

Sweet as Honey: An Aster Valley Novel

Author: *Lucy Lennox*

When I rode my bike into Aster Valley, it was supposed to be temporary. A quick, relaxing visit with friends. No entanglements. Zero drama.

But then I saw the bumblebee being harassed on the side of the highway.

More specifically, I saw Truman Sweet, Aster Valley's resident botanist, spice merchant, and bee-costume enthusiast, being harassed. And the second I got involved, all my plans for a quick departure scattered like pollen on the breeze.

It turns out that Truman—adorkably shy, relentlessly sunshiny, hot as all heck, reluctantly-still-a-virgin Truman—has secrets. Secrets someone in this charming small town doesn't want brought to light. Secrets that rouse every one of my protective instincts just as surely as his kisses rouse... other parts of me.

And before I know it, I'm thinking being entangled might not be so bad... if it's Truman I'm tangled up with.

I'll do whatever it takes to protect Truman from the dangers in his past, but after a lifetime of loneliness and disappointment, how can I possibly convince him to trust me with his future?

Fandom (Famous Book 3)

Author: *Eden Finley*

DENVER

Everyone remembers the night the boy band Eleven broke up. Hearts shattered around the world, including my own.

I made a mistake, and I've been avoiding bandmate Mason Nash ever since.

At first it was hard, but eighteen months ago, he made it easier by leaving Hollywood and disappearing.

When Eleven reunion talks start, I'm against it completely. I could really do with the publicity, but I don't want to face Mason again. I'm sure he won't want to see me either.

MASON

I don't miss LA or anyone in it. Not even the guys from Eleven.

So, when they turn up on my doorstep talking about reunions, the last thing I want to do is hear them out.

I hold strong too. Until my eyes land on Denver Smith.

My ex-best friend.

Two and a half years ago, he ghosted me, and I still don't know why.

I want answers—I miss him—but I don't want to let him back into my life if there's a chance he'll walk away again.

Muscle and Bone

Author: *Mary Calmes*

You belong to me and I know it down deep, in muscle and bone, where my wolf lives.

Avery Rhine isn't an average homicide detective with the Chicago PD. In fact, Avery isn't an average anything. Sure, as an omega he knows he's at the bottom of the food chain, but that's never slowed him down. He's got a great life, complete with a loving family and a best friend who'd take a bullet for him, so what more could he possibly want or need? Except, maybe, for the world to change. And to find someone to spend more than one night with, but that isn't high on his list of priorities. He's never been one to believe in destiny or whatever else the fantasies sell about there being someone special out there meant just for him.

Then a chance encounter at a party changes everything.

Graeme Davenport has no delusions about finding his true mate. The consensus is that if an alpha doesn't find their other half by the time they're thirty, the chances of it ever happening go from slim to none. He's not a mere alpha, though; Graeme is a cyne who sits at the pinnacle of lupine hierarchy, so he's obligated by tradition and duty to choose an omega now, sign a contract, and bond with him. Love is not part of the equation.

When Graeme and Avery meet, their fierce attraction to each other flies in the face of reason and logic. Avery's intense physical reaction to the alpha is something he's never experienced before, while Graeme, who has always been the soul of discretion, loses all his inhibitions to desire for the man he wants to possess. They are two very different men trying to navigate expectations, separate reason from innate primal drive, and do it while working together to solve a murder.

It will take everything they are to find a middle ground, and to learn to trust in a fated kind of love.

The Jock: An M|M Sports Romance

Author: Tal Bauer

Wes Van de Hoek clawed his way off his family's West Texas ranch under the Friday night lights, earning a football scholarship to the state's best university. Three years in, he has it all: he's the starting tight end, team captain, and, according to ESPN, maybe the best college football player in the nation. But he's been keeping a secret from everyone.

Justin Swanscott has three certainties in his life: he's gay, football is overrated, and he really, really doesn't like cowboys. He should never have fallen into Wes's open-range eyes or let his heart run wild when Wes gave him that shy little smile over summer. But he couldn't stop himself.

Everyone's asking questions about Wes this season: How is he playing so well? Will Texas be undefeated this year? Will he take the team all the way to the national championship? What's next for him?

The truth? Wes isn't dreaming about an NFL contract. His heart belongs to Justin, even though the world wants it to belong to football.

Wes has stadiums packed with screaming fans, ESPN is all over him, and the NFL wants him badly. He's living under a microscope, and the pressure keeps building as the team keeps winning. Everyone wants something from him, but all Wes wants is to love Justin.

Something's gotta give.

Show Me (Extracurricular Activities Book 3)

Author: Neve Wilder

Two Roommates. One Camera. A whole lot of action.

I get crushes the way some people get seasonal allergies.
And sharing a house with four hot roommates is like being stuck in permanent spring.
Too bad I keep getting friend-zoned.

But it's senior year now, and I'm done pining for the impossible.
Time to live it up and go out with a bang.
Or a lot of bangs.

And I'm definitely, *definitely* not getting attached to anyone.
Especially not my straight, gym-loving, football-player roommate Sam whose impressively large... *smile* I caught a glimpse of once.
Or several times.

That's why, when Sam asks me for help with a very special, very NSFW project so he can make a little cash, of course I agree. In the name of *friendship*.

And if it turns out that Sam's more than just muscles—that he's sweet, and smart, and a little bit filthy, and a whole lot less straight than I thought—well, that's neither here nor there, because this time I'm gonna be smart. This time, I'm friend-zoning *myself*.

We've got a list of deliciously hot scenarios, a camera, and Sam's huge... *smile*. What could possibly go wrong?

