About this Report

This report details findings against the *Standards for Registered Training Organisations (RTOs) 2015* (Standards for RTOs) and/or the *National Code of Practice for Providers of Education and Training to Overseas Students 2018* (National Code). If non-compliance has been identified, this report describes evidence of the non-compliance.

Where non-compliance has been identified, the provider is accountable for identifying and correcting non-compliant practices and behaviours, particularly those that have had a negative impact on learners.

Correcting non-compliance may require:

- correcting a process or system that has led to the non-compliance, and implementing a revised process or system
- identifying the impact on learners and carrying out remedial action for current and past learners.

Areas of non-compliance and action required

N/A

Minor deficiencies

During the course of the audit, some minor deficiencies were noted. These were not significant such that they resulted in a finding of non-compliance against the relevant clause. They were however discussed with the provider and the provider agreed to remedy these. This included:

- Information in the Training and Assessment Strategy document for CHC50113 Diploma of Childhood Education and Care were inconsistent with intended practice specifically concerning information about vocational placement requirements. The RTO agreed to update the following on page 19-20:
 - 'All students must be willing to undertake placement in a childcare facility and/or within a simulated lab environment during the program'. The and/or choice is not appropriate for requirements.
 - 'Students are responsible for their own vocational placement; however, in some circumstance, the College may assist students in vocational placement arrangement'. Clarity is to be provided to explain how the RTO will ensure the student is able to gain access to vocational placement at a regulated education and care service.
 - 'Prior to attending vocational placement, students must demonstrate satisfactory course progression and successfully completed the UoCs listed below'. The statement 'successfully completed' is not appropriate considering the requirements of a unit are to be demonstrated at a regulated education and care service via a vocational placement mechanism.
