Growing up, Devaney Diamond and Chase Mackenzie promised to go to college together. But it's been two years since the summer that changed everything between them, and their friendship hasn't recovered.

Now, Dani is faced with all the challenges of her freshman year of college--navigating rush week, making new friends, and living on her own--which is both exhilarating and intimidating. In high school, Dani was homecoming queen and head cheerleader. She should be able to handle the pressure, but college has been more overwhelming than she expected.

Chase, on the other hand, is living the dream. It's his senior year of high school, his football team is hoping to go undefeated, and he's being heavily recruited.

When Dani returns home for a weekend, she realizes why college feels so overwhelming--she doesn't have Chase to share it with. In hopes of salvaging their friendship, she repeats an old tradition--sneaking over to his room with pizza after his game. But instead of fixing their friendship, they end up sleeping together.

Chase is thrilled that Dani is back in his life, but being friends with benefits when feelings are involved is more complicated than Chase imagined.

Will Chase and Dani work through their feelings for one another, or will their childhood promise be shattered when Chase announces what college he will commit to?

A Deal with the Elf King (Married to Magic)

Author: Elise Kova

Perfect for fans of *A Court of Thorns and Roses* and *Uprooted*, this stand-alone, fantasy romance about a human girl and her marriage to the Elf King is impossible to put down!

The elves come for two things: war and wives. In both cases, they come for death.

Three-thousand years ago, humans were hunted by powerful races with wild magic until the treaty was formed. Now, for centuries, the elves have taken a young woman from Luella's village to be their Human Queen.

To be chosen is seen as a mark of death by the townsfolk. A mark nineteen-year-old Luella is grateful to have escaped as a girl. Instead, she's dedicated her life to studying herbology and becoming the town's only healer.

That is, until the Elf King unexpectedly arrives... for her.

Everything Luella had thought she'd known about her life, and herself, was a lie. Taken to a land filled with wild magic, Luella is forced to be the new queen to a cold yet blisteringly handsome Elf King. Once there, she learns about a dying world that only she can save.

The magical land of Midscape pulls on one corner of her heart, her home and people tug on another... but what will truly break her is a passion she never wanted.

A Deal with the Elf King is a complete, *stand-alone novel*, inspired by the tales of Hades and Persephone, as well as *Beauty and the Beast*, with a "happily ever after" ending. The Princess Bride: S. Morgenstern's Classic Tale of True Love and High Adventure

Author: William Goldman

William Goldman's modern fantasy classic is a simple, exceptional story about quests—for riches, revenge, power, and, of course, true love—that's thrilling and timeless.

Anyone who lived through the 1980s may find it impossible—inconceivable, even—to equate *The Princess Bride* with anything other than the sweet, celluloid romance of Westley and Buttercup, but the film is only a fraction of the ingenious storytelling you'll find in these pages. Rich in character and satire, the novel is set in 1941 and framed cleverly as an “abridged” retelling of a centuries-old tale set in the fabled country of Florin that's home to “Beasts of all natures and descriptions. Pain. Death. Brave men. Coward men. Strongest men. Chases. Escapes. Lies. Truths. Passions.”

Author: Lauren Oliver

From *New York Times* bestselling author Lauren Oliver comes a captivating, thrilling novel of fear, friendship, courage, and hope that will leave readers gasping for air. Now a television series on Prime Video, starring Olivia Welch, Mike Faist, Jessica Sula, Enrique Murciano, Camron Jones, and Ray Nicholson!

E. Lockhart, author of *We Were Liars*, calls *Panic* “a thrill a minute.” *Kirkus* says: “Will have readers up until the wee hours,” *School Library Journal* raves: “Fast-paced and captivating.”

Panic began as so many things do in Carp, a poor town of twelve thousand people in the middle of nowhere: because it was summer, and there was nothing else to do. Heather never thought she would compete in panic, a legendary game played by graduating seniors. She'd never thought of herself as fearless, the kind of person who would fight to stand out. But when she finds something, and someone, to fight for, she will discover that she is braver than she ever thought.

Dodge has never been afraid of panic. His secret will fuel him, and get him all the way through the game; he's sure of it. But what he doesn't know is that he's not the only one with a secret. Everyone has something to play for. For Heather and Dodge, the game will bring new alliances, unexpected revelations, and the possibility of first love for each of them—and the knowledge that sometimes the very things we fear are those we need the most.

Read the book that inspired the series, which the *New York Times* described as “Reminiscent of ‘The Hunger Games’ but grounded in the real world.”

So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Author: Laura Thalassa

For the last seven years she's been collecting a bracelet of black beads up her wrist, magical IOUs for favors she's received. Only death or repayment will fulfill the obligations. Only then will the beads disappear.

Everyone knows that if you need a favor, you go to the Bargainer to make it happen. He's a man who can get you anything you want ... at a price. And everyone

Wolfish: Moonborne: A Fated Mates Paranormal Romance

Author: G.K. DeRosa

Fate has a wicked sense of humor.