From the author of **Want Me** comes the third new adult college romance in the Extracurricular Activities series. Expect low angst, high heat, plenty of laughs, a flustered redhead, a gentle giant of a football player, and enough BDE to power a mid-size city.

Nixing the End of the World (Phoenix's Quest Book 1)

Author: Alice Winters

Nix

"You are the savior of mankind" are the last words I ever expected to hear while nibbling on fries. The thing is, I'm not mankind saving material. I don't even have magic (and just found out it exists). I'm the most boring, normal(ish) human ever.

Suddenly, I'm being tossed right into the middle of a fight that started years before I was even born, and then I get partnered up with Alastair, a quirky magical Guardian. He is rather attractive and sweet when he's not into the whole "woe is me, I can't let myself fall in love with you" nonsense. I mean, the moment he took my annoyingly judgmental grandma hostage, it was all over for me. I was hooked.

Now the only problem is... what exactly are we saving the world from?

Alastair

The moment I laid eyes on Nix, the naive yet easygoing human captivated my attention, and now I'm determined to protect him. But despite my amazing and majestic abilities, we might not make it out of this mess. Still, there must be a reason Nix was chosen. No, he doesn't have pizzazz and maybe he really doesn't have magic, but he's also one of the strongest and kindest men I've ever met.

Now if I can just get him to stop throwing blankets at enemies, we might have a shot at this.

Nixing the End of the World *contains a flaming "horse" with antlers who inexplicably appears when needed (or not), an interfering BFF who didn't really mean to light the trunk on fire, a six-toed cat that looks like he put a claw in a socket, and an incubus who just wants a smoothie without anyone losing their clothes.*

Nothing Special VIII: SWAT Ed.: Fox & Bull

Author: A.E. Via

A fox can set many traps to catch his target—but this one only needs one to catch his.

Dominic "Bull" Walker is used to the simpler things in life. Give him his own land to work, a strong horse, and twelve hours of daylight, and he is a contented man. But when someone threatens to take away the successful ranch that took him two years to rebuild, he'll accept *any* help he can get to defend it.

Mandel "Fox" Tucker is a sixth-generation SWAT soldier. It's embedded in his bones to protect and serve his community. So when he gets word of the vandalism occurring on the Walker Ranch, he quickly volunteers the free time he has, thanks to his recent suspension.

The brief visit Fox had with Bull four months ago had been a contentious—but powerful—encounter. Therefore, he's not surprised when he shows up on his doorstep unannounced and has to pull out some of his best tricks to get past the six-foot-four, stubborn Texan.

Fox is only there to safeguard what's most important to Bull. But being on the ranch brings an awareness to him that he embraces with both hands. Nature, peace... love—things he never found in the city.

This book contains the love story of two new characters. It is a part of a series but can be read as a standalone.

There are no multiple pairings or sharing. Ends in a very HEA.

Trigger Warning: *Mild police violence. Scenes are not graphic.*

Right as Raine: An Aster Valley Novel

Author: Lucy Lennox

Tiller:

As the first openly gay professional football player, I can't afford to make any mistakes, on or off the field. And the absolute biggest mistake I could make right now would be to fall for Mikey Vining, my best friend, employee and, more importantly, Coach's baby boy. I might fantasize about Mikey at night—*every* night—but actually touching him would be a serious personal foul.

And falling for him? That's completely out of bounds.

Mikey:

I've learned my lesson about falling for one of my dad's players. They're a bunch of spoiled jocks with more muscles than brains. I've spent years learning to keep my eyes, and my hands, to myself. But resisting the temptation becomes nearly impossible when Tiller Raine and I end up together in a small cabin in a remote Colorado town.

Suddenly, there's not much to do but look at each other. And talk. And hopefully, *hopefully* touch.

But what happens when our stay in Aster Valley is over and it's time to return to the real world? Will Coach blow the whistle on our relationship? Or will Tiller admit there might actually be something he loves more than football after all?

STAHP, Collaborate and Listen

Author: Susi Hawke

My mom's always said I was born to be a journalist—nosy, full of questions, and unable to walk away from a good story. Maybe it's the meerkat in me, but I've always been on the lookout for danger, excitement, and intrigue.

I never expected to find my biggest adventure while following a lead for a story about classic diners. And I definitely didn't expect to meet my fated mate while I was there... or to start our relationship with a literal bang.

There's no need to freak out when things get crazy, not when my protective mate is entirely made of sunshine and huge muscles. Plus he works for STAHP, the vigilante organization all shifters know to fear and respect.

Now I'm sharing information with STAHP and helping them—and the infamous Team ALPHA—catch the bad guys before another greasy spoon goes up in flames. And maybe keep my interfering family out of our hair in the meantime.

This is the second book in an mpreg series about the attempts of a dangerous group of ruthless vigilantes to go lawful... with dubious success. You can expect to find naughty, knotty scenes of steamy passion, along with a lot of potty-mouth language and satisfactory violence when bad guys get what's coming. Don't worry, you'll still find all the fluffy mpreg feels and crazy antics you'd expect from Susi Hawke and Crista Crown.

Stud (Four Bears Construction Book 5)

Author: K.M. Neuhold

Stud: A boss, knob, or nail head...or, you know, the hot guy who's way too young to keep asking me out with that adorably earnest smile...

It's been three years since West walked into my bar and asked me out for the first time. I was relieved he stopped asking after the first few "no"s and a way-too-good-to-be-real kiss. He's fifteen years younger than I am; it can only lead to trouble.

