They healed me and made me stronger, fixing what was broken in my soul.

*But they lied.*

Dragged back to the Ravensword Pack, I learn who I am before being left in the hands of the alpha I ran from, starting a war no one can stop. The past that I couldn't remember has caught up with us, and it turns out they were always a part of it. They aren't just alpha wolves and our fates are as intertwined as Hades and Persephone's were.

I never thought being rejected would lead me to my past, but it has, and my past comes with more than a bite  
*It comes with wings.*

**This is a full-length reverse harem romance novel full of sexy alpha males, steamy scenes, a strong heroine and a lot of sarcasm. Intended for 18+ readers.**

After carving her path all on her own, Beyah is well on her way to bigger and better things, thanks to no one but herself. With only two short months separating her from the future she's built and the past she desperately wants to leave behind, an unexpected death leaves Beyah with no place to go during the interim.

Samson and Beyah have nothing in common on the surface.

She comes from a life of poverty and neglect; he comes from a family of wealth and privilege. But one thing they do have in common is that they're both drawn to sad things. Which means they're drawn to each other.

## Rhapsodic (The Bargainer Book 1)

**Author: Laura Thalassa**

Callypso Lillis is a siren with a very big problem, one that stretches up her arm and far into her past. For the last seven years she's been collecting a bracelet of black beads up her wrist, magical IOUs for favors she's received. Only death or repayment will fulfill the obligations. Only then will the beads disappear.

Everyone knows that if you need a favor, you go to the Bargainer to make it happen. He's a man who can get you anything you want ... at a price. And everyone knows that sooner or later he always collects.

But for one of his clients, he's never asked for repayment. Not until now. When Callie finds the fae king of the night in her room, a grin on his lips and a twinkle in his eye, she knows things are about to change. At first it's just a chaste kiss—a single bead's worth—and a promise for more.

For the Bargainer, it's more than just a matter of rekindling an old romance. Something is happening in the Otherworld. Fae warriors are going missing one by one. Only the women are returned, each in a glass casket, a child clutched to their breast. And then there are the whispers among the slaves, whispers of an evil that's been awoken.

If the Bargainer has any hope to save his people, he'll need the help of the siren he spurned long ago. Only, his foe has a taste for exotic creatures, and Callie just happens to be one.

## The Magic of Manifesting: 15 Advanced Techniques To Attract Your Best Life, Even If You Think It's Impossible Now (Law of Attraction Book 1)

**Author: Ryu Shinohara**

**Why Celebrities Swear by These 15 Powerful Techniques As The Secret to Anything You Want in Life**

Do you easily complain or start nagging whenever something isn't going your way?

Do you give fault and make others responsible for your misery?

Are you annoyed looking around seeing others having exactly what you want in life?

Believe it or not, you are the driver of your own life and no one else can steal your seat...if you don't let them.

What if there were straight-forward, easy principles to get everything you want in life?

Maybe you already manifest regularly or you've heard of it, but never consciously tried it. Using manifestation means using the power of your thoughts, feelings, or beliefs to bring something into your physical reality.

At first, it sounds abstract, but science has proven, **everything is made of energy**: objects, animals, thoughts, and humans.

There are **laws** that control how this energy flows and where it goes just as there are **laws of gravity** and **laws of growth**. The more you know about these laws the easier it is to navigate the energy you need in the right direction.

No wonder that even stars like Will Smith, Jim Carrey, Oprah Winfrey, and Lady Gaga swear by manifestation as the secret to their success.

Jim Carrey makes it sound really simple. He says: *"As far as I can tell, it's just about letting the universe know what you want and then working towards it while letting go of how it comes to pass."*

Yet, there are reasons why some people are better at manifesting than others.

There are a couple of fundamentals you need to understand in order to apply manifestation effectively. With a little guidance and the right techniques, your best life is waiting for you.

