

# The Vampire King: A Love Story

**Author: B.A. Stretke**

Only true love, given freely, could bring back the Vampire King's magic.

Liam Gabriel is venturing deep into Louisiana's marshy wilderness to find the elusive, and possibly extinct, Golden Iris. A member of the Louisiana Iris Society, he has been tasked with tracking down this delicate flower. He soon finds himself lost, and that's when the mystery begins. Everyone knows there are mystery and magic in the marshes and swamps, things the natural world cannot possibly explain. When a storm rolls in and Liam fears for his safety, he finds a light piercing the darkness, the light of a porch lamp. Liam finds the grandest and oldest mansion he has ever seen. Inside that mansion, Liam will find his destiny.

Arman Rainier has been alone for centuries. Once the powerful and feared Vampire King of Louisiana, now he is but a recluse in his mansion, hidden in the marshes, waiting for time to claim him. What remains of his magic keeps him cloaked and guarded. Without his beloved, his one true love, his power has waned, and the darkness waits to claim him. When Liam Gabriel, driven by a howling storm, pounds on the door of the Grande Belle Maison, Arman knows that fate isn't finished with him yet.

Old enemies lurk, and trust is hard to win. Can Liam trust his heart and the mysterious man? Can Arman win Liam's heart in time?

Fate always wins.

## Roommate

**Author: Sarina Bowen**

**Wanted: One roommate to share a 3-bedroom house, split the rent, and ideally not be the guy I can't stop thinking about.**

I'm a man with too many secrets, so the last thing I need is a new roommate with a sexy smile and blue eyes that see right through me. Eight years ago, Roderick left town after high school. We're not friends. I owe him nothing. But back then, I let one of my secrets slip, and he's the only one who noticed.

Part of me knows I should run far, far away. But the other part wants him to come upstairs and spend the night. But if I let him in, I could lose everything.

**Seeking: a room to rent in town. I'm tidy, have no pets, and I will feed you homemade bread.**

I should probably add: Gay AF, and has no filter. It's no wonder my new landlord is so wary of me.

A smarter man would ignore those hot glances from Kieran Shipley. The broody lumberjack wants more from me than another homemade pretzel, but if I push my luck, I'll end up back on the street.

Too bad I've never been smart with my heart...

## A Nothing Special New Year

**Author: AE Via**

**New Year's Eve is usually a night of fun and wild celebrations, but for a police officer, it can be the most dangerous night of the year.**

Officer Ellis Mason has worked as a beat cop on the streets of Atlanta for over eight years, and he knows what it takes to survive them. But when Lieutenant Godfrey and his infamous narcotics task force issue a dire warning about a lethal drug that's coming to the city, Mason finds himself fighting a war he's not trained for, with God pushing him beyond his limits.

*God's long, dark blond hair fell around them like a blackout curtain as he glowered down at Mason. "I'm gonna need you to be fuckin' sharper than that," he said gravely. "If I'd been a real threat in your house, you'd be dead and buried in your backyard by now."*

Mason and his partner are both on high alert, but the moment he stops the tall, handsome drifter who wandered into town—with the saddest brown eyes he's ever seen—Mason knows he doesn't belong.

Jesse Holstrom is lost and possibly in trouble, but Mason's instincts tell him that it isn't the drug-dealing kind. Every night that Mason patrols by and sees Jesse huddled on a park bench, cold and alone, it pulls at his heart a little more. Mason doesn't know how the young man ended up homeless and lost in his neighborhood, but when Jesse ends up on God's radar, Mason knows he doesn't have long to find out.

Mason promised himself he wouldn't let a good thing slip through his fingers again... not this year.

## Beautiful and Terrible Things

**Author: Riley Hart**

We were six years old when I fell in love with Gage Beaumont.

We were seventeen when he realized he felt the same.

His dad was the town troublemaker, and I was the son of a cop. We couldn't have been more different, yet we were best friends, had each other's backs, and kept each other's secrets. *What you are, I am*, we always said.

Then one night irrevocably changed our lives forever.

It's ten years before I see Gage again, and instantly I can tell he's not the same boy I fell in love with. We're both haunted and hardened by the memory of that night--of everything we did and saw.