Of course, now he's running through people off dating apps like it's his job and wearing these lace panties that look really unfair on someone as furry and muscular as he is, and, um...what was I talking about?

I probably shouldn't sabotage his dates, but I'm only human. I might not be ready to admit that I want him, but I'm definitely not ready to let anyone else have him either.

He's too perfect, too hot, and I am in way too much trouble...

*** Stud is a friends-to-lovers, construction-worker-in-panties, omg-so-much-swoon story that happens to be the fifth book in the Four Bears Construction Series. Every book in this series CAN be read as a stand alone, but they're a lot more fun together!

Finn's Fantasy: Maine Men, Book One

Author: K.C. Wells

A secret desire

A new chapter

Recently divorced Joel is finally living as a gay man, but he's not sure he's ready to jump into a relationship. That doesn't stop him from noticing his new contractor's muscular build, hewn from hard, physical work, or his storm-colored eyes. Or the way he wears his tool belt slung low on his hips. The icing on the cake? There's more to Finn than good looks. Maybe he's the perfect guy to share long walks on the beach and warm nights in front of a fire.

But it's been twenty years since Joel was with a man. While he's not forgotten how to flirt, he's nervous about making a move.

Especially with Finn.

More to Love

Author: Jayda Marx

Matthew - My love life is kind of a mess. Okay, fine, it's non-existent. Believe it or not, short, chubby, and furry aren't characteristics that top most guys' boyfriend checklists; no guys I've met, anyway. My dating history is a shit parade of one-night stands with men who promised to call the next day but never did. And so, I've put finding love on the back burner to focus on my business.

I own a bakery called Muffin Tops (get it?) with my best friend Val. I do all of the baking and she handles ordering and accounting...and talking to our customers because I have an awkward streak in me. Anyway, business is good, but it could be better, so I've scheduled a meeting at The Caldwell, the fanciest and most successful hotel in the city in hopes of striking a business deal with them.

Nervous but hopeful, I head to my meeting, not expecting to have my world rocked when I meet Simon; a gorgeous, debonair, charming man who is sixteen years my senior. What starts off as a business partnership soon develops into something greater than I ever dreamed of.

****This standalone M/M age gap romance is for readers 18 and up! It is low angst and insta-love, and is full of funny scenes, feel good moments, and lots of steam! There is no cheating or cliffhangers and it has a very happy HEA.**

Baby Come Back: MMF Bisexual Menage Secret Baby Romance

Author: Roxanne Riley

My fiancé, Max, and I are perfect together. He's handsome, sweet, and makes me happier than I ever dreamed possible. Everything seems almost too good to be true...until Max's sinfully hot ex-boyfriend, Forrest, moves in next door and I can't help but be a little worried that my bi fiancé might still be attracted to his former flame.

Weirdly enough, though, things get even better then. Forrest slips into our lives as the best friend we never expected, almost like a piece we didn't know was missing.

And he wants to help us with another missing piece: When Max and I struggle to conceive together, Forrest offers to step in and help us start the family we want so badly.

But when Max suggests that Forrest put a baby in me the old-fashioned way, things get complicated quickly. On the one hand, bringing Forrest into our bedroom takes us to new heights, a wild new sensual experience beyond anything I've ever felt before.

On the other hand, our hearts seem to get tangled up as quickly as our bodies, bringing back old feelings and igniting brand new ones, and the emotional implications might run deeper than we planned.

**Will our little arrangement end up tearing apart the idyllic future Max and I have been building?
Or is this a new foundation for something better than any of the three of us ever dreamed possible?**

Baby Come Back is a bisexual second chance menage pregnancy romance with high heat MM and MFM scenes (swords do cross in this one!). It has no cliffhangers and no cheating, but it does have a very happily ever after and lots of steam.

Twist Me (Tattoos and Temptation Book 6)

Author: Mia Monroe

He gave me freedom through restraint.

He captivated me the first time I saw him. I was drawn to him, curious about the mysterious, soft spoken older man. I convinced myself there was no way someone so worldly would be interested in a shy, inexperienced guy like me. I'm careful what I reveal, choosing instead to live with what if.

But with each interaction, I felt things I never had before. Patiently, he gave me the space to peel back my armor, allowing him to twist me apart in ways I never imagined. Now I crave the security of his ropes.

He opened up the way I see the world and myself in it. Can he open my heart too...

Twist Me is a steamy age gap tale exploring love and self through Shibari. It is book six in the Tattoos and Temptation series featuring hot Miami nights, Latin desserts, and guys with ink.

It can be read as a standalone but the author recommends reading the series in order or at least book three, *Free Me*, for maximum enjoyment.

Featherbed (Vino and Veritas)

Author: Annabeth Albert

When a bookworm on borrowed time meets a younger, free-spirited chicken farmer, sparks and feathers fly...

Harrison Phillip Fletcher, III isn't supposed to be here. Not in Burlington, Vermont, not running Vino & Veritas, a quaint inclusive bookstore and wine bar, and definitely not still alive, at forty-two. Also not supposed to be here? An unexpected delivery of chickens.

Finn Barnes knows chickens. The burly organic farmer knows all about rare breed poultry, but dealing with a hot, older bookseller is an entirely different matter. City slicker types like Harrison never end up staying in Vermont for the long-term.

They should steer clear of each other. But the flare of attraction is mutual. And somehow amid book discussions and farm tours, they discover plenty in common. Now they're stealing kisses in Finn's barn, sneaking out like teens, and burning up the sheets.

What starts as a fling brings very real feelings for two lonely souls, but a future together seems as unlikely as chickens in a bookstore. Feathers may be flying, but learning to trust takes time neither may have. Can they take a leap of faith together before it's too late?