This is only a select sample of what you'll discover in *The Magic of Manifesting*:

- Flap or Fab: Why you should care about manifestation more than you think
- **The scientific secret** behind changing your reality
- Why you might be manifesting your misery and how to avoid these common mistakes
- The smartest and **most powerful way to attract anything you want in life**
- How scientists manipulate your life with one particular weakness that outweighs all of science's strengths (check page 27)
- **Is everything connected?** Essentials about energy, flow, and connection
- Why your ego is the enemy and what you can do about it
- 15 techniques to **guarantee** your manifestation success story
- The #1 mental exercise Olympians and star athletes practice daily to increase their performance
- Intention vs. goals: The major difference and which is best to **achieve success** in life

### **Early Reviews From Followers**

\*I have read this a few times because I really like the story and the pacing. This story explores an interesting question of what do high level characters do in their happily ever afters. Personally it resonated with me because if you have ever played an MMO you get to a point where people quit because there's no more content and you are left trying to find something to do. The characters are really good and overall I really liked this. Looking forward to more from the author. - K N

For the readers who want a simple slice of life story, The Retired S Rank Adventurer is not the story for you. However, for those readers who want to read a story with a vast world and want twists and turns in their story, read at the very least to chapter 24. I will not spoil the story, but chapter 24 completely caught me off guard. It truly surprised me, but I can't say there were not hints along the way looking back now. It is a slow burn, but it definitely is worth the wait. - John Plume

## **The Golden Boys: Dark High School Bully Romance (Kings of Cypress Prep Book 1)**

**Author: Rachel Jonas**

West Golden—so easy to hate, yet so hard to resist.

Don’t let that pretty face of his fool you. He isn’t the boy next door, or the kind you trust with your heart. He’s the devil in designer jeans, with all the charm of a bona fide psycho.

Trust me.

He swears I did something to cross him before I even stepped foot inside Cypress Prep, but it’s a lie. No one knows better than me that I’m all out of chances. One more misstep and I can kiss my future goodbye, which means I can’t possibly be guilty of whatever he thinks I’ve done.

West marks me with a target anyway, and as this town’s football star, no one dares to go against him. His money, status, and the loyalty of his equally entitled brothers makes him seem untouchable. Only, I know better than that.

This false god isn’t infallible like he wants the world to believe. Whenever I stare into those devilish green eyes, I see it plain as day. The chink in his armor. His one and only weakness.

Me.

The King of Cypress Prep has finally met his match, and taking him down just became an inside job.

\*\*\*

The Golden Boys are all smokin’ hot, but there’s only one guy for Blue Riley, which means this romance isn’t a reverse harem. Also, full disclosure, this saga does contain strong bully themes. So, if you’re not into romances where hate turns into love (well ... eventually), and if you don’t like your heroes of the unapologetically alpha variety, this might not be the book for you. There is no rape or dubious consent whatsoever. However, due to adult themes and sexual situations, this one’s only for the 18+ crowd.

This series is sure to give you GOSSIP GIRL and ONE TREE HILL vibes, and the angst will keep you burning through the pages to find out what happens next. One-click and get lost in this series today!

## Panic

**Author: Lauren Oliver**

From *New York Times* bestselling author Lauren Oliver comes a captivating, thrilling novel of fear, friendship, courage, and hope that will leave readers gasping for air. Now a television series on Prime Video, starring Olivia Welch, Mike Faist, Jessica Sula, Enrique Murciano, Camron Jones, and Ray Nicholson!

E. Lockhart, author of *We Were Liars*, calls *Panic* "a thrill a minute." *Kirkus* says: "Will have readers up until the wee hours," *School Library Journal* raves: "Fast-paced and captivating."

*Panic* began as so many things do in Carp, a poor town of twelve thousand people in the middle of nowhere: because it was summer, and there was nothing else to do. Heather never thought she would compete in panic, a legendary game played by graduating seniors. She'd never thought of herself as fearless, the kind of person who would fight to stand out. But when she finds something, and someone, to fight for, she will discover that she is braver than she ever thought.

