

SEVILLE IN

2 DAYS

HOSTELS & HOTELS

That's more like it but still not there yet!!! Sevilla has a lot to offer and you want to feel the real vibe of the city. That's good, that's good. Let's get to it:

SANTA CRUZ NEIGHBOURHOOD

This neighbourhood is a labyrinth and it's a good thing. Take your time to get lost in it's alleys and stop on El Perejil for an orange wine on your way out.

CATHEDRAL OR REALES ALCÁZARES

Remember we told you that you can't do both on the same day. Well, today you do the one you didn't visit yesterday.

SUNSET AT LAS SETAS

The second best view from the city after the Cathedral tower. The sunset is breath taking up there and you can take amazing pictures (hello Instagram?).

NIGHT WALK BY THE RIVER

This is not in your Lonely Planet book, we can guarantee it (well, most of this suggestions aren't). The moon light on the river, the Triana Bridge at night, a beer on calle Betis, OMG this will bring you inner piece or do Pub crawl again if this is not your thing =)