Featherbed is a stand-alone novel in Sarina Bowen's World of True North. This opposites attract, age gap romance features a low-angst, fluffy—and feathery—romp as a fish out of water discovers the home he never thought he'd find.

Aftermath (Vino and Veritas)

Author: L.A. Witt

Brent Weyland was the life of the party until an injury ended his hockey career. Now he's retreated alone to a lakefront house, trying to make sense of a life and body that don't feel like his anymore.

Jon Norquist was happily married right up until he wasn't. Now a single father in his forties, he's trying to figure out what comes next. In the meantime, he pours his heartache and regret into the lyrics he sings for the wine bar crowd a couple of nights a week.

When a friend coaxes Brent out for a night of wine and music, he puts Brent and Jon on a collision course. Their chemistry is instantaneous. Jon gives Brent's battered body a much-needed remedial lesson in pleasure. And Brent gives Jon a reason to smile again.

Multiple reasons, actually. Neither man wants anything serious, but love has a habit of showing up whether it's welcome or not. No matter how hard they try, the two can't help having feelings for each other, even as life continues to throw them curveballs.

But they've both got baggage to unpack and hurt to move past, and if they can't leave their pasts in the past, they might just miss out on an amazing future.

Straight as a Cucumber (#Love Wins Book 3)

Author: Ana Byrde

There's a couple of reasons I shouldn't crush on Zach Stauff.

- 1) He's my big brother's best friend.
- 2) He's my roommate.
- 3) He's straight.

None of those things matter when I'm around him and my heart starts beating like crazy. He's been the star of my wet dreams since forever, but to him I'm just the kid who used to eat mudcakes. That is, until he walks in on me playing with a cucumber--without my clothes on. Worse, I was on camera streaming to an online audience when he witnessed the 'cucumber incident.'

Now he's probably got a very different image of me.

My subscribers say we should make out. They say they'd pay good money for the show.

I can't ask Zach to do that.

But what if this is my best chance to touch something that isn't a vegetable?

Straight as a Cucumber is a ~70,000 word Romantic Comedy novel with little angst, lots of laughter, silly animals and sillier men. Knowledge of prior books in the series is not at all necessary to enjoy this one. Buy now if you need a reason to smile today!

Heartscape (Vino and Veritas)

Author: Garrett Leigh

From award-winning author Garrett Leigh comes a gorgeous new romance in the True North world! Think: great food, burly men and good times. Beards are optional but encouraged.

I'm not the obvious choice to run Burlington's coolest wine bar—quiet, brooding, clueless about tannin content, and always one wrong turn away from another downward spiral.

But no one seems to mind that I'm a wreck. Besides me. I just focus on getting through each shift until the night a beautiful stranger appears, looking as lost and damaged as I feel.

When a mutual friend calls in a favor, the sexy newcomer winds up crashing on my couch. I don't know if it's his melodic Cornish accent, or his ocean blue eyes, or the rock-hard body with the mysterious scars, but I get the feeling whatever happened to him runs far deeper than those wounds.

Having Jax in my home makes my chest warm. Makes me shiver. Makes me want more. But I've got a pile of baggage and I don't want to be a burden on anyone let alone a man who seems to have enough demons of his own.

Our chemistry is off the charts. His arms feel like home. The last thing I want is to screw this up. Is it wrong to hope we can heal each other? Or will one of us die trying?

HEARTSCAPE is a heartfelt MM friends-to-lovers romance in the True North world, with a brooding bartender, a rugged outdoorsman, sweet angst and lots of Shipley cider. Triggers: contains mentions of depression, suicidal ideation and PTSD recovery.

Author: Eliot Grayson

Gabe wants Alec between the sheets...too bad Alec's undercover already...

Rich kid. Party boy. Gabe is tired of the labels. He's a smart guy, but ever since he got kicked out of grad school, people are only interested in his no-limit credit card and his pierced ears...and other places.

Tall, dark and scowling Alec hates Vermont, with its artisanal-freaking-everything and its irritating people. To be fair, most people irritate Alec, including the FBI director who sent him here to investigate a smuggling scheme involving yoga mats.

When one of the cutest twinkies Alec's ever seen takes an interest, Alec knows there's an ulterior motive. No one with multi-colored hair, piercings, and an ass like that would want boring, serious Alec. The kid must be up to no good. Either way, Alec can't blow his cover. If only he could keep his hands off of Gabe long enough to find out what he's up to...

Can they ignore their explosive chemistry long enough to foil a smuggling ring? Or will their budding relationship sink faster than a yacht full of contraband?

Love Always, Wild (For Him Book 1)

Author: A.M. Johnson

Wilder,

When I left that night, I had every intention of coming back to you. To us. But no matter how hard I wish for what I want, there are some things in life that aren't meant to be. I don't expect you to understand. You've already moved on, living your life. But mine ended that night, nine years ago, and I still can't let you go. Not sure I ever will. I regret so many things, but hurting you, I'll never forgive myself. I'm sorry for... everything.

Jax~

Jax,

If only you could've seen it like I did, the way you were when you thought the world wasn't watching. How you'd change when I looked at you, when it was just us. But most of all... I wish you could've seen how much it hurt me when you disappeared. Regrets are for cowards. It has always been my belief you should chase after the things you want with actions, not words. There is no such thing as never meant to be.

So this apology... not accepted...

