

## **SUSTAINABILITY POLICY VIK SAN ANTONIO**

### **VISION**

At the Vik San Antonio hotel, our senior managers are committed to environmental protection and strive to reduce our property's operational impact on the environment.

### **GOALS**

Through our environmental policy we will:

- ensure we comply with all applicable environmental laws and regulations
- measure our environmental performance against our objectives and targets, making sure that we regularly review our progress
- train our staff on our environmental commitments, so that they understand the role they play in delivering our objectives and targets, and
- invite our guests to support our efforts to reduce our environmental impact

### **OBJECTIVES:**

To achieve our environmental goals, we will

- maintain our Travelife for Hotels & Accommodations award
- reduce our energy consumption by 5% compared to 2021 by installing energy-efficient lighting and movement sensors in all public areas
- reduce our water consumption by 5% compared to 2021 by installing water flow restrictors in the taps and showers and low flush and/or dual flush toilets in guests bathrooms
- reduce the waste we send to landfill by 10% compared to 2021 by separating all our waste streams including glass, paper, cardboard, etc., and identifying opportunities to reuse or recycle these materials.
- we will reduce the use of potentially harmful Chemicals in our operations by 5% compared to 2021, and find biodegradable or natural alternatives
- put in place a plan to protect and conserve the nesting sites of endangered species located near to the hotel and encourage our guests to take an interest
- ensure that 30% of non-consumable products are made from recycle content
