The Never King (Vicious Lost Boys Book 1)

Author: Nikki St. Crowe

The stories were all wrong — Hook was never the villain.

For two centuries, all of the Darling women have disappeared on their 18th birthday. Sometimes they're gone for only a day, some a week or a month. But they always return broken.

Now, on the afternoon of my 18th birthday, my mother is running around the house making sure all the windows are barred and the doors locked.

Because when night falls, he comes for me. And this time, the Never King and the Lost Boys aren't willing to let me go.

NOTE: *The Never King* is a reimagining of *Peter and Wendy*. Characters have been aged up for this darker, grittier version. Zodiac Academy: The Awakening

Author: Caroline Peckham

The Amazon.com and Wall Street Journal #1 bestselling dark fantasy romance series from authors Caroline Peckham & Susanne Valenti

I'm a Gemini. Impulsive. Curious. Headstrong. A twin. Heir to a throne I know nothing about. And it turns out, I'm Fae.

But of course there's a catch - all I have to do to claim my birth right is prove that I'm the most powerful supernatural in the whole of Solaria. And sure, technically that's true as I'm the daughter of the Savage King. But the bit they didn't put in the brochure was that every single Fae in this Kingdom would claim my throne if they could.

The school they've sent me to is both dangerous as sh*t and one helluva party. Vampires bite weaker students in the corridors, the Werewolf pack has orgies in the Wailing Wood at every full moon and don't even get me started on the dark and twisted ways the Sirens use their powers on people's emotions, or how my sinfully tempting Cardinal Magic teacher hosts detentions that leave people needing therapy.

Classes are totally interesting if you manage to live through them. And that Gemini star sign I mentioned? It now determines my elemental magic and affects my destiny, so learning astrology is essential if I'm going to beat down my classmates – which is actively encouraged by the way.

My biggest problem is the drool worthy Dragon shifter who has his eyes on my throne. He and his three psycho friends are determined to make my time here hell.

All I've got to do is survive. But fate might have other ideas.

Dammit, why couldn't I have gotten a letter to Hogwarts?

This is a dark, bully romance – don't go expecting a sweet school for magic with friends around every corner. Fae fight for everything they own and Zodiac Academy is a cutthroat school for students aged 18+ where only the strongest prevail. There's no Dumbledore here to save anyone's ass and Lionel Acru will give Voldemort a run for his money in the evil dictator category. So hold onto your stardust (broomsticks not required) and get ready for a bumpy ride

Queen of the fae courts. Faced with an impossible battle. Destined to never be with the Unseelie I love.

The magical tea has worn off. My eyes are wide open. And it's with horror that I realize the fate of two realms rests on my shoulders after my mother's ultimate sacrifice to trap Rubezahl in Underhill.

Terrified humans clamoring for answers, whispered rumors from both Seelie and Unseelie, and a stepmother who seeks the throne for surprising reasons are the least of my troubles.

Rubezahl has returned far sooner than I thought possible. I'm not ready. I can't win this. And not only that...
He has something crucial if we are to win. He's taken something I cannot live without.

The place of the final battle has been decided, and two armies will meet. Yet forces beyond my understanding must be satisfied first--old magics rise and demand their dues.

There is no option but to race and decipher the puzzle to save the man I love, the friends more important to me than my own life, and humans and fae alike.

Two realms.
Only I can save them.
We're screwed.

If you can't get enough of Sarah J. Mass, Holly Black, or Jennifer L. Armentrout, you will love this vibrant world where impossible love and an explosive pace will leave you breathless!

Go Tell the Bees That I Am Gone: A Novel (Outlander Book 9)

Author: Diana Gabaldon

#1 NEW YORK TIMES BESTSELLER • Diana Gabaldon returns with the newest novel in the epic Outlander series.

The past may seem the safest place to be . . . but it is the most dangerous time to be alive. . . .

Jamie Fraser and Claire Randall were torn apart by the Jacobite Rising in 1746, and it took them twenty years to find each other again. Now the American Revolution threatens to do the same.

It is 1779 and Claire and Jamie are at last reunited with their daughter, Brianna, her husband, Roger, and their children on Fraser's Ridge. Having the family together is a dream the Frasers had thought impossible.

Yet even in the North Carolina backcountry, the effects of war are being felt. Tensions in the Colonies are great and local feelings run hot enough to boil Hell's teakettle. Jamie knows loyalties among his tenants are split and it won't be long until the war is on his doorstep.

Brianna and Roger have their own worry: that the dangers that provoked their escape from the twentieth century might catch up to them. Sometimes they question whether risking the perils of the 1700s—among them disease, starvation, and an impending war—was indeed the safer choice for their family.

