**Author: Amelia Hutchins**

Creating a new House of Magic is hard work. Aria knew she had a tall task ahead of her, cleaning up the mess her family had made in the Nine Realms, but nothing could have prepared her for the horrors that awaited within the Nine Realms.

Dark magic has taken hold of the lands as Aria finds herself in the middle of an ongoing war while playing cat and mouse with Knox, who hunts her relentlessly.

To make matters worse, Aria's creature has grown impatient and is doing everything she can to get back to the monster within Knox, even knowing that Aria's heart is on the line.

How far will Aria go to protect those she loves from Knox's wrath? How long can she evade the man stalking her every waking hour as her body and mind fight against the growing need for him to claim her? Can she break the curse that has plagued the Hecate bloodline for over 500 years while protecting her heart?

Maybe the answers lie with the mysterious silver-haired men that have come to Aria's aid, or perhaps they are just like everyone else wanting to kill or claim her, realizing she is the key to winning the war. Aria intends to bring the Nine Realms and the male stalking her to their knees in this fast-paced, action-packed, and sexy epic fantasy adventure.

Action packed epic fantasy that will leave you breathless, and cheering on the underdog.

## **He Saw Me First (Age & Innocence Book 1)**

**Author: M Johnson**

Across an empty laneway in Paris, through my hotel window,

**He saw me first.**

I stopped undressing . . . but only for a moment.

The next night, he was waiting for me.

He sat there in his expensive suit and watched.  
No participation.  
My only acknowledgement was the look of lust in his eyes.  
It continued until the night before I left,  
when I found a card under my door.  
No words. Just a number.  
So, I texted him.  
I'd never done anything like it before.  
It felt so dirty and wrong, but at the same time, I felt alive.  
He was much older than me, so intimidating and sexy.  
He made me feel things no man ever has.  
I was under his spell.  
**The last thing I expected was to ever see him again.**

Sparks fly when the two enter a fiery battle of wills as Aria learns she is more than just a witch in the Hecate bloodline; she is much, much more.

Will Aria embrace her savage side to find her sister and save her family, or will she burn to ashes from his heated kisses and burning hot embrace?

Knox has ulterior motives for being in Haven Falls and never expected the little witch to show up and brazenly challenge his rule.

It was supposed to be easy; get in and get out. Move pieces into place and set the stage for the war he's been planning for over five hundred years. Aria is his sworn enemy but something within her calls to him and he hates himself for craving the fiery kisses that have reignited his cold, dead heart. One taste, and he thought he could get her out of his system. He was wrong.

## The Sinful Librarian

**Author: JJ Argus**

Kara is a junior librarian at the law library of a religious college frustrated with the need to cover the body she's so proud of. Arrogant and proud of her looks, she has a fascination for sex which men can't seem to satisfy. Forced to dress and act modestly at work, she makes lewd videos and posts them to a web site to wallow in the admiration of the men there. Wearing a mask is a necessity, of course, and following the suggestions of her 'fans' she winds up pretending to be in bondage, and acting submissive. When her videos are seen by the new Dean of Law, however, Kara is in for an awakening. Dean North is determined to cure her of her sinful ways through stern punishment – or so it seems. Yet his punishments seem to only arouse her more, and cause her more fascination with the ideas of bondage and submission. She learns he was a member of a secret club at the university when he was a student, and now other members of that club join him in training her to make proper use of her beautiful body – as God intended. It seems wicked and sinful to Kara, but if the Dean approves, who is she to feel shame?

## Still Beating

**Author: Jennifer Hartmann**

*WARNING: This book contains subject matter that may be sensitive for some readers, including rape, as well as strong language and explicit sex. 18+ only. Please read responsibly.*

When Cora attends her sister's birthday party, she expects at most a hangover or a walk of shame. She doesn't anticipate a stolen wallet, leaving her stranded

and dependent on Dean—her arch nemesis and ultimate thorn in her side.

And she really doesn't anticipate waking up in shackles in a madman's basement.

To make matters worse, Dean shares the space in his own set of chains.

After fifteen years of teasing, insults, and practical jokes, the ultimate joke seems to be on them. The two people who always thought they'd end up killing each other must now work together if they want to survive.