Yet as much as we've changed, the connection between us lingers. Our history is so devastatingly complicated that it's difficult to allow ourselves happiness. With every touch, every laugh, every moment we take back, the more signs I see of the old Gage resurfacing. Little by little, I'm becoming the Joey he remembers too.

But it's never that easy. If we truly want to heal, we have to find strength not only in each other, but in ourselves. Life is filled with beautiful and terrible things, and this time, we'll do whatever it takes to hold on to the good, and to each other.

**Warning:** While this is a story about friendship, found family, and two men epically in love, it also deals with difficult themes: childhood physical and verbal abuse, some violence, depression, and anxiety.

## Right as Raine: An Aster Valley Novel

**Author: Lucy Lennox**

**Tiller:**

As the first openly gay professional football player, I can't afford to make any mistakes, on or off the field. And the absolute biggest mistake I could make right now would be to fall for Mikey Vining, my best friend, employee and, more importantly, Coach's baby boy. I might fantasize about Mikey at night—*every* night—but actually touching him would be a serious personal foul.

And falling for him? That's completely out of bounds.

**Mikey:**

I've learned my lesson about falling for one of my dad's players. They're a bunch of spoiled jocks with more muscles than brains. I've spent years learning to keep my eyes, and my hands, to myself. But resisting the temptation becomes nearly impossible when Tiller Raine and I end up together in a small cabin in a remote Colorado town.

Suddenly, there's not much to do but look at each other. And talk. And hopefully, *hopefully* touch.

But what happens when our stay in Aster Valley is over and it's time to return to the real world? Will Coach blow the whistle on our relationship? Or will Tiller admit there might actually be something he loves more than football after all?

## **When Three Points Collide: Ra's Story (The Gods Made Me Do It Book 9)**

**Author: Lisa Oliver**

When Three Points Collide.

The Gods Made Me Do It #9 - can be read as standalone

An ancient god, a demon, and a wolf shifter walk into a bar. No, it's not the start of a joke, but Ra, The Father of Everything in the ancient Egyptian pantheon,

thinks the Fates might be playing a joke on him when he drops in to try and help Cass and Wesley with their latest case. Seeing his mate for the first time, fighting for his life against three assassins should've been a cause for celebration, but Ra already knew the brave wolf shifter was destined for someone else.

Arvyn, alpha wolf shifter, didn't know what to think. One minute he was fighting off three attackers, the next, those attackers were frozen like statues and he was confronted with another wolf shifter and a demon. But he already knew, he'd heard his mate was locked up in a basement in the nearby vampire coven and he wasn't going to let anyone stop him from meeting and saving the one intended for him.

In the meantime, Kirill, Prince of the Dublin Coven was furious. Being chained to a wall in his own basement was the height of insult and as soon as he got his hands on the vampire responsible, that man's head was going to be permanently parted from his body. What he didn't expect, when he was busy trying to get out of his cell, was a feeling of calm that suddenly came over him, or the single drop of blood hovering in front of his face.

Three completely different men, all thrown together in one point in time. Can they build a future together the way the Fates intended, or will their differences split them apart?

This is an M/M/M menage MPREG Fated Mates story, although the mpreg is not the main focus of this story. While it can be read as a standalone, reading previous books in the Gods series will give you a better understanding of the dynamics between secondary characters like Paulie and Zeus. Wes and Cass's story (the demon/wolf shifter pairing) is the final book in the Cloverleaf Pack series. As with all of my stories, this book contains insta-lust, a journey towards love, no cheating and a guaranteed HEA.

I have to decide if I'm going to let love slip away again or if I'm going to finally fight for it.

At eighteen, I gathered the courage to tell him I was gay and admitted I'd never kissed a guy. He offered to be my first. Straight or not, that kiss had burned with nearly tangible fire and tattooed the moment on my heart.

**I've spent the last four years trying to forget it.**

Now we're seniors in college, and I've learned why secret relationships are a bad idea.

My brother is getting married, and my cheating ex is the best man. Honestly, Rook is more upset about it than I am. He comes up with this crazy plan to be my fake boyfriend for the week of the wedding.

If we're doing this, then we need to set some rules. Between fake kisses and sharing a bed, things could get messy. Because I'm in love with my best friend—and he has no idea.