Not so far away, young William Ransom is still coming to terms with the discovery of his true father's identity—and thus his own—and Lord John Grey has reconciliations to make, and dangers to meet . . . on his son's behalf, and his own.

Meanwhile, the Revolutionary War creeps ever closer to Fraser's Ridge. And with the family finally together, Jamie and Claire have more at stake than ever before.

The Constant Rabbit: A Novel

Author: Jasper Fforde

"Reads like a crazed cross between *Watership Down* and *Nineteen Eighty-Four*."

--The Guardian

"Every book of Fforde's seems to be a cause for celebration."

-- Charles Yu, *The New York Times Book Review* on *Early Riser*

A new stand-alone novel from the *New York Times* bestselling author of *Early Riser* and the *Thursday Next* series

England, 2022.

There are 1.2 million human-size rabbits living in the UK.

They wear clothes and can walk, talk and drive cars, the result of an inexplicable Spontaneous Anthropomorphizing Event fifty-five years earlier.

A family of rabbits is about to move into Much Hemlock, a cozy little village in Middle England where life revolves around summer fetes, jam making, gossipy corner stores, and the oh-so-important Spick & Span awards for the best-kept village.

No sooner have the rabbits arrived than the villagers decide they must depart, citing their propensity to burrow and breed, and their shameless levels of veganism. But Mrs Constance Rabbit is made of sterner stuff, and she and her family decide they are to stay. Unusually, their neighbors--longtime resident Peter Knox and his daughter, Pippa--decide to stand with them . . . and soon discover that you can be a friend to rabbits or to humans, but not both.

With a blossoming romance, acute cultural differences, enforced rehoming to a MegaWarren in Wales and the full power of the ruling United Kingdom Anti-Rabbit Party against them, Peter and Pippa are about to question everything they had ever thought about their friends, their nation, and their species.

An inimitable blend of satire, fantasy and thriller, *The Constant Rabbit* is the latest dazzlingly original foray into Jasper Fforde's ever-astonishing creative genius.

It's now clear that UFOs are real. When Jason Ramsey discovers their shocking agenda, his actions will either transform humanity . . . or destroy it entirely. *Unidentified* is a riveting page-turner. One detailing the actual evidence that UFOs are here, while offering a mind-blowing fictional take on the reasons why.

Ripped from today's headlines, *Unidentified* is the latest thriller from the *NY Times* bestselling author whose books have sold over two million copies.

Between 2017 and 2021 the US military admitted to having undeniable evidence that UFOs (now UAVs or UAPs) are here, and defy the laws of physics. When Jason Ramsey, a popular science-fiction writer, becomes obsessed with the subject, he undertakes a relentless quest to uncover what is really going on. After recruiting Tessa Barrett, an extraordinarily talented mercenary, Jason devises a risky, desperate plan to get to the bottom of it all. But the truth is far more shocking, convoluted, and dangerous than anyone could have guessed, and he has no idea who he can trust.

Jason soon realizes that he can only be certain of two things. He somehow holds the key to the future of the galaxy itself . . . and his chances of living out the week are vanishingly small.

Unidentified is a masterful near-future thriller, one packed with nonstop action, unexpected twists, extraordinary technology, and astonishing ideas.

Over 1000+ pages of Military Science Fiction action!

"Pulse pounding action coupled with a look at the cost of war - Weapons Free grabbed me from the first page." - USA Today Bestselling Author Rhett C. Bruno

Thirty-five years of peace. One vicious attack destroys it all.

Reservist Lieutenant Justin Spencer loves every minute of flying fighters through space during his annual two-week tour with the Coalition Defense Force. The job back home isn't nearly as thrilling as blowing up asteroids with the squadron under his command, but it keeps him close to his wife and daughter. After all, joining the CDF was only for the free education. Justin never expected a battle, much less a war.

With one shot across his cockpit, peacetime fades into memory.

An unexpected enemy emerges with overwhelming force designed to obliterate the Terran Coalition. The League of Sol has a different name, but it's the same communist regime that chased away much of Earth's population hundreds of years ago.

Illusions of returning home are shattered in a single instant. Simulated battles become all too real, and it's full-on engagement or permanent elimination. Death and destruction erupt across the Terran Coalition and leave Justin in a protracted war with only one truth remaining.

The battlefield will leave no one unscathed.

Includes the first 3 novels in the bestselling **Battlegroup Z** series:

- Weapons Free
- Hostile Spike

Author: Sarah J. Maas

Sarah J. Maas's sexy, richly imagined series continues with the journey of Feyre's fiery sister, Nesta.

Nesta Archeron has always been prickly-proud, swift to anger, and slow to forgive. And ever since being forced into the Cauldron and becoming High Fae against her will, she's struggled to find a place for herself within the strange, deadly world she inhabits. Worse, she can't seem to move past the horrors of the war with Hybern and all she lost in it.