But Cora and Dean have no idea their abductor has a plan for them. A plan that will alter the course of their relationship, blur the line between hate and love, and shackle them together with far more than just chains.

## REVIEWS:

*"This book will have you sitting on the edge of your seat and turning pages like mad crazy! I have never read another story that holds a candle to Cora and Dean's. The author of this book literally blew my mind. I fell in love with these characters and the horrific circumstances that they went through, brought me to tears, more than once. I truly feel that this book is going to sail to number one and could very well end up being a movie. I have read several books by Jennifer Hartmann and have loved everyone of them, but this book is the one that sets her apart from all other authors." - Vanessa, Goodreads reviewer*

*"WOW. Jennifer Hartmann's emotional brand of writing leaves me breathless, every.stinking.time. This book is a roller coaster... you find yourself laughing at the banter and antics between the H and h, but then you're crying on the next page. I cried so many ugly tears during the reading of this book...prepare yourselves. One of the best I've read in a while." - E. R. Whyte, author of 'Reclaiming Heaven Series'*

*"Intense, twisted, and stunning. Beautiful messages of love and hope shine through the darkness in Hartmann's new novel. This story addresses some difficult issues, like PTSD and sexual violence, in a heartfelt and inspiring way. It was such an emotional rollercoaster for me: I laughed, I cried, and I sat on the edge of my seat, struggling to put the book down. The chemistry between Cora and Dean is hot and explosive and these characters really came to life for me." - L. Starla, author of 'From Prying Eyes'*

*"This book was equally devastating, soul crushing, hard to read at times, HOT, and beautifully crafted. Jennifer Hartmann writes words like pure poetry and knows exactly how to invest you into every scene. These characters are so well developed and their CHEMISTRY is out of this world! I couldn't put this book down. This is a new best selling author right here, just watch!" - Autumn, Goodreads reviewer*

*"My heart was shattered a thousand times over when I read this. I cried ugly tears and reread parts to just numb and become unnumbed from my own inner disarray. Jennifer is so artful in her use of words that she can make you feel everything without going into explicit details. There were points that I found myself marveling at the complete lack of detail and the way I seemingly had ALL the detail in my mind as the words drifted through through my subconscious." - Charity, Goodreads reviewer*

*"Jennifer has a very rare gift. It doesn't matter how dark the subject matter is, she has a way of drawing you in and making you feel every emotion that the characters are feeling. I didn't feel like I was reading a book. I was so immersed in the story and the characters, it felt more like I was sitting with two people who were recounting their experience to me. It's absolutely amazing." - Stephanie, Goodreads reviewer*

**Dear Santa,**

For Christmas this year, may I please get my very own Daddy who is looking for a boy to keep? Because I'm a little, I need lots of cuddles and attention. So, a Daddy who can only see me on occasion, or who's never been a Daddy before, probably won't want me. Maybe I need two Daddies? I promise I'll be the bestest boy ever! I pick up my toys, do my chores and take my naps without argument. And since I'm not little all the time, I can also keep my Daddy happy in *other ways*.

I hope you can find me a Daddy who was meant for me. I haven't had anyone take care of me in a long time and I'm feeling lost. Santa, I've been a very good boy this year, so pretty please can you make my Christmas wish come true?

Love,  
Eric

*Dear Daddy, Please Keep Me is part of the Naughty or Nice multi-author series. From this installment, you can expect a healthy dose of fluff, a large Squishmallow collection, inappropriate peppermint stick usage and two silver fox Daddies. Each book in the Naughty or Nice series can be read as a standalone, but there are so many boys hoping that holiday magic will bring them their perfect Daddy, why not grab them all?*

## **Kickstart My Heart (Burgers and Brew Crue Book 1)**

Walker

There's nothing better than a packed house on a Saturday night, and co-owning the hottest restaurant and bar in town with my best friends, isn't so bad either. We put everything into Burgers and Brew. My job is to keep the alcohol moving and the patrons coming back for more. I won't let anyone break my focus.

That was until I saw her.

As much as I try, I can't fight it. Mallory makes me crave a future I never wanted for my own.

Now, I want it all.