**The rules are simple. I never expected Rook to be the one that started breaking them.**

## Featherbed

**Author: Annabeth Albert**

***When a bookworm on borrowed time meets a younger, free-spirited chicken farmer, sparks and feathers fly...***

Harrison Phillip Fletcher, III isn't supposed to be here. Not in Burlington, Vermont, not running Vino & Veritas, a quaint inclusive bookstore and wine bar, and definitely not still alive, at forty-two. Also not supposed to be here? An unexpected delivery of chickens.

Finn Barnes knows chickens. The burly organic farmer knows all about rare breed poultry, but dealing with a hot, older bookseller is an entirely different matter. City slicker types like Harrison never end up staying in Vermont for the long-term.

They should steer clear of each other. But the flare of attraction is mutual. And somehow amid book discussions and farm tours, they discover plenty in common. Now they're stealing kisses in Finn's barn, sneaking out like teens, and burning up the sheets.

What starts as a fling brings very real feelings for two lonely souls, but a future together seems as unlikely as chickens in a bookstore. Feathers may be flying, but learning to trust takes time neither may have. Can they take a leap of faith together before it's too late?

Then a goblin is murdered, and Marcum's laboratory mysteriously destroyed, opening the doors on a nightmare that should have ended for good more than a decade ago, but now seems to have returned with vengeance in mind...

## Watch Me

**Author: Sloane Kennedy**

Nikolai  
My rules when it comes to my job in personal protection are pretty simple:

1. Protect the client's life, not their feelings.
2. Don't put hands on a client unless you're getting them out of harm's way.
3. For God's sake, don't do something stupid like fall in love.

Twenty-four hours after meeting Jude Archer, rules 1 and 2 are already out the window.

Thankfully there's no chance of falling for the callous businessman who cares more about his next deal than he does his own safety.

Jude may have managed to make fools of all the guys his wealthy boss and rumored lover has hired to watch him, but he's playing in the big leagues now. The son of a bitch might not value his life, but I'm pretty fond of mine.

Time to teach the clueless Jude Archer a few hard lessons...

Jude  
My rules for success aren't for everyone, but they should be.

1. Work hard.
2. When you're on the verge of giving up, work harder. Life owes you nothing. You have to take what you want.
3. For God's sake, don't do something stupid like get distracted by feelings.

With just weeks between me and the closing of the deal that will give me everything I want, I don't have time to worry about a supposed stalker who hasn't had the balls to do anything more than send a few threatening letters to my wealthy boss.

Sure, I sent a few so-called bodyguards packing. Even if I thought I was in serious danger, I can't have someone watching me 24/7. My life works the way it does for a reason and no one, not even the gorgeous Russian ex-soldier who thinks he can scare me into submission, is going to change that.

Nikolai Falkov thinks he has something to teach me? Yeah, good luck with that.

## Butterfly

**Author: Michaela Grey**

Felix Papillon is determined he'll never be hurt again. He may look like he has his life together from the outside—starting goalie for the Portland Seabirds, fancy car, adoring fans clamoring for his autograph—but he won't allow anyone to see the scars on his heart.

When he meets Fisher Montgomery in the back of a dimly lit bar, the attraction is instant and mutual. But Felix isn't going to drop his guard just because of a pair of pretty brown eyes and excellent shoulders. He's learned his lesson. So he gives Fisher a fake name, and he makes it clear from the beginning that no matter how compatible they are in and out of bed, their relationship will never be more than physical.

That's just fine by Fisher. He's got enough to handle being a closeted gay man teaching kindergarten in a conservative private school. Someday he wants to settle down, but right now, with student loans, an old car about to fall apart, and a parent taking an inappropriate interest in him, Fisher doesn't have time to wonder why the man he's sleeping with looks vaguely familiar.

For a while, things seem to be going just fine. But nothing lasts forever, and soon enough, both men will be forced to confront the ghosts of their pasts if they're going to have any hope for a happy future.

What's a 6-letter word for a nerdy, crossword-loving town doctor who's doomed to be hopelessly, thoroughly, irrevocably, in love with that straight best friend for the rest of his born days?

That's T-U-C-K-E-R, as in me.

But when I agree to let Dunn be my 24/7 dating coach, and he decides to get our whole nosy town in on the act, there's only one 5-letter word to describe the pair of us.

F-O-O-L-S.

