

Pretty Poison (Sinister in Savannah Book3)

Author: Aimee Nicole Walker

Redemption seeker. Chameleon. Damaged heart.

By day, Rocky Jacobs is a private investigator. By night, he produces Sinister in Savannah, a true-crime podcast, with his two best friends. Rocky's life revolves around three principles: possessing skill is better than having luck, a man's reputation is everything, and there's no sacrifice too great for those you love.

Is Tess Hamilton pretty poison or just unlucky in love?

That's the question the trio of trouble will try to uncover. This investigation strikes a little too close to home for one of them. Tess, a woman accused of killing her three husbands, has been tried and convicted in the media, something Rocky knows all too well. When their investigation turns up nothing but dead ends, Rocky will keep digging. Is it because he believes in her innocence? Or does Rocky hope to find redemption for himself by achieving it for Tess?

A stagnant case turns out to be the least of his problems.

What happens in Vegas never truly stays stay there. For fifteen months, Rocky has been running from a tragedy that shattered his life and countless others. The most painful casualty was the destruction of his marriage to Asher Dunleavy. When the sexy federal marshal turns up in Savannah, Rocky is reminded of his greatest love and deepest regret. Every minute spent in Asher's presence makes him yearn for the life they lost. Will Rocky drown in the sorrows of what might've been or fight for what could be?

Sinister in Savannah series is a fictional podcast exploring the city's most nefarious crimes with Southern-fried snark. The books explore friendship, love, loss, and the irrepressible human spirit. Pretty Poison is book three of three. While each novel is written about a different couple, the series should be read in order due to continuing storylines. Sinister in Savannah is an LGBT romantic suspense series with mature language and sexual content intended for adults eighteen and older.

Trigger warning: the main character struggles with PTSD resulting from an investigation involving a murder-suicide. While the content is not overly graphic, it could still cause emotional harm to some readers. One of Rocky's side effects is anxiety, which may trigger similar reactions in those battling the disorder. As with the murder-suicide scene, I avoided being too graphic with his attacks.

Most Wanted (Wrecked: Guardians Book 3)

Author: Kelly Fox

Thane: Letting him go was the biggest mistake of my life. Giving me a second chance might be the biggest mistake of his.

I'd spent a year as Ronan's friend-with-benefits, convincing myself that he could never feel the way I felt.

I was floored when those three little words flew out of his mouth.

So, I ran. And have regretted that decision every day for the last five years.

Now fate has led him back to me and to the Guardians, the merry band of mercenaries who have become my family.

Our last several missions have gone sideways, and Ronan is convinced that he needs to go back into the field to understand what our team is dealing with.

He's putting himself in harm's way and we can't keep our hands off each other.

God help me if anything happens to him.

Ronan: I can't think of anything more dangerous than giving my heart to a man who's already destroyed it.

Then again, I might not have much say in the matter.

My life's been upended, and the only place that's safe is with Thane and the Guardians.

It doesn't take us long to figure out that our passion burns just as hot as it always did.

Undeniable. Unstoppable.

I can't keep my hands off him, but I can't go back to being his friend with benefits.

And I have no clue how to trust him.

Thing is...if we could learn to trust each other, I might actually have something to offer this team of morally flexible do-gooders.

Most Wanted is a mercenary MM romance set in Austin, Texas. It features a gentle (if slightly murderous), muscle-bound giant, a beautiful, wickedly flexible man, and more chemistry than a high school science lab.

*This is the third book in the **Wrecked: Guardians Series**. Several characters from the *Wrecked* series make an appearance, but you don't need to read the *Wrecked* series to enjoy the slightly more nefarious *Guardians*.*

Goal Lines & First Times (CU Hockey Book 3)

Author: Eden Finley

COHEN

It turns out making out with my best friend in high school could be considered gay. Who knew? Apparently, everyone but me.

Now that it's been pointed out, I can't help reliving it in my head. Repeatedly. Goodbye Denial Town, hello Confusionville.

When my path leads me down the gay dating app route, I don't expect to meet anyone I like, but then I meet him.

He can't be more opposite than me. He's smart, he hates hockey, and he identifies as demi—something I've never heard of.

Yet I can't deny something's there. Something I want to explore in person. If only I could get him to agree.

