

# SEVILLE IN 3+ DAYS

Now we're talking!!! You want to feel like a local and get to know every corner of the city. Actually, something tells me you want to take Spanish classes.

## MARKET OF TRIANA

Wander like a lost tourist on a tapas hunt, pointing at things you can't pronounce. Buy some cheese and a ceramic pot you didn't know you wanted!

## PADDLE SURF OR KAYAK ON THE RIVER

Glide down the river like a pro... or fall in spectacularly. Either way, it's all about the Instagram shot—just keep your phone dry!

## PALACIO DE DUEÑAS

Stroll through this stunning palace like you own the place. Admire the gardens, spot the quirky art, and try to resist pretending you're a Spanish aristocrat. Bonus points for dramatic posing by the fountains!

## PLAZA DE TOROS

No bullfight today? No problem. Pose dramatically like you're a matador and confuse some tourists. Feel the power of an arena without actually having to dodge anything.

## ASK AT RECEPTION

Museums (some people like it, ok? Don't be judgemental!), Lonja de la calle Feria y Triana, Castillo de San Jorge, la Cartuja, a visit to Italica, and so on...