The one person who ignites her temper more than any other is Cassian, the battle-scarred warrior whose position in Rhysand and Feyre's Night Court keeps him constantly in Nesta's orbit. But her temper isn't the only thing Cassian ignites. The fire between them is undeniable, and only burns hotter as they are forced into close quarters with each other.

Meanwhile, the treacherous human queens who returned to the Continent during the last war have forged a dangerous new alliance, threatening the fragile peace that has settled over the realms. And the key to halting them might very well rely on Cassian and Nesta facing their haunting pasts.

Against the sweeping backdrop of a world seared by war and plagued with uncertainty, Nesta and Cassian battle monsters from within and without as they search for acceptance-and healing-in each other's arms.

Fairy Tale

Author: Stephen King

Legendary storyteller Stephen King goes into the deepest well of his imagination in this spellbinding novel about a seventeen-year-old boy who inherits the keys to a parallel world where good and evil are at war, and the stakes could not be higher—for that world or ours.

Charlie Reade looks like a regular high school kid, great at baseball and football, a decent student. But he carries a heavy load. His mom was killed in a hit-and-run accident when he was ten, and grief drove his dad to drink. Charlie learned how to take care of himself—and his dad. When Charlie is seventeen, he meets a dog named Radar and his aging master, Howard Bowditch, a recluse in a big house at the top of a big hill, with a locked shed in the backyard. Sometimes strange sounds emerge from it.

Charlie starts doing jobs for Mr. Bowditch and loses his heart to Radar. Then, when Bowditch dies, he leaves Charlie a cassette tape telling a story no one would believe. What Bowditch knows, and has kept secret all his long life, is that inside the shed is a portal to another world.

King's storytelling in *Fairy Tale* soars. This is a magnificent and terrifying tale in which good is pitted against overwhelming evil, and a heroic boy—and his dog—must lead the battle.

Early in the Pandemic, King asked himself: "What could you write that would make you happy?"

"As if my imagination had been waiting for the question to be asked, I saw a vast deserted city—deserted but alive. I saw the empty streets, the haunted buildings, a gargoyle head lying overturned in the street. I saw smashed statues (of what I didn't know, but I eventually found out). I saw a huge, sprawling palace with glass towers so high their tips pierced the clouds. Those images released the story I wanted to tell."

Rhapsodic (The Bargainer Book 1)

Author: *Laura Thalassa*

Callypso Lillis is a siren with a very big problem, one that stretches up her arm and far into her past. For the last seven years she's been collecting a bracelet of black beads up her wrist, magical IOUs for favors she's received. Only death or repayment will fulfill the obligations. Only then will the beads disappear.

Everyone knows that if you need a favor, you go to the Bargainer to make it happen. He's a man who can get you anything you want ... at a price. And everyone knows that sooner or later he always collects.

But for one of his clients, he's never asked for repayment. Not until now. When Callie finds the fae king of the night in her room, a grin on his lips and a twinkle in his eye, she knows things are about to change. At first it's just a chaste kiss—a single bead's worth—and a promise for more.

For the Bargainer, it's more than just a matter of rekindling an old romance. Something is happening in the Otherworld. Fae warriors are going missing one by one. Only the women are returned, each in a glass casket, a child clutched to their breast. And then there are the whispers among the slaves, whispers of an evil that's been awoken.

If the Bargainer has any hope to save his people, he'll need the help of the siren he spurned long ago. Only, his foe has a taste for exotic creatures, and Callie just happens to be one.

Yesterday I was a teenager waiting tables in Manhattan, and today, monsters exist and I can see them.

United: Magiford Supernatural City (Pack of Dawn and Destiny Book 2)

Author: K. M. Shea

A wolf is attacking the humans of Timber Ridge and changing them into werewolves—against their will.

The change process is extremely dangerous and involves bloodshed. It isn't something that happens by accident, which can only mean one thing.

Someone is doing this on purpose.

I'm going to find the rampaging sicko responsible for this outbreak, even if it means I have to master my new magic to stop them.

Thankfully, Greyson—the Pack Alpha and the most powerful wolf in the Midwest—is always down for a hunt. The only problem is that I'm starting to find him attractive—which is the worst thing I could do. He's got an incomplete mate bond, and since I'm a hunter, I could never be a wolf's mate.

That's okay. I'm used to being alone. I'm a werewolf hunter, not part of the Pack. But that's an awfully dangerous place to be when there is a rogue wolf on the loose.

United is the second book in the Pack of Dawn and Destiny urban fantasy trilogy, and is part of the Magiford Supernatural City world. It features werewolves, hunters, and fae, and is filled with humor, adventure, and a sweet romance that will have you laughing out loud.