SETH

All my life, I've felt broken.

Sick of being asked if I could be gay by ex-girlfriends, friends, and even my parents, I join a gay dating app to prove a point.

I don't expect to find what's always been missing. A real connection.

The problem is, I'm too scared to meet him in person. He's a hockey player, and I fear when he finds out my twin plays for the NHL, I'll be overshadowed by my overachieving brother. Again.

Worse yet, what happens if we meet and that connection isn't the same?

When I tell him I'm not ready, he's disappointed but supportive. Fate, on the other hand, isn't as accepting.

I had no idea the person I've been falling for is someone I already know.

Bashful (Love and Secrets Book 1)

Author: M.A. Innes

Cutie the Cop has a problem...and it's not just the nickname his famous and slightly offbeat new friend Austin has given him.

Gideon, aka Cutie the Cop, knows there's more to life than just going from work to home, but he can't get past the fears that are holding him back. As a cop with secrets, he knows he can't share who he is or what he wants with just anyone. But when Austin drags him to a private BDSM club for the first time, he finally has a decision to make...continue to hide or take a chance on falling in love.

Knowing his fated mate is out there somewhere isn't much consolation for an alpha Daddy who's never been what most omegas are looking for. However, when a shy submissive is thrust into Jarrett's arms during an altercation at the club, he knows things have finally turned around...but only if he can convince the small, bashful alpha that he's worthy of his trust.

Sometimes secrets can drive people apart, but sometimes sharing those secrets is what can bring them together.

Story Contains: M/m romantic content, BDSM elements, age play with ABDL, and non-shifter alpha/alpha dynamics in an alpha/omega world.

Love & Secrets is a spin-off series from my Romance & Revolutions (alphas and omegas) series under the Shaw Montgomery side of my writing. The best way to enjoy the new series is to read them after reading the Romance & Revolutions books. My omegas are feisty and funny, and if you haven't read about those guys, you're missing out.

Right as Raine: An Aster Valley Novel

Author: Lucy Lennox

Tiller:

As the first openly gay professional football player, I can't afford to make any mistakes, on or off the field. And the absolute biggest mistake I could make right now would be to fall for Mikey Vining, my best friend, employee and, more importantly, Coach's baby boy. I might fantasize about Mikey at night—*every* night—but actually touching him would be a serious personal foul.

And falling for him? That's completely out of bounds.

Mikey:

I've learned my lesson about falling for one of my dad's players. They're a bunch of spoiled jocks with more muscles than brains. I've spent years learning to keep my eyes, and my hands, to myself. But resisting the temptation becomes nearly impossible when Tiller Raine and I end up together in a small cabin in a remote Colorado town.

Suddenly, there's not much to do but look at each other. And talk. And hopefully, *hopefully* touch.

But what happens when our stay in Aster Valley is over and it's time to return to the real world? Will Coach blow the whistle on our relationship? Or will Tiller admit there might actually be something he loves more than football after all?

Stud (Four Bears Construction Book 5)

Author: K.M. Neuhold

Stud: A boss, knob, or nail head...or, you know, the hot guy who's way too young to keep asking me out with that adorably earnest smile...

It's been three years since West walked into my bar and asked me out for the first time. I was relieved he stopped asking after the first few "no"s and a way-too-good-to-be-real kiss. He's fifteen years younger than I am; it can only lead to trouble.

Of course, now he's running through people off dating apps like it's his job and wearing these lace panties that look really unfair on someone as furry and muscular as he is, and, um...what was I talking about?

I probably shouldn't sabotage his dates, but I'm only human. I might not be ready to admit that I want him, but I'm definitely not ready to let anyone else have him either.

He's too perfect, too hot, and I am in way too much trouble...

*** Stud is a friends-to-lovers, construction-worker-in-panties, omg-so-much-swoon story that happens to be the fifth book in the Four Bears Construction Series. Every book in this series CAN be read as a stand alone, but they're a lot more fun together!

On his mission, Nikolai stumbles across a young man named Israel who is in need of help and terrified of the world around him. In an instant, Nikolai realizes that this precious angel is his fated mate; the one he's bound to love and cherish for all time. Israel is in need of someone to protect and nurture him; he needs a Daddy, and Nikolai, having waited nearly a millennium for a boy of his own, is his perfect match. Israel feels safe and at peace for the first time in his life as he explores his little side and places his trust in his vampire Daddy's strength and care.