## **Heartscape**

***Author: Garrett Leigh***

**From award-winning author Garrett Leigh comes a gorgeous new romance in the True North world! Think: great food, burly men and good times. Beards are optional but encouraged.**

I'm not the obvious choice to run Burlington's coolest wine bar—quiet, brooding, clueless about tannin content, and always one wrong turn away from another downward spiral.

When a mutual friend calls in a favor, the sexy newcomer winds up crashing on my couch. I don't know if it's his melodic Cornish accent, or his ocean blue eyes, or the rock-hard body with the mysterious scars, but I get the feeling whatever happened to him runs far deeper than those wounds.

Having Jax in my home makes my chest warm. Makes me shiver. Makes me want more. But I've got a pile of baggage and I don't want to be a burden on anyone let alone a man who seems to have enough demons of his own.

## **Brutal Forces**

**Author: Jason Collins**

**JACK:**

She loved me, and when I failed her I lost more than just a client. Bodyguards don't mix with romance, so I've been married to my job for the past few years. But when that job lands me in a cabin guarding a man named Taylor, things aren't so clear cut. I've always been straight, but something's drawing me to him, and the more we're together the less I want to fight it.

He's testifying in a huge case, and if he wants to make it to the stand, I've got to keep him safe. That means keeping my distance—and keeping my feelings in check. Special Forces trained me to fight, but Taylor needs more than just a soldier.

**TAYLOR:**

Working in IT isn't usually high stakes, but when a mercenary group starts hunting me down, I'm forced to seek protection from a bodyguard. I'm testifying before Congress, and I need Jack's help to make it there in one piece. We can't cross the professional line or Jack may end up becoming a lethal distraction.

With a steely face and a soft heart under a tough shell, I can't keep my mind off him—especially when we're trapped together. But these killers are hellbent, and Jack needs a clear head if he's going to protect me. The last place I should be is by his side, but that's the only place I feel safe.

*This is a standalone MM romance.*

## **On the Run (Whispering Key)**

**Author: May Archer**

**Take it from Aunt Hagatha, darling: Fake soulmates and secrets do not mix.**

I came to Whispering Key to lie low for a while. A man who has secrets to keep (like, say, his identity as America's favorite agony aunt) should really not find himself embroiled in the paparazzi scandal du jour.

The last thing I needed was another guy in my life, since that's what got me into this mess in the first place... but then I met Beale Goodman.

He's my polar opposite. The world's largest, hottest, most virginal cinnamon roll. The human embodiment of goodness and light. A man whose blue eyes make me weak. A man who wouldn't know a designer label if he tripped over one. A man who rescues feral cats, for heaven's sake...

And a man who rescues me, too, by pretending to be my fake boyfriend—er, fake *soulmate*—while I'm hiding out here.

Trouble is, there's nothing fake about the way he kisses me, or the way it feels to be wrapped in his arms at night. And it's hard to lay low when the strange-but-lovable people on the island are determined to welcome Beale's new man into their ranks.

It's enough to make me realize I've been on the run for a while, and that this might be the first time I've found something I want to run *to* rather than *from*.

But only if I can keep my secrets from catching up with me.

Then Emilio came to me for protection.  
It's my fault he's in danger, and no one is going to touch him.

## **The Scottish Boy**

**Author: Alex de Campi**

1333. Edward III is at war with Scotland. Nineteen-year-old Sir Harry de Lyon yearns to prove himself, and jumps at the chance when a powerful English baron, William Montagu, invites him on a secret mission with a dozen elite knights. They ride north, to a crumbling Scottish keep, capturing the feral, half-starved boy within and putting the other inhabitants to the sword.

But nobody knows why the flower of English knighthood snuck over the border to capture a savage, dirty teenage boy. Montagu gives the boy to Harry as his squire, with only two rules: don't let him escape, and convert him to the English cause.

At first, it's hopeless. The Scottish boy is surly and violent, and eats anything that isn't nailed down. Then Harry begins to notice things: that, as well as Gaelic, the boy speaks flawless French, with an accent much different from Harry's Norman one. That he can read Latin too. And when Harry finally convinces the boy – Iain mac Mair Coluim – to cut his filthy curtain of hair, the face revealed is the most beautiful thing Harry has ever seen.

With Iain as his squire, Harry wins tournament after tournament and becomes a favourite of the King. But underneath the pageantry smoulder twin secrets: Harry and Iain's growing passion for each other, and Iain's mysterious heritage. As England hurtles towards war once again, these secrets will destroy everything Harry holds dear.