Love always, Wild

Arrowtown #6 - Can be read as standalone

Obsidian River, known to his friends as 'Dian' has lived a long and comfortable life, working as an enforcer for the Paranormal Council with his friend Eagle. Being sent to Arrowtown to track down a faint lead on a missing rhino shifter was an everyday occurrence. Besides, he would get to catch up with an old friend, Cam and gossip had it, that Cam owned a bar and his mate owned a bakery. Dian was always a fan of fresh baked goods and beer. In his head it was simple - go to Arrowtown, sample some local fun and head home again. That was, until he heard a certain man laugh...

Keenak, known as Kee to everyone around him, hadn't been working at Cam's bar in Arrowtown long, but he already felt as though he'd found a permanent home. It was nice, to just stop running - to shoot the breeze with the locals at the bar, and sleep in a warm bed at night. Cam's dislike of men in suits added to his feeling comfortable... until two men in suits came to town.

When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. Frost's Bite (The Mystic Bay Series Book 3)

Author: M.A. Church

He's what things that go bump in the night fear.

Tragedy brings the ice elemental, Nicholas Frost, to America and lands him on the doorstep of the High Council. While surrounded by a group of Guardians who question his offer to kill the vampire Jackson, Nicholas stumbles across the man fate has decreed his. Although overjoyed, the secret he hides is now in jeopardy of being revealed.

Something lethal lurks within.

Cold. Powerful. Feared. A killer. Like the softly falling snow, Nicholas is silent and deadly. Always alone. Always guarded. His abilities are unrivaled, and other paranormals avoid him. With good reason.

And the man fate has paired him with is a truthsayer—a living lie detector.

Guardian Jonas Parker is convinced fate has made a monumental mistake. Guardian lifespans are practically eternal. Elementals only live a couple of hundred years. No way that golden thread which links them means what he thinks it does. Surely fate wouldn't gift him with a man he'll outlive?

Jonas is a truthsayer, which is difficult enough. Add in the chance of an accidental surface reading if he touches bare skin, and no one is willing to get close to him. Jonas can dig into anyone's psyche and unearth all their secrets regardless if they're willing or not.

No secret can remain hidden from him.

While Nicholas and Jonas struggle to figure out how a mating can work between two such different paranormals, Jackson plots. As the final battle looms on the horizon for the men of Mystic Bay, a terrifying prospect has emerged—something not even Nicholas and the others may be able to defeat.

Scars

Author: Jason Collins

SIMON:

The abusive ex, the endless arguments—I've put all that behind me. I'm healing at my own pace, and with my new job at the local bakery, I've got *almost* everything I need. I won't give in to the wrong kind of man twice, but these long hours make me crave a release I can't get from just anyone.

Dane isn't just anyone.

He's a fireman who takes charge, and he's not afraid to have his way with the right person. The more nights we spend together, the more I wonder if that person might be me. I know it's because of my ex, and I won't let him ruin my life again.

DANE:

A new life, a new city. I'm feeling at home in Chicago, and the good men at the fire station make me think I could leave who I was behind. Firefighting keeps my temper—and my impulses—in check. The last thing I need is a distraction.

But Simon is endlessly distracting.

The one thing I'm missing from my life is a man who'll let me take control. Simon brings back that familiar longing, and I want to explore it with him. But when he tells me about his abusive ex, I pull back. Anger used to rule my life, and the more his ex appears, the more I fear I'll hurt the man who's hurt Simon. I can't let Simon see that—even if it means pushing him away.

Protecting people is not what my company usually does, but the boss knows I need money, and the pop star is offering an insane amount to live with him and

make sure no more crazy fans break into his house.

I'm doing it for the money and nothing else.

He may be the prettiest man I've ever seen, and I may feel sorry for the celebrity life he's been forced into since he was a teenager, but that doesn't mean anything.

Just because he fascinates me, that doesn't mean I like him.

It doesn't.

Professionalism. I'm gonna live it. Breathe it. Enforce it ... Mostly.

Missionary

Author: Ian O. Lewis

"I know it's wrong, but I can't help it with you."

Brig- After being disowned by my family, I struck out on my own. I landed in a new city, far away from everything I'd ever known. Creating a new life was hard, but I found a job in a bookstore I loved. For years I hid behind books, afraid to discover what life had to offer. But, in the blink of an eye, my dream job vanished. Fate intervened, and a handsome, successful restaurateur hired me as his personal assistant. Day after day I worked with Fernando, while the heat between us grew smoldering hot. The attraction was immediate, and when I spied on him skinny dipping in his pool, I almost gave in to temptation. But I needed to keep this job. Instead of giving in to my urges, I stuffed them deep inside. Until one day I couldn't keep my secret crush inside any longer.

Fernando- For twenty years I worked my fingers to the bone. As a result, I now owned a chain of successful, upscale restaurants, and had an enormous bank balance. It only had one drawback, one that I never expected. I was lonely, and for the first time in my life, wondered if I had done the right thing by ignoring my heart. When I first met my new personal assistant, there was an instant connection. His deep, green eyes reassured me when I felt lost, and soon I wanted more from him than a boss/employee relationship. Brig was younger than me, and I couldn't imagine he'd ever want to take our professional relationship to a much more personal level. But when I saw one of my employees putting the make on him, I wanted to explode. Should I take a chance on Brig, or should I keep pretending that love didn't matter?

Missionary is a standalone novel about two men ignoring their hearts until they laid eyes on each other. This is the second edition of Missionary, and it has been substantially rewritten.

Fair Trade: Bold Brew Book 7

After working with the same partner for almost fifteen years, she ditched me for a cushy teaching job. And I thought things couldn't get worse.

I was wrong.