Mallory

When I started my new job at a local specialty burger restaurant, I wasn't expecting to find a tall, dark, and devastatingly handsome distraction in the form of Walker Meyer. He's one of the owners, which means hands off. Only problem, it's a lot easier said than done.

Especially when he's so good with my daughter.

I try to keep him at a distance, but he's insistent, slowly breaking down every one of my walls. He's fighting to convince me I can trust him with not only my heart, but my daughter's too.

I pray he's right.

Tori is not a happy girl. The world is not beating a path to her door. She's living at home while her parents go on a round-the-world cruise, and trying to get tech jobs. They're only gigs, really, for no one seems to be hiring permanently. Then she finds out her new next door neighbor has a camera pointed at her back yard – where she swims nude, and that there's nothing legal she can do about it. Soon after that she has a job interview, a very promising one, with her next door neighbor, who turns out to be a partner in an investment firm. He's big, powerfully built, handsome, and way too old. But he knows his stuff, both in investments and in tech. And despite an uncomfortable start, she accepts the gig. She knows he's after more than her tech skills, of course, but she quickly softens on the thought of letting him have what he wants. He's awfully confident and smart, after all. Soon enough she's giving her oral reports in a bikini, and then in less than that as his new project seems to be dominating her and teaching her to submit to his skillful and scalding expertise in bed. Mister MacDonald is going to find her a new job once she's properly trained and disciplined, and Tori is too darkly thrilled to refuse.

## Got It Going On: MILF Body Swap

**Author: M Wills**

My girlfriend, Stacy, is an amateur witch. She can do magic, just not very well, which is why I'm hesitant when she comes to me with a spell that will swap our bodies for a day. I like being a guy. I mean, I'm not very attractive or popular but, well, change is scary.

Stacy promises it will be for just a single day, just to see what it's like. I reluctantly agree, figuring that since Stacy's thin and tomboyish it won't really be that different. Right?

But something goes wrong and I find myself in her mom's body. And her mom is definitely not tomboyish. She's a stunning, full figured woman with an adorable face and the most amazing curves I've ever seen. Plus I've somehow gotten stuck with her enticing French accent.

All I have to do is go one day in her body without getting into trouble. But it isn't easy to do when I'm suddenly a sexy woman with access to a magic amulet that will make my girlfriend lust after me no matter what I look like, a horny best friend who's eager to see every part of me, and Stacy's handsome dad who knows exactly how to please my new body.

I know it might be wrong but I'm inside of Stacy's mom.

## **His Big Package (Mistletoe Montana)**

**Author: Jenika Snow**

Blythe

I'd felt arousal for the first time in my life when I spotted him across the room.

Logan Marsh was a big, burly man, towering over everyone and everything, his size almost inhuman, his masculinity having me keenly aware I was very much female.

And he watched me... God, he watched me like there was nothing else in the world that fascinated him but me.

We'd been thrown together for the holidays, him playing Santa and me Mrs. Claus. It was a professional relationship that turned out to be anything but. And my inexperience should have had me frightened by the way he looked at me... like he imagined me naked and spread eagle just for him.

But instead of running, which would have been the smart move, I found myself wanting all of it. With him.

Logan

The world tilted under my feet the moment I saw her. This tiny little thing who was half my size but called out to every protective, possessive instinct in my body.

She was the woman I'd been waiting for, and there was no deviating from my path to claim her.

Blythe was so very female to everything in me that was male, and I wanted to memorize every inch of her body with my hands, lips, and tongue.

Whatever primal need rode me, it did it hard and without apology. I'd probably frighten Blythe with my need for her, but better she found out now what kind of man I was when it concerned something I wanted.

And I'd never wanted anything as much as her.

## **And Then There Was Her (And Then There Was, 1)**

***Author: Jenika Snow***

My job had taken me into the city.

I'd taken myself into a bar afterward.

I'd only gone there for a drink, but then I saw her, sitting on that stage, singing her heart out, her words sad and sorrowful, her voice beautiful and calling to me.

I wanted to know more about her right then and there.

And after that night, I took her back to my hotel. We'd both become lost in pleasure, and then she left, no goodbye, no last name or phone number given to me so I could find her again.