Dodge has never been afraid of panic. His secret will fuel him, and get him all the way through the game; he's sure of it. But what he doesn't know is that he's not the only one with a secret. Everyone has something to play for. For Heather and Dodge, the game will bring new alliances, unexpected revelations, and the possibility of first love for each of them—and the knowledge that sometimes the very things we fear are those we need the most.

Read the book that inspired the series, which the *New York Times* described as "Reminiscent of 'The Hunger Games' but grounded in the real world."

## The Way of Kings (The Stormlight Archive, Book 1)

**Author: Brandon Sanderson**

**From #1 New York Times bestselling author Brandon Sanderson, *The Way of Kings, Book One of the Stormlight Archive* begins an incredible new saga of epic proportion.**

Roshar is a world of stone and storms. Uncanny tempests of incredible power sweep across the rocky terrain so frequently that they have shaped ecology and civilization alike. Animals hide in shells, trees pull in branches, and grass retracts into the soilless ground. Cities are built only where the topography offers shelter.

It has been centuries since the fall of the ten consecrated orders known as the Knights Radiant, but their Shardblades and Shardplate remain: mystical swords and suits of armor that transform ordinary men into near-invincible warriors. Men trade kingdoms for Shardblades. Wars were fought for them, and won by them.

One such war rages on a ruined landscape called the Shattered Plains. There, Kaladin, who traded his medical apprenticeship for a spear to protect his little brother, has been reduced to slavery. In a war that makes no sense, where ten armies fight separately against a single foe, he struggles to save his men and to fathom the leaders who consider them expendable.

Brightlord Dalinar Kholin commands one of those other armies. Like his brother, the late king, he is fascinated by an ancient text called *The Way of Kings*. Troubled by over-powering visions of ancient times and the Knights Radiant, he has begun to doubt his own sanity.

Across the ocean, an untried young woman named Shallan seeks to train under an eminent scholar and notorious heretic, Dalinar's niece, Jasnah. Though she genuinely loves learning, Shallan's motives are less than pure. As she plans a daring theft, her research for Jasnah hints at secrets of the Knights Radiant and the true cause of the war.

The result of over ten years of planning, writing, and world-building, *The Way of Kings* is but the opening movement of the Stormlight Archive, a bold masterpiece in the making.

Speak again the ancient oaths:

**Life before death.**

**Strength before weakness.**

**Journey before Destination.**

and return to men the Shards they once bore.

The Knights Radiant must stand again.

**You Don't Choose The Academy. The Academy Chooses You.**

Being accepted into an elite school of magic, monsters, and assassins was not my idea of higher education. But here I am, fighting my way through the Culling Trials to claim my right to be taught.

As if the gauntlet-type physical and mental tests aren't enough, people are going missing.

People that are my friends.

In a dangerous world where no one is as they seem, the golden rule is simple: Trust no one. They think we should just look out for ourselves. That we should leave the fallen behind and ask no questions.

They clearly think we're idiots. I got this far by trusting my instincts, and I'm not going to back down now.

Those kids won't be left to die.

Not on my watch.

## Shadow Mate (Wolf Moon Academy Book 1)

**Author: Jen L. Grey**

**One little party turned my world upside down.**

After I challenged the Blood Council's four shifter heirs at a college party, the last thing I expected was to receive a full scholarship and an admittance letter from the exclusive Wolf Moon Academy.

Despite never desiring to be an alpha, this was an opportunity of a lifetime... or so I thought.

I soon learned that there was more behind my admission to the Academy than my education. I was there to be a lesson to the heirs -- in particular, the sexiest and strongest one, Liam Hale.

As if that wasn't bad enough, it turns out that he is my true mate. A fact that should be treasured, but he makes it clear that we will never be together.

However, things aren't always what they seem, and we all have secrets— some bigger than others. When the truth comes out it'll either set me free or set me up for disaster.