Because walking into the ambulance station to see my new rookie is none other than the guy I'd picked up in a seedy bar would've been bad enough.

Except we hadn't just hooked up.

Nope.

What we'd done went so far beyond an anonymous one-nighter.

And now I'm not sure what to do with myself, because being with Nick isn't just against station rules.

It's against mine.

But I can't seem to stop, and what's even more concerning...

I can't make myself care.

Pretty Wild (Boys in Makeup Book 3)

Author: Christina Lee

Clark

I see myself as mature and responsible for a twenty-four-year-old—I have a steady job, a comfortable apartment, and eventually I'll find the right guy to settle down with. Some might find this boring, but at least I know what I want. That is, until reconnecting with a childhood companion flips my preconceived notions upside down. Skylar was my first real friend—my first crush too—and twelve years later, he's still the same gorgeous and charismatic free spirit. I'm easily sucked back into his orbit, my protests futile when it comes to his amusingly harebrained ideas. I can't let myself fall for him, though, because I'm searching for forever and he only wants casual.

Skylar

If you're looking for a good time, I'm your guy. I love hookups, shaking my booty at the club, and having fun. I've seen how love can hurt and have mended too many broken hearts to risk my own.

Still, having Clark back in my life makes me feel grounded...and sort of mushy inside. It's not only because his chunky glasses turn him into an adorably hot Clark Kent. It's also how he makes me feel like I can be more. Which is why hooking up with him is a bad idea. But resisting him becomes impossible, and before I know it, each touch, kiss, and night spent together only makes me crave more.

We want different things, so there's no way this will last. But Clark makes me consider breaking my rules and trying this boyfriend stuff for real. What's a guy to do when his best friend steals the heart he's afraid to give? I guess it comes down to potentially hurting him, or losing the only guy I've ever really wanted. Pretty wild, right?

The Twelfth Knight (Guardians of Camelot Book 1)

Author: Victoria Sue

Hundreds of years ago as a last desperate act of revenge, the witch Morgan-le-Fey sent supernatural monsters out into the future to vanquish a humanity King Arthur wouldn't be able to save.

Born a commoner, Lancelot wasn't supposed to be a knight in his own time, never mind in a modern world he is woefully untrained to protect.

Mel has survived his father's death, his mother's drinking, and being abandoned on the streets of New York at fourteen. He has enough problems trying to pay the rent and doesn't need some weird English guy insisting he join him in a war centuries in the making, and fighting an evil somehow he has the magical ability to prevent.

Can Mel and Lance defeat the greatest enemy the world has ever known? Or in the midst of fighting evil will they learn that the most powerful weapon they have is each other?

Author warning: Contains a stubborn English knight too proud to admit he needs help, and a snarky American full of sass and awesome movie quotes.

Two Alphas, One Omega (A Men of Meadowfall Book 4)

Author: Anna Wineheart

A lonely omega. An ageing alpha. Valen's an alpha, too, and he wants them both.

Sam Brentwood had everything... and he's lost it all. At eighteen, he left the love of his life. At nineteen, he miscarried Valen's baby. These days, Sam's hidden his heart away, working multiple jobs to afford a house.

Valen Tolstoy has a secret—two, actually. One: he's never stopped missing his omega. Two: he's dating the station's second-in-command. Harris is two decades older than Valen, richer and better than Valen can possibly be. Sooner or later, Harris will realize Valen's not worth hanging around, and he'll leave.

Ten years ago, Harrison Fields lost his family. Afraid of risking his heart with another omega, he's tumbled into bed with someone just as risky—his subordinate, the fire chief's son. But Valen is young, rough, and they don't always get along. So Harris hires a private instructor, hoping to tighten their relationship.

To Valen's shock, the chef Harris hires... is the omega who left him, the only omega he's ever loved. Worse, Sam's in heat, and it flings Valen into a rut.

When the embers from their steamy night cool, Sam discovers that he's pregnant with Valen's child. Afraid of a relationship, he tries backing away—only to find that the two alphas he met... won't let him go.

Two Alphas, One Omega is a 115,000-word standalone Alpha/Alpha/Omega non-shifter MPreg romance, with dirty jokes, a much-anticipated baby, and two alphas longing for an omega to protect.

My Best Friend's Brother

Author: K.C. Wells

*My best friend's younger brother is all grown up. And gorgeous.
Casey's off limits. Forbidden. But that just makes me want him more.*

Rylan

I've watched Casey grow up. I never imagined how the sweet, scrawny kid would turn into a hot muscular man. A hot guy who just came out.

Casey torments my thoughts. And my dreams. I need to stay far, far away from my best friend's kid brother. Should be easy, right? I can find plenty of guys to distract me.

Problem is, all I want is the one man I can't have.

Casey

There's never been a time when I wasn't in love with Rylan. My brother's best friend was my first crush. My only crush. He's the one man I shouldn't go near. And here I am spending the summer in the apartment he shares with my older brother.

That seemed like a good idea in the beginning. I thought I could handle it but being so close to the man I've always wanted, I'm not so sure. About anything.

I can have any man – except the one I want.

It's going to be a long, hot summer.

Spotlight (Famous Book 2)

When my path leads me down the gay dating app route, I don't expect to meet anyone I like, but then I meet him.

Fools (Licking Thicket Book 3)

Author: Lucy Lennox

Tucker Wright's Clues for Life:

What's a 4-letter word for an utterly oblivious, totally commitment-phobic, heartbreakingly gorgeous man with a pet pig named Bernadette?

That'd be D-U-N-N, as in Dunn Johnson, my very best pal and fishing buddy since I moved to Licking Thicket.

