

PRESS RELEASE – JUNE, 10TH 2022

21 start-ups from Institut Polytechnique de Paris at VivaTech

From June 15 to 18, 2022 (booth C48)

PALAISEAU, June, 10th 2022 – Institut Polytechnique de Paris (IP Paris), a major player in French innovation, will present 21 high technological value start-ups at the 6th edition of VivaTech, taking place from June 15 to 18, 2022. On Friday, June 17th from 10:30 to 11:45 am (French time), IP Paris will present a workshop "Tech the challenge for society", highlighting the latest game-changing research projects conducted within its existing interdisciplinary centres ([E4C on Energy and Climate](#), and [Hi! PARIS](#) on AI and Data Analysis) and upcoming ones (in Arts, Science and Society and Bioengineering). The programme of this workshop can be found [here](#).

With 3 incubators, 82 start-ups incubated in 2021, including 44 new ones, €1,400 million raised by start-ups founded by IP Paris alumni in 2021, 35% of Next40 start-ups and nearly 25% of French Tech 120 start-ups founded/managed by alumni or from its incubators, 30 laboratories and a community of nearly 1,000 researchers, 50 patents and software applications filed this year, Institut Polytechnique de Paris is asserting its position as a key player in technological innovation in France and internationally.

For this sixth edition of VivaTech, 21 start-ups from IP Paris' ecosystem will take turns to present their innovations to professionals and the general public within the framework of the six major themes established by VivaTech: *innovations related to the fight against global warming* and the energy transition, tomorrow's mobility, future of work, diversity, decoding Web3 and the promotion of the European tech ecosystem.

How can we meet the needs of maritime players, reduce production errors in industry with microchips, contribute to the rehabilitation of children with specific learning disabilities, benefit from an evolving work environment, help merchants to grasp the entry into the world of Blockchain and Web3, or reduce the vulnerability of companies via cybersecurity?

21 IP Paris' startups at VivaTech 2022:

**Amphitrite // AtmosGear // BIB Batteries // Bifröst // DocMe // Echoliv //
Entreview // Inspek // Linkednutri // Mantra // Mila // Mo-Ka
Oudja // Payinnov // Phyling // ProfessorBob // QuantCubeTechnology
Scorp-io // ShareID // ShareMySpace // Weytop**

For four days, they will be taking turns on booth C48 to present their products and/or services. As a must-attend event, VivaTech will represent a significant opportunity for them,

accelerating their contact and business prospects and it will allow IP Paris to present both its start-ups acceleration and incubation programmes.

Representatives of the Drahi-X Novation Center and the Télécom Paris Novation Center will also be present on the booth to introduce their incubators, accelerators, prototyping spaces, investors' clubs and VCs, as well as their international support.

On Friday, June 17 from 10:30 to 11:45 am (French time), IP Paris will present a unique workshop in English, "Tech the challenge for society", also live on [Linkedin](#), highlighting the innovative research projects carried out by Institut Polytechnique de Paris, within its interdisciplinary centres, on Satellites for Solar Energy Consumption, Next Generation of Machine Learning for BioMedical Imaging, Preserving the World Heritage in the Metaverse and Creative AI: Combining Knowledge, Learning and Control.

ABOUT THE INSTITUT POLYTECHNIQUE DE PARIS

Institut Polytechnique de Paris (IP Paris) is a public higher education and research institution that brings together five prestigious French engineering schools: École Polytechnique, ENSTA Paris, ENSAE Paris, Télécom Paris and Télécom SudParis. Under the auspices of the Institute, they share their bicentennial combined expertise to fulfil two major ambitions: to develop educational programs of excellence and cutting-edge research in science and technology. Thanks to the academic anchorage of its five founding schools and its alliance with HEC Paris, IP Paris positions itself as a leading academic and research institution in France and internationally. www.ip-paris.fr