For Stirling, it's insta-huh?

Despite looking like he was put on this earth to be the Daddy of every boy's dreams, the thought of dating a younger guy has never even crossed Stirling's mind,

After coming out, his parents barely talk to him. He hasn't made any friends at university. Worst of all, he's about to spend Christmas completely alone in an empty dorm.

Jeremy clearly needs a fairy godfather, so football captain Max Pimenta takes him under his wing to help him find his dating groove. But Jeremy's wound way too tight. He's too vulnerable. And it's not like he can leave Jeremy all alone for the holidays. He'll bring him home to his family's maple syrup farm—strictly as friends since his parents have rules. No more fooling around. No more eager, breathless fun. No more making Jeremy shiver and blush with suggestive whispers in his ear. No more sweeter-than-sugar kisses. All nice. No more naughty.

## **Acquainted With the Night**

**Author: Lesli Richardson**

***I hated the military...and now I'm an alien's pet.***

I hated the Terran military. I didn't volunteer, either. Like so many others, I was drafted as cannon fodder in the senseless Terran war against the Algonquans. Not like I had much of a future ahead of me, though, without a rich family to pave my way or even pay for me to have a wife.

Now, my entire ship's been captured. If what we've been told about the alien race is true, I'll never be seen again. I hope they don't eat me.

Turns out the truth is far different than we were led to believe. The Algonquans aren't vicious, insectoid monsters, either.

We're now their pampered pets...and they're using us to help replenish their population to win the war.

You know, maybe this isn't the worst life after all.

*(MMMM, sci-fi romance, humans as aliens' pets, m-preg.)*

Note: This book was previously published under my Tymber Dalton pen name. It has been revised and expanded for re-release.

**How do you NOT fall in love with your bodyguard?**

**You make him your enemy, of course.**

Phinny doesn't need a husband or a family. So what if all his Brothers have been getting married and having children? Those are things people tell him he should want. *Not* things he actually wants. Unbeknownst to him, his Brothers have set him up with the best alpha possible: his bodyguard.

Blaze is twenty-six to Phinny's forty-four. He's young, full of distrust, and from the way Phinny ruins their first meeting? He hates Phinny.

In order to protect his heart, Phinny needs them to be enemies. But the way Blaze holds him, the way Blaze starts to see him for who he really is... It terrifies him.

They can't get so close. Or can they?

*Guarding His Enemy can be read as a standalone, but why would you? :D It's 81k of Enemies-to-Lovers awesomeness, with non-shifter MPreg, May/Dec,*

*Boss/Employee, lots of romance, and way too many jokes.*

## **Dear Daddy, Please Hold Us (Naughty or Nice Book 3)**

**Author: Colette Davison**

Dear Santa,

If I could make one wish this Christmas, it would be for a Daddy with a big enough heart for two. We both want a Daddy who can be loving, but also firm when he needs to be, who enjoys spanking his boys and making their asses red, and with big enough arms to hold us both.

We need a Daddy who can help us let go and relax.

Lastly, but probably most importantly, we need a Daddy who can meet both our needs. I don't have many boundaries as long as I can trust my Daddy, and I'm open to trying new things. Rett...well, he's a little more reserved but he has a huge heart, and he's the sweetest boy you'll ever meet.

Here's the thing, Santa: I have a little over a week to convince Rett to stay. I don't know if you can magic up a Daddy who can love us both, but I'm making this wish anyway.

With hope,  
Zeke

*Dear Daddy, Please Hold us is an MMM Christmas romance, with a pair of army brats, an Englishman in New York who knows how to handle them, a purple triceratops teddy, and lots of sweet cuddles.*

**This book is part of the Naughty or Nice multi-author series. Each book can be read as a standalone, but there are so many boys hoping that holiday magic will bring them their perfect Daddy, why not grab them all?**

## **Griff's Place (Havenwood Book 4)**

**Author: Riley Hart**

GRIFFIN

I always felt I wasn't wired like my peers, but when my brother, Kellan, gave me three terms—ace, aromantic, and demi—I had possible names for it. Those three words have been on my mind ever since, as has my brother's best friend, Josh Westbrook. It's been cool getting to know him and spending time together, just us. He makes me feel something I never thought I'd be able to feel. When we end up alone in a cabin with only one bed, all my crossed wires finally connect and point toward being demi and wanting him.