**This M/M romance features my take on vampires and other paranormal beings. They share many (but not all) attributes of vampires found in other fictional works. This world is different from those found in my other paranormal series, and the vampires' properties differ as well. This low angst book contains insta-love between fated mates on a fast track romance, steamy scenes, a touch of danger, and age play between a powerful vampire Daddy and his sweet human little. Together, they explore elements including diapers and latching. Thank you for taking a look and happy reading!

Of Secrets and Wolves (Winsford Shifters Book 1)

Author: Alice Winters

Rowan

My whole life, I've been taught to despise shifters. So when I'm hired to track two escaped convicts, I'm suddenly thrust into the world I hate—or thought I did. Yet I'm inexplicably drawn to the alpha of the pack whose land the convicts may be hiding on. He's different than any shifter I've ever met—laid back and quick to laugh, caring and protective, and makes me feel complete for the first time in my life. As secrets are revealed, I start to wonder if everything I've been raised to believe was a lie, though it may not matter because it seems like someone wants us dead.

Quinn

I'm no stranger to prejudice from humans, but it's different when Rowan comes into my life. Though I shouldn't let myself be distracted, I'm captivated by him. At first, he's stiff, fighting to keep his misconstrued beliefs intact, but as I break down the wall he's created, I'm able to show him a place among the fun chaos of my pack. After one of my pack goes missing, it leaves Rowan and me racing to bring them home, but the only way we're going to survive this is if Rowan learns to accept the bond that's growing between us—a bond that could give us the strength to put aside our reservations and give in to what both of us want.

Of Secrets and Wolves is an action-filled romance with a dash of comedy. It's the first book in a series with a continuing storyline and an HFN.

Constantine: Warlocks of Amherst Book Three

Author: Taylor Rylan

Sometimes, the greatest gifts are several centuries in the making.

At just over four centuries old, Constantine had come to accept that he isn't going to find his One. He has a good life, a place of prestige as his coven's doctor, and a close coven family. Then why is it that he wants more?

Miles is the youngest of his family and just wants away from everything associated with being the alpha's omega son. So much so, that when his grandfather asks if he wants to move across the country and work with the coven doctor, he jumps at the chance. Never did he expect to scent his mate the moment he arrived.

Constantine and Miles aren't sure why fate threw them together and work to find common ground. But when complications arise with their pregnancy, will they draw on one other for strength, or will it divide what the fates matched together?

Constantine is the third book in the Warlocks of Amherst series. Each book in the series focuses on a different couple but these books should be read in order as previous couples will make appearances in future books. This book is intended for adults only. It contains a Fated Mate pairing and plenty of magical sexy times that lead to male pregnancy, as this is an MPREG story.

Book starts with Arthur's short because it ties in directly before Constantine's book. But Constantine and Miles's story follows directly after.

Home Plate (Easton U Pirates Book 2)

Author: Christina Lee

Dominic Girard

My final baseball season with the Easton U Pirates feels bittersweet. I'd like to go out on a high note, graduate, and focus on the family business. But a certain pitcher is making senior year a challenge. Not only because Maclain is stubborn as hell, but because he makes me feel things I never have about another guy. With each snarky comment and hard-won grin, he reveals a little more of himself, and before I know it, I'm in over my head.

Mason Maclain

I'll be graduating college this year, which also means the end of baseball, a sport I've played my entire life. It feels like a significant chapter is coming to a close, leaving behind a void I'm unwilling to face. Something else I don't want to face? The impossibly charming Pirates catcher, whose quick wit and killer smirk poke holes in all my defenses. With each lingering look and quiet exchange, I want to push him away and pull him closer at the same time. I've never felt this intense draw before, and there's no way I'll ever admit it.

When Coach proposes a team-building activity to improve our chemistry on the field, little does he know things are heating up behind the scenes as well. A flicker of a connection sparks into a firestorm, and soon Girard and I are experiencing things for the first time—together. But outside the haven of our hotel room, reality infringes all too soon. I'm clinging to my fraying relationship with my dad, and for Girard, coming out is still scary, loving family or not. Resisting the pull to Girard seems futile, but I struggle at every turn. Any longer and I'll lose the only person who makes my pulse thud quicker than a fastball over home plate.