What's a 6-letter word for a nerdy, crossword-loving town doctor who's doomed to be hopelessly, thoroughly, irrevocably, in love with that straight best friend for the rest of his born days?

That's T-U-C-K-E-R, as in me.

But when I agree to let Dunn be my 24/7 dating coach, and he decides to get our whole nosy town in on the act, there's only one 5-letter word to describe the pair of us.

F-O-O-L-S.

Israel feels safe and at peace for the first time in his life as he explores his little side and places his trust in his vampire Daddy's strength and care.

****This M/M romance features my take on vampires and other paranormal beings. They share many (but not all) attributes of vampires found in other fictional works. This world is different from those found in my other paranormal series, and the vampires' properties differ as well. This low angst book contains insta-love between fated mates on a fast track romance, steamy scenes, a touch of danger, and age play between a powerful vampire Daddy and his sweet human little. Together, they explore elements including diapers and latching. Thank you for taking a look and happy reading!**

Release Me: Duff Coven: Book 1

Author: Jayda Marx

Callum - Long gone are the days of war, when I raised my sword and fought alongside my people, against wicked, greedy souls of our vampire kind. We were victorious over those who stood against us, and King Felipe took his rightful spot on the throne. He appointed a Coven Master for each region to watch over, guide, and protect our people. He named me Coven Master of my hometown of Beckenridge, Scotland because of my strength, instincts, and fairness. Our village is made up of stone cottages we built ourselves, and is nestled between scenic heathered hills. It holds many businesses where my coven members work and thrive. We're happy and safe here, and for over a century, we've lived at peace.

That all changed two days ago when my coven held a Highland Games exhibition to celebrate Prince Dante's visit and the bonding of two of my security guards, Flynn and Fletcher. Crowds gathered from all around to watch the events, adding excitement, energy, and unfortunately, danger into the mix. A gunman fired a shot at Ben, the prince's consort, but his bodyguard Sam pushed him to safety and took the bullet.

In the chaos of the moment, I was caught off guard by something I'd waited half a millennium for; the faint, sweet scent of my mate. Somewhere in the screaming, rushing crowd was the man whom Fate granted to me to love, cherish and protect for all of eternity. Unfortunately, I couldn't search for him; my friends' lives were hanging in the balance and I had to get them to safety.

Luckily, everyone survived the ordeal, but all traces of my mate vanished in the wind. I hate the gunman for everything he took from me, and it's for that reason I've put off interrogating him; I'm afraid I can't be fair and unbiased when I hear his side of the story. But I know I can't put it off any longer; I need to get answers for Dante and Sam.

When I finally step into the shooter's prison cell, I'm met with the sight of a small man cowering in the corner...and the overwhelming scent of my mate.

*This book is the first in a spinoff series following "The Javier Coven", and I strongly recommend reading those books before beginning this story. This M/M paranormal romance is for readers 18 and up! It contains no cliffhangers or cheating, and has a very happy HEA. It features steamy scenes between a sexy vampire and his fated mate, loads of teeth tingling sweetness, and just a touch of gore.

The Nerd Jock Conundrum (College Boys of New Haven Book 1)

Author: Hayden Hall

A chemistry nerd should know opposites always attract.

Troy

Of course I fell for a football jock. How could I not? But Jackson and I are polar opposites. He's popular, confident, and as hot as hell in a tight T-shirt. Me? I'm just a scrawny, awkward nerd.

Another point of difference: *he's straight.*

And as I trip, stumble, and stammer my way through all our conversations, my desire is growing at an alarming rate. I keep wondering what he looks like when he's on his knees.

As if my crush on him isn't bad enough, Jackson is assigned to be my partner on a year-long project, and I have no choice but to spend time with the hottest guy on campus. *Bummer.*

But the attraction is intensifying. We're on a collision course. I shouldn't be leaning in...

I think I'm going to kiss him.

Jackson

Sweet. I got partnered up with the biggest nerd on campus. If I play my cards well, a passing grade is guaranteed.

Troy's all shy and awkward; a classic nerd. But there's more to him than he's showing. And it's making me curious.

I want to see him come out of his shell. I know he would be better off if he let his guard down. I want to be his friend, but he thinks I'm just another dumb jock. Except, I see him looking at me the way I could never look at him.

Am I sending the wrong message? Is he falling for me?

He's leaning in fast... He's about to kiss me.

And I'm not even ducking.

The Nerd Jock Conundrum is the first book in the College Boys of New Haven series, but it can be read on its own. It features a fresh twist on the nerd jock trope, opposites attract, bisexual awakening, enemies to friends to lovers, and a very happy ending.

Their dynamic grabbed hold of Anthony and reeled him in before he even heard the magic word.

Out of Harm's Way (Balls and Brawn Bodyguard Series Book 1)

Author: *Rebecca James*

OUT OF HARM'S WAY

I'm coming after you, baby boy. You're going to pay for what you did.

The terrifying text message from Mick Water's abuser, recently escaped from prison, sends him spiraling into panic. His life is just getting back on track, and now he's constantly looking over his shoulder and barely able to sleep at night. When his friends arrange for a bodyguard for him, Mick feels a confusing combination of relief at having protection, dismay at the sheer size of his new bodyguard, and arousal due to Mick's attraction to big men. His ex was a big man, and Mick paid dearly for that attraction.