JOSH

Griff and I were never supposed to be more than friends, but I like him more and more. I like being the reason he smiles, and...yeah, I enjoy making him writhe with pleasure too. But Griff doesn't hook up casually, and I swore off love a long time ago. Still, we keep finding ourselves drawn together, a shared loneliness and a deep want guiding us. Kellan's afraid I'll hurt Griff. Frankly, I am too. My past is still an open wound that keeps me from getting too close.

One thing is becoming clear, though—my Grumpy Griff is making me break my own rules. He says he's never known his place in the world, but I do. It's with me. The only way for us to move forward is for me to stop looking back...before I lose sight of him for good.

## **XOXO, Santa**

**Author: Spencer Spears**

### ***How do you ask your best friend to be your first time?***

**Blake:** What do you do when you realize at age 20 that you might like guys?

If you're me, you come up with a brilliant and foolproof plan:  
Proposition the one gay guy you know to swipe your V-card over winter break.  
In my case, that's my childhood best friend, Henry.

Just one problem—Henry hates my guts.

That's okay, though, because I've got a Plan B:  
Download an app, find a guy to hook up with, and figure out once and for all if I'm as gay as my internet search history suggests.

One more little problem—before I can meet the guy I'm messaging online, I have to get through a week's vacation with Henry and our families.

Henry, who can't stand me, but who I can't get out of my head.  
Henry, who's off-limits, but who I maybe kinda sorta kissed last night?  
Henry, who's spending an awful lot of time checking messages on his phone...

*XOXO, Santa is a 70,000 word stand-alone gay romance novel with holiday sweetness, first-time steam, and a borderline-unhealthy level of snark. It features jock/nerd, friends-to-lovers, and online love tropes.*

## **Wanting the Im-Paw-sible: An All Grown Up, Shifter, MPreg Possible Love Story (CREA Book 3)**

**Author: J. D. Light**

When did Drew Lane grow up?

As the oldest of the leap children, Harper Long was the designated babysitter growing up, which is why he is struggling so much with the fact that the youngest of the group is a grown man now. Like really grown. Like how does he even find supportive underwear with all that?

Unrequited crushes are rough.

Drew has had a crush on Harper since he was in high school and he would purposely walk by the studio just to watch the man paint shirtless through the giant window. Harper has always been so sweet to him, but lately, the man will barely stay in the room with him unless he is in his bear form, and Drew is just desperate enough for Harper's attention, he'll happily stay a bear forever if that's what it takes to keep the man around.

The chosen are still in danger, and even though he knows Harper's family will protect him, Drew can't just leave it for someone else. His bear won't let him. Is this just a stupid crush that he hasn't grown out of, or something else?

Wanting the Im-Paw-sible is book 3 in my new MPreg-possible series. It's a spin-off of the Chosen series, and involves a whole new generation, but will of course have cameos from some of your favorite Chosen characters as well as some Terra Mortis characters. I consider these books MPreg light. Meaning, though pregnancy is possible, that does not mean it will be in every book. Each book contains a new couple with a guaranteed HEA, but if you want to know what is going on with the background plot, it is suggested that you read them in order!

## **Feral Bonds: Reforming the Paranormal Council Book Two**

**Author: Sheri Eleese**

When Two Forbidden Souls Unite, Innocents are Saved.

Edgar Dempsey has been a Personal Assistant to Prince Roman for over three hundred years. He is a sophisticated vampire and a respected professional, who is always sharply dressed. He knows what he wants in life and expects any vampire he mates to appreciate the same things as him.

Fate shakes up his world.

Against all reason, Edgar finds himself visiting wolf packs, driving through the mountains, wearing (shudder) jeans, all while keeping company with a sexy, dominant wolf. This is not the life he planned.

Jackson Miller is a wolf shifter from the Alpha line. His father was killed under suspicious circumstances and now his brother, the pack Alpha, has vanished. Something sinister is happening in the shifter community; Alphas are going feral, wolves are dying, and now children are missing. The last thing Jackson has time for is a prissy mate who wouldn't know how to handle a strong wolf if he bit him. A sophisticated city vampire has no place in the country.

Fate is laughing at them both.

This book is not a standalone and is best read as part of a series.