There's a pitcher-and-catcher joke in there somewhere.

Remote Access (Thick as Thieves Book 1)

Author: Rinda Elliott

Blackmail turned Lane Becker into a thief at the age of fourteen.

After ten miserable years, he's finally free. To make reparation for his crimes, Lane plans to steal back a priceless Metropolis poster and return it to its rightful owner. But to find it, he has to break into the home of Hayrick Letsen, the man who turned his life into a living nightmare. The last thing Lane expects to encounter is Letsen's nosy but crazy-hot security guard.

Quincy Holt's life has been ruined. He's infamous in Oklahoma as a cop on the take, but what no one knows is that he was unofficially undercover, trying to get the goods on Letsen — the most wanted fence in the business. When that failed, he was left with no other option but to take a job as Letsen's security guard.

Lane and Quincy are on the run from their mutual enemy while trying to right past wrongs. Neither expected a thief and a cop to have the kind of wild, off-the-charts chemistry that could very well end up breaking their hearts.

Hexes and Horns: MM Contemporary Paranormal

Author: Rowan McAllister

Ryan O'Byrne has rules: 1) no using his magic, 2) no getting dragged back into his family's craziness, and 3) no dating supernaturals of any kind, especially shifters ... in other words, nothing and no one who will tempt him to break rule number one.

But what if the gorgeous wall of muscle he can't seem to stay away from just happens to be a shifter? Well, it is only a short-term thing, and he isn't a master of denial for nothing.

Leo Holt can't help it if he has a teeny tiny weakness for bad boys—not really bad, just a little prickly around the edges. Even for a unicorn, all sweetness and light, all the time, can get a little boring. But, falling for the eldest son of the dark witch family who runs his little West Virginia town might be getting his fingers too close to the fire, even for him.

For Ryan, it was supposed to be a simple trip back home to show support during a family crisis. But when hexes, secrets, a family demon, and the O'Byrne witches are involved, nothing is ever simple.

Hexes and Horns is part of the Magic Emporium Series. The Faker Rulebook

Author: Baylin Crow

The Faker Rulebook: A perfect guide to a successful fake relationship with your straight best friend.

Noah—Rook Oliveira stumbled into my life when I was eleven years old.

Being the scrawny new kid at school with a mouth full of braces, I never expected to become unlikely best friends with the most popular boy in seventh grade.

At eighteen, I gathered the courage to tell him I was gay and admitted I'd never kissed a guy. He offered to be my first. Straight or not, that kiss had burned with nearly tangible fire and tattooed the moment on my heart.

I've spent the last four years trying to forget it.

Now we're seniors in college, and I've learned why secret relationships are a bad idea.

My brother is getting married, and my cheating ex is the best man. Honestly, Rook is more upset about it than I am. He comes up with this crazy plan to be my fake boyfriend for the week of the wedding.

If we're doing this, then we need to set some rules. Between fake kisses and sharing a bed, things could get messy. Because I'm in love with my best friend—and he has no idea.

The rules are simple. I never expected Rook to be the one that started breaking them.

Crave Me (Geek Ink Book 2)

Author: R. Cayden

Desire thrusts them together, but can two men who are so different really make love work?

There's no way my tattoo artist is interested in a geeky botanist like me.

I came in to get my first tattoo, a flower, after my friends convinced me it would help build my confidence.

But as soon as I'm under Joey's hands, as soon as he's marking me with his ink, all these other desires come alive.

I try to ignore it. He's quiet and gruff, with a stony expression I can't read, no matter how hard I try.

I think we couldn't be more different, but after a blizzard passes through Chicago one fateful night, something joins us.

I need him, and my heart insists that Joey needs me, too.

Crave Me is a steamy, opposites-attract MM romance with an HEA. It features a babbling, geeky sweetheart and a tattoo artist who needs him so bad, it hurts. The second book in *Geek Ink*, it can be read as a standalone or as part of the series. Enjoy!

Hard Target (Wrecked: Guardians Book 1)

Author: Kelly Fox

Everett: There are a ton of reasons why falling for my tiny, adorkable best friend is a terrible idea—starting with the body in my trunk.