Now, three months later, after trying to figure out where she was, all but being a stalker, I was still nowhere close to finding out who Adele was. But that would change, because I was headed back to the city for work. My plan was simple.

Scour the city, go to every bar, and find her—because leaving without making her mine was not an option.

## **Enemies with Benefits (A Real Man, 27)**

**Author: Jenika Snow**

-All stories in the Real Man series can be read as complete standalone titles-

It was hate at first sight. That's what I told myself anyway, because wanting Malachi, who was my brother's best friend, probably wasn't the smartest move.

He got under my skin in the worst kind of way... and I was pretty sure he got off on it.

I could have ignored my desire, an arousal that was at war with my annoyance with Mal, but then we found each other alone at my parents' house and everything changed.

He taunted, teased... pushed me to the point I couldn't stop myself from acting out, letting my arousal take control.

I started showing Mal exactly how much I wanted him, even if it was the worst idea of my life.

Or maybe it wasn't.

What I didn't anticipate was him giving me a night I'd never forget, a night that would shake all other experiences in my life. It was after that when I realized I didn't hate Malachi. I was hopelessly, madly, and irrevocably in love with him.

Sleeping with the enemy never felt so good.

## **Sweet Cheeks (Sweet Enough To Eat Book 1)**

**Author: Olivia T. Turner**

I *hate* Valentine's Day.

I know that sounds cliché. What millions of single women say to get through the tough day with a little dignity, but they don't really hate it. They hate that they're single. They don't hate the actual day.

Well, I do.

I hate it, hate it, freaking wish it would die a slow painful death hate it.

I hate it the way turkeys hate Thanksgiving, the way Santa's elves hate Christmas, the way bartenders hate Saint Patrick's Day.

You see, my family owns a flower shop. So, Valentine's Day has always been hell.

But once I catch sight of Mr. London during a delivery, my hellish day turns to heaven.

Because billionaire CEO Joseph London is a man in a god's body.

He's out of this world.

And once we see each other, we're going to exchange more than just cards and roses.

We're going to give each other our hearts.

*You won't need chocolate after reading this sweet and steamy book! You might need a cold shower though!*

*SAFE, no cheating, and of course a sugary sweet Valentine's Day worthy HEA. Enjoy!*

## **Pretty Lies (Watch Me Burn Book 1)**

**Author: R.E. Bond**

My dad's an asshole. Plain and simple.

He's made it obvious that I can only ever rely on myself.

Until I meet them.

Caden, Tyler, Jensen, and Lukas.

My new stepbrother and his best friends have suddenly become my everything.

Until they aren't.

They think they can break me, but they're dead wrong.

They wouldn't have bet on me having someone else on my side, or in my bed.

These rich boys haven't seen anything yet.

Their pretty lies are nothing compared to what's coming though, and I'm going to need them to anchor me when I finally break.

Death is coming to those who deserve it, and I don't care if I lose myself in the process.  
Did I mention the local street crew being on my side?  
No one will ever see me coming.

My name's Rory Donovan, and I'm about to paint the walls red.

\*Pretty Lies is a 75k word dark romance reverse harem novel. This is the first book in the series and it must be read in order. The first four books are Rory's, and the harem grows over those books, so other guys will be added as the story goes. It contains abuse and rape content, and the series will have m/m. If you are triggered by sensitive content, this series is not for you.

## **Her Fertile Futa Research: A Fruitful Futa-on-Female Submission**

***Author: Madeline Dusk***

In urgent need of a job and somewhere to stay during the college summer break, Willow is recommended for a position as the live-in research assistant for an enigmatic author and her sensually beautiful wife. Then her startling and vigorous interview introduces the English not only to the enormous, insatiable surprises between Ms. Joyce's and Ms. Martha's thighs, but also to her own submissive nature...

Ms. Joyce is crafting a period piece chronicling a noblewoman's awakening to her repressed carnal desires. Willow's main duty is to help the writer meticulously research the sensually depraved acts common at the time... and the young coed throws herself eagerly into the pleasure and pain of her work.

But between researching the best devices for punishment—or the intimate uses of tea, ginger root and pokers—Willow slowly begins to suspect her position may include another critical duty. Did the insatiable futa couple have an ulterior motive for hiring a submissive, fertile coed?