When I was sixteen, I met the love of my life in magic school. He'd appear exactly once a year at the annual masquerade ball, then vanish...

Fast forward to the present: to the night I'm attacked and my hidden wolf emerges. As it turns out, I'm a freakin' hairy, tail-wagging, shape-shifting werewolf so instead of returning to the human world after graduating, I'm dragged to Moon Valley to control my inner beast. Only problem is, I'm not *just* a wolf.

And someone wants me dead because of it.

When I meet the alpha heir, sparks fly. And bombshell—he's my supposed wolfy fated mate, but he's nothing like the boy I loved. He's cold, sullen, a total jerk but impossibly gorgeous. *Of course*. And he's got secrets too. Despite hating him most days, I can't deny the irresistible attraction...and neither can he. Even after he rejects me.

Little does he know, I'm more than capable of taking care of myself—maybe even capable of taking his claim as alpha.

The Bone Season: A Novel

Author: Samantha Shannon

The *New York Times* bestselling first novel in the Bone Season series, an epic fantasy about a young woman fighting to use her powers and stay alive in an England entirely different from our own.

In 2059, Scion has taken over most of the world's cities, promising safety for all the citizens it deems worthy and wiping out clairvoyants wherever it can find them.

Paige Mahoney, though, is a clairvoyant—and a criminal just for existing. Paige is determined to fight Scion's power, and as part of the Seven Seals, Paige has found a use for her powers: she scouts for information by breaking into others' minds as they dream.

But when Paige is captured and arrested, she encounters a power more sinister even than Scion. The voyant prison is a separate city, controlled by a powerful, otherworldly race. These creatures, the Rephaim, value the voyants highly—as soldiers in their army.

Paige is assigned to a Rephaite keeper, Warden, who will be in charge of her care and training. He is her master. Her natural enemy. But if she wants to regain her freedom, Paige will have to learn something of his mind and his own mysterious motives.

The Bone Season introduces a compelling heroine—a young woman learning to harness her powers in a world where everything has been taken from her. It also introduces an extraordinary young writer, with huge ambition and a teeming imagination. Samantha Shannon has created a bold new reality in this riveting debut.

I had no idea how those words would change my life. Or how they'd changed my life already...

Until the day the most dangerous man I've ever met waltzed onto my farm and left us a death sentence.

In an invitation.

My younger brother has been chosen for the prestigious, secret magical school hidden within the folds of our mundane world. A place so dangerous, they don't guarantee you'll make it out alive. If he doesn't go our entire family will be killed.

It's the same invitation my older brother received three years ago—the same place he mysteriously died.

The academy has already killed one sibling. I'll be damned if they take another.

I do the only thing an older sister can: chop off my hair, strap on two bras to flatten the girls, and take my brother's place.

Magic and monsters are real. Assassins are coming for me, and the dead are prone to rise. What's a girl faking it as a boy supposed to do? That's right—beat the academy at its own game.

Or die trying.

Jaymin Eve, Bestselling Author of Supernatural Academy

The Shadowkiller is back.

And he is hunting me down like a dog in the streets of New York City using every tool and ally he has—including people I once trusted.

I have never been so alone in my life, and yet if I turn to my friends that puts a target on their backs too. Which means I have to keep running.

So, I do what I know, and I set myself to finding the trail of breadcrumbs that will lead me to the one who is still pulling the strings.

Frost. A Chameleon just like me. Just like the Shadowkiller. Worse, she's seeking out my friends to pick them off, one by one. To drain their lives in order to feed hers.

To stop her, I have to find her—a task easier said than done in a city this size.

What I don't expect to find is a truth that this world and its secrets run far deeper, and far darker than I could have ever suspected.

But is any of that going to stop me?

Not a chance.

The Hunger Games (Hunger Games Trilogy, Book 1)

Author: Suzanne Collins

In the ruins of a place once known as North America lies the nation of Panem, a shining Capitol surrounded by twelve outlying districts. The Capitol keeps the districts in line by forcing them all to send one boy and one girl between the ages of twelve and eighteen to participate in the annual Hunger Games, a fight to the death on live TV.

Sixteen-year-old Katniss Everdeen regards it as a death sentence when she steps forward to take her sister's place in the Games. But Katniss has been close to death before—and survival, for her, is second nature. Still, if she is to win, she will have to start making choices that weigh survival against humanity and life against love.

Wolf Kissed (Luna Marked Book 1)

Author: Heather Renee

Fighting fate isn't for the weak.

Cait

I am many things, but a supernatural being is not one of them. At least until a crescent mark appears on my wrist and everything changes. I've been marked by a wolf goddess, yet no one knows what that means, myself included.

On top of that, I find out my best friend is a werewolf and her pack alpha is my supposed mate. Just like that my future is decided—unless I find a way out.

Roman

When fate sends a human mate my way, I'm certain it has to be a mistake. An alpha is supposed to have an equal at his side. Cait might be strong in her own ways, but what she is makes her an easy target in my world.

Regardless, Cait is mine to protect and I have every intention of showing her this is where she belongs—in my pack, by my side.