I have other reasons—he still mourns his late husband, I'm way older, he's a foot shorter, my tattoo shop is a front, he's an assistant professor at UT.

Still, I can't help but think we'd be perfect for each other if I didn't kill people (very, very bad people) for a living.

Rafi: How the f*ck did I not realize how hot my best friend is? Yeah, grief, or whatever, but were my eyes not working?

Silver fox, check. Tattooed hotness, check. Cuddles with me on Monday nights while we watch Australian melodramas, check. Says he's not a good person but totally is, check.

New goal: Get Everett to stop looking at me like a grieving widower and start seeing me as someone he'd like to pin against the wall.

Now if I only knew what was behind the door marked Portal to Nowhere...

Hard Target is a mercenary MM romance set in Austin and the Texas Hill Country. It features tattooed hotties, adorably complicated twinks, best friend antics, an illegally confiscated vineyard, and a team of killer do-gooders.

This is the first book in the **Wrecked: Guardians Series**. Several characters from the Wrecked series make an appearance, but the Guardians books can be read as stand-alones.

And his birthday is less than a month away.

His solution? Ask his tall, tattooed, and sexy-as-hell best friend, Rook, to marry him. Cameron Rook has a problem. He's been in love with his slender, snarky, sharp-tongued best friend, Sebastian, for as long as he can remember. But the one time Rook tried to confess, Sebastian shot him down. Hard.

So when Sebastian asks Rook to marry him just for show—and offers a generous amount of money as compensation—it's the last thing Rook expected. But he would do anything for Sebastian. Even when living in close quarters only fans the flames of the irresistible pull between them, and Rook is in serious danger of falling into Sebastian's bed...

After all, there's no way this can go wrong. Right?

FOSTER:

"Look out for Zach and don't hit on him."

My brother's request sounds easy enough. Keep an eye out for his best friend on campus and keep my hands to myself.

Easy.

There's only one stick I should be focused on this year, and that's my hockey stick. My goal once I graduate is to get an NHL contract.

The last thing I need is a distraction. On or off the ice.

Only, keeping to the rules is harder than I thought it would be.

ZACH:

People confuse me.

And no one more than Foster Grant.

I've barely spoken two words to him in the whole time I've known him, but the second I step foot on campus, he's impossible to shake.

I can never anticipate his next move. And whenever we're together, my next move is a total mystery as well.

I want to give in to him, but that might mean coming clean about something I've never been bothered about before.

I'm still carrying my V-card.

And I think it's time to turn it in.

Face Offs & Cheap Shots (CU Hockey Book 2)

Author: Eden Finley

JACOBS:

For the last three years, I've lived and breathed hockey with one goal: team captain. There's only one thing standing in my way.

Beck is irresponsible and immature, and I've hated him since the moment we met freshman year. Yet, the coaches see something in him I obviously can't, and they refuse to choose between us.

The captain spot is going to a team vote.

And the team thinks that what we need are a bunch of challenges to prove our worth. Challenges that have nothing to do with hockey. Challenges that are

throwing me and Beck together.
And he's still as infuriating as ever.

BECK:

I have no idea why Christopher Jacobs hates me, and I can't say I care.
I like pushing his buttons, but the guy needs to loosen up. I'm going to win these stupid challenges easily and spend my senior year as hockey king on this campus.
Tormenting Jacobs at the same time will just be a bonus.
Even if I'm getting confusing feelings toward him, I won't let it hold me back.
When it comes to competing, I'm all in, and nothing will get between me and the W.

Beautiful and Terrible Things

Author: Riley Hart

We were six years old when I fell in love with Gage Beaumont.

We were seventeen when he realized he felt the same.

His dad was the town troublemaker, and I was the son of a cop. We couldn't have been more different, yet we were best friends, had each other's backs, and kept each other's secrets. *What you are, I am*, we always said.

Then one night irrevocably changed our lives forever.

It's ten years before I see Gage again, and instantly I can tell he's not the same boy I fell in love with. We're both haunted and hardened by the memory of that night--of everything we did and saw.

Yet as much as we've changed, the connection between us lingers. Our history is so devastatingly complicated that it's difficult to allow ourselves happiness. With every touch, every laugh, every moment we take back, the more signs I see of the old Gage resurfacing. Little by little, I'm becoming the Joey he remembers too.

