

Sustainability at HOVIMA Hotels

HOVIMA La Pinta Hotel and HOVIMA Cool Costa Adeje Hotel

At HOVIMA Hotels, we continuously work to improve the impact we have on people and our environment. We are firmly committed to reducing our greenhouse gas emissions and to protecting and preserving biodiversity.

As part of this commitment, in 2024 we set a target to reduce our greenhouse gas emissions from energy consumption, water use and waste management by 50% by the end of 2030.

We are pleased to report that, as of 31 December 2025, we have already achieved a 5% reduction. While we recognise that there is still work to be done, in 2026 we are implementing new initiatives across all our operations to help us reach this target.

We invite our guests, employees and visitors to take part in this commitment by following the reminders displayed throughout the hotel regarding water and energy saving, as well as waste reduction.

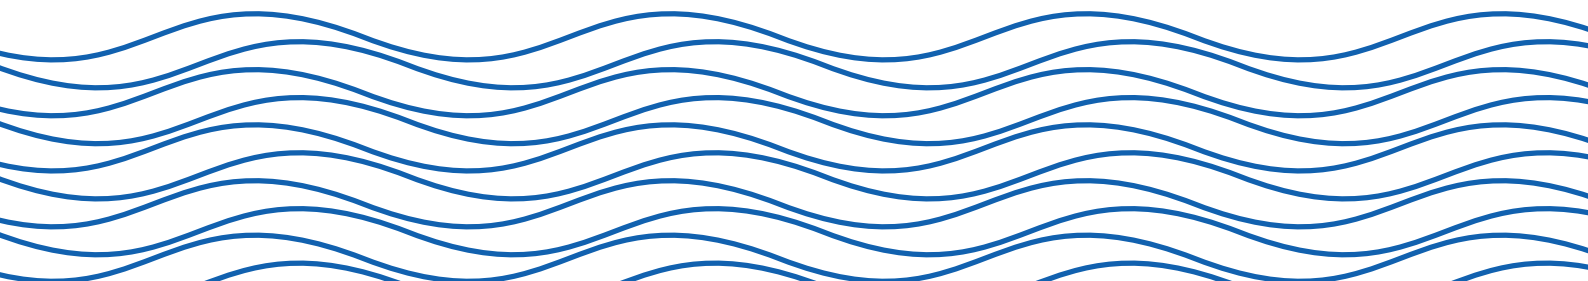

Social commitment

We are especially proud of our team's involvement in charitable initiatives.

Thanks to the efforts carried out by our staff, as well as donations from guests and employees, we have achieved our goal of collecting 2,000 kg of food for the Canary Islands charity foundation Sonrisas Canarias, which supports many people in vulnerable situations.

In 2026, we will continue to strengthen our social initiatives, focusing, among other projects, on supporting the Jaslem Association by donating vouchers for charity raffles to help them raise funds.

Human rights and protection

At HOVIMA Hotels, we are committed to respecting and protecting human rights. We firmly believe that everyone deserves fair, dignified and respectful treatment. For this reason, we regularly train our team in the prevention of discrimination.

We are also strongly committed to the protection of children and young people. Our policy establishes the obligation to report to the authorities any suspicion of child exploitation or abuse.

We encourage guests, employees and visitors to actively cooperate by reporting any suspicious situation to the local police:

Together towards a sustainable future

At HOVIMA Hotels, we believe that sustainability is a shared responsibility. With everyone's collaboration, we can continue moving towards a more environmentally and socially responsible model.