This is a dual POV wolf shifter series. It features a strong willed, not-so-human leading lady and a fierce yet loyal alpha who is determined to win her heart—no matter how many times she might reject him. If you love books by Leia Stone, Heather Hildenbrand, and Patricia Briggs, then be ready to devour this new series!

Wolf Girl

Author: Leia Stone

When my parents were banished from Wolf City before I was born, I thought there was no way I would ever live in a pack again. Cuffed, with my shifter magic bound, I was forced to go to school with witches and vampires in order to keep my true nature from coming out.

Then I met him.

Sawyer Hudson.

The Alpha's son was visiting the Delphi College for Magically Banished Youth and spotted me. He took one look at me, and an hour later, I was being pulled out of school, taken into Wolf City and leaving my parents and everything I knew behind.

It's the Alpha's son's selection year, the year he must pick a mate, and every female aged 18-22 must be in attendance.

I've landed myself in the middle of Werewolf Bachelor, and just when I think I've got a handle on things, Sawyer releases my cuffs, unbinds my magic, and sees what I really am.

The problem is, I don't know what this creature is that I transform into. It's not an ordinary werewolf, that's for damn sure.

Stamped: Racism, Antiracism, and You: A Remix of the National Book Award-winning Stamped from the Beginning

Author: Jason Reynolds

The #1 *New York Times* bestselling, "must-read" (*San Francisco Chronicle*), "amazingly timely and stunningly accessible" (Jacqueline Woodson) exploration of race and racism from award-winning, beloved authors Jason Reynolds and Ibram X. Kendi, now in paperback.

This is NOT a history book.

This is a book about the here and now.

A book to help us better understand why we are where we are.

A book about race.

The construct of race has always been used to gain and keep power, to create dynamics that separate and silence. This remarkable reimagining of Dr. Ibram X. Kendi's National Book Award-winning *Stamped from the Beginning* reveals the history of racist ideas in America, and inspires hope for an antiracist future. It takes you on a race journey from then to now, shows you why we feel how we feel, and why the poison of racism lingers. It also proves that while racist ideas have always been easy to fabricate and distribute, they can also be discredited.

Through a gripping, fast-paced, and energizing narrative written by beloved award-winner Jason Reynolds, this book shines a light on the many insidious forms of racist ideas--and on ways readers can identify and stamp out racist thoughts in their daily lives.

Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home.

The Golden Boys: Dark High School Bully Romance (Kings of Cypress Prep Book 1)

Author: Rachel Jonas

West Golden—so easy to hate, yet so hard to resist.

Don't let that pretty face of his fool you. He isn't the boy next door, or the kind you trust with your heart. He's the devil in designer jeans, with all the charm of a bona fide psycho.

Trust me.

He swears I did something to cross him before I even stepped foot inside Cypress Prep, but it's a lie. No one knows better than me that I'm all out of chances. One more misstep and I can kiss my future goodbye, which means I can't possibly be guilty of whatever he thinks I've done.

West marks me with a target anyway, and as this town's football star, no one dares to go against him. His money, status, and the loyalty of his equally entitled brothers makes him seem untouchable. Only, I know better than that.

This false god isn't infallible like he wants the world to believe. Whenever I stare into those devilish green eyes, I see it plain as day. The chink in his armor. His one and only weakness.

Me.

The King of Cypress Prep has finally met his match, and taking him down just became an inside job.

The Golden Boys are all smokin' hot, but there's only one guy for Blue Riley, which means this romance isn't a reverse harem. Also, full disclosure, this saga does contain strong bully themes. So, if you're not into romances where hate turns into love (well ... eventually), and if you don't like your heroes of the unapologetically alpha variety, this might not be the book for you. There is no rape or dubious consent whatsoever. However, due to adult themes and sexual situations, this one's only for the 18+ crowd.

This series is sure to give you GOSSIP GIRL and ONE TREE HILL vibes, and the angst will keep you burning through the pages to find out what happens next. One-click and get lost in this series today!

Spensa's life as a Defiant Defense Force pilot has been far from ordinary. She proved herself one of the best starfighters in the human enclave of Detritus and she saved her people from extermination at the hands of the Krell—the enigmatic alien species that has been holding them captive for decades. What's more, she traveled light-years from home as an undercover spy to infiltrate the Superiority, where she learned of the galaxy beyond her small, desolate planet home.

Now, the Superiority—the governing galactic alliance bent on dominating all human life—has started a galaxy-wide war. And Spensa's seen the weapons they plan to use to end it: the Delvers. Ancient, mysterious alien forces that can wipe out entire planetary systems in an instant. Spensa knows that no matter how many pilots the DDF has, there is no defeating this predator.

Except that Spensa is Cytonic. She faced down a Delver and saw something eerily familiar about it. And maybe, if she's able to figure out what she is, she could be more than just another pilot in this unfolding war. She could save the galaxy.

The only way she can discover what she really is, though, is to leave behind all she knows and enter the Nowhere. A place from which few ever return.

To have courage means facing fear. And this mission is terrifying.