But it's never that easy. If we truly want to heal, we have to find strength not only in each other, but in ourselves. Life is filled with beautiful and terrible things, and this time, we'll do whatever it takes to hold on to the good, and to each other.

Warning: While this is a story about friendship, found family, and two men epically in love, it also deals with difficult themes: childhood physical and verbal abuse, some violence, depression, and anxiety.

The first time I met Jack Frost, I was eight years old and lost in the snowy woods.

He took my hand and leapt into the air, soaring high above the treetops. Carrying me to safety. He disappeared afterward, leaving me with nothing but a memory.

Nineteen years later, I've convinced myself Jack was only a dream.

So why can't I forget him? He's so vivid in my mind, silver hair and a mischievous gleam in his wintery blue eyes. Sometimes I can even recall the sound of his voice as he said my name. There's only one way to get answers... to return to the woods where I first dreamed of him.

What I find there is more than I ever imagined.

Frost is an adult m/m romance between a legendary being and the mortal who loves him. You'll find steamy nights, magic, cuddles by the fireplace, and an ice Pegasus with an attitude problem. HEA guaranteed.

After Rain Falls (River of Rain Book 2)

Author: CE Ricci

After Rain Falls is BOOK TWO OF TWO in the River of Rain Duet. In order to understand the contents of this book, you must read Follow the River first. This is the conclusion of River and Rain's story.

Love has never been important to me. Not because I didn't want it, I just never imagined feeling something so powerful.

There was a point where I thought I felt it years ago for the person I trusted most in the world, only to have it shatter in a thousand pieces.

But now he's back in my life and I'm certain I was wrong.

Because nothing compares to the way I feel about River Lennox.

Nothing could have prepared me for the war we waged against one another to turn into a battle to not only find ourselves, but each other.

Our prison sentence became our sanctuary from anything—or anyone—who dared to rip us apart.

He crawled under my skin, into my heart, and made a home for himself there despite my efforts to stop him.

But it doesn't matter now. Not when I find myself being thrown into a chess game I never asked to play with decisions forced on me that no one should have to make.

It's not just life and death.

It's love and hate.
The past and the future.

Except...when my past comes knocking with a thirst for vengeance, I start to question if I have a future at all.

The Endless Road to Sunshine

Author: Nicky James

My name is Jason Atkinson, and I married a serial killer.

My world shattered on a cold April morning when they took my husband away in cuffs.

The life I knew, the man I loved, and the world I believed in was nothing but a lie. He stole my trust, my happiness, and my faith in humanity, and I'm not sure how to move on.

With my mental health hanging by a thread and a media circus following me everywhere I go, escape seems like the only answer.

Shedding my old life and starting fresh.

A new city. A new job. A new name.

Maybe everyone will leave me alone and let me wallow in peace.

But Skylar Dawson, a student almost twenty years my junior, has a different plan.

Everything about him is endless—his eyes, his smile, even his babbling mouth.

He shines with a blinding inner light I can't ignore.

He's a ray of sunshine in my dark world.

Skylar Dawson will not be ignored.

But will his energy and patience run out when he realizes I'm too tormented and broken to love him back?

This is a hurt/comfort, student/teacher, grumpy/sunshine, age gap (25/43) MM romance novel with a moderate amount of angst.

Crossed Hearts (Arrowood)

Small towns thrive on gossip, and as the owner of the local bar I consider myself keeper of those secrets. The bar is like a confessional, a place to unload. My sanctuary where my secrets stay hidden and the focus is never on me.

I keep my world orderly. None of the bad touching the good. Little dividers allow me to live with myself, which isn't easy in Arrowood.

It worked until my one lapse in judgement showed up to bite me in the ass.

My best friend's arrogant, moody, and persistent little brother who just won't take no for an answer. I've never wanted and hated someone so much in my life.

He's determined to pull my secrets out of me—I'm determined to resist him.

Special Enough: Odin's Story (The Gods Made Me Do It Book 10)

Author: Lisa Oliver

If life were a sh*t sandwich, Evan Parker would be buried in a buffet of dung. Half wolf shifter, half magic user, he hasn't come into his powers yet, although his aunt who he lives with, assures him it's only a matter of time. Evan hasn't got a clue what difference having powers will make. He can barely talk, he has post-it notes and lists around his apartment to help him function, and his wolf form is as mute as he is. Combine that with the necklace of scars that cover his neck, and Evan knows he has nothing to offer any guy, let alone a mate... or does he?