Oxford Bradley enjoys his job with Foster Security, which includes a mixed bag of high-stakes cases--some of them dangerous--and dull babysitting-type situations. When he isn't working, he prefers a serene life devoid of drama and, let's face it, a somewhat vanilla sex life. Assigned to protect a terrified man from his abusive ex, Ox is horrified at his body's reaction to not only Mick himself, but also Mick's admission to a Daddy kink--he's never had an unprofessional relationship with a client and he isn't starting now.

As Mick warms up to Ox and the two men get to know one another, the attraction between them grows. Ox refuses to break his professional code, but what about when the danger's over? Living in different states, they can't possibly have more than a one-off, and the temptation to explore with this intriguing man is undeniable.

Will one night send Ox running back to his comfortable vanilla lifestyle, or will Mick help him find a new favorite flavor? And what happens when an opportunity presents itself for Ox to see Mick again?

Out of Harm's Way is an MM romance and the first book in the Balls and Brawn Bodyguard series.

I found him when he was a boy.
Bloody. Mangled. Near death.
If I'd been a merciful Alpha, I would've snapped his neck and ended him right then.

Except, I didn't.
Something in his big brown eyes tugged at my heart strings.
I kept him. Healed him. Raised him to be fierce, loyal, and brave.

Now that he's an adult, everything's changing.
He's no longer the soft, scared boy I once thought he was.
No, there's an uncontrollable anger inside him.
A rage-filled hate I don't understand.

As a dangerous pack begins tormenting us and destroying our home, I feel him pulling from me as he seeks justice.
He thirsts for revenge, even if it means leaving our pack and going solo.
But, as his Alpha, I won't let him go without a fight.

Each time he pushes, I pull him right back to me.
I'll keep him locked in my arms or pinned beneath me forever if that's what it takes to keep him.
A shift of morals has begun.
One I don't understand, but certainly don't resist.

I'm the most powerful wolf on Beacon Island. I don't have weaknesses.
Until now.
This wild, reckless young man changed everything when he stole my heart.

Not So Sincerely, Yours (For Him Book 2)

Author: A.M. Johnson

Ethan,
About last night... I could blame the bourbon. I could say I let things get out of hand, that I should have never called you, but I'm done lying to myself—to you. I know what you're going to say. You're not very good at keeping your opinions to yourself, but this can't happen. It's inappropriate, at best. I'm your boss. Not to mention, you're clearly still hung up on him. I'm not a consolation prize.

Anders~

**

Anders,
You didn't think it was inappropriate when you had your tongue down my throat, but I digress. As for your accusation, I'm not the only one stuck in the past, but at least I'm not running from it. I can't believe I'm about to say this... Maybe you're right. You shouldn't have called me. Especially if you never intended to own it. Own that you wanted it to happen. Admit that you wanted me.

Not so sincerely,
Yours

Not So Sincerely, Yours is a 97,000-word standalone HEA, enemies to lovers, light on angst, MM office romance, featuring southern sass, words of the day, Happy Meals, and one unforgettable weekend trip to Manhattan.

Nailed (Four Bears Construction Book 2)

Author: K.M. Neuhold

My new neighbor is a total tool

He hated me from the second he laid eyes on me, and I don't have the first clue why... But, if he wants to hate me, I'm happy to give him a few reasons: mowing the lawn at dawn on the weekend, leaving garbage cans in front of his driveway, renting a petting zoo for my backyard...making a list of ways to drive him crazy is half the fun.

He deserves it with the way he's driving me crazy right back without even trying— walking around without a shirt on, sweaty rippling muscles on full display, well-worn denim jeans perfectly molded to his...well, you get the idea.

My point is, if he wants a war, I'll give him one.

***Nailed is an enemies to lovers, neighbors who can't stand each other, omg the anger banging, drool worthy, low angst story, which happens to be the second in my Four Bears Construction Series. It CAN be read as a stand alone. There are NO shifters in this series, only the OTHER kind of bears.

Between texts and late-night phone calls, we get to know each other. West's the only person who knows all the parts of me, just like I know his. When he asks for one night together so he can show me what it's like to be with a man, I can't say no. Facing West: A Forever Wilde Novel

Author: Lucy Lennox

The first book in a new series by Lucy Lennox!

Nico:

I left my family and tiny Texas hometown fifteen years ago to escape small-town gossips and to give my mom and sister the chance at a better life. But when a phone call from an attorney back home informs me that my sister passed away, leaving me custody of her newborn baby, I'm shocked out of the steady life I've built for myself running a tattoo shop in San Francisco.

The thing is: I don't do babies. And I don't do small towns. Or commitment. And I especially don't do family. My plan is to go back to Hobie just long enough to sign adoption papers, giving my niece the kind of stable, loving family I could never provide.

But the moment I meet my niece in the arms of Weston Wilde, my sister's best friend and the town's handsome doctor, my plans begin to change. Because

suddenly, I see a different future. One with the very thing I thought I never deserved: a family. If only I can convince West that I'm not the same good-for-nothing kid ready to bolt when things get tough.

Weston:

There's one thing I know for sure about Nico Salerno: he was a good-for-nothing as a kid and judging by the purple-haired, tattoo'd punk who shows up at his sister's funeral, he hasn't changed. There's no way I'm letting him take custody of my best friend's baby.

But the more time I spend around him, the more I realize that his rough exterior is just a shell and that beneath all the tattoos is a scared, insecure man searching for a place to belong. And pretty soon I know exactly where he belongs: in my bed and by my side.

The problem is, he abandoned his family once before, how do I know that if we become a family he won't do it again?

Facing West is the first in the new Forever Wilde series about the huge Wilde family from Hobie, Texas, whose patriarchs aren't above a little meddling if that's what it takes to help their grandkids find true love.