Odin, Norse god, know-it-all and overly curious person, knows who Evan is to him. Rather than dismiss his vision, Odin changes his appearance, masks his scent and goes digging into Evan's life to find out what makes him so special. It had to be something amazing, otherwise the Norns (Fates) wouldn't have picked the young wolf to be his companion for eternity. The more Odin sees, the more he likes...

It should've been a straightforward mating, but it wasn't. A local coven has Evan on their agenda. Odin's wolves get overly playful. Then there's the lovely Frigg, who the coven believes is Odin's wife, hanging around yelling OMG, and that's without considering how Thor and Loki might feel about the whole situation. Dead warriors arm wrestling, talking ravens, did I mention the demon? What more does this story need? An HEA.

This book is part of a series but can definitely be read as a standalone. It involves a spot of violence, a bit of swearing, and intimate situations between men which should only be read by adults.

Linden's on the run, and the human realm's a good place to hide from evil sorcerers who think Linden's the answer to a prophecy. Winter's Knight (L'Ange Book 4)

Author: Mary Calmes

There is something in the forest around L'Ange that is making the animals nervous. In fact, they are running by Tucker Flynn's windows at all hours of the night and day and no matter what anyone says, it isn't normal. Of course, neither is Tucker being stuck on the sprawling grounds of the shifter sanctuary in Maine, in the dead of winter. He just wants to go back to Phoenix . . . if only his alpha would let him.

Tired of his concerns being dismissed, or worse, told that he's flat-out wrong, Tucker sets out on his own, despite a broken ankle, to find proof of his suspicion—that there's an apex predator, something far more menacing than any shifter at L'Ange, skulking in the woods behind his cabin. When everything goes sideways during his search, and he ends up passing out while staring into the face of a giant elk, only to wake up days later on a bed of furs, gazing into the eyes of the most gorgeous man he's ever seen, the course of Tucker's life changes in an instant. He has just found his mate. Now all he has to do is accept that he's not the loser he's always believed he was.

That said...the more I get to know him, the more I realize how much he's hiding behind those walls of his. And this little road trip is the perfect opportunity to *thoroughly* explore the real Omar.

I just hope I haven't pushed him too far this time.

I've made a lot of mistakes, but you can't be one of them...

Dear Graham,

After crossing too many lines for my self-respect, I made a promise to myself: no hookups, no sexts, no dating. For sixty days.

But I didn't count on meeting you.

Who knew a smart, cardigan-wearing geek would be such temptation? You're all wrong for me, except you're also kind of exactly right.

So how do I keep my promise not to seduce the cute librarian and still get the perfect guy?

Maybe you know, because I don't...

Already yours,

Ollie

Warlocks and Fae don't mate with each other. They have an ongoing feud that dates back well over a millennium; to the original warlock and fae. Did fate mix things up?

Cornelius is the first book in the Warlocks of Amherst series. Each book will focus on a different couple and can be read as standalones but previous couples will make appearances in future books. The Alpha's Warlock (Mismatched Mates Book 1)

Author: Eliot Grayson

Cursed, mated, and in for the fight of their lives...

Warlock Nate Hawthorne just wants a cup of coffee. Is that too much to ask? Apparently. Because instead of precious caffeine, all he gets is cursed by a pack of werewolves who want to use him for his magic. Now the only way to fix the damage is a mate bond to a grumpy and oh-so-sexy alpha in the rival pack, who happens to hate him. This is so not how he wanted to start his day.

Ian Armitage never intended to take Nate as his mate. The Hawthorne family *can't* be trusted. Ian knows that better than anyone. The fact that he's lusted after the way-too-gorgeous man for years? Totally irrelevant. Ian's just doing what is necessary to protect his pack. This whole mating arrangement has nothing to do with love and never will. That's his story and he's sticking to it.

Nate and Ian will have to work together if they have any hope of staving off the pack's enemies and averting disaster. That's assuming they can stop arguing (and keep their hands off each other) long enough to save the day...

The Alpha's Warlock is an explicit M/M paranormal romance featuring a snarky warlock, a brooding alpha werewolf, knotting, enchanted socks (long story), and a guaranteed happily ever after.

The Muffin Man is part of the Magic Emporium Series. First Blood (Mismatched Mates Book 4)

Author: Eliot Grayson

Blood is a necessity, but love is a luxury they can't afford...

Vampire enforcer Victor Schmidt doesn't have time for distraction. His enhanced senses can track human blood in or out of a body, but it doesn't usually smell like oranges, honey, and temptation. And it's not usually coursing through the veins of a beautiful back-alley rentboy. That should make it easier, right? Pay, bite and be on his way.

While prostitution isn't Laurie's dream job, someone has to take care of his sister and her kids. But being a blood donor to a tall, dark and brooding vamp isn't part of his career plan. Until he agrees...and it's far more pleasurable than he could have imagined.

Nurturing isn't in Victor's wheelhouse, yet he finds himself tucking the all-too-tempting boy into bed. And feeling things he shouldn't be. When Laurie's attacked, it's almost a relief: breaking necks is way more Victor's style and he's all-too-happy to kill. But Laurie being kidnapped wasn't part of anyone's plan.

Now Victor's determined to save Laurie at any cost. Can he bring them both out alive, or will they die before they've even shared their first kiss?

This book is set in the world of the Mismatched Mates series, but it stands alone. However, look for cameos of your favorite characters from the other books in the series.

Watch Me

Author: Sloane Kennedy

Nikolai

My rules when it comes to my job in personal protection are pretty simple:

1. Protect the client's life, not their feelings.
2. Don't put hands on a client unless you're getting them out of harm's way.
3. For God's sake, don't do something stupid like fall in love.

Twenty-four hours after meeting Jude Archer, rules 1 and 2 are already out the window.

Thankfully there's no chance of falling for the callous businessman who cares more about his next deal than he does his own safety.

Jude may have managed to make fools of all the guys his wealthy boss and rumored lover has hired to watch him, but he's playing in the big leagues now. The son of a bitch might not value his life, but I'm pretty fond of mine.

Time to teach the clueless Jude Archer a few hard lessons...

Jude

My rules for success aren't for everyone, but they should be.

1. Work hard.
2. When you're on the verge of giving up, work harder. Life owes you nothing. You have to take what you want.
3. For God's sake, don't do something stupid like get distracted by feelings.

With just weeks between me and the closing of the deal that will give me everything I want, I don't have time to worry about a supposed stalker who hasn't had the balls to do anything more than send a few threatening letters to my wealthy boss.

Sure, I sent a few so-called bodyguards packing. Even if I thought I was in serious danger, I can't have someone watching me 24/7. My life works the way it does for a reason and no one, not even the gorgeous Russian ex-soldier who thinks he can scare me into submission, is going to change that.

Nikolai Falkov thinks he has something to teach me? Yeah, good luck with that.

Something About Loren

Author: M.A. Innes

Sometimes it takes a loved one to point out the obvious before we see it.

Maybe leaving out crayons and buying dinosaur chicken nuggets wasn't the best way to get Loren's attention, but it worked.

Gordon knows Loren didn't have the most emotionally supportive childhood, but the smart, funny man has grown into an excitable, loving boyfriend. However, when Gordon connects the dots and realizes there's more to Loren's desire to be young at heart than meets the eye, he knows it's time to show Loren that sometimes being a grown-up means embracing your little side.

Two years ago, I was planning to go to college, have a wild time, then settle into a normal life. Instead, I was kidnapped, spent months being a test subject, was in hiding for nearly a year, and then found out that my whole existence is a science experiment conducted by the bad guys. Especially when one particular vampire makes me want to take up stake sharpening for a hobby. How can someone be over eight centuries old and have the maturity of a drunk frat boy?

The thing is, teenage mentality or not, Andrew is a fierce protector. With the bad guys still on the loose, I need someone like that on my side. Plus, did I mention that he's not hard to look at? I could stare at him all day if only he never opened his mouth.

As we race to find my former captor before he can find me, life takes another twist and upends my world all over again. This time, though, I'm ready—after all, I've got an eight-hundred-year-old vampire at my back. What could possibly go wrong?
